Description of policies, objectives, measures and how they have been implemented, including results achieved
<p>Diversity management at AmRest is based on understanding the differences between those working for the company and developing policies and programmes to create a respectful environment, making use of such differences for the good of the organisation. AmRest recognises diversity in three different ways: (i) based on race, nationality, ethnic group, gender, age, sexual orientation and disability; (ii) based on each person's level of study, place of residence, family background, etc.; (iii) organisational criteria in view of work experience, category, sector, etc.</p> <p>Among the implemented measures are: (i) the creation of diverse teams with regards to gender and age; (ii) fostering respectful behaviour when it comes to diversity, which in turn encourages people to act in a kind manner; (iii) the creation of guidelines on cooperation with disabled colleagues; (iv) encouraging a healthy work-life balance; (v) actively fighting against discrimination and harassment at the workplace through the Speak Openly platform, HR audits, employee meetings, etc.; (vi) the creation of a corporate culture underpinned by fundamental values; and (vii) ensuring equality with regards to accessing benefits and employee meetings. Moreover, AmRest has an Ethics Code and Ethics Committees, an e-learning platform with access to numerous workplace anti-discrimination, sexual harassment and</p>

mobbing training courses and recruitment process for those with a disability.

The specific measures adopted by the Board of Directors and the Appointments and Remuneration Committee in a bid to achieve a more balanced and diverse Board are reflected by the Director Selection Policy detailed in the following sections.

C1.6 Describe the means, if any, agreed upon by the appointments committee to ensure that selection procedures do not contain hidden biases which impede the selection of female directors and that the company deliberately seeks and includes women who meet the target professional profile among potential candidates and which makes it possible to achieve a balance between men and women:

Explanation of means

AmRest Board of Directors is currently formed by one executive director, four proprietary directors and two independent directors. Board members are selected and appointed based on the company's needs and in compliance with the requirements set out in the AmRest Director Selection Policy. The Board of Directors and Appointments Committee seek candidates who bring a wealth of diverse knowledge, abilities, experience and profile within the company. Searches are essentially based on the notion that the chosen candidates provide experience, know-how and professional merit, as well as demonstrating conduct and a background aligned to AmRest's values. Any male or female who meets these requirements can be included in the selection process.

In the event that there are few or no female directors in spite of any measures adopted, please explain the reasons that justify such a situation:

Explanation of means

No board member selection processes were carried out during 2018.

C1.7 Describe the conclusions of the appointments committee regarding verification of compliance with the selection policy for directors; in particular, as it relates to the goal of ensuring that the number of female directors represents at least 30% of the total membership of the Board of Directors by the year 2020.

AmRest Director Selection Policy specifically states that all possible efforts shall be made so that within five years from approval of the policy (December 2018), female directors would represent at least 30% of the Board members. The Company shall encourage females to apply for director roles during selection and Board member re-appointment processes.

The reason for such five year period since AmRest listing in Spain is to mirror the adaptation period given to the Spanish listed companies upon approval of the current Corporate Governance Code (2015-2020).

Description of the amendment

The Regulation of the Board of Directors was approved on 12 March 2018. Later on in September it was amended to set the position of Vice Chairman of the Board.

C.1.16 Specify the procedures for selection, appointment, re-election and removal of directors: the competent bodies, steps to follow and criteria applied in each procedure.

Pursuant to Article 14 of the AmRest Articles of Association and Article 7 of the General Shareholders' Meeting Regulation, said shareholders' meeting shall be responsible for appointing and removing directors, as well as ratifying directors appointed by co-optation. Nevertheless, in accordance with Article 6 of the Board of Directors Regulation, the Board is responsible for appointing directors in the event of vacancies, until the general shareholders' meeting next meets.

The Appointments and Remuneration Committee assesses the capabilities, knowledge and experience required for a place on the Board. In this regard, the Committee is tasked with defining the duties and suitability of the candidates needed to fill each vacancy, as well as gauging the specific time and dedication required for them to properly perform such duties.

The Committee issues proposals to the Board concerning the appointment of independent members and those to be appointed by co-optation. Said proposals, as well as those relating to the re-appointment and removal of directors, are submitted for approval to the general shareholders' meetings. Moreover, the Committee must inform the Board of the appointment, re-election and removal of directors from their roles on the Board.

The appointment, ratification and re-appointment proposals issued to the general shareholders' meeting by the Board must be preceded by the corresponding report prepared by the Appointments and Remuneration Committee for the appointment of the remaining non-independent members. Each director's performance and dedication throughout their tenure will be taken into consideration upon their re-appointment or ratification.

Board members will each exercise their office for a term of four years. They may be re-appointed on one or several occasions for periods of the same maximum duration. Once the term has expired, the tenure will be terminated upon the next general shareholders' meeting, or when the legal term for holding such meeting to approve the accounts for the preceding fiscal year has elapsed.

C.1.17 Explain how the annual evaluation of the Board has given rise to significant changes in its internal organisation and to procedures applicable to its activities:

Description of changes
Before the Company's transfer of domicile from Poland to Spain in March 2018, AmRest had a different management scheme, formed by a Supervisory Board and a Management Board.
2018 is the first year of performance of AmRest Board of Directors and its first annual evaluation has been performed in February 2019.
Such annual assessment reflected the efficiency and correct functioning of the AmRest Board of Directors without raising the need for significant changes with regard to its internal structure or the procedures applicable to its activity.

Describe the evaluation process and the areas evaluated by the Board of Directors with the help, if any, of external advisors, regarding the function and composition of the board and its committees and any other area or aspect that has been evaluated.

Description of the evaluation process and evaluated areas

The Board evaluated its performance for the year 2018 at a meeting held in February 2019.

The Board assessment comprised an analysis of the following elements: (i) the quality and efficiency of its performance; (ii) the execution of the chairman and CEO's duties; (iii) the performance and composition of the committees; and (iv) the diversity in the composition and authority of the Board, as well as the performance and contribution of each member.

No external advisors were engaged.

