Warning against fraudulent use of the name and license of IWC Investment Partners A/S

The Danish Financial Supervisory Authority (FSA) warns the public against the fraudulent use of the name IWC Investment Partners A/S and its license

It has come to the attention of the Danish Financial Supervisory Authority (FSA) that individuals falsely claim to belong to IWC Investment Partners A/S and make fraudulent use of the names and license of this firm. These individuals contact consumers offering cryptocurrency (e.g. bitcoins or IWC coins) and/or portfolio management.

The individuals impersonate IWC Investment Partners A/S by claiming to be affiliated with the firm and by referring to a fake website such as <https://www.iwcinvestment.com> and https://www.uwinvestments.com/en_US/. These websites wrongly display a license obtained through for example the Danish FSA.

IWC Investment and UW Investment including their fake website must not be confused with IWC Investment Partners A/S and its website <https://www.iwc.dk/>. IWC Investment Partners A/S has been granted authorisation as a manager of alternative investment funds by the Danish FSA, and the firm is not affiliated with IWC Investments and UW Investment or the fake websites.

The Danish FSA **strongly advice against responding to any offer of financial instruments or services** made by these individuals and **against transferring** money to any account number these individuals might mention. Also, the Danish FSA recommends that investors do not communicate with these individuals.

The Danish Financial Supervisory Authority provides a database with information on which companies that are complying with the financial regulations. Go to: [Companies under Supervision](#).
