

July traffic note 2011

Vueling increases by 22% the number of passengers carried in July

The company increases its load factor by 3.7 points year-on-year, reaching a 78% load factor

Barcelona, 10th August 2011. – Vueling, the new generation airline, has carried 1,415,363 passengers in July 2011. This represents a 22% raise compared to June 2010. The company has reached a load factor of 78.0%, 3.7 points higher than last year.

The main traffic figures are the following:

	July		
	2011	2010	Var.
Number of flights	10,225	8,644	18.3%
Number of aircraft	48	35	37.1%
ASK ('000)	1,602,324	1,410,632	13.6%
RPK ('000)	1,249,013	1,047,990	19.2%
Load factor (RPK/ASK)	78.0%	74.3%	3.7pp
Passengers ('000)	1,415	1,158	22.2%

Number of aircraft. Average number of available aircraft in the period

ASK (available seat-kilometre): number of seats flown multiplied by the number of kilometres flown

RPK (revenue passenger kilometre): number of passengers carried multiplied by the number of kilometres flown

Connections, international bases and new routes

Vueling continues its growth driven by the new international bases in Toulouse and Amsterdam as well as the operation in Madrid airport that allows Vueling to feed Iberia long haul flights.

Moreover, during summer season the company is offering 26 new routes. These routes increase Vueling's route offering and contribute to consolidate traffic growth.