The conclusions were contained in a report approved by the Board that, among other aspects, analysed the structure and composition of the Board, its internal efficiency and performance, and its relationship with the senior management team; the performance of the Board and committees' duties; and the latest improvements and recommendations for the next year.

C.1.18 Describe, in those years in which the external advisor has participated, the business relationships that the external advisor or any group company maintains with the company or any company in its group.

C.1.19 State the situations in which directors are required to resign.

Pursuant to Article 25 of the Articles of Association and Article 11 of the Board of Directors Regulation, the directors shall make their position available to the Board and execute, where deemed appropriate, the relevant resignation in the following cases: (a) when they cease to hold the executive positions to which their appointment as director was associated; (b) when they are involved in any of the situations deemed to be incompatible or prohibited according to law; (c) when they have committed a serious breach of their obligations as director; or (d) when remaining on the Board may endanger the company's interests, negatively affect the Board's credibility or reputation, or when the reasons for which they were appointed disappear (for example, when proprietary directors transfer or reduce their shareholding in the company).

For such purposes, the Committee may, if appropriate, submit recommendations or motions to the Board of Directors, with the relevant term for follow-up.

Moreover, Article 9 of the Audit Committee Regulation stipulates that the Committee shall review the content of the audit reports and, as the case may be, the limited review of the interim accounts, as well as other reports to be prepared by the auditors prior to the issue of the former. This will help to avoid the issue of reports with reservations, allowing the Board to present the accounts to the general shareholders' meeting in an audit report without reservations or, in exceptional circumstances when such reservations do exist, for the Committee chair and the auditors to be able to explain the content and scope of the reservations to shareholders in a clear manner.

C.1.29 Is the secretary of the Board also a director?

In accordance with Article 19 of the Board of Directors Regulation, the Audit Committee shall also liaise with the auditor to receive information on matters that could represent a threat to its independence; any matter related to the implementation of the audit process; and, where appropriate, the authorisation of any services, other than those forbidden under the terms of the applicable audit regulations, and other communications envisaged by these regulations.

In any event, the Audit Committee must receive the following from the accounts auditor on an annual basis: written confirmation of its independence regarding the entity or those entities that it has direct or indirect links to; information on any additional services rendered of any kind and the relevant fees received by the auditor or persons, natural or legal, related to the auditor, from the abovementioned entities, pursuant to the provisions of the prevailing audit regulations.

Moreover, the Audit Committee shall issue – annually prior to the issue of the audit report – a report expressing an opinion on whether the independence of the accounts auditor has been jeopardised. E. RISK MANGEMENT AND CONTROL SYSTEMS

E.1 Explain the scope of the company's Risk Management and Control System, including tax compliance risk.

AmRest has set up a Risk Management Policy that applies to all AmRest Group. AmRest Management is accountable for daily identifying, analyzing, evaluating, monitoring and addressing the risks in areas of their responsibilities.

Global Internal Audit and Internal Control Function (GIA&IC) supports AmRest Management by realizing planned audit assignments according to the Annual Audit Plan and performing ad-hoc audit assignments. The Management is responsible for preparing action plans addressing identified by GIA&IC risks and opportunities. GIA&IC regularly monitors, verifies and reports to the Audit and Control Committee and Top Management, the implementation of action plans declared by the Management.

Internal Audit Department updates AmRest Risk Map on a regular basis. The objectives of the AmRest Risk Map project are to:

- collect comprehensive and structured information about risks at AmRest Group (identification);

- perform risk prioritization of the identified risks (assessment);
- have an updated and integrated risk map for AmRest Group.

The Risk Map and the reports from Global Internal Audit and Internal Control Department audit assignments are communicated to the AmRest Management for review and undertaking of adequate action plans addressing identified risks and opportunities. The reports together with the declared action plans are communicated to the Audit and Control Committee for overseeing.

The Group has set up as well a Global AmRest Tax Policy that establishes the rules and procedures on this matter and are supervised by the Tax Department and, ultimately, by the Audit Committee.

E.2 Identify the bodies within the company responsible for creating and executing the Risk Management and Control System, including tax compliance risk.

The AmRest Risk Management Policy describes risk governance structure in AmRest Group, which includes:

- Board of Directors – provides oversight and review of risk management.
- Audit and Control Committee - oversees regular review of risk management activities.
- Top Management (CEO, CFO, COO, CPO, CIO, etc.) - Promotes risk management culture.
- Management - responsible for designing and execution of risk strategy and control mechanisms which decrease negative impact and/or probability of risks and increase positive impact. Ensure employees comply with the risk management policy and support a culture where risks can be identified, addressed and escalated.
- Internal Audit and Internal Control Department - Analyses and evaluates risk management, internal controls and corporate governance and provides recommendations supporting risk.
- Operations Department. Identification of operational risks.

According to the “Regulations Audit and Control Committee of the Board of Directors of AmRest Holding SE”, the Audit and Control Committee oversees among others the effectiveness of the Company’s internal control system, the internal audit, and the risk management. For such purposes, the Committee may, if appropriate, submit recommendations or motions to the Board of Directors, with the relevant term for follow-up;

The finance team, led by the Chief Financial Officer, is responsible for the Group’s tax policy and for the implementation of its tax strategy. Tax strategy is reviewed on an ongoing basis as part of the regular financial planning cycle. The Audit Committee is responsible for monitoring all significant tax matters. Audit Committee meetings are usually attended by a number of Group officers and employees including people from the tax, internal audit and financial reporting areas, including the Chief Financial Officer.

E.3 State the primary risks, including tax compliance risks, and those deriving from corruption (with the scope of these risks as set out in Royal Decree Law 18/2017), to the extent that these are significant, which may affect the achievement of business objectives

The AmRest group is subject to various risks in the different markets in which it does business, which may prevent it from achieving its business goals.

