**RESOLUTIONS OF THE EXTRAORDINARY GENERAL SHAREHOLDERS
MEETING HELD ON 24th JULY 2012**

Resolution concerning Point One of the Agenda

Reducing Ence Energía y Celulosa, S.A.'s share capital by a total of 6,966,351 euros, through amortization of 7,740,390 own shares in treasury shares purchased on the basis of the authorisation granted by the General Shareholders Meeting, within the limits specified in articles 146 and 509 of the Spanish Corporations Act.

In consequence, once the reduction resolution has been executed, articles 5 and 6 of the articles of association will be modified as regards the share capital figure, and their text will be the following:

"Article 5.- Share capital.

The Company's share capital is 225,245,250 euros and is entirely subscribed and paid."

"Article 6.- Shares.

The share capital comprises 250,272,500 shares with a nominal value of 0.90 euros each, which shall be represented by book entries and belong to one single class.

The 250,272,500 shares that constitute the share capital, represented by book entries, are regarded as securities and are governed by securities market regulations."

The capital reduction will be covered by the voluntary reserves, through provision of an amortized capital reserve for an amount of 6,966,351 euros (an amount equal to the nominal value of the amortized shares), which will only be available under the same requirements as required for reduction of share capital, in application of article 335 c) of the Spanish Corporations Act.

In consequence, as stated in said precept, the Company creditors shall not have the right of opposition mentioned in article 334 of the Spanish Corporations Act as regards the capital reduction agreed. This reduction does not entail reimbursement of contributions, as the Company itself is the owner of the amortized shares. Thus, the purpose of the reduction shall be amortization of the Company's own shares.

Resolution concerning Point Two of the Agenda

It is agreed to approve a non-recurring shareholder retribution, consisting in distribution in kind of part of the issue premium, through delivery to ENCE Energía y Celulosa, S.A. shareholders of treasury shares that represent the Company's share capital, in a proportion of 1 share for every 37 shares outstanding.

The maximum number of shares to be delivered shall therefore consist in a total of 6,559,952 ENCE Energía y Celulosa, S.A. own shares.

All the aforementioned entails that a total amount to be covered by the issue premium reserve resulting from valuing each share to be delivered at the weighted average price of the ENCE Energía y Celulosa, S.A. share in the Spanish Automated Quotation System (Continuous Market) on the trading day immediately prior to the date of the General Shareholders Meeting that approves this resolution, with a maximum equal to the corresponding price so that under no circumstances the amount covered by the share issue premium reserve surpasses the total balance of the aforementioned account.

Distribution in kind shall be performed in favour of those who, on 2nd August 2012 (the "Legitimation Date"), appear as the owners of ENCE Energía y Celulosa, S.A. shares in the accounting records of the entities that are part of Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. (IBERCLEAR), except for any own shares owned by the Company as of the date in which the Board submits the present proposed resolutions.

The shares will be most possibly delivered on the tenth trading day following the Legitimation Date, that is to say, on 16th August 2012, and no later than the twelfth trading day following the Legitimation Date, that is to say, on 20th August, by means of the systems and mechanisms established by IBERCLEAR.

In order to facilitate adequate execution of the operation, the financing entity that will be designated for this purpose by the Company (hereinafter, the "Agent Entity") shall coordinate and perform with IBERCLEAR and its Participating Entities any processes or operations which are necessary or merely convenient to carry out the distribution and liquidation of the retribution in kind that is the object of the present resolution.

2. The Agent Entity, acting on behalf and in representation of the Company, will deliver to legitimised Company shareholders the entire corresponding number of Company shares, in virtue of the exchange ratio of 1 share for every 37 shares owned by the shareholder.
3. As regards any Company shareholders who own shares in a number that surpasses a multiple of 37 or which does not surpass the aforementioned figure of 37, and taking into account that any fractions or residues resulting from the aforementioned may not receive a Company share, the Agent Entity shall pay in their stead cash for an amount equal to said fractions or residues which would be delivered to the aforementioned shareholders. The Agent Entity shall appropriate the aggregate number of own shares delivered by the Company which would have been distributed to shareholders for the aforementioned fractions or residues, and which may be disposed of once the operation is completed if relevant.
4. The compensation value of the fractions or residues shall be determined on the basis of the arithmetic mean of the average weighted price of Company shares in the Spanish Automated Quotation System (Continuous Market) in the three trading days prior to the Legitimation Date.

Any commissions or expenses which, pursuant to and in compliance with the legislation in force, might affect their respective entities participating in IBERCLEAR or the depository entities with respect to the operation shall be at the shareholders' expense.

It is also agreed that any powers as are legally required for full execution and effectiveness of the present resolution shall be granted to the Company Board of Directors and its CEO, in both cases with explicit powers to substitute.
