

Central Bank of Ireland Issues Warning on Unauthorised Firm – Fraudulent entity clones authorised firm Axonic ICAV

28 June 2023 Warning Notice

It has come to the attention of the Central Bank of Ireland ('Central Bank') that a fraudulent entity, Axonic ICAV (CLONE), operating the website <https://www.axonicicav.com/>, has been operating as an investment firm / investment business firm / Irish Collective Asset-management Vehicle (ICAV) in the State in the absence of appropriate authorisations. In this instance, the fraudulent entity cloned and impersonated a legitimate Central Bank authorised fund in order to deceive customers. Contact details used by the scam entity include:

- the email addresses:
 - info@axonicicav.com,
 - accounts@axonicicav.com; and
- the phone number +353 1 968 2437.

This unauthorised firm has cloned the details (name, address and Central Bank authorisation number) of a legitimate Central Bank authorised ICAV in order to add an air of legitimacy to the scam. **It should be noted that there is no connection whatsoever between the Central Bank authorised firm and the unauthorised entity.**

A list of unauthorised firms published to date is available on the Central Bank website.

It is a criminal offence for an unauthorised firm to provide financial services in Ireland that would require an authorisation under the relevant legislation for which the Central Bank is the responsible body for enforcing. Consumers should be aware, that if they deal with a firm that is not authorised, they are not eligible for compensation from any available Compensation Schemes.

Fraudsters are increasingly using legitimate firms' details to add an air of legitimacy to their fraud. The fraudsters will 'borrow' some or all of the legitimate information of an authorised / legitimate firm for the purpose of this fraud. They may quote authorisation numbers / company registration numbers and links to seemingly legitimate websites and even

provide the real address of an authorised / legitimate firm. Consumers are advised to check our register to verify a firm's details and to call the firm back directly using its advertised phone number. Always access the register from our website, rather than through links in emails or on a firm's / person's website.

There are some further steps that individuals should take before dealing with firms / persons which purport to offer financial services:

- Always double-check the URL and contact details of a firm / person in case it is a 'clone firm / person' pretending to be an authorised firm / person, such as your bank or a genuine investment firm.
- Check the list of unauthorised firms. If the firm / person is not on our list, do not assume it is legitimate – it may not have been reported to the Central Bank yet.
- Check that the product being offered to you is present on the website of the legitimate firm.
- If you are considering buying a financial product or dealing with a firm, through a website or social media, or if you receive an unsolicited phone call, email, text message or pop-up box out of the blue, take the SAFE test.

For further information, please visit the Avoiding Scams and Unauthorised Activity section of the Central Bank's website.

Please remember:

- the Central Bank will never contact you asking for money, your personal data or your PPS number; and
- if you are offered something that seems too good to be true, it is most likely a scam.