1. Factors remaining outside the Group’s control: opportunities for finding and securing available and appropriate locations for restaurants, the ability to obtain the permits required by relevant bodies, the possibility of delays in opening new restaurants.
2. Dependency on the franchisor. AmRest manages KFC, Pizza Hut, Burger King and Starbucks (in Romania, Bulgaria, Germany and Slovakia) as a franchisee, and therefore a number of factors and decisions related to the business activities conducted by AmRest depend on the limitations or specifications imposed by the franchisors or on their consent.
3. Dependency on cooperation with minority shareholders. - AmRest opens Starbucks restaurants in Poland, the Czech Republic and Hungary based on a partnership agreements with Starbucks Coffee International, Inc. The partnership assumes Starbucks Coffee International, Inc. is the minority shareholder of companies operating Starbucks stores in mentioned countries. Therefore, some decisions as part of the joint business activities are dependent on the partners’ consent.

4. No exclusivity rights - The franchising agreements concerning running of KFC, Pizza Hut Dine-In (excluding Russia and Germany) and Burger King (excluding Czech Republic and Slovakia) restaurants do not contain provisions on granting AmRest any exclusivity rights on a given territory, protection or any other rights on the territory, in the area or on the market surrounding AmRest restaurants. In the case of Starbucks restaurants, AmRest subsidiaries are the only entities authorised to develop and run Starbucks cafés in Poland, the Czech Republic and Hungary, without exclusivity rights to some institutional locations. The exclusive rights apply also to restaurants operated in Romania, Bulgaria, Germany and Slovakia.

5. Rental agreements and continuation options - Almost all AmRest restaurants operate in rented facilities. The majority of the rental contracts are long-term and they are usually concluded for at least 10 years from the date of commencing the rental.

6. Risk related to the consumption of food products - Consumer preferences may change in connection with:

- doubts arising as to the healthful properties of main ingredients,
- unfavorable information being circulated by the mass media concerning the quality of the products, diseases caused by them and damages to health,
- revealing unfavorable data prepared by the government or a given market sector concerning the products served in AmRest restaurants and restaurants of other franchisees and coffee stores.

7. Risk related to keeping key personnel in the Group - AmRest success depends to some extent on the individual effort of selected employees and key members of management. Their loss may have a short-term adverse effect on the business activities and operating results of the AmRest.

8. Risk related to labour costs of restaurant employees and employing and keeping professional staff - Running restaurant business on such a large scale as AmRest does requires employing a large number of professionals. Excessive outflow of employees and too frequent changes in managerial positions may pose a significant risk to the stability and quality of the business activities. Additional risk in employment area may be caused by fluctuations in unemployment rate.

9. Risk related to limited access to foodstuffs and the variability of their cost - The AmRest situation is affected by the need to ensure frequent deliveries of fresh agricultural products and foodstuffs and anticipating and responding to changes in supplies costs. The Group cannot rule out the risk related to delivery deficits or interruptions caused by factors such as unfavourable weather conditions, changes in legal regulations or withdrawing some foodstuffs from trading. Also the increased demand for certain products accompanied by limited supply may lead to difficulties in obtaining them by the Group or to price increases for those products.

10. Risk related to developing new brands - AmRest has operated La Tagliatella, Blue Frog, KABB, Bacoa and Sushi Shop brands for a relatively short time. As these are new concepts for AmRest, there is a risk related to demand for the products offered and their acceptance by customers.

11. Risk related to opening restaurants in new countries - Opening or taking over restaurants operating in a new geographical and political area involves the risk of varying consumer preferences, a risk of insufficient knowledge of the market, the risk of legal restrictions arising from local regulations and the political risk of these countries.

12. Currency risk - The results of AmRest are exposed to currency risk related to transactions and translations into currencies other than Euro.

13. Risk of increased financial costs: AmRest and its subsidiaries are exposed to the significant adverse impact of interest rate fluctuations in connection with obtaining financing which bears floating interest rates and investing in assets bearing floating and fixed interest rates.

14. Liquidity risk - The Group is exposed to the risk of lack of financing at the moment of maturity of bank loans and bonds.

15. Credit risk - exposure to credit risk include cash and cash equivalents and trade and other receivables. With the development of franchise business, AmRest is getting exposed more to credit risk. Therefore the quality of franchisees portfolio is key priority.

16. Risk of economic slowdowns - Economic slowdown in the countries where AmRest runs its restaurants may affect the level of consumption expenditure on these markets, which in turn may affect the results of the AmRest restaurants operating on these markets.

17. Risk of computer system breakdowns and temporary breaks in serving customers in network restaurants - A potential partial or complete loss of data in connection with computer system breakdowns or damage or loss of key tangible fixed assets of the Group might result in temporary interruptions, which might have an adverse effect on the Group's financial results.

18. Cyberattack risk - Group's operations are supported by wide variety of IT systems, including point-of-sale systems, electronic ordering platforms, supply-chain management systems and finance and controlling tools.

As regards tax risks it should be noted that AmRest is present in many countries where the tax legislation is often complex and subject to interpretation, which may create risks and uncertainty about tax position adopted. Where uncertainty exists and in other cases identified by AmRest tax team, where tax exposure is deemed significant, we seek clarification from external experts and/or tax authorities. Tax risk is also generally attributable to uncertainty about the interpretation of tax law in relation to particular transactions and the business's view about whether a tax administration could have a different view to its own or the view of its advisors.

E.4 State whether the entity has a risk tolerance level, including tolerance for tax compliance risk.

The Company set a level of risks tolerance or acceptable risk level established at a corporate level. This threshold represents the extent to which it is prepared to assume a certain level of risk, insofar as it may contribute to generating value and developing the business, achieving an appropriate balance between growth, performance and risk.

The AmRest Risk structure includes a 3-level risk classification system:

- The first level (main categories of risks) is divided into 4 areas:
 - Strategic,
 - Operational,
 - Financial,
 - Compliance.
- The second level includes specific categories;
- The third level contains specific risks.

The risks are evaluated by using the consistent parameters: vulnerability, impact and probability.

Risks can be classified to one of the areas: High Impact, Cumulative Impact, Over Controlled or Mitigated. Internal Audit identified high risk processes which are audited with frequency defined with the Audit and Control Committee.

E.5 State which risks, including tax compliance risks, have materialised during the year.

