Consob has ordered the black-out of 6 new websites that offer financial services illegally.

The authority availed itself of the new powers resulting from the 'Decreto Crescita' ('Growth Decree'; Law no. 58 of 28 June 2019, Article 36, paragraph 2-terdecies), on the basis of which Consob can order internet service providers to block access from Italy to websites offering financial services without the proper authorisation.

Below are the sites Consob has ordered to be blacked out:

- **"Tio Markets Ltd"** (website www.tiomarkets.com);
- **"Terratech Ltd"** (website www.eufxindex.com);
- **"GFX FINANCE" Capital Letter GMBH** (website www.gfxroyal.com);
- **"Luxor Asset Management Trust"** (website www.luxoramt.com);
- **"bstox24"** (website <https://bstox24.com> and its page <https://client.bstox24.com>);
- **"Crypterium Financial Services"** (website <https://crypteriumfs.com>).

The number of sites blacked out since July 2019, when Consob got the power to order that the websites of fraudulent financial intermediaries be blacked out, has thus risen to **290**.

The measures adopted by Consob can be consulted on the website www.consob.it.

The black-out of these websites by internet service providers operating on Italian territory is ongoing. For technical reasons, it can take several days for the black-out to come into effect.

Consob draws the attention of investors to the importance of using the utmost diligence in order to make investment choices in full awareness, adopting common-sense behaviour, which is essential to safeguard their savings: these include prior verification, for sites offering financial services, that the operator through whom the investment is made is authorised and, for financial product offers, that the prospectus has been published.

To this end, Consob would remind you that on the website www.consob.it there is a section on the homepage **"Be aware of fraud!"**, providing useful information to warn investors against financially abusive initiatives.
