

**PRESS RELEASE**  
June, 5<sup>th</sup> 2013

## **OPENING OF A NEW COMMERCIAL OFFICE IN DUBAI**

The Board of Directors, at its meeting held today, June 5, 2013, has authorized the opening of a new company in United Arab Emirates based in Dubai to boost our sales in the Middle East.

This new opening joins the new offices in Bangkok (Thailand), Manila (Philippines), Taipei (Taiwan) and Hanoi (Vietnam), and the second office in Indonesia in the city of Surabaya, that soon will be operational. Thus, we substantially extend our presence in Asia, which is already the world's largest market, where our banner is the construction of the new factory Bahru Stainless, in Malaysia.

With these new additions, Acerinox has companies with presence in 36 countries on five continents through which sales are managed in 85 countries.