Some risks related to the activity of the Company have materialized during the year. None of these risks had a relevant impact on the AmRest business since the measures for their prevention and/or mitigation worked properly.

E.6 Explain the response and monitoring plans for all major risks, including tax compliance risks, of the company, as well as the procedures followed by the company in order to ensure that the board of directors responds to any new challenges that arise.

In order to address and supervise the Group's risk management and control (including fiscal risks), model is based on a series of tools/processes described in section E.1 and E.2 of this report.

Global Internal Audit and Internal Control Function (GIA&IC) support AmRest Management to identify risks and provide recommendations in risk management, prepare action plans addressing risks, and monitor and verify their implementation.

There are the following committees operating at AmRest in order to respond and supervise entity's main risks:

- Audit & Control Committee;
- Information Security Committee;

- Ethics Committee;
- Crisis Management Committee;

To reduce unnecessary tax risk AmRest introduced the following rules:

- 2) ensures that the company has the accounting and control mechanisms needed to handle day to day tax and reporting requirements,
- 3) ensures that tax is properly considered as part of corporate decision making processes,

Additionally, state whether an action plan is available for correcting or mitigating any weaknesses found.

According to the Internal Audit Articles of Association, the GIA&IC reports progress of Annual Audit Plan realization, issues with controls, corporate governance, significant AmRest risks, progress of recommendations implementation and others which are required by CFO and/or the Audit Committee. The irregularities identified by Financial Auditors are included in the GIA&IC process of regular monitoring, verification and reporting of the implementation of action plans declared by the Management.

Any irregularities identified in standalone and/or consolidated financial statements are reported to Audit and Control Committee as Summary Report (after the half-year review and audit of the annual accounts). Audit and Control Committee meets the Financial Auditors at least twice a year.

According to the "Regulations Audit and Control Committee of the Board of Directors of AmRest Holdings SE", the Audit and Control Committee should, among others, oversee the effectiveness of the Company's internal control system, the internal audit, and the risk management system and discuss with the accounting auditor the significant weaknesses of the internal control system revealed in the course of the audit, while maintaining its independence. For such purposes, the Committee may, if appropriate, submit recommendations or motions to the Board of Directors.

With regard to the preparation of the regulated financial information of the Company and its Group, the Committee shall have the following main duties:

- a) To oversee the process of preparation and submission and the clarity and integrity of the regulated financial information relating to the Company and its Group, ensuring that the half-yearly financial reports and the quarterly management statements are drafted in accordance with the same accounting standards as the annual financial reports and to oversee the review of the interim financial statements requested from the auditor, with the scope and frequency that may be defined, as the case may be;
- b) To review compliance with legal requirements, the proper delimitation of the scope of consolidation, and the correct application of such generally accepted accounting principles and international financial reporting standards as may be applicable;
- c) To submit recommendations or motions to the Board of Directors for the purposes of safeguarding the integrity of the financial information; and
- d) To advise the Board of Directors on any significant change of accounting standard and of the significant risks on the balance sheet and off-balance sheet.

G. EXTENT OF COMPLIANCE WITH CORPORATE GOVERNANCE RECOMMENDATIONS

Specify the company's level of compliance with recommendations from the Unified Code of Good Governance.

In the event that a recommendation is not followed or only partially followed, a detailed explanation should be included explaining the reasons in such a manner that shareholders, investors and the market in general have enough information to judge the company's actions. General explanations are not acceptable.

1. That the Articles of Association of listed companies do not limit the maximum number of votes that may be cast by one shareholder or contain other restrictions that hinder the takeover of control of the company through the acquisition of shares on the market.

Complies | Complies partially | **Explanation X** |

2. That when the parent company and a subsidiary are listed on the stock market, both should publicly and specifically define:

- a) The respective areas of activity and possible business relationships between them, as well as those of the listed subsidiary with other group companies.
- b) The mechanisms in place to resolve any conflicts of interest that may arise.

Complies | Complies partially | Explanation | **Not Applicable X** |

3. That, during the course of the ordinary General Shareholders' Meeting, complementary to the distribution of a written Annual Corporate Governance Report, the chairman of the Board of Directors makes a detailed oral report to the shareholders regarding the most material aspects of corporate governance of the company, and in particular:

- a) Changes that have occurred since the last General Shareholders' Meeting.
- b) Specific reasons why the company did not follow one or more of the recommendations of the Code of Corporate Governance and, if so, the alternative rules that were followed instead.

Complies | Complies partially | **Explanation X** |

Given that the Company's shares were listed on the Spanish Stock Exchanges on November 2018, at last year's AGM in June the Chairman did not provided such information verbally to the shareholders.

4. That the company has defined and promoted a policy of communication and contact with shareholders, institutional investors and proxy advisors that complies in all aspects with rules preventing market abuse and gives equal treatment to similarly situated shareholders.

And that the company has made such a policy public through its web page, including information related to the manner in which said policy has been implemented and the identity of contact persons or those responsible for implementing it.

Complies | Complies partially | **Explanation X** |

The Company has such a policy although its approval and publication took place after 31 December 2018.

5. That the Board of Directors should not propose to the General Shareholders' Meeting any proposal for

delegation of powers allowing the issuance of shares or convertible securities without pre-emptive rights in an amount exceeding 20% of equity at the time of delegation.

And that whenever the Board of Directors approves any issuance of shares or convertible securities without pre-emptive rights the company immediately publishes reports on its web page regarding said exclusions as referenced in applicable company law.

Complies X | Complies partially | Explanation |

6. That listed companies which draft reports listed below, whether under a legal obligation or voluntarily, publish them on their web page with sufficient time before the General Shareholders' Meeting, even when their publication is not mandatory:

- a) Report regarding the auditor's independence.
- b) Reports regarding the workings of the audit committee and the appointments and remuneration committee.
- c) Report by the audit committee regarding related-party transactions
- d) Report on the corporate social responsibility policy.

Complies X | Complies partially | Explanation |

7. That the company reports in real time, through its web page, the proceedings of the General Shareholders' Meetings.

Complies | Explanation X |

Thus far, the holding of the General Shareholders' Meeting has not been transmitted via the corporate website since the implementation of the mechanisms required for such retransmission has not been considered necessary, taking into account the shareholder structure of the Company. GSMs are recorded and the audio is uploaded on the Company's website.

