## Fitch Places Four RMBS Transactions with Credifimo loans on RWN Ratings

05 Dec 2011 1:30 PM (EST)

Fitch Ratings-London/Madrid-05 December 2011: Fitch Ratings has placed four Spanish RMBS transactions with exposure to loans originated by Credifimo on Rating Watch Negative (RWN). The rating action was triggered by the findings of an audit of the TDA 28 portfolio. A full list of ratings is at the end of this commentary.

Fitch understands that the portfolio of loans in TDA 28 was audited and that more than 1,700 loans, equivalent to EUR173.9m (62% of the aggregate current balance of the securitised portfolio), were identified as not having been originated in compliance with the transaction documentation. The non-compliant loans were originated by Credifimo, which contributed 44% of the overall portfolio's loan balance at closing. According to a statement published on the SPV management company's (ie. Titulizacion de Activos; TdA) website, Credifimo was asked to replace these loans, but as no such action was taken, TdA will bring legal proceedings against Credifimo.

Credifimo, which was acquired by Banca Civica ('BBB+/'Stable/'F2'), is the originator and servicer of loans in three other Spanish RMBS transactions: TDA 24, 25 and 27. The portion of Credifimo loans in these transactions varied between 17.8% and 76.2% of the original collateral. The loans in these portfolios originated by Credifimo have, on average, shown weaker performance and this has been a key driver of the negative rating actions previously taken on these transactions.

Fitch is concerned that the instances of non-compliance in TDA 28 could be repeated in the other RMBS transactions with Credifimo loans, which is why all of their tranches rated above 'CCCs' have been placed on RWN. The transactions have seen levels of defaults ranging between 5.1% and 17.5% of the original portfolio balances of TDA 24 and TDA 28, respectively, and currently have technical principal deficiency ledgers representing as much as 15% of class A in TDA 25, as estimated by Fitch.

The agency will aim to resolve the RWN following receipt of further information on the nature and materiality of the non-compliance. All tranches rated 'CCCs' or below are unaffected by the current rating action.

The rating actions are as follows:

### TDA 24:

Class A1 (ISIN ES0377952009) 'BBBsf'; placed on RWN
