

Nota de Prensa

La facturación alcanzó la cifra de 287,2 millones de euros

El beneficio neto de Prosegur ascendió a 12,9 millones de euros en el primer trimestre de 2002

8 de mayo de 2002.- El beneficio neto consolidado del Grupo Prosegur alcanzó la cifra de 12,9 millones de euros en el primer trimestre del año 2002, frente a los 7,0 millones de euros del mismo periodo del año anterior, lo que supone un incremento del 84,3 por ciento.

Entre los meses de enero y marzo, la facturación de Prosegur alcanzó los 287,2 millones de euros frente a los 163,8 millones de euros del primer trimestre del año 2001, lo que equivale a un incremento del 75,3 por ciento.

Esta mejora se debe, fundamentalmente, al efecto de la incorporación en el balance de las dos compañías que el Grupo adquirió en la segunda mitad del año pasado, Cinieri, en Francia y Juncadella, en Latinoamérica. También ha influido la positiva evolución de todas las líneas de negocio.

La adquisición de Juncadella y Cinieri ha supuesto para el Grupo pasar de una plantilla de 31.000 empleados a 56.000 y elevar la flota de vehículos blindados de 600 a 2.300.

Por divisiones, vigilancia obtuvo una facturación de 154,7 millones de euros, el área de transporte y manipulado de fondos obtuvo unas ventas de 118,1 millones y, por último, la división de alarmas residenciales y para pymes tuvo unos ingresos de 14,4 millones de euros.

Prosegur es la primera multinacional española de seguridad y cuarta en el mundo, que desarrolla su actividad en cuatro países de Europa (España, Francia, Portugal, Italia) y ocho en Latinoamérica, entre los que destaca Brasil, por su volumen de negocio.
