

Finanstilsynet has been informed that Liberty Assets has approached investors offering investment services. The company offers services from the website liberty-assets.com

Finanstilsynet states that the company's website incorrectly claims that they have a license from Finanstilsynet to provide investment services. Finanstilsynet wishes to make it clear that Liberty Assets is not authorised to provide investment services in Norway, and therefore lacks the license required under Norwegian law. The company is consequently not subject to Finanstilsynet's supervisory oversight, nor has Finanstilsynet approved the services offered by the company. Finanstilsynet therefore recommends investors not to enter into agreements with or transfer assets to Liberty Assets.
