and to be admitted to trading on Madrid Stock Exchange and Barcelona Stock Exchange

with respect to the

Base Prospectus

dated 13 January 2022

relating to

Structured Warrants

unconditionally and irrevocably guaranteed by

Société Générale

Paris

(Offeror and Guarantor)

INTRODUCTION

These Final Terms (the "Final Terms") have been prepared for the purpose of Article 8 (5) of the Prospectus Regulation and must be read in conjunction with the base prospectus dated 13 January 2022 relating to Structured Warrants (the "Base Prospectus"). The Base Prospectus is constituted by the Securities Note dated 13 January 2022 relating to Structured Warrants (the "Securities Note") and the Registration Document dated 11 November 2021 of Société Générale Effekten GmbH and any supplements thereto. In order to obtain all information necessary to the assessment of the Securities both the Base Prospectus and these Final Terms must be read in conjunction.

The Base Prospectus and any supplements thereto are published in accordance with Article 21 of the Prospectus Regulation in electronic form on the website www.warrants.com (under Legal Documents / Prospectuses and Registration Documents). Hardcopies of these documents may be requested free of charge from Société Générale S.A., Frankfurt am Main branch, Neue Mainzer Straße 46-50, 60311 Frankfurt am Main, Germany.

The options marked in the following sections of the Base Prospectus shall apply:

Applicable Functionality: The following parts of the Functionality of the Securities which are mentioned in the Securities Note ("6. Description of the Securities") are applicable:

- 6. Description of the Securities
Unlimited Structured Warrants Short
10x Short
- 6.1. General Information on Structured Warrants
- 6.2. Detailed Information on Structured Warrants
 - 6.2.1. Features
 - 6.2.3. Structured Warrants Short
 - (a) Leverage Component
 - (c) Interest Component (for Underlying Share, Index and Futures Contract)
 - (f) Intraday Adjustment of the NPV
 - 6.2.4. Leverage, pricing of Structured Warrants
 - 6.2.7. Discontinuation of the calculation of the NPV in case of Structured Warrants relating to Futures Contracts

Applicable Risks: In particular the following risk factors which are mentioned in the Securities Notes ("2. Risk Factors") are applicable:

- 2.2. Risks arising from the nature of the Securities
 - 2.2.1. Risks relating directly to the structure of the Securities
 - (a) Risk factors relating to the Factor (Leverage Component)
(2) Structured Warrants Short
 - (b) Worthless expiry of Securities
 - (c) Risks relating to the Reference Interest Rate (Interest or Financing Component)
 - (d) Intraday Adjustment
 - (e) Risks relating to the exercise
 - (f) Risks relating to a missing term in the case of Unlimited Structured Warrants
 - (g) Price Event
 - (h) Costs and Fees
 - (i) Discontinuation of the calculation in the case of Structured Warrants relating to Futures Contracts
 - 2.2.2. Exchange rate risks in connection with the Securities
 - 2.2.3. Risks arising from the Underlying to which the Securities are linked

- (a) Risk of fluctuations in the value of the Underlying
- (d) Risks relating to Futures Contracts as the Underlying
- 2.2.4. Risks relating to the pricing and tradability of the Securities
- 2.2.5. Risks arising from the taxation of the Securities or the Underlying
- 2.2.6. Risks arising from adjustments and terminations

The summary applicable for this issue of Securities is annexed to these Final Terms.

FURTHER INFORMATION

Security Identification Number(s):	The Security Identification number(s) (i.e. ISIN and WKN) in respect of each series of Securities are set out in the table annexed to this section "Further Information".
Currency of the Issue:	EUR
Entity keeping the records:	the Paying Agent
Information on the Underlying:	Information on the Underlying is available free of charge on www.cmegroup.com
Payment Date:	24 May 2022
Offer and Sale:	<p>The Offeror publicly offers from 24 May 2022 series of Securities with an issue size and initial issue price per Security as set out in the table annexed to this section "Further Information".</p> <p>The investor can usually purchase the Securities at a fixed issue price. This fixed issue price contains all cost of the Issuer relating to the issuance and the sales of the Securities (e.g. cost of distribution, structuring and hedging as well as the profit margin of Issuer).</p> <p>The total proceeds and the total costs of each series of Securities are stated in the table annexed to this section "Further Information".</p>
Country(ies) where the offer takes place (Non-exempt offer):	Kingdom of Spain
Listing:	Application(s) will be made for the Securities to be admitted to trading on the regulated market(s) of Madrid Stock Exchange and Barcelona Stock Exchange.
Minimum Trading Size:	1 Security
Consent to the usage of the Base Prospectus and the Final Terms:	<p>The Issuer hereby grants consent to use the Base Prospectus and these Final Terms for the subsequent resale or final placement of the Securities by any financial intermediary.</p> <p>The offer period within which subsequent resale or final placement of Securities by financial intermediaries can be made is valid only as long as the Base Prospectus and the Final Terms are valid in accordance with Article 9 of the Prospectus Directive as implemented in the relevant Member State.</p> <p>The consent to use the Base Prospectus and these Final Terms is granted only in relation to the following Member State(s): Kingdom of Spain.</p>
Prohibition of Sales to EEA Retail Investors:	- not applicable -

Benchmark Regulation statement:	SOFR is provided by the Federal Reserve Bank of New York and therefore exempt from the Benchmark Regulation.

Table to the Further Information

ISIN:	DE000SN2BGQ9
WKN:	SN2BGQ
Issue Size:	500,000
Initial Issue Price:	EUR 4.97
Total Proceeds:	EUR 2,485,000.00
Total Costs ¹ :	EUR 339,984.22

¹The amount has been calculated for the whole year and is correspondingly annualized.

TERMS AND CONDITIONS

The terms and conditions consist of the general terms of the Securities (the "**General Terms**"), the product-specific terms (the "**Product-Specific Terms**") the product data (the "**Table of Product Details**") (together the "**Terms and Conditions**").

GENERAL TERMS

§ 1

FORM, CLEARING SYSTEM, DEPOSITORY

1. The securities (each a "**Security**" and together the "**Securities**") of a series of Securities identified by its ISIN (each a "**Series**") issued by Société Générale Effekten GmbH, Frankfurt am Main, Federal Republic of Germany (the "**Issuer**") will be registered with the Spanish central depository system, the Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A.U. ("**Iberclear**", the "**Clearing System**") and will be represented by book entries in accordance with Article 6 of the Spanish Restated Securities Market Act approved by the Royal Decree Law 4/2015, of 23 October (the "**SMA**"). No physical document of title will be issued in respect of the Securities.
2. Transfers of the Securities shall be made in accordance with and governed by the SMA and the rules and procedures of Iberclear.
3. The term "**Securityholder**" in these Terms and Conditions refers to any person holding Securities through a financial intermediary entitled to hold accounts with the Clearing System on behalf of its customers (the "**Security Account Holder**") or, in the case of a Security Account Holder acting for its own account, such Security Account Holder.

§ 2

PAYING AGENT AND CALCULATION AGENT

1. Société Générale, Sucursal en España, Calle Cardenal Marcelo Spinola, 8, 4ª Planta, 28016 Madrid, Spain, shall be the paying agent (the "**Paying Agent**").
2. The Issuer shall be entitled at any time to appoint another bank as Paying Agent. Such appointment and the effective date shall be notified in accordance with § 6 of the General Terms.
3. The Paying Agent is hereby granted exemption from the restrictions of § 181 German Civil Code (*Bürgerliches Gesetzbuch*) ("**BGB**") and any similar restrictions of the applicable laws of any other country.
4. Société Générale, 29 boulevard Haussmann, 75009 Paris, France, shall be the calculation agent regarding the Securities ("**Calculation Agent**"). The Issuer shall be entitled at any time to appoint another bank or, to the extent permitted by law, by a financial services institution established in one of the member states of the European Union, one or more additional calculation agent(s) or to cancel their order. Replacement, designation and revocation shall be notified in accordance with § 6 of the General Terms.
5. The Calculation Agent is entitled at any time to resign its office as Calculation Agent. The resignation shall only take effect with the appointment of another bank or, to the extent permitted by law, a financial service institution established in one of the member states of the European Union as the Calculation Agent of the Issuer. The resignation and appointment will be published in accordance with § 6 of the General Terms.
6. The Calculation Agent acts exclusively as a vicarious agent (*Erfüllungsgehilfe*) of the Issuer and has no obligations towards the Securityholders. The Calculation Agent is hereby granted exemption from the restrictions of § 181 BGB and any similar restrictions of the applicable laws of any other country.
7. Neither the Issuer nor the Calculation Agent is obliged to review the eligibility of the submitter of Securities.

§ 3

TAXES

Payments in respect of the Securities shall only be made after (i) deduction and withholding of current or future taxes, levies or governmental charges, regardless of their nature, which are imposed, levied or collected (the "**Taxes**") under any applicable system of law or in any country which claims fiscal jurisdiction by or for the account of any political subdivision thereof or government agency therein authorised to levy Taxes, to the extent that such deduction or withholding is required by law, (ii) any withholding or deduction required pursuant to an agreement described in Section 1471(b) of the U.S. Internal Revenue Code of 1986, as amended (the "**IRC**"), or otherwise imposed pursuant to Sections 1471 through 1474 IRC, any regulations or agreements thereunder, any official interpretations thereof, or any law implementing an intergovernmental

approach thereto and (iii) any withholding or deduction required pursuant to Section 871(m) IRC ("**871(m) Withholding**"). The Issuer shall report on the deducted or withheld Taxes to the competent government agencies.

In addition, in determining the amount of 871(m) Withholding imposed with respect to any amounts to be paid on the Securities, the Issuer shall be entitled to withhold on any "dividend equivalent" (as defined for purposes of Section 871(m) IRC) at the highest rate applicable to such payments regardless of any exemption from, or reduction in, such withholding otherwise available under applicable law.