8. That the audit committee ensures that the Board of Directors presents financial statements in the audit report for the General Shareholders' Meetings which do not have qualifications or reservations and that, in the exceptional circumstances in which qualifications may appear, that the chairman of the audit committee and the auditors clearly explain to the shareholders the content and scope of said qualifications or reservations.

Complies X | Complies partially | Explanation |

9. That the company permanently maintains on its web page the requirements and procedures for certification of share ownership, the right of attendance at the General Shareholders' Meetings, and the exercise of the right to vote or to issue a proxy.

And that such requirements and procedures promote attendance and the exercise of shareholder rights in a non-discriminatory fashion.

Complies X | Complies partially | Explanation |

10. That when a verified shareholder has exercised his right to make additions to the agenda or to make new proposals to it with sufficient time in advance of the General Shareholders' Meeting, the company:

- a) Immediately distributes the additions and new proposals.

- b) Publishes the attendance card credential or proxy form or form for distance voting with the changes such that the new agenda items and alternative proposals may be voted upon under the same terms and conditions as those proposals made by the Board of Directors.
- c) Submits all of these items on the agenda or alternative proposals to a vote and applies the same voting rules to them as are applied to those drafted by the Board of Directors including, particularly, assumptions or default positions regarding votes for or against.
- d) That after the General Shareholders' Meeting, a breakdown of the results of said additions or alternative proposals is communicated.

Complies | Complies partially | Explanation | **Not Applicable X** |

11. That, in the event the company intends to pay for attendance at the General Shareholders' Meeting, it establish in advance a general policy of long-term effect regarding such payments.

Complies | Complies partially | Explanation | **Not Applicable X** |

12. That the Board of Directors completes its duties with a unity of purpose and independence, treating all similarly situated shareholders equally and that it is guided by the best interests of the company, which is understood to mean the pursuit of a profitable and sustainable business in the long term, and the promotion of continuity and maximisation of the economic value of the business.

And that in pursuit of the company's interest, in addition to complying with applicable law and rules and in engaging in conduct based on good faith, ethics and a respect for commonly accepted best practices, it seeks to reconcile its own company interests, when appropriate, with the interests of its employees, suppliers, clients and other stakeholders, as well as the impact of its corporate activities on the communities in which it operates and the environment.

Complies X | Complies partially | Explanation |

13. That the Board of Directors is of an adequate size to perform its duties effectively and collegially, and that its optimum size is between five and fifteen members.

Complies X | Explanation |

14. That the Board of Directors approves a selection policy for directors that:

- a) Is concrete and verifiable.
- b) Ensures that proposals for appointment or re-election are based upon a prior analysis of the needs of the Board of Directors.
- c) Favours diversity in knowledge, experience and gender.

That the resulting prior analysis of the needs of the Board of Directors is contained in the supporting report from the appointments committee published upon a call from the General Shareholders' Meeting submitted for ratification, appointment or re-election of each director.

And that the selection policy for directors promotes the objective that by the year 2020 the number of female directors accounts for at least 30% of the total number of members of the Board of Directors.

The appointments committee will annually verify compliance with the selection policy of directors and explain its findings in the Annual Corporate Governance Report.

Complies | **Complies partially X** | Explanation |

The Company partially complies with this recommendation to the extent that AmRest's Director Selection Policy expressly provides that every effort will be made to ensure that, within five years of the approval of such policy (i.e. in 2023), the number of female directors represents at least 30% of the members of the Board. The reason for such five year period since AmRest listing in Spain was to mirror the adaptation period given to the Spanish listed companies upon approval of the current Corporate Governance Code (2015-2020).

15. That proprietary and independent directors constitute a substantial majority of the Board of Directors and that the number of executive directors is kept at a minimum, taking into account the complexity of the corporate group and the percentage of equity participation of executive directors.

Complies X | Complies partially | Explanation |

16. That the percentage of proprietary directors divided by the number of non- executive directors is no greater than the proportion of the equity interest in the company represented by said proprietary directors and the remaining share capital.

This criterion may be relaxed:

- a) In companies with a high market capitalisation in which interests that are legally considered significant are minimal.
- b) In companies where a diversity of shareholders is represented on the Board of Directors without ties among them.

Complies X | Explanation |

17. That the number of independent directors represents at least half of the total number of directors. Nonetheless, when the company does not have a high level of market capitalisation or in the event that it is a high cap company with one shareholder or a group acting in a coordinated fashion who together control more than 30% of the company's equity, the number of independent directors represents at least one third of the total number of directors.

Complies X | Explanation |

AmRest has one shareholder who indirectly controls 56.377% of the Company so it considers that the number of independent directors of the Company (two out of a total of seven) which basically represents one third of the total number of directors (specifically, 28.6% of the total) is an adequate number of independent directors in line with this recommendation.

18. That companies publish and update the following information regarding directors on the company website:

- a) Professional profile and biography.
- b) Any other Boards to which the director belongs, regardless of whether the companies are listed, as well as any other remunerated activities engaged in, regardless of type.
- c) Category of directorship, indicating, in the case of individuals who represent significant shareholders, the shareholder that they represent or to which they are connected.
- d) The date of their first appointment as a director of the company's Board of Directors, and any subsequent re-election.
- e) The shares and options they own.

Complies X | Complies partially | Explanation |

19. That the Annual Corporate Governance Report, after verification by the appointments committee, explains the reasons for the appointment of proprietary directors at the proposal of the shareholders whose equity

interest is less than 3%. It should also explain, where applicable, why formal requests from shareholders for membership on the Board meeting were not honoured, when their equity interest is equal to or exceeds that of other shareholders whose proposal for proprietary directors was honoured.

Complies | Complies Partially | Explanation | **Not Applicable X** |

20. That proprietary directors representing significant shareholders must resign from the Board if the shareholder they represent disposes of its entire equity interest. They should also resign, in a proportional fashion, in the event that said shareholder reduces its percentage interest to a level that requires a decrease in the number of proprietary directors representing this shareholder.

