DBRS Extends 17 EU SF Transactions Under Review with Positive Implications Status Following Request for Comments on European RMBS Insight: Spanish Addendum Methodology

Industry: Sec.--Credit Card & Consumer Lending, Sec.--RMBS

DBRS Ratings Limited (DBRS) extended its Under Review with Positive Implication Status (UR-Pos.) on 33 tranches from 17 European Structured Finance transactions.

The rating actions reflect the publication of the “European RMBS Insight: Spanish Addendum - Request for Comment” (the Updated Methodology) on 24 July 2018
<https://www.dbrs.com/research/330614/european-rmbs-insight-spanish-addendum-request-for-comment>.

In the Updated Methodology, DBRS updated its house price indexation and market value decline rates to reflect data through the third quarter of 2017. Such periodic updates are envisaged in the European RMBS Insight Methodology.

The 33 ratings were initially placed UR-Pos. on 30 April 2018, following the Kingdom of Spain’s (Spain) Long-Term Foreign and Local Currency – Issuer Rating being upgraded to “A”, with a Stable trend on 6 April 2018 from A (low) (see DBRS press release entitled, “DBRS Upgrades the Kingdom of Spain to A, Stable Trend”), and DBRS's analysis of the Spanish real estate market’s recent performance.

Spain’s sovereign upgrade has already been incorporated into the default rates and expected loss assumptions for each transaction. DBRS considers that these assumptions could improve further as a result of the proposed update to the house price indexation and market value decline rates as per the Updated Methodology. The combined effect of both would likely result in a confirmation or upgrade of the current ratings. A complete list of affected ratings can be found at the end of this press release.

Following the end of the Request for Comment period and release of the final version of the Updated Methodology, DBRS expects to resolve the current UR-Pos. status on all the affected ratings.

The principal methodology applicable to the ratings is: “Master European Structured Finance Surveillance Methodology”.

DBRS has applied the principal methodology consistently and conducted a review of the transactions in accordance with the principal methodologies.

DBRS is undertaking a review and will remove the ratings from their UR-Pos. status as soon as it is appropriate.

The current UR-Pos. rating actions are event driven and do not warrant the application of the entire principal methodology. The analysis focused on the impact of the DBRS sovereign upgrade of Spain, along with the recent performance of the Spanish real estate market as reflected in the Updated Methodology, on the ratings of these transactions.

A review of the transactions’ legal documents was not conducted as the legal documents have remained unchanged since the most recent rating actions for each transaction.

Other methodologies referenced in these transactions are listed at the end of this press release. These may be found on www.dbrs.com at: <http://www.dbrs.com/about/methodologies>.

For a more detailed discussion of the sovereign risk impact on Structured Finance ratings, please refer to “Appendix C: The Impact of Sovereign Ratings on Other DBRS Credit Ratings” of the “Rating Sovereign Governments” methodology at: <http://dbrs.com/research/319564/rating-sovereign-governments.pdf>.

All the rating actions taken include as a source of data and information the impact of the upgrade of the sovereign rating of Spain, as envisaged in the rating action taken on 6 April 2018, and the recent performance of the Spanish real estate market as reflected in the Updated Methodology.

DBRS did not rely upon third-party due diligence in order to conduct its analysis.

At the time of the initial rating, DBRS was not supplied with third-party assessments for BBVA RMBS 5 FTA, FTA RMBS Santander 1 and 3, IM Cajamar 5 and 6 FTA and Rural Hipotecario XV, XVI and XVII FTA. However, this did not impact the rating analysis.

At the time of the initial rating, DBRS was supplied with third-party assessments for FT RMBS Santander 4 and 5, IM BCC Cajamar 1 FT, IM BCG RMBS 2, FTA, IM Grupo Banco Popular MBS 3, FT, SRF 2016-1, 2017-1 and 2017-2 FT and Caixabank Consumo 2 FT. However, this did not

impact the rating analysis.

DBRS considers the data and the information available to it for the purposes of providing these ratings to be of satisfactory quality.

DBRS does not audit or independently verify the data or information it receives in connection with the rating process.

The last rating action date for each transaction is listed at the end of this press release.

Information regarding DBRS ratings, including definitions, policies and methodologies, is available on www.dbrs.com.

The ratings listed below are UR-Pos. Generally, the conditions that lead to the assignment of reviews are resolved within a 90-day period.

For further information on DBRS historic default rates published by the European Securities and Markets Authority (ESMA) in a central repository, see <http://cerep.esma.europa.eu/cerep-web/statistics/defaults.xhtml>.