§ 4

STATUS, GUARANTEE, LIMITED RECOURSE

1. The obligations under the Securities constitute direct, unconditional and unsecured (*nicht dinglich besichert*) obligations of the Issuer and rank at least pari passu with all other unsecured and unsubordinated obligations of the Issuer (save for such exceptions as may exist from time to time under applicable law).
2. Any payment obligation of the Issuer is unconditionally and irrevocably guaranteed by a guarantee of Société Générale, Paris, France ("**Guarantor**"). The obligations arising under the guarantee constitute direct, unconditional, unsecured and general obligations of the Guarantor and rank and will rank at least pari passu with all other existing and future direct, unconditional, unsecured and general obligations of the Guarantor, including those in respect of deposits, but excluding any debts for the time being preferred by law and senior to any subordinated obligations. If the Issuer, for any reason whatsoever, owes to the Securityholders a sum or amount payable on a Security (including any premiums or discounts or other amounts payable under the Securities), the Guarantor guarantees to pay to the Securityholder on request as soon as these payments fall due under the Securities the amount as it would have been made by the Issuer in accordance with the Terms and Conditions.

If the relevant Resolution Authority (§ 4 paragraph 4 of the Product-Specific Terms) exercises its Bail-in Power (§ 4 paragraph 4 of the Product-Specific Terms) on senior unsecured liabilities of the Guarantor, which results in the write-down or cancellation of all, or a portion of, the principal amount of, or outstanding amount payable in respect of, and/or interest on, such liabilities, and/or the conversion of all, or a portion, of the principal amount of, or outstanding amount payable in respect of, or interest on, such liabilities into shares or other securities or other obligations of the Guarantor or another person, including by means of a variation to their terms and conditions to give effect to such exercise of Bail-in Power, then the payment or delivery of the obligations shall be as if the Securities had been directly issued by the Guarantor itself.

3. The Issuer enters into hedging transactions with the Guarantor in respect of the Securities. The relevant hedging transaction is intended to cover the amount of any payments due under the Securities. If the financial resources provided by the Guarantor from these hedging transactions ultimately prove to be insufficient to fully satisfy the claims of all holders of the Securities, the claims of the Securityholders shall lapse pro rata to the amount of the shortfall incurred by the respective Issuer. There are no further claims of the Securityholders against the respective Issuer, irrespective of whether such Issuer would be in a position to settle its payment obligations from the Securities with other means at its disposal (such payment defaults, "**Defaulted Payments**"); however, subject to the right to terminate or early repayment ("**Limited Recourse**").

The rights of the Securityholders under the Guarantee are not affected and the obligations of the Guarantor under the Guarantee are not limited by the Limited Recourse; hence the Securityholder shall continue to have the right to institute any proceeding, judicial or otherwise, or otherwise assert a claim against the Guarantor to enforce any obligation due under the relevant Guarantee, including without limitation in respect of any Defaulted Payments.

§ 5

SUBSTITUTION OF THE ISSUER

1. At any time during the life of the Securities and subject to paragraph 2, the Issuer is entitled to substitute any other company (hereinafter called a "**New Issuer**") for itself as Issuer without the consent of any Securityholder. In such case, the New Issuer may assume all the obligations of the Issuer under and in connection with the Securities. Any such substitution and the respective effective date shall be notified by the Issuer in accordance with § 6 of the General Terms.

Upon any such substitution, the New Issuer shall succeed to, and be substituted for, and may exercise every right and power of, the Issuer under the Securities with the same effect as if the New Issuer had been named as the Issuer in these Terms and Conditions; the Issuer (and, in the case of a repeated application of this § 5 of the General Terms, each previous issuer) shall be released from its obligations hereunder and from its liability as obligor under the Securities.

In the event of such substitution, any reference in these Terms and Conditions to the Issuer shall from then on refer to the New Issuer.

2. No such assumption shall be permitted unless
 - (a) the New Issuer has agreed to assume all obligations of the Issuer under the Securities;
 - (b) the Issuer or the Guarantor has unconditionally and irrevocably guaranteed to the Securityholders compliance by the New Issuer with all obligations under the Securities; and
 - (c) the New Issuer has obtained all governmental authorisations, approvals, consents and permissions necessary in the jurisdictions in which the New Issuer is domiciled or the country under the laws of which it is organised.
3. Upon any substitution of the Issuer for a New Issuer, this § 5 of the General Terms shall apply again.

§ 6 NOTICES

Where these Terms and Conditions provide for a notice pursuant to this section, such notice shall be published on the website www.warrants.com (or on another website notified at least six weeks in advance by the Issuer in accordance with this section in the Federal Gazette (*Bundesanzeiger*) (the "**Successor Website**")) and become effective vis-à-vis the Securityholder through such publication unless the notice provides for a later effective date. If and to the extent applicable law or regulations provide for other forms of publication, such publications shall be made merely in addition to the aforesaid publication.

Other publications with regard to the Securities are published on the website of the Issuer www.societegenerale.com (or any successor website).

§ 7 ISSUANCE OF ADDITIONAL SECURITIES, REPURCHASE OF SECURITIES

1. The Issuer reserves the right to issue from time to time without the consent of the Securityholders additional tranches of Securities with substantially identical terms, so that the same shall be consolidated to form a single series and increase the total volume of the Securities. The term "Securities" shall, in the event of such consolidation, also comprise such additionally issued securities.
2. The Issuer may at any time purchase Securities in the market or otherwise. Securities repurchased by or on behalf of the Issuer may be held by the Issuer, re-issued, resold or surrendered to the Paying Agent for cancellation.

§ 8 LIMITATION OF LIABILITY, PRESENTATION PERIOD, PRESCRIPTION

1. The Issuer shall be held responsible for acting or failing to act in connection with Securities only if, and insofar as, it either breaches material obligations under or in connection with the Terms and Conditions negligently or wilfully or breaches other obligations with gross negligence or wilfully. The same applies to the Paying Agent and the Calculation Agent.
2. The period for presentation of the Securities (§ 801 paragraph 1, sentence 1 BGB) shall be ten years and the period of limitation for claims under the Securities presented during the period for presentation shall be two years calculated from the expiry of the relevant presentation period.

§ 9 PARTIAL INVALIDITY, CORRECTIONS

1. In the event of manifest typing or calculation errors or similar manifest errors in the Terms and Conditions, the Issuer shall be entitled to declare rescission (*Anfechtung*) to the Securityholders. The declaration of rescission shall be made without undue delay upon becoming aware of any such ground for rescission (*Anfechtungsgrund*) and in accordance with § 6 of the General Terms. Following such rescission by the Issuer, the Securityholders may instruct the account holding bank to submit a duly completed redemption notice to the Paying Agent, either by filling in the relevant form available from the Paying Agent or by otherwise stating all information and declarations required on the form (the "**Rescission Redemption Notice**"), and to request repayment of the Issue Price against transfer of the Securities to the account of the Paying Agent with the Clearing System. The Issuer shall make available the Issue Price to the Paying Agent within 30 calendar days following receipt of the Rescission Redemption Notice and of the Securities by the Paying Agent, whichever receipt is later, whereupon the Paying Agent shall transfer the

Issue Price to the account specified in the Rescission Redemption Notice. Upon payment of the Issue Price all rights under the Securities delivered shall expire.

2. The Issuer may combine the declaration of rescission pursuant to paragraph 1 with an offer to continue the Securities on the basis of corrected Terms and Conditions. Such an offer and the corrected provisions shall be notified to the Securityholders together with the declaration of rescission in accordance with § 6 of the General Terms. Any such offer shall be deemed to be accepted by a Securityholder and the rescission shall not take effect, unless the Securityholder requests repayment of the Issue Price within four weeks following the date on which the offer has become effective in accordance with § 6 of the General Terms by delivery of a duly completed Rescission Redemption Notice via the account holding bank to the Paying Agent and by transfer of the Securities to the account of the Paying Agent with the Clearing System pursuant to paragraph 1. The Issuer shall refer to this effect in the notification.
3. "**Issue Price**" within the meaning of paragraph 1 and 2 shall be deemed to be the higher of (i) the purchase price that was actually paid by the relevant Securityholder (as declared and proved by evidence in the request for repayment by the relevant Securityholder) and (ii) the weighted average (as determined by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) of the traded prices of the Securities on the Business Day preceding the declaration of rescission pursuant to paragraph 1. If a Market Disruption Event exists on the Business Day preceding the declaration of rescission pursuant to paragraph 1, the last Business Day preceding the declaration of rescission pursuant to paragraph 1 on which no Market Disruption Event existed shall be decisive for the ascertainment of price pursuant to the preceding sentence.
4. Contradictory or incomplete provisions in the Terms and Conditions may be corrected or amended, as the case may be, by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB). The Issuer, however, shall only be entitled to make such corrections or amendments which are reasonably acceptable to the Securityholders having regard to the interests of the Issuer and in particular which do not materially adversely affect the legal or financial situation of the Securityholders. Notice of any such correction or amendment shall be given to the Securityholders in accordance with § 6 of the General Terms.
5. If a Securityholder was aware of typing or calculation errors or similar errors at the time of the acquisition of the Securities, then, notwithstanding paragraphs 1 - 4, such Securityholder can be bound by the Issuer to the corrected Terms and Conditions.
6. Should any provision of these Terms and Conditions be or become void in whole or in part, the other provisions shall remain in force. The void provision shall be replaced by a valid provision that reflects the economic intent of the void provision as closely as possible in legal terms. In those cases, however, the Issuer may also take the steps described in paragraphs 1 - 4 above.

§ 10

APPLICABLE LAW, PLACE OF PERFORMANCE, PLACE OF JURISDICTION

1. The Securities and the rights and duties of the Securityholders, the Issuer and the Guarantor shall in all respects be governed by the laws of the Federal Republic of Germany except § 1 of the General Terms (including form of representation, proof of ownership and transfer) which shall be governed by the laws of the Kingdom of Spain.
2. Place of performance is Frankfurt am Main.
3. Place of jurisdiction for all disputes and other proceedings in connection with the Securities for merchants, entities of public law, special funds under public law and entities without a place of general jurisdiction in the Federal Republic of Germany is Frankfurt am Main. In such a case, the place of jurisdiction in Frankfurt am Main shall be an exclusive place of jurisdiction.

PRODUCT-SPECIFIC TERMS

§ 1

DEFINITIONS

For the purposes of these Product-Specific Terms, the following definitions shall apply subject to an adjustment in accordance with these Terms and Conditions:

The "**Adjustment Period**" means a period of 10 minutes.