Complies X | Complies Partially | Explanation | Not Applicable |

Although such a case has not occurred yet, the Board regulations establish that directors shall tender their resignation when the reasons of their appointment have disappeared, among others, in the case of proprietary directors when the relevant shareholder reduces its percentage interest to a level that requires a decrease in the number of proprietary directors representing this shareholder.

21. That the Board of Directors may not propose the dismissal of any independent director before the completion of the director's term provided for in the Articles of Association unless the Board of Directors finds just cause and a prior report has been prepared by the appointments committee. Specifically, just cause is considered to exist if the director takes on new duties or commits to new obligations that would interfere with his or her ability to dedicate the time necessary for attention to the duties attendant to his post as a director, fails to complete the tasks inherent to his or her post, or enters into any of the circumstances which would cause the loss of independent status in accordance with applicable law.

The dismissal of independent directors may also be proposed as a result of a public share offer, joint venture or similar transaction entailing a change in the shareholder structure of the company, provided that such changes in the structure of the Board are the result of the proportionate representation criteria provided for in Recommendation 16.

Complies X | Explanation |

22. That companies establish rules requiring that directors inform the Board of Directors and, where appropriate, resign from their posts, when circumstances arise which may damage the company's standing and reputation. Specifically, directors must be required to report any criminal acts with which they are charged, as well as the consequent legal proceedings.

And that should a director be indicted or tried for any of the offences set out in company law legislation, the Board of Directors must investigate the case as soon as possible and, based on the particular situation, decide whether the director should continue in his or her post. And that the Board of Directors must provide a reasoned written account of all these events in its Annual Corporate Governance Report.

Complies | **Complies partially X** | Explanation |

The Company's internal regulations provides that directors must place their position at the disposal of the Board and formalize, if the Board deems it appropriate, the corresponding resignation, when their permanence on the Board could jeopardize the interests of the Company or negatively affect its credit and reputation, although it does not expressly refer to the obligation to report on criminal cases.

Before approval of this report the Regulation of the Board has been amended to specifically include such provision.

23. That all directors clearly express their opposition when they consider any proposal submitted to the Board of Directors to be against the company's interests. This particularly applies to independent directors and directors who are unaffected by a potential conflict of interest if the decision could be detrimental to any shareholders not represented on the Board of Directors.

Furthermore, when the Board of Directors makes significant or repeated decisions about which the director has serious reservations, the director should draw the appropriate conclusions and, in the event the director decides to resign, explain the reasons for this decision in the letter referred to in the next recommendation. This recommendation also applies in the case of the secretary of the Board of Directors, despite not being a director.

Complies X | Complies Partially | Explanation | Not Applicable |

24. That whenever, due to resignation or any other reason, a director leaves before the completion of his or her term, the director should explain the reasons for this decision in a letter addressed to all the directors of the Board of Directors. Irrespective of whether the resignation has been reported as a relevant fact, it must be included in the Annual Corporate Governance Report.

Complies | Complies Partially | Explanation | **Not Applicable X** |

25. That the appointments committee ensures that non-executive directors have sufficient time in order to properly perform their duties.

And that the Board rules establish the maximum number of company Boards on which directors may sit.

Complies X | Complies partially | Explanation |

26. That the Board of Directors meet frequently enough so that it may effectively perform its duties, at least eight times per year, following a schedule of dates and agenda established at the beginning of the year and allowing each director individually to propose items do not originally appear on the agenda.

Complies X | Complies partially | Explanation |

27. That director absences only occur when absolutely necessary and are quantified in the Annual Corporate Governance Report. And when absences occur, that the director appoints a proxy with instructions.

Complies X | Complies partially | Explanation |

28. That when directors or the secretary express concern regarding a proposal or, in the case of directors, regarding the direction in which the company is headed and said concerns are not resolved by the Board of Directors, such concerns should be included in the minutes, upon a request from the protesting party.

Complies X | Complies Partially | Explanation | Not Applicable |

29. That the company establishes adequate means for directors to obtain appropriate advice in order to properly fulfil their duties including, should circumstances warrant, external advice at the company's expense.

Complies X | Complies partially | Explanation |

30. That, without regard to the knowledge necessary for directors to complete their duties, companies make refresher courses available to them when circumstances require

Complies X | Explanation | Not Applicable |

31. That the agenda for meetings clearly states those matters about which the Board of Directors are to make a decision or adopt a resolution so that the directors may study or gather all relevant information ahead of time.

When, under exceptional circumstances, the chairman wishes to bring urgent matters for decision or resolution before the Board of Directors which do not appear on the agenda, prior express agreement of a majority of the directors shall be necessary, and said consent shall be duly recorded in the minutes.

Complies X | Complies partially | Explanation |

32. That directors shall be periodically informed of changes in equity ownership and of the opinions of significant shareholders, investors and rating agencies of the company and its group.

Complies X | Complies partially | Explanation |

33. That the chairman, as the person responsible for the efficient workings of the Board of Directors, in addition to carrying out his duties required by law and the Articles of Association, should prepare and submit to the Board of Directors a schedule of dates and matters to be considered; organise and coordinate the periodic evaluation of the Board as well as, if applicable, the chief executive of the company, should be responsible for leading the Board and the effectiveness of its work; ensuring that sufficient time is devoted to considering strategic issues, and approve and supervise refresher courses for each director when circumstances so dictate.

Complies X | Complies partially | Explanation |

34. That when there is a coordinating director, the Articles of Association or the Board rules should confer upon him the following competencies in addition to those conferred by law: chairman of the Board of Directors in the absence of the chairman and deputy chairmen, should there be any; reflect the concerns of non-executive directors; liaise with investors and shareholders in order to understand their points of view and respond to their concerns, in particular as those concerns relate to corporate governance of the company; and coordinate a succession plan for the chairman.

