ArcelorMittal Announces Launch of Bond Issue

Luxembourg, 6 March 2019 – ArcelorMittal (the “Company” or the “Issuer”) announced today that it has launched an offering of USD-denominated notes.

The net proceeds from the offering are expected to be applied towards repayment of existing debt including the \$1 billion outstanding under a \$7 billion term facilities agreement entered into in connection with the proposed acquisition of Essar Steel India Limited through a joint venture with Nippon Steel and Sumitomo Metal Corporation (“NSSMC”). The joint venture agreements provide that ArcelorMittal and NSSMC will own 60% and 40%, respectively, of the joint venture’s share capital and will have equal representation and voting rights on its board of directors, such that the joint venture will be considered by the parties to be a jointly controlled entity. ArcelorMittal anticipates that its investment in the joint venture will be equity accounted.

The Issuer has filed a registration statement (including a prospectus) with the SEC for the offering to which this communication relates. Before you invest, you should read the prospectus in that registration statement and other documents the Issuer has filed with the SEC for more complete information about the Issuer and this offering. You may get these documents for free by visiting EDGAR on the SEC Web site at www.sec.gov. About ArcelorMittal

ArcelorMittal is the world's leading steel and mining company, with a presence in 60 countries and an industrial footprint in 18 countries. Guided by a philosophy to produce safe, sustainable steel, we are the leading supplier of quality steel in the major global steel markets including automotive, construction, household appliances and packaging, with world-class research and development and outstanding distribution networks.

Through our core values of sustainability, quality and leadership, we operate responsibly with respect to the health, safety and wellbeing of our employees, contractors and the communities in which we operate.

For us, steel is the fabric of life, as it is at the heart of the modern world from railways to cars and washing machines. We are actively researching and producing steel-based technologies and solutions that make many of the products and components people use in their everyday lives more energy efficient.

We are one of the world's five largest producers of iron ore and metallurgical coal. With a geographically diversified portfolio of iron ore and coal assets, we are strategically positioned to serve our network of steel plants and the external global market. While our steel operations are important customers, our supply to the external market is increasing as we grow.

In 2018, ArcelorMittal had revenues of \$76.0 billion and crude steel production of 92.5 million metric tonnes, while own iron ore production reached 58.5 million metric tonnes.

ArcelorMittal is listed on the stock exchanges of New York (MT), Amsterdam (MT), Paris (MT), Luxembourg (MT) and on the Spanish stock exchanges of Barcelona, Bilbao, Madrid and Valencia (MTS).