Should the Adjustment Period last over the end of the continuous trading of the Underlying on the Exchange, it will be continued after the reopening of the continuous trading on the Exchange, as long as it does not extend to the next

Observation Period. In such case the Adjustment Period shall end with the end of continuous trading of the Underlying on the Exchange for such Observation Period and shall include the Price Level). The Calculation Agent may decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB), by taking into account prevailing market conditions and the size of the hedging to be processed in the market, if the Adjustment Period is to be extended to the next Observation Period. For this purpose, auction periods on the Exchange (as provided under the rules of the Exchange) are not considered to be a part of the Adjustment Period. However, every Underlying Price, even if calculated in an auction, will be considered as possible Adjustment Price.

"Adjustment Price" means the highest Underlying Price within the Adjustment Period after the Underlying Price is for the first time equal to or above the Adjustment Threshold.

Subject to the following paragraphs (a) and (b) the **"Adjustment Threshold"** is calculated as follows

(1 + Adjustment Threshold in Percent) × Underlying_{t-1}

(a) In the case of one or more Intraday Adjustments of the NPV_t during the respective Observation Period, as described in § 2 paragraph 3 of the Product-Specific Terms, the Adjustment Threshold for this Observation Period is recalculated according to the following formula:

Underlying_{t-1} is replaced by the respective Adjustment Price_{t-1}, which was determined as part of the respective Intraday Adjustment of the NPV_t.

(b) The Adjustment Threshold recalculated in accordance with the preceding paragraph (a) shall apply in each case until the next possible Intraday Adjustment on the NPV Calculation Day, or until the end of the respective Observation Period.

"Adjustment Threshold in Percent" means the value specified in the Table of Product Details.

"Business Day" means a day on which the Exchange is open for trading during its respective regular trading sessions, notwithstanding the Exchange closing prior to its scheduled weekday closing time. Any trading or trading activities after or before the regular trading sessions on the Exchange will not be taken into account.

The **"Calculation Fee"** ("CF"), which is deducted on a calendar-daily basis (based on a 360-day year) in the NPV calculation, is stated in the Table of Product Details.

"Disappearance of Reference Price" means (a) the permanent discontinuation of trading in the Futures Contract on the Exchange, (b) the disappearance of, or of trading in, the Futures Asset or (c) the disappearance or permanent discontinuance or unavailability of the Reference Price, notwithstanding the availability of the Price Source or the status of trading in the Futures Contract or the Futures Asset.

"Exchange" means the exchange as set out in the Table of Product Details or its successor.

In the case that the Futures Contract is no longer traded on the Exchange, the Exchange shall be such other futures exchange as determined by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB). The determination of another Exchange shall be published according to § 6 of the General Terms.

"Fixing Date" means the Business Day prior to the Launch Date.

"Futures Asset" or **"Commodity"** means the commodity underlying the Futures Contract.

The **"IC Rate"** is a "per annum rate" and includes the hypothetical costs that would be incurred in tracking the performance of the NPV. The amount of the IC Rate corresponds to the percentage specified in the Table of Product Details p.a. (based on a 360-day year). The Calculation Agent may apply a lower IC Rate with effect from the Launch Date or an ICR Adjustment Date. Such a reduced IC Rate will be announced in accordance with § 6 of the General Terms. Starting with the Launch Date, an IC Rate reduced in this way is used in the amount of the **"Initial IC Rate"** mentioned in the Table of Product Data.

"ICR Adjustment Date" means each NPV Calculation Day of a month.

"Issue Currency" or **"EUR"** means Euro.

"Launch Date" means 23 May 2022.

"Market Disruption Event" means the occurrence or existence of any suspension of, or limitation imposed on, trading in (a) the Futures Contract on the Exchange, or (b) the Futures Asset on the relevant exchange or trading system, provided that any such suspension or limitation is material. The decision whether a suspension or limitation is material will be made by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB). The occurrence of a Market Disruption Event shall be published in accordance with § 6 of the General Terms.

A limitation regarding the office hours or the number of days of trading will not constitute a Market Disruption Event if it results from an announced change in the regular business hours of the respective Exchange. A limitation on trading imposed during the course of a day by reason of movements in price exceeding permitted limits shall only be deemed to be a Market Disruption Event if such limitation still prevails at the time of the calculation of the NPV on such date.

"Material Change in Content" means the occurrence since the Launch Date of a material change in the content, composition or constitution of the Futures Contract or the Futures Asset.

"Material Change in Formula" means the occurrence since the Launch Date of a material change in the formula for, or the method of, calculating the Reference Price.

The **"NPV"** will be calculated from the Launch Date in accordance with the formula given in § 2 of the Product-Specific Terms based on the Reference Price of the Underlying and the Reference Interest Rate for each NPV Calculation Day at the NPV Calculation Time. The **"Initial NPV"** means the value given in the Table of Product Details.

"NPV Calculation Day" means any Business Day on which no Price Event occurs. With respect to each year, the following days shall not qualify as NPV Calculation Days: New Year's Day (1st January), Good Friday, Easter Monday, Labour Day (1st May), Christmas Eve (24th December), Christmas Day (25th December), St. Stephen's Day (26th December), New Year's Eve (31st December) as well as Saturdays and Sundays. If there is no Price Level on a Business Day or if there is a Market Disruption Event, this day (if applicable also retroactively) is not considered an NPV Calculation Day.

"NPV Calculation Time" means the point in time immediately following the determination and publication of the Reference Price.

"Observation Period" means in each case the period between an NPV Calculation Time (including) and the next following NPV Calculation Time. The first Observation Period starts on the Fixing Date immediately following the determination of the Price Level.

The first and every subsequent Observation Period ends in each case with the determination of the Reference Price (inclusive).

"Observation Price" means any Underlying Price determined during the Observation Period.

"Payment Business Day" means a day on which the Trans-European Automated Real-time Gross Settlement Express Transfer System (TARGET2) and the Clearing System settle payments in the Issue Currency.

A **"Price Event"** occurs on a Business Day on which the performance of the Underlying is equal to or lower than the **"Price Event Percentage"** as set out in the Table of Product Details. The performance of the Underlying on a Business Day is calculated as the lowest Underlying Price, determined between the time of the determination of the Price Level on such Business Day and the time of the determination of the directly preceding Price Level, divided by the directly preceding Price Level, minus 1. If on this Business Day at least one Intraday Adjustment has taken place, the performance of the Underlying is calculated as the lowest Underlying Price, determined between the time of the determination of the directly successive Price Level and the time of the last Intraday Adjustment of the NPV_t, divided by the directly preceding Price Level, minus 1.

"Price Level" means the settlement price of the Futures Contract as determined and published by the Exchange on any Business Day.

"Price Source" means the Exchange.

"Price Source Disruption" means (a) the failure of the Price Source to announce or publish the Reference Price (or the information necessary for determining the Reference Price); or (b) the temporary or permanent discontinuance or unavailability of the Price Source.

"Reference Interest Rate" means the Reference Interest Rate given in the Table of Product Details, which is currently published on the screen page given in the Table of Product Details in column "Reference Interest Rate/Bloomberg Page".

"Reference Price" means the Price Level on an NPV Calculation Day.

"Roll-Over" means the replacement of the Futures Contract with the shortest maturity of the Delivery Months as Underlying by the Futures Contract with the second-shortest maturity of the Delivery Months at this time.

"Roll-Over Date" means a NPV Calculation Day chosen by the Calculation Agent during the time period from the tenth Business Day before the earlier of "First Notice Day" and "Last Trading Day" on the Exchange of the Futures Contract with the shortest maturity of the Delivery Months till the last Business Day before the earlier of "First Notice Day" and "Last Trading Day" on the Exchange of the Futures Contract with the shortest maturity of the Delivery Months. On this NPV Calculation Day, the Futures Contract with the shortest maturity of the Delivery Months is replaced as Underlying by the Futures Contract with the second-shortest maturity of the Delivery Months at this time. The Roll-Over takes place after the determination of the Reference Price of the Futures Contract that is to be replaced.

"Tax Disruption" means the imposition of, change in or removal of an excise, severance, sales, use, value-added, transfer, stamp, documentary, recording or similar tax on, or measured by reference to, the Futures Asset (other than a tax on, or measured by reference to overall gross or net income) by any government or taxation authority after the Launch Date, if the direct effect of such imposition, change or removal is to raise or lower the Reference Price.

"Trading Disruption" means the material suspension of, or the material limitation imposed on, trading in the Futures Contract or the Futures Asset, as the case may be, on the Exchange. For these purposes:

- (A) a suspension of the trading in the Futures Contract or the Futures Asset, as the case may be, on any Business Day shall be deemed to be material only if:
 - (1) all trading in the Futures Contract or the Futures Asset, as the case may be, is suspended for the entire Business Day; or
 - (2) all trading in the Futures Contract or the Futures Asset, as the case may be, is suspended subsequent to the opening of trading on the Business Day, trading does not recommence prior to the regularly scheduled close of trading in such Futures Contract or such Futures Asset, as the case may be, on such Business Day and such suspension is announced less than one hour preceding its commencement; and
- (B) a limitation of trading in the Futures Contract or the Futures Asset, as the case may be, on any Business Day shall be deemed to be material only if the Exchange establishes limits on the range within which the price of the Futures Contract or the Futures Asset, as the case may be, may fluctuate and the closing or settlement price of the Futures Contract or the Futures Asset, as the case may be, on such day is at the upper or lower limit of that range.

"Underlying" or "Futures Contract" is normally the Futures Contract as set out in the Table of Product Details with the shortest maturity with the relevant delivery months as set out in the Table of Product Details (the **"Delivery Months"**) that is traded on the Exchange. This does not apply for the time period from the Roll-Over to the expiry of the Futures Contract with the shortest maturity of the Delivery Months. For that period, the Futures Contract with the second-shortest maturity of the Delivery Months at this time shall be the Futures Contract.

"Underlying Price" means the last price at which the Futures Contract traded during the trading hours on the Exchange, meaning the most recent price on which a buyer and seller agreed and at which some amount of the Futures Contract was transacted via the Exchange.