Complies | Complies Partially X | Explanation | Not Applicable |

AmRest partially complies with the recommendation to the extent that the Regulations of the Board of Directors attribute in article 16 the following functions to the Coordinating Director: a) to reflect the concerns of non-executive directors and to meet them when it considers it appropriate; b) to request the calling of the Board of Directors or the inclusion of new items of the day in a meeting of the Board already called; and c) to direct the periodic evaluation of the Chairman of the Board of Directors.

35. That the secretary of the Board of Directors should pay special attention to ensure that the activities and decisions of the Board of Directors take into account the recommendations regarding good governance contained in this Code of Good Governance and which are applicable to the company.

Complies X | Explanation |

36. That the Board of Directors meet in plenary session once a year and adopt, where appropriate, an action plan to correct any deficiencies detected in the following:

- a) The quality and efficiency of the Board of Directors' work.
- b) The workings and composition of its committees.
- c) Diversity of membership and competence of the Board of Directors.
- d) Performance of the chairman of the Board of Directors and the chief executive officer of the company.
- e) Performance and input of each director, paying special attention to those in charge of the various Board committees.

In order to perform its evaluation of the various committees, the Board of Directors will take a report from the committees themselves as a starting point and for the evaluation of the Board, a report from the appointments committee.

Every three years, the Board of Directors will rely upon the assistance of an external advisor for its evaluation, whose independence shall be verified by the appointments committee.

Business relationships between the external adviser or any member of the adviser's group and the company or any company within its group shall be specified in the Annual Corporate Governance Report.

The process and the areas evaluated shall be described in the Annual Corporate Governance Report.

Complies X | Complies partially | Explanation |

Given that the Company relocated its domicile to Spain in March 2018 and then set up the existing Board of Directors, it has not yet performed the three years evaluation with the assistance of an external advisor.

The first annual review in respect of 2018 has been performed before the approval of this report.

37. That if there is an executive committee, the proportion of each different director category must be similar to that of the Board itself, and its secretary must be the secretary of the Board.

Complies X | Complies Partially | Explanation | Not Applicable |

38. That the Board of Directors must always be aware of the matters discussed and decisions taken by the executive committee and that all members of the Board of Directors receive a copy of the minutes of meetings of the executive committee.

Complies X | Complies Partially | Explanation | Not Applicable |

39. That the members of the audit committee, in particular its chairman, are appointed in consideration of their knowledge and experience in accountancy, audit and risk management issues, and that the majority of its members be independent directors.

Complies X | Complies partially | Explanation |

Although it is provided in the Regulations of the Board of Directors that at least one of the members of the audit committee shall be appointed on the basis of his or her knowledge and experience in accounting, auditing or both, the Company complies with the recommendation to the extent that all current members of the Audit Committee have a professional background requiring a strong knowledge of accountancy matters.

40. That under the supervision of the audit committee, there must be a unit in charge of the internal audit function, which ensures that information and internal control systems operate correctly, and which reports to the non-executive chairman of the Board or of the audit committee.

Complies X | Complies partially | Explanation |

41. That the person in charge of the group performing the internal audit function should present an annual work plan to the audit committee, reporting directly on any issues that may arise during the implementation of this plan, and present an activity report at the end of each year.

Complies X | Complies Partially | Explanation | Not Applicable |

42. That in addition to the provisions of applicable law, the audit committee should be responsible for the following:

1. With regard to information systems and internal control:

- a) Supervise the preparation and integrity of financial information relative to the company and, if applicable, the group, monitoring compliance with governing rules and the appropriate application of consolidation and accounting criteria.
- b) Ensure the independence and effectiveness of the group charged with the internal audit function; propose the selection, appointment, re- election and dismissal of the head of internal audit; draft a budget for this department; approve its goals and work plans, making sure that its activity is focused primarily on material risks to the company; receive periodic information on its activities; and verify that senior management takes into account the conclusions and recommendations of its reports.
- c) Establish and supervise a mechanism that allows employees to report confidentially and, if appropriate, anonymously, any irregularities with important consequences, especially those of a financial or accounting nature, that they observe in the company.

2. With regard to the external auditor:

- a) In the event that the external auditor resigns, examine the circumstances which caused said resignation.
- b) Ensure that the remuneration paid to the external auditor for its work does not compromise the quality of the work or the auditor's independence.
- c) Insist that the company file a relevant fact with the CNMV when there is a change of auditor, along with a statement on any differences that arose with the outgoing auditor and, if applicable, the contents thereof.
- d) Ensure that the external auditor holds an annual meeting with the Board of Directors in plenary session in order to make a report regarding the tasks accomplished and regarding the development of its accounting and risks faced by the company.
- e) Ensure that the company and the external auditor comply with applicable rules regarding the rendering of services other than auditing, proportional limits on the auditor's billing, and all other rules regarding the auditor's independence.

Complies X | Complies partially | Explanation |

43. That the audit committee may require the presence of any employee or manager of the company, even without the presence of any other member of management.

Complies X | Complies partially | Explanation |

44. That the audit committee be kept abreast of any corporate and structural changes planned by the company in order to perform an analysis and draft a report beforehand to the Board of Directors regarding economic conditions and accounting implications and, in particular, any exchange ratio involved.

Complies X | Complies Partially | Explanation | Not Applicable X |

45. That the risk management and control policy identify, as a minimum:

- a) The various types of financial and non-financial risks (among those operational, technological, legal, social, environmental, political and reputational) which the company faces, including financial or economic risks, contingent liabilities and other off balance sheet risks.
- b) Fixing of the level of risk the company considers acceptable.
- c) Means identified in order to minimise identified risks in the event they transpire.
- d) Internal control and information systems to be used in order to control and manage identified risks, including contingent liabilities and other off balance sheet risks.

Complies | **Complies partially X** | Explanation |

The Company has a Risk Management Policy which covers most but not all the above matters.

46. That under the direct supervision of the audit committee or, if applicable, of a specialised committee of the Board of Directors, an internal control and management function should exist delegated to an internal unit or department of the company which is expressly charged with the following responsibilities:

- a) Ensure the proper functioning of risk management and control systems and, in particular, that they adequately identify, manage and quantify all material risks that may affect the company.
- b) Actively participate in the creation of the risk strategy and in important decisions regarding risk management.
- c) Ensure that the risk management and control systems adequately mitigate risks as defined by policy issued by the Board of Directors.