"Valuation Date" means the relevant Exercise Date.

If the Valuation Date is no NPV Calculation Day or if on the Valuation Date a Market Disruption Event occurs, the Valuation Date shall be postponed to the next following Business Day which is an NPV Calculation Day and on which a Market Disruption Event does not occur.

If, according to the before-mentioned, the Valuation Date is postponed for two consecutive Business Days, and if also such day is no NPV Calculation Day or a Market Disruption Event occurs on such day, then this day shall be deemed to be the Valuation Date and the Calculation Agent shall estimate the Reference Price of the Underlying in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB), and in consideration of the prevailing market conditions on such day and make a notification thereof in accordance with § 6 of the General Terms.

**§ 2
REDEMPTION**

1. The Securities grant to the Securityholder the right (the "**Option Right**") to receive from the Issuer the payment of the Redemption Amount in accordance with these Terms and Conditions.
2. The "**Redemption Amount**" per Security shall be equal to the NPV on the Valuation Date, expressed in USD and converted into the Issue Currency, at minimum EUR 0.0001 ("**Minimum Redemption Amount**").

The "**NPV**" is calculated in dependency on the previously determined NPV on each NPV Calculation Day t, commencing on the Launch Date, at the NPV Calculation Time according to the following formula (subject to paragraph 4. and paragraph 5):

$$NPV_t = \max(\text{Leverage Component}_t + \text{Interest Component}_t; 0)$$

in which

the "**Leverage Component**" on the NPV Calculation Day t as of the NPV Calculation Time corresponds to

$$\text{Leverage Component}_t = NPV_{t-1} \times \left(-\text{Factor} \times \frac{\text{Underlying}_t}{\text{Underlying}_{t-1}} + (\text{Factor} + 1) \right)$$

and

the "**Interest Component**" on the NPV Calculation Day t as of the NPV Calculation Time corresponds to

$$\text{Interest Component}_t = NPV_{t-1} \times (\text{IR}_{t-1} - \text{Factor} \times \text{IC}_t - \text{CF}) \times \frac{d}{\text{days}}$$

and

NPV	=	NPV at the NPV Calculation Time t
NPV _{t-1}	=	The NPV determined on the NPV Calculation Day immediately preceding the current NPV Calculation Day; NPV ₀ means the Initial NPV
Factor	=	The Factor determined in the Table of Product Details
Underlying _t	=	Reference Price of the Underlying at the NPV Calculation Time t
Underlying _{t-1}	=	If t-1 is a Roll-Over Date: The Reference Price of the replacing Futures Contract on the NPV Calculation Day immediately preceding the current NPV Calculation Day; Otherwise: The Reference Price of the Underlying on the NPV Calculation Day immediately preceding the current NPV Calculation Day; Underlying ₀ means the Price Level of the Underlying on the Fixing Date
IR _{t-1}	=	The Reference Interest Rate determined immediately prior to the current NPV Calculation Day and published on the current NPV Calculation Day at the latest
IC _t	=	The IC Rate valid at the NPV Calculation Time t
CF	=	The Calculation Fee as stated in the Table of Product Details
d	=	Number of calendar days between the NPV Calculation Day t-1 (exclusive) and the NPV Calculation Day t (inclusive) or NPV Calculation Day t+1 (inclusive) if paragraph 4 applies.
days	=	Number of days per year (360)

3. Intraday Adjustment of the NPV_t:
If an Observation Price is equal to or below the Adjustment Threshold, an extraordinary calculation of the NPV_t takes place during the day. In doing so, an Adjustment Price is determined according to the above definition and an adjusted NPV_t^{adjusted} is calculated.

Where:

- (a) For the first Intraday Adjustment with respect to the Observation Period, the following applies:
- (i) Interest Component_t equals 0 (in words: zero).
 - (ii) Underlying_t is replaced by the Adjustment Price in the calculation formula in paragraph 2.
- (b) For the second and every subsequent Intraday Adjustment with respect to the Observation Period, the following applies:
- (i) Interest Component_t equals 0 (in words: zero).
 - (ii) NPV_{t-1} shall be replaced by NPV_t^{adjusted} of the immediately preceding Intraday Adjustment.
 - (iii) For the calculation formula given in paragraph 2, Underlying_t will be replaced by the Adjustment Price.
 - (iv) For the calculation formula given in paragraph 2, Underlying_{t-1} is replaced by the Adjustment Price of the immediately preceding Intraday Adjustment.
4. If on the NPV Calculation Day t at least one Intraday Adjustment of the NPV_t according to paragraph 3 has taken place and the NPV Calculation Time is within the last Adjustment Period, the last Intraday Adjustment shall replace the ordinary calculation of NPV_t and a new Observation Period shall commence thereafter. Otherwise, i.e. the end of the last Adjustment Period is before the NPV Calculation Time, the calculation of NPV_t at the NPV Calculation Time shall be based on the formula set out in paragraphs 2:
- (i) NPV_{t-1} is replaced by NPV_t^{adjusted} of the last Intraday Adjustment with respect to the Observation Period.
 - (ii) Underlying_{t-1} is replaced by the last calculated Adjustment Price.
5. If an Observation Price is equal to or below 0 (zero), the calculation of the NPV in accordance with paragraph 2 be discontinued with immediate effect and the NPV will be determined once. In this case, the following applies:

$$NPV_t = NPV_{t-1} \times (Factor + 1)$$

and

$$NPV_{t-1} = \begin{matrix} \text{The NPV last determined in accordance with paragraph 2;} \\ \text{NPV}_0 \text{ means the Initial NPV} \end{matrix}$$

There will be no further adjustment of the NPV.

6. In order to validly exercise the Option Right, the Securityholder is obliged to instruct the account holding bank to
- (a) deliver a exercise notice (the "**Exercise Notice**") via the account holding bank to the Paying Agent (i) in the form attached hereto or available at the Paying Agent or (ii) by providing the following information in text form: name and address of the Securityholder, name, ISIN and number of Securities to be redeemed and the cash account of the Securityholder to which the transfer of any Redemption Amount shall be effected in accordance with § 4 of the Product-Specific Terms; and
 - (b) deliver the Securities via the account holding bank by crediting the Securities to the account of the Paying Agent with the Clearing System.

The Payment Business Day on which at or prior to 10.00 am (Frankfurt time) (i) the Exercise Notice is received by the Paying Agent and (ii) the Securities are booked at the account of the Paying Agent with the Clearing System shall be the exercise date (the "**Exercise Date**").

The Exercise Notice shall be binding and irrevocable. If the number of Securities stated in the Exercise Notice, for which redemption is requested, differs from the number of Securities transferred to the Paying Agent, the Exercise Notice shall be deemed submitted only with regard to the smaller number of Securities. Any excess Securities shall be re-transferred at the cost and risk of the Securityholder to the account holding bank.

7. Following the valid exercise of the Option Right, the Redemption Amount shall be paid to the Securityholders not later than on the fifth Payment Business Day following the Valuation Date (the "**Settlement Date**").

8. The conversion into the Issue Currency shall be made at the Conversion Rate.

"Conversion Rate" means a price actually traded on the international interbank spot market for EUR 1.00 in USD (the **"EUR/USD Rate"**) on the Valuation Date at the time at which the NPV is calculated and published.

"USD" means United States Dollar.

§ 3

ORDINARY TERMINATION BY THE ISSUER

1. The Issuer shall be entitled to ordinarily terminate the Securities in whole but not in part ("**Ordinary Termination**") with effect as of any Payment Business Day, commencing on the Launch Date, (any such day an "**Ordinary Termination Date**").
2. Any such Ordinary Termination must be announced at least one day prior to the Ordinary Termination Date in accordance with § 6 of the General Terms. Such announcement shall be irrevocable and must state the Ordinary Termination Date.
3. In the case of an Ordinary Termination of the Securities each Securityholder shall receive a payment per Security as determined in accordance with the provisions of § 2 paragraph 2 et seq. of the Product-Specific Terms. In this respect, the Ordinary Termination Date shall in all respects supersede the Exercise Date.
4. Any amounts that are payable pursuant to these Terms and Conditions in the case of an Ordinary Termination shall be paid to the Securityholders not later than on the fifth Payment Business Day following the Valuation Date.
5. The right of the Securityholders to request redemption of the Securities with effect as of the Exercise Dates preceding the relevant Ordinary Termination Date shall not be affected by such Ordinary Termination by the Issuer in accordance with this § 3.

§ 4

PAYMENTS

1. Subject to the provision regarding the payment of a Minimum Redemption Amount in § 2 paragraph 2 of these Product-Specific Terms, all amounts payable under these Terms and Conditions will be rounded to the nearest EUR 0.0001 (EUR 0.00005 will be rounded upwards).
2. All amounts payable pursuant to these Terms and Conditions shall be paid to the Paying Agent for transfer to the Clearing System or pursuant to the Clearing System's instruction for credit to the relevant accountholders on the dates stated in these Terms and Conditions. Payment to the Clearing System or pursuant to the Clearing System's instruction shall release the Issuer from its payment obligations under the Securities in the amount of such payment.
3. If any payment with respect to a Security is to be affected on a day other than a Payment Business Day, payment shall be affected on the next following Payment Business Day. In this case, the relevant Securityholder shall neither be entitled to any payment claim nor to any interest claim or other compensation with respect to such delay.
4. Neither the Issuer nor the Guarantor will be required to pay any additional amounts in respect of the Securities for or because of any withholding or deduction (i) required under any agreement as described in Section 1471(b) IRC or otherwise required under Sections 1471 to 1474 IRC, regulations or agreements including, but not limited to, official interpretations thereof or related implementing legislation for intergovernmental action in this regard; or (ii) imposed under Section 871(m) IRC.
5. Exercise of the Bail-in Power (as defined below) by the Relevant Resolution Authority (as defined below) on liabilities of Société Générale:
 - (a) If the Relevant Resolution Authority (as defined below) exercises its Bail-in Power (as defined below) on liabilities pursuant to Article L 613-30-3 I 3 of the French Monetary and Financial Code of Société Générale, ranking junior to liabilities of Société Générale that benefits from statutorily preferred exceptions pursuant to Article L 613-30-3 I 1 and 2 of the French Monetary and Financial Code, and senior to liabilities as defined in Article L 613-30-3 I 4 of the French Monetary and Financial Code, which results in the write-down or cancellation of all, or a portion of, the principal amount of, or outstanding amount payable in respect of, and/or interest on, such liabilities, and/or the conversion of all, or a portion, of the principal amount of, or outstanding amount payable in respect of, or interest on, such liabilities into shares or other securities or other obligations of Société Générale or another person, including by means of a variation to their terms and conditions to give effect to such exercise of Bail-in Power, then
 - (i) the Issuer's obligations to the Securityholders under the Securities shall be limited and reduced to the amounts of principal and/or interest that would be recoverable by the Securityholders and/or the

value of the shares or other securities or other obligations of the Guarantor or another person that would be delivered to the Securityholders if the Securities had been directly issued by the Guarantor itself, and any obligations under the Securities had accordingly been directly subject to the exercise of the Bail-in Power, and,

- (ii) the Issuer shall be entitled to, in lieu of payment, request the Securityholders to seek payment, in whole or in part, of any amounts due under the Securities subsequent to the reduction and/or delivery of any shares or other securities or other obligations of the Guarantor subsequent to a conversion provided for at (i) above, directly from the Guarantor under the guarantee for the Issuer's obligations.

If and to the extent the Issuer requests the Securityholders to directly seek payment and/or delivery from the Guarantor under its guarantee for the Issuer's obligations, the Issuer's liabilities under the Securities shall be deemed extinguished.

"Bail-in Power" means any statutory cancellation, write-down and/or conversion power existing from time to time under any laws, regulations, rules or requirements relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in France in effect and applicable in France to the Guarantor (or any successor entity thereof), including but not limited to any such laws, regulations, rules or requirements that are implemented, adopted or enacted within the context of a European Union directive or regulation of the European Parliament and of the Council establishing a framework for the recovery and resolution of credit institutions and investment firms and/or within the context of a French resolution regime under the French monetary and financial code, or any other applicable laws or regulations, as amended, or otherwise, pursuant to which obligations of a bank, banking group company, credit institution or investment firm or any of its affiliates can be reduced, cancelled and/or converted into shares or other securities or obligations of the obligor or any other person.

The **"Relevant Resolution Authority"** is any authority with the ability to exercise the Bail-in Power.

- (b) No repayment of the principal amount of the Securities or payment of interest thereon (to the extent of the portion thereof affected by the exercise of the Bail-in Power) shall become due and payable after the exercise of any Bail-in Power by the Relevant Resolution Authority, unless such repayment or payment would be permitted to be made by the Guarantor under the laws and regulations then applicable to the Guarantor under its senior unsecured liabilities if the Guarantor itself was the issuer of the Securities, and the terms and conditions of the Securities shall be deemed to be modified accordingly.
 - (c) Upon the Issuer becoming aware of the exercise of the Bail-in Power by the Relevant Resolution Authority on senior unsecured liabilities of the Guarantor, the Issuer shall notify the Securityholders in accordance with § 6 of the General Terms (and other parties that should be notified, if applicable). Any delay or failure by the Issuer to give notice shall not affect the effects on the Securities described in (a) above.
 - (d) The reduction or modification described in (a) and (b) above with respect to the Securities shall not constitute an event of default and the terms and conditions of Securities shall continue to apply in relation to the residual principal amount of, or outstanding amount payable in respect of the Securities, subject to any modification of the amount of interest payable to reflect the reduction of the principal amount, and any further modification of the terms that the Relevant Resolution Authority may decide in accordance with applicable laws and regulations relating to the resolution of banks, banking group companies, credit institutions and/or investment firms incorporated in France.
6. All payments are subject in all cases to any applicable fiscal or other laws, regulations and directives and subject to the provisions contained in § 3 of the General Terms.

§ 5 ADJUSTMENTS

- 1. Upon the occurrence of an Extraordinary Event which has a material effect on the Futures Contract or the price of the Futures Contract, the Issuer shall make any such adjustments to the Terms and Conditions as are necessary to adequately account for the economic effect of the Extraordinary Event on the Securities and to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event in accordance with the following provisions (each an **"Adjustment"**). The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether an Extraordinary Event has occurred and whether such Extraordinary Event has a material effect on the Futures Contract or the price of the Futures Contract.

2. An Adjustment may result in:
 - (a) the replacement of the Futures Contract by other futures contracts and/or cash and/or any other compensation, in each case as stipulated with reference to in the relevant Extraordinary Event (a "**Replacement**"), and another exchange being determined as a Exchange,

and/or
 - (b) increases or decreases of specified variables and values or the amounts payable under the Securities taking into account:
 - (i) the effect of an Extraordinary Event on the price of the Futures Contract,
 - (ii) the diluting or concentrative effect of an Extraordinary Event on the theoretical value of the Futures Contract, or
 - (iii) any cash compensation or other compensation in connection with a Replacement,
and/or
 - (c) consequential amendments to the futures contract related provisions of the Terms and Conditions that are required to fully reflect the consequences of the adjustment of the Futures Contract Replacement.
3. Adjustments should correspond to the adjustments to the Futures Contract made by the Exchange (an "**Exchange Adjustment**").
 - (a) In particular, the Issuer shall not be required to make adjustments to the Terms and Conditions by reference to Exchange Adjustments, in cases where:
 - (i) the Exchange Adjustments would result in economically irrelevant adjustments to the Terms and Conditions; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case;
 - (ii) the Exchange Adjustments violate the principles of good faith or would result in adjustments of the Terms and Conditions contrary to the principle to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event and to adequately take into account the economic effect thereof on the price of the Futures Contract; the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether this is the case; or
 - (iii) in cases where no Exchange Adjustment occurs but where such Exchange Adjustment would be required pursuant to the adjustment rules of the Exchange; in such case, the Issuer shall decide in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) whether an Exchange Adjustment would be required. The Issuer shall make Adjustments in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB).
 - (b) In the event of any doubts regarding the application of the Exchange Adjustment, the Issuer shall make such adjustments to the Terms and Conditions which are required in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) to preserve, in essence, the economic profile had the Securities had prior to the occurrence of the Extraordinary Event and to adequately take into account the economic effect thereof on the price of the Futures Contract.
4. Adjustments shall take effect as from the date (the "**Cut-off Date**") determined by the Issuer in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB), provided that (if the Issuer takes into consideration the manner in which adjustments are or would be made by the Exchange) the Issuer shall take into consideration the date at which such adjustments take effect or would take effect at the Exchange.
5. Adjustments as well as their Cut-off Date shall be notified by the Issuer in accordance with § 6 of the General Terms.
6. Any Adjustment in accordance with this § 5 of the Product-Specific Terms does not preclude a subsequent termination in accordance with § 6 of the Product-Specific Terms on the basis of the same event.

7. **"Extraordinary Event"** means:
- (a) Disappearance of Reference Price,
 - (b) Material Change in Content;
 - (c) Material Change in Formula;
 - (d) Tax Disruption;
 - (e) Trading Disruption; or
 - (f) any other event that is economically equivalent to the before-mentioned events with regard to their effects.
8. Upon the occurrence, as determined by the Calculation Agent in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB), of an Administrator/Benchmark Event to a Benchmark (the **"Affected Benchmark"**) on or after the Launch Date the following shall apply:
- (a) the Calculation Agent shall, using reasonable discretion (*billiges Ermessen*) (§ 317 BGB), determine the Benchmark that is the successor to or replacement of the Affected Benchmark which is formally recommended by any Relevant Nominating Body (the **"Successor Benchmark"**); or
 - (b) if no Successor Benchmark is available, the Calculation Agent shall, using reasonable discretion (*billiges Ermessen*) (§ 317 BGB), determine the Benchmark which is customarily applied in international debt capital markets transactions for the purposes of determining the Affected Benchmark (the **"Alternative Benchmark"**) and together with the Successor Benchmark, the **"New Benchmark"**).

If the Issuer determines a New Benchmark as described above, then such New Benchmark shall subsequently be used in place of the Affected Benchmark as of the relevant effective date notified by the Issuer to the

Securityholders or, at the latest, for the immediately following period for which the Benchmark is to be determined (the "**Determination Period**") and subsequently for all following Determination Periods.

In the case of a New Benchmark, the Issuer shall in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) make any such additional adjustments to the Terms and Conditions in order to follow market practice in relation to the New Benchmark or

- (a) as are necessary to reflect any increased costs of the Issuer providing such exposure to the New Benchmark;
and/or
- (b) in the case of more than one New Benchmark, making provision for allocation of exposure between the New Benchmarks;
and/or
- (c) as are necessary to reduce or eliminate, to the extent reasonably practicable in the circumstances, any economic prejudice or benefit (as the case may be) to the Issuer as a result of the replacement of the Benchmark.

Where:

"Administrator/Benchmark Event" means, in relation to any Benchmark, the occurrence of a Benchmark Modification or Cessation Event, a Non-Approval Event, a Rejection Event or a Suspension/Withdrawal Event all as determined by the Issuer.

"Benchmark" means any figure which is a benchmark as defined in BMR and where any amount payable under the Securities, or the value of the Securities, is determined by reference in whole or in part to such figure, all as determined by the Issuer.

"Benchmark Modification or Cessation Event" means, in respect of the Benchmark any of the following has occurred or will occur:

- (a) any material change in such Benchmark;
- (b) the permanent or indefinite cancellation or cessation in the provision of such Benchmark;
- (c) a regulator or other official sector entity prohibits the use of such Benchmark for the Issuer or any other entity generally or in respect of the Securities.

"BMR" means the EU Benchmarks Regulation (Regulation (EU) 2016/1011).