Complies X | Complies partially | Explanation |

47. That members of the appointment and remuneration committee -- or of the appointments committee and the remuneration committee if they are separate - are chosen taking into account the knowledge, ability and experience necessary to perform the duties they are called upon to carry out and that the majority of said members are independent directors.

Complies X | Complies partially | Explanation |

48. That high market capitalisation companies have formed separate appointments and remuneration committees.

Complies | Explanation | **Not Applicable X** |

49. That the appointments committee consult with the chairman of the Board of Directors and the chief executive of the company, especially in relation to matters concerning executive directors.

And that any director may ask the appointments committee to consider potential candidates he or she considers appropriate to fill a vacancy on the Board of Directors.

Complies | **Complies partially X** | Explanation |

Although it is not expressly contemplated in AmRest's internal regulations for the Appointments and Remunerations Committee to consult the Chairman of the Board and the chief executive when dealing with matters relating to executive directors, in practice said Committee indeed consult the Chairman and the Chief Executive on those matters.

50. That the remuneration committee exercises its functions independently and that, in addition to the functions assigned to it by law, it should be responsible for the following:

- a) Propose basic conditions of employment for senior management.
- b) Verify compliance with company remuneration policy.
- c) Periodically review the remuneration policy applied to directors and senior managers, including remuneration involving the delivery of shares, and guarantee that individual remuneration be proportional to that received by other directors and senior managers.
- d) Oversee that potential conflicts of interest do not undermine the independence of external advice rendered to the Board.
- e) Verify information regarding remuneration paid to directors and senior managers contained in the various corporate documents, including the Annual Report on Director Remuneration.

Complies X | Complies partially | Explanation |

51. That the remuneration committee consults with the chairman and the chief executive of the company, especially in matters relating to executive directors and senior management.

Complies X | Complies partially | Explanation |

Although it is not expressly contemplated in AmRest's internal regulations for the Appointments and Remunerations Committee to consult the Chairman of the Board and the chief executive when dealing with matters relating to executive directors, in practice said Committee indeed consult the Chairman when needed (not the Chief Executive since there is only one executive director in AmRest). Since there is only one Executive Director, he is consulted in matters related to senior management.

52. That the rules regarding composition and workings of supervision and control committees appear in the rules governing the Board of Directors and that they are consistent with those that apply to mandatory committees in accordance with the recommendations above, including:

- a) That they are comprised exclusively of non-executive directors, with a majority of them independent.
- b) That their chairmen be independent directors.
- c) That the Board of Directors select members of these committees taking into account their knowledge, skills and experience and the duties of each committee; discuss their proposals and reports; and detail their activities and accomplishments during the first plenary session of the Board of Directors held after the committee's last meeting.
- d) That the committees be allowed to avail themselves of outside advice when they consider it necessary to perform their duties.
- e) That their meetings be recorded and the minutes be made available to all directors.

Complies | Complies Partially | Explanation | **Not Applicable X** |

53. That verification of compliance with corporate governance rules, internal codes of conduct and social corporate responsibility policy be assigned to one or split among more than one committee of the Board of Directors, which may be the audit committee, the appointments committee, the corporate social responsibility committee in the event that one exists, or a special committee created by the Board of Directors pursuant to its powers of self-organisation, which at least the following responsibilities shall be specifically assigned thereto:

- a) Verification of compliance with internal codes of conduct and the company's corporate governance rules.
- b) Supervision of the communication strategy and relations with shareholders and investors, including small- and medium-sized shareholders.
- c) The periodic evaluation of the suitability of the company's corporate governance system, with the goal that the company promotes company interests and take into account, where appropriate, the legitimate interests of other stakeholders.

- e) Follow-up of social responsibility strategy and practice, and evaluation of degree of compliance.

- g) Evaluation of everything related to non-financial risks to the company, including operational, technological, legal, social, environmental, political and reputational.
- h) Coordination of the process of reporting on diversity and reporting non- financial information in accordance with applicable rules and international benchmarks.

Complies | **Complies partially X** | Explanation |

Although not expressly contemplated in AmRest's internal regulations, both the Audit Committee and the Appointments and Remuneration Committee execute the functions referred to in this recommendation.

54. That the corporate social responsibility policy include principles or commitments which the company voluntarily assumes regarding specific stakeholders and identifies, as a minimum:

- a) The objectives of the corporate social responsibility policy and the development of tools to support it.
- b) Corporate strategy related to sustainability, the natural environment and social issues.
- c) Concrete practices in matters related to: shareholders, employees, clients, suppliers, social issues, the natural environment, diversity, fiscal responsibility, respect for human rights, and the prevention of unlawful conduct.
- d) Means or systems for monitoring the results of the application of specific practices described in the immediately preceding paragraph, associated risks, and their management.
- e) Means of supervising non-financial risk, ethics, and business conduct.
- f) Communication channels, participation and dialogue with stakeholders.
- g) Responsible communication practices that impede the manipulation of data and protect integrity and honour.

Complies | **Complies partially X** | Explanation |

55. That the company reports, in a separate document or within the management report, on matters related to corporate social responsibility, following internationally recognised methodologies

Complies X | Complies partially | Explanation |

56. That director remuneration be sufficient in order to attract and retain directors who meet the desired professional profile and to adequately compensate them for the dedication, qualifications and responsibility demanded of their posts, while not being so excessive as to compromise the independent judgment of non-executive directors.

Complies X | Explanation |

57. That only executive directors receive remuneration linked to corporate results or personal performance, as well as remuneration in the form of shares, options or rights to shares or instruments whose value is indexed to share value, or long-term savings plans such as pension plans, retirement accounts or any other retirement plan.

Shares may be given to non-executive directors under the condition that they maintain ownership of the shares until they leave their posts as directors. The forgoing shall not apply to shares that the director may be obliged sell in order to meet the costs related to their acquisition.