"Non-Approval Event" means, in respect of the Benchmark:

- (a) any authorisation, registration, recognition, endorsement, equivalence or approval in respect of the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be obtained;
- (b) the Benchmark or the administrator or sponsor of the Benchmark has not been or will not be included in an official register; or
- (c) the Benchmark or the administrator or sponsor of the Benchmark does not or will not fulfil any legal or regulatory requirement applicable to the Securities, the Issuer or the Benchmark,

in each case, as required under any applicable law or regulation in order for the Issuer or any other entity to perform its obligations in respect of the Securities. For the avoidance of doubt, a Non-Approval Event shall not occur if the Benchmark or the administrator or sponsor of the Benchmark is not or will not be included in an official register because its authorisation, registration, recognition, endorsement, equivalence or approval is suspended if, at the time of such suspension, the continued provision and use of the Benchmark is permitted in respect of the Securities under the applicable law or regulation during the period of such suspension.

"Relevant Nominating Body" means, in respect of the replacement of the Affected Benchmark:

- (a) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, or any central bank or other supervisory authority which is responsible for supervising the administrator of the benchmark or screen rate (as applicable); or
- (b) any working group or committee sponsored by, chaired or co-chaired by or constituted at the request of (aa) the central bank for the currency to which the benchmark or screen rate (as applicable) relates, (bb) any central bank or other supervisory authority which is responsible for supervising the administrator of

the benchmark or screen rate (as applicable), (cc) a group of the aforementioned central banks or other supervisory authorities or (dd) the Financial Stability Board or any part thereof.

"Rejection Event" means, in respect of the Benchmark, the relevant competent authority or other relevant official body rejects or refuses or will reject or refuse any application for authorisation, registration, recognition, endorsement, equivalence, approval or inclusion in any official register which, in each case, is required in relation to the Securities, the Benchmark or the administrator or sponsor of the Benchmark under any applicable law or regulation for the Issuer or any other entity to perform its obligations in respect of the Securities.

"Suspension/Withdrawal Event" means, in respect of the Benchmark:

- (a) the relevant competent authority or other relevant official body suspends or withdraws or will suspend or withdraw any authorisation, registration, recognition, endorsement, equivalence decision or approval in relation to the Benchmark or the administrator or sponsor of the Benchmark which is required under any applicable law or regulation in order for the Issuer or any other entity to perform its obligations in respect of the Securities; or
- (b) the Benchmark or the administrator or sponsor of the Benchmark is or will be removed from any official register where inclusion in such register is or will be required under any applicable law in order for the Issuer or any other entity to perform its obligations in respect of the Securities.
- (c) For the avoidance of doubt, a Suspension/Withdrawal Event shall not occur if such authorisation, registration, recognition, endorsement, equivalence decision or approval is or will be suspended or where inclusion in any official register is or will be withdrawn if, at the time of such suspension or withdrawal, the continued provision and use of the Benchmark is permitted in respect of the Securities under the applicable law or regulation during the period of such suspension or withdrawal.

For the avoidance of doubt, the above is additional, and without prejudice, to any other terms of the Securities. In the event that under any such terms any other consequences could apply in relation to an event or occurrence the subject of an Administrator/Benchmark Event, the Calculation Agent shall determine which terms shall apply in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB).

Any amendments made by the Issuer pursuant to this § 5 of the Product-Specific Terms shall be notified by the Issuer pursuant to § 6 of the General Terms as soon as practicable following the determination thereof. Such notice shall be irrevocable and shall specify the date on which the relevant adjustments become effective.

In the case of the occurrence of an Administrator/Benchmark Event due to the BMR, the provisions of this § 5 of the Product-Specific Terms shall take precedent over any other provisions in these Terms and Conditions under which the Issuer may make adjustments to the Terms and Conditions due to the occurrence of the same event; the Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether this is the case.

§ 6

EXTRAORDINARY TERMINATION BY THE ISSUER

1. Upon the occurrence of an Extraordinary Event, the Issuer may freely elect to terminate the Securities prematurely instead of making an Adjustment. In the case that an Adjustment would not be sufficient to preserve, in essence, the economic profile that the Securities had prior to the occurrence of the Extraordinary Event, the Issuer shall terminate the Securities prematurely; the Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether this is the case.

The Issuer may also freely elect to terminate the Securities prematurely in the case of a discontinuation of the calculation of the NPV in accordance with § 2 paragraph 5 of the Product-Specific Terms.

By way of derogation from paragraph 5, the Securityholder shall receive in such a case an amount (the **"Extraordinary Termination Amount"**) equal to the Redemption Amount as determined in accordance with the provisions of § 2 paragraph 2 of the Product-Specific Terms. In this respect, the NPV specified in § 2 paragraph 5 of the Product-Specific Terms shall in all respects supersede the NPV on the Valuation Date.

2. If the Issuer and/or its Affiliates are, even following economically reasonable efforts, not in the position (i) to enter, re-enter, replace, maintain, liquidate, acquire or dispose of any Hedging Transactions or (ii) to realize, regain or transfer the proceeds resulting from such Hedging Transactions (the **"Hedging Disruption"**), the Calculation Agent may freely elect to terminate the Securities prematurely. The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether a Hedging Disruption has occurred.

The Issuer may also freely elect to terminate the Securities prematurely if (i) due to the adoption of or any change in any applicable law or regulation (including any tax law) or (ii) due to the promulgation of or any change in the interpretation by any competent court, tribunal or regulatory authority (including any tax authority) that (A) it has become illegal to hold, acquire or dispose of the Futures Contract or (B) it will incur materially increased costs in performing the Issuer's obligation under the Securities (including due to any increase in tax liability, decrease in tax

benefit or other adverse effect on its tax position) (the "**Change in Law**"). The Calculation Agent shall decide in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) whether a Change in Law has occurred.

3. If the Issuer has not made any adjustments in its reasonable discretion (*billiges Ermessen*) (§ 315 BGB) pursuant to § 5 paragraph 8 of the Product-Specific Terms due to the occurrence of an Administrator/Benchmark Event, the Issuer may, but is not obliged to, terminate extraordinarily the Securities.
4. Any extraordinary termination of the Securities shall be notified by the Issuer in accordance with § 6 of the General Terms within fourteen Business Days following the occurrence of the relevant event (the "**Extraordinary Termination Notice**"). The Extraordinary Termination Notice shall designate a Business Day as per which the extraordinary termination shall become effective (the "**Extraordinary Termination Date**") in accordance with the following provisions. Such Extraordinary Termination Date shall be not later than seven Payment Business Days following the publication of the Extraordinary Termination Notice.
5. If the Securities are called for redemption, they shall be redeemed at an amount per Security that is equivalent to their fair market value minus any expenses actually incurred by the Issuer under transactions that were required for winding up the Hedging Transactions (the "**Extraordinary Termination Amount**"). The Calculation Agent shall calculate the Extraordinary Termination Amount in its reasonable discretion (*billiges Ermessen*) (§ 317 BGB) by taking into account prevailing market conditions and any proceeds realised by the Issuer and/or any of its affiliates (within the meaning of § 271 paragraph 2 German Commercial Code (*HGB*), the "**Affiliates**") in connection with transactions or investments concluded by it in its reasonable commercial discretion (*vernünftiges kaufmännisches Ermessen*) for hedging purposes in relation to the assumption and fulfilment of its obligations under the Securities (the "**Hedging Transactions**").
6. The Issuer shall pay the Extraordinary Termination Amount to the Securityholders not later than on the tenth Payment Business Day following the Extraordinary Termination Date.

ISSUE-SPECIFIC SUMMARY

Section A – Introduction, containing Warnings

Introductory Information

Name and Securities Identification Numbers

The Unlimited Structured Warrants (Short) (the "**Unlimited Structured Warrants**", "**Warrants**" or the "**Securities**") offered under the Base Prospectus dated 13 January 2022 regarding Structured Warrants (the "**Base Prospectus**") have the securities identification numbers (i.e. International Securities Identification Numbers ("**ISIN**") and WKN) as set out in the table annexed to this summary.

Contact Details of the Issuer

Société Générale Effekten GmbH (the "**Issuer**") (with the legal entity identifier ("**LEI**"): 529900W18LQJJN6SJ336) has its registered office in Frankfurt am Main, Federal Republic of Germany. The business address is: Neue Mainzer Straße 46-50, 60311 Frankfurt am Main, Federal Republic of Germany (telephone no.: +49 (0)69 71 74 0).

Contact Details of the Offeror

Société Générale (the "**Offeror**") (with LEI: O2RNE8IBXP4R0TD8PU41) has its registered office in Paris, French Republic. The business address is: Boulevard Haussmann 29, 75009 Paris, French Republic. (telephone no.: +33 (0)1 42 14 20 00).

Date of Approval; Competent Authority

The Base Prospectus was approved on 13 January 2022 by the German Federal Financial Supervisory Authority (*Bundesanstalt für Finanzdienstleistungsaufsicht*) ("**BaFin**"). The business address of BaFin (*Wertpapieraufsicht*) is: Marie-Curie-Str. 24-28, 60439 Frankfurt am Main, Federal Republic of Germany (telephone no.: +49 (0)228 4108 0).

Warnings

- (a) Investors should read the summary as an introduction of the Base Prospectus.
- (b) Any decision to invest in the Securities should be based on a consideration of the Base Prospectus as a whole by the investor.

- (c) The investors could lose all or part of the invested capital (including all costs associated with the purchase) (total loss).
- (d) Where a claim relating to the information contained in a Base Prospectus is brought before a court, the plaintiff investor might, under national law, have to bear the costs of translation the Base Prospectus, including any supplements, as well as the respective Final Terms before the legal proceedings are initiated.
- (e) Société Générale Effekten GmbH, as Issuer, and Société Générale, as Offeror and Guarantor, who have accepted responsibility for the summary, including any translations thereof, shall be liable under civil law, but only where the summary is misleading, inaccurate or inconsistent, when read together with the other parts of the Base Prospectus, or where it does not provide, when read together with the other parts of the Base Prospectus, key information in order to aid investors when considering whether to invest in such Securities.
- (f) The investor is about to purchase a product that is not simple and may be difficult to understand.

Section B - Key Information on the Issuer

Who is the Issuer of the Securities?

Domicile and legal form

The Issuer is a limited liability company established under German law with its registered office in Frankfurt am Main, Federal Republic of Germany. Its LEI is: 529900W18LQJJN6SJ336.

Principal Activities

The business purpose of the Issuer, as stipulated in its articles of association, is to issue and sell securities and engage in associated activities, as well as to purchase, sell, hold and manage its own interests in other companies in Germany and abroad, particularly those in the financial and service area generally, but excluding those activities and interests that would require authorization for the Issuer itself or would result in the Issuer being classified as a (mixed) financial holding company.

Major shareholders of the Issuer

The Issuer is a wholly owned subsidiary of Société Générale, Frankfurt, which is a branch of Société Générale, Paris.

Identity of its Managing Directors

Managing directors of Société Générale Effekten GmbH are currently Ms. Françoise Esnouf, Ms. Nurten Spitzer-Erdogan and Mr. Helmut Höfer.

Identity of its statutory auditors

The consolidated financial statements of the Issuer for the financial year 2020 and the consolidated financial statement for the financial year 2019 have been audited by Deloitte GmbH Wirtschaftsprüfungsgesellschaft, Franklinstraße 50, 60486 Frankfurt am Main, Federal Republic of Germany.

What is the key financial information regarding the Issuer?

1. Income statement

<i>(in euro thousands)</i>	31.12.2020	31.12.2019	30.06.2020	30.06.2019
Operating profit/loss or another similar measure of financial performance used by the issuer in the financial statements	34,128	52,624	34,427	35,952

2. Balance sheet

	31.12.2020	31.12.2019	30.06.2020
Net financial debt (long term debt plus short term debt minus cash) <i>(in euro thousands)</i>	9,060,134	8,787,171	32,769,636
Current ratio (current assets/current liabilities)	1.01	1.03	1.03
Debt to equity ratio (total liabilities/total shareholder equity)	(1,065)	(831)	(260)
Interest cover ratio (operating income/interest expense)	23.30	15.58	33.70

3. Cash flow statement

<i>(in euro thousands)</i>	31.12.2020	31.12.2019	30.06.2020	30.06.2019
Net Cash flows from operating activities	401,832	77,062	(491,356)	(344,460)
Net Cash flows from financing activities	(178,956)	(116,160)	645,255	348,825
Net Cash flow from investing activities	(153,615)	(109,238)	(65,824)	(101,189)

What are the key risks that are specific to the Issuer?

1. Risks resulting from the Issuer's limited own assets

The Issuer has only a limited liable capital stock amounting to EUR 25,564.59. Investors are therefore exposed to a considerably higher credit risk compared to an issuer with much greater capital resources. Accordingly, if the Issuer, in light of its limited capital stock, is unable to fund payments under securities issued by it, the Issuer's issuance business will be materially adversely affected as the Issuer will not or only partially be able to fulfil its obligations arising from such securities. Investors in securities may therefore lose parts of their investment or their entire investment (**risk of total loss**).

2. Risks in the case of hedging transactions with Société Générale

The Issuer enters into hedging transactions with Société Générale in relation to the securities. The relevant hedging transaction is intended to cover the amount of any payments due under the securities issued by the Issuer. If the financial resources provided by Société Générale as guarantor from these hedging transactions ultimately prove to be insufficient to fully satisfy the claims of all holders of securities issued under the guarantee structure, the terms and conditions of the securities will provide that the claims of the holders of such securities will lapse pro rata to the amount of the shortfall incurred by the Issuer. This means that recourse to the issuer is limited to any actual proceeds received from Société Générale (Limited Recourse). There are no further claims of the holders of such securities against the Issuer, irrespective of whether the Issuer would be in a position to settle its payment obligations from the securities with other means at its disposal. The holders of such securities are therefore exposed to the credit risk of Société Générale. Therefore, in the case of an insolvency of Société Générale investors may lose parts of their investment or their entire investment (**risk of total loss**).

Section C - Key Information on the Securities

What are the main features of the Securities?

Type and class of the Securities

The Securities are bearer bonds under German law within the meaning of § 793 of the German Civil Code (*BGB*). The constituting of the Securities (including form of representation, proof of ownership and transfer) is governed by the laws of the Kingdom of Spain. ISIN and WKN are set out in the table annexed to this summary.

The rights attached to Securities

The Securities grant the investor the right to require the Issuer to pay a Redemption Amount when exercising. The redemption is made in Euro ("**Issue Currency**").

The Unlimited Structured Warrants do not have a fixed term. That means, Structured Warrants are **not** exercised automatically on a defined date. Securityholders must exercise their Structured Warrants or sell them in order to realise their financial value.

The Redemption Amount paid out to the Securityholder upon exercise depends on the net present value ("**NPV**") on the respective Valuation Date. The NPV is calculated on the basis of a Leverage Component and an Interest Component, whereby the Leverage Component is in turn determined by the Reference Price of the Underlying underlying the Security and each previously determined Reference Price.

In the NPV calculation, the Leverage Component reflects the multiple sale of the Underlying (short position) corresponding to the applicable Factor. Thus, a decrease in the price of the Underlying leads to an increase in the Leverage Component on a daily basis by a multiple percentage amount corresponding to the applicable Factor and vice versa. This leverage effect has a (possibly disproportionate) effect on the NPV in the event of both positive and negative movements of the Underlying.

The Interest Component results from an investment in a money market instrument at an overnight rate less a Calculation Fee, less a per annum rate (related to the IC Rate), which includes the hypothetical costs that would be incurred in tracking the performance of the NPV. Should the costs (related to the IC Rate) plus the Calculation Fee on one day exceed the interest income for that day, losses are incurred instead of interest gains. In this case, the Interest Component would be negative and would have a value-reducing effect on the NPV on such a day. This applies, in particular, if the reference

interest rate is negative. It should be noted that the costs resulting from the per annum rate (related to the IC Rate) are multiplied by the Factor and therefore they are higher, the higher the Factor.

A special case exists, if the Underlying rises greatly during the day in exceptional market situations. In order to avoid the threat of a negative NPV in such a case, the Structured Warrant has an Adjustment Threshold that is a fixed percentage above the last Reference Price of the Underlying. If the price rises above the Adjustment Threshold, an Intraday Adjustment is made with respect to the NPV. However, this mechanism cannot completely prevent a total loss or a loss approaching a total loss.

The Issuer is entitled to adjust the terms and conditions (in particular to exchange the Underlying) or to terminate the Securities upon occurrence of certain extraordinary events (e.g. cessation of the Underlying).

Transferability and Tradability of Securities

The Securities are freely transferable and can generally be traded freely. Free trade applies subject to selling restrictions, applicable laws and rules and regulations of the Clearing Systems.

Issue size

The issue size is set out in the table annexed to this summary.

Status of the Securities

The Securities constitute direct, unconditional, unsecured and unsubordinated liabilities of the Issuer. In the event of insolvency or dissolution of the Issuer, the Securities will rank *pari passu* with all current and further unsecured and unsubordinated liabilities of the Issuer, with the exception of those liabilities that are subject to contractual or legal precedence or subordination.

Where will the Securities be traded?

Application(s) will be made for the Securities to be admitted to trading on the regulated market(s) of Madrid Stock Exchange and Barcelona Stock Exchange.

Is there a guarantee attached to the Securities?

Nature and scope of the guarantee

The payment and, where relevant, delivery obligations of the Issuer under the Terms and Conditions are guaranteed by an unconditional and irrevocable Guarantee of Société Générale, Paris, French Republic, (the "**Guarantor**").

The Issuer also enters into hedging transactions relating to the Securities with the Guarantor. The respective hedging transaction is intended to cover the amount of any payments due under the Securities. The Issuer's payment obligations arising from the Securities are limited to the financial resources provided by the Guarantor in the context of the hedging transactions (Limited Recourse). The rights of the Securityholders under the Guarantee are not affected by the limited recourse, however, and the obligations of the Guarantor under the Guarantee are not limited; accordingly, all Securityholders shall continue to have the right to initiate judicial or other proceedings against the Guarantor or assert other claims against the Guarantor in order to enforce obligations due under the Guarantee, including in particular with respect to defaulted payments.

Guarantor

The legal and commercial name of the company is Société Générale. Société Générale is incorporated on 4 May 1864 in France, is a public limited company (*société anonyme*) established under French law with a share capital of EUR 1,066,714,367.50, and having the status of a bank. The registered office of Société Générale is at 29 boulevard Haussmann, 75009 Paris, France and the administrative office is at 7 cours Valmy, 92972 Paris-La Défense, France (Telephone no.: +33 (0)1 42 14 20 00). Its LEI is O2RNE8IBXP4R0TD8PU41.

The Société Générale group ("**SG Group**") offers a wide range of advisory services and tailored financial solutions to individual customers, large corporate and institutional investors. The SG Group relies on three complementary core businesses:

- French Retail Banking;
- International Retail Banking, Insurance and Financial Services and
- Global Banking and Investor Solutions.

The Société Générale is the parent company of the SG Group.

* As from January 1st 2019, in accordance with the amendment to IAS 12 "Income Tax", the tax saving related to the payment of coupons on undated subordinated and deeply subordinated notes, previously recorded in consolidated reserves, is now recognised in income on the "Income tax" line.

- ** Taking into account the combined regulatory buffers, the CET1 ratio level that would trigger the Maximum Distributable Amount mechanism would be 9.02% as of 31 December 2020 (including 0.04% of countercyclical buffers).
- *** Titled in italics refer to titled used in the financial statements.
- **** Ratio excluding IFRS 9 phasing (CET1 ratio at 13.4% including +28bp of IFRS 9 phasing).

The audit report does not contain any qualification.

Which are the most material risk factors pertaining to the Guarantor?

The Guarantor's ability to meet its obligations under the guarantee depends essentially on the SG Group's business results and financial situation.

1. Risks related to the global economy and financial markets

The SG Group's businesses are sensitive to changes in financial markets and economic conditions in Europe, the United States and elsewhere around the world. The SG Group could face a significant deterioration in market and economic conditions, in particular due to economic and political crises or other adverse events. Such events, which may develop quickly and thus potentially may not be anticipated and hedged, could affect the operating environment for the SG Group for short or extended periods.

2. Liquidity risks

The SG Group depends on access to financing and other sources of liquidity. Access to financing and liquidity constraints could have a material adverse effect on the SG Group's business, financial position, results of operations and ability to meet its obligations to its counterparties.

What are the key risks that are specific to the Securities?

1. Risk factor relating to the Factor (Leverage Component)

Investors should note in particular that the daily changes in the Underlying of the Structured Warrant Short (meaning the change between two immediately consecutive Reference Prices of the Underlying) influence the Leverage Component and thus the NPV and the value of the Security. **A special feature of Structured Warrant Short is the fact that the daily price changes of the Underlying, the NPV and thus the value of the Security correlate negatively**, i.e. the stronger the price of the Underlying rises on a trading day, the lower the NPV on that trading day and vice versa, whereby the daily changes in the NPV are reinforced in both directions caused by the multiple leverage. Due to this leverage effect, rising prices of the Underlying may possibly have a **disproportionately** negative effect on the Redemption Amount. The risk of loss is largely determined by the level of the Factor: **the higher the Factor, the higher the risk**.

If the price of the Underlying of the Security rises significantly (possibly even triggering an Intraday Adjustment), the value of the Leverage Component and thus the NPV fall to a very low value. Even though all subsequent price losses in respect of the Underlying result in price gains in respect of the Leverage Component and thus in an increase of the NPV by a corresponding multiple percentage, the investor must bear in mind that the price losses due to the meanwhile decreased NPV, only have a minor impact on the absolute recovery of the NPV compared to the initial value. This can lead to **losses** for the investor.

2. Worthless expiry of Securities

If the Redemption Amount of a Security is rounded to zero on the Valuation Date, the Security expires worthless. The stronger the Reference Prices fluctuate during the life of the Securities and the higher the Factor, the greater is the probability of a total loss.

3. Risk of fluctuations in the value of the Underlying

Securityholders are affected by fluctuations in the value of the Underlying. These may have an adverse impact on the value of the Securities.

If investors purchase a Security with an Underlying, they also bear the risks associated with the Underlying as Securityholders. In particular, they bear the risk of fluctuations in the value of the Underlying. The fluctuations in the value of the Underlying depend on a variety of factors: Corporate actions or economic events relating to the business of the Underlying, general economic factors and speculative activities. It is therefore not possible to make reliable statements about the future performance of the Underlying for the Securities. In particular, the performance of an Underlying in the past does not represent a guarantee of its future performance. The selection of an Underlying is not based on the expectations or estimates of the Issuer with respect to the future performance of the Underlying selected. Securityholders are therefore not able to predict in advance the repayment for the Securities that they

can expect in the future. Securityholders may suffer substantial losses on the repayment of the Securities if the NPV has fallen.

In each case, each daily change in the Reference Price between purchase and redemption is significant. As the performance of a Security with respect to a period of more than one day is calculated on the basis of the daily performances of the Underlying (i.e. changes between a Reference Price and the consecutive Reference Price) leveraged by the Factor and the Interest or Financing Component, the performance of the Security may significantly deviate from the total performance of the Underlying for the same period. These deviations can occur in the case of constantly falling or rising as well as fluctuating prices of the Underlying and can result in the performance of the Security lagging significantly behind the performance of the Underlying over the same period. In particular, if the price of the Underlying underlying the Security develops in different directions after the purchase by the investor (i.e. price gains and losses alternate) and the price of the Underlying returns to the level at purchase, the NPV at that point in time does not also correspond to its initial value, but is - reinforced by the effect of the daily constant multiple leverage which may be considerable - below its initial value. As a result, the Security may lose value even if, at the end of the period, the Underlying should regain its original level from the beginning of the period. Securityholders **may** incur substantial losses when redeeming the Securities if the NPV has fallen. If the NPV at the time of redemption of the Security is rounded below the minimum pay out, Securityholders even incur a **total loss** or a **loss approaching a total loss**.

4. Risks relating to the Underlying

The Securityholder bears similar risks as in the case of a direct investment in that Futures Contract. The value of the futures contract usually depends directly on the price of the reference value underlying the futures contract. The realisation of the risks associated with these benchmarks may have a negative impact on the price of the futures contract. As a result, the value of the securities can be negatively affected and the risks associated with the Securities may occur with a higher probability. If such risks were realised, the consequence for the Securityholder could be the **total or partial loss** of the respective Capital Amount invested.

Section D – Key information on the offer of the securities to the public and/or the admission to trading on a regulated market

Under which conditions and timetable can I invest in this Security?

The Offeror offers from 24 May 2022 series of Securities with an issue size and initial issue price per Security as set out in the table annexed to this summary.

It is intended to distribute the Securities to retail clients in the following Member State(s): Kingdom of Spain.

The investor can usually purchase the Securities at a fixed issue price. This fixed issue price contains all cost of the Issuer relating to the issuance and the sales of the Securities (e.g. cost of distribution, structuring and hedging as well as the profit margin of Issuer). The total costs of each series of Securities are stated in the table annexed to this summary.

Details about the admission to trading can be found in the above section C (*Where will the Securities be traded?*).

Who is the offeror?

Offeror is Société Générale, Paris. Details of the Offeror can be found in the above section A (*Introduction with Warnings*).

Why is this prospectus being produced?

The Securities are being offered and the proceeds will be used solely for the purpose of generating profits in the context of the Issuer's general business activities. The estimated total costs of the respective issue/offer of the Securities and the estimated net proceeds are stated in the table annexed to this summary.

The offer is subject to a general underwriting agreement with the Offeror.

In connection with the exercise of rights and/or obligations of the Issuer and its affiliated companies in accordance with the terms and conditions of the Securities (e.g. in connection with the determination or adaptation of parameters of the terms and conditions) which affect the amounts payable, conflicts of interest may arise by:

- Execution of transactions in the Underlying by the Issuer and its affiliated companies;
- Issuance of additional derivative instruments with regard to the Underlying;
- Business relationship of the Issuer and its affiliated companies with the issuer of the Underlying;
- Possession of material (including (non-public) information from the Issuer and its affiliated companies about the Underlying; and/or

- Acting of Société Générale as Market Maker.

Annex to the Summary

RESUMEN ESPECÍFICO RELATIVO A LA EMISIÓN

Sección A: Introducción y Advertencias

Información introductoria

Nombre y número de identificación de los valores

Los Unlimited Structured Warrants (Short) (los "**Unlimited Structured Warrants**", "**Warrants**" o los "**Valores**") que se ofrecen en virtud del Folleto de Base con fecha 13 de enero de 2022 relativo a los Structured Warrants (el "**Folleto de Base**") tienen los números de identificación de valores (incluyendo el código internacional de identificación de valores (código "**ISIN**") y el el WKN) que se indican en la tabla anexa a este Resumen.

Datos de contacto del Emisor

Société Générale Effekten GmbH (el "**Emisor**") (con código de identificación de persona jurídica (código "**LEI**") 529900W18LQJJN6SJ336) tiene su domicilio social en Frankfurt am Main, República Federal de Alemania. El domicilio comercial es: Neue Mainzer Straße 46-50, 60311 Frankfurt am Main, República Federal de Alemania (número de teléfono +49 (0)69 71 74 0).

Datos de contacto del Oferente

Société Générale (el "**Oferente**") (con código LEI O2RNE8IBXP4R0TD8PU41) tiene su domicilio social en París, República Francesa. El domicilio comercial es: Boulevard Haussmann 29, 75009 París, República Francesa (número de teléfono +33 (0)1 42 14 20 00).

Fecha de Aprobación; Autoridad competente

El Folleto de Base fue aprobado el 13 de enero de 2022 por la Autoridad Federal de Supervisión Financiera de Alemania (*Bundesanstalt für Finanzdienstleistungsaufsicht*) ("**BaFin**"). El domicilio comercial de BaFin (*Wertpapieraufsicht*) es: Marie-Curie-Str. 24-28, 60439 Frankfurt am Main, República Federal de Alemania (número de teléfono +49 (0)228 4108 0).

Advertencias

- (a) Los inversores deberán leer el resumen como introducción al Folleto de Base.
- (b) Cualquier decisión de invertir en los Valores deberá basarse en la evaluación del Folleto de Base en su conjunto por parte del inversor.
- (c) El inversor podría perder la totalidad o parte del capital invertido (incluyendo cualquier coste asociado con la compra) (pérdida total).
- (d) En caso de que se lleve ante un tribunal una reclamación relacionada con la información contenida en el Folleto de Base, el inversor demandante podrá, al amparo de la ley nacional, tener que asumir los costes de traducción del Folleto de Base, incluyendo cualquiera de sus suplementos, así como los respectivos Términos Finales, antes de que se inicien los procedimientos legales.
- (e) Société Générale Effekten GmbH, como Emisor, y Société Générale, como Oferente y Garante, habiendo aceptado la responsabilidad por el Resumen, incluyendo sus traducciones, están sujetos a responsabilidad civil, aunque solo

²The amount has been calculated for the whole year and is correspondingly annualized.

en aquellos aspectos en que el resumen induzca a error, sea inexacto o incurra en contradicciones cuando se lea junto a otras partes del Folleto de Base, o en los casos en los que, cuando se lea junto a otras partes del Folleto de Base, no incluya información esencial para ayudar a los inversores a la hora de decidir si invertir en dichos Valores.

- (f) El inversor está a punto de invertir en un producto que no es simple y puede ser difícil de entender.

Sección B: Información Esencial sobre el Emisor

¿Quién es el Emisor de los Valores?

Domicilio y forma jurídica

El Emisor es una empresa de responsabilidad limitada constituida al amparo de la legislación alemana. Su domicilio fiscal se encuentra en Frankfurt am Main, República Federal de Alemania. Su código LEI es 529900W18LQJJN6SJ336.

Actividades principales

El objeto social del Emisor, tal y como se estipula en sus estatutos sociales, es la emisión y venta de valores y la participación en actividades relacionadas, así como la compra, venta, mantenimiento y administración de sus propias participaciones en otras empresas de Alemania y el extranjero, especialmente en el ámbito de los servicios financieros en general, con exclusión de aquellas actividades y participaciones que pudieran exigir una autorización para el Emisor o que pudieran dar como resultado la clasificación del Emisor como un conglomerado financiero (mixto).

Principales accionistas del Emisor

El Emisor es una filial enteramente controlada por Soci t  G n rale, Frankfurt, que es una sucursal de Soci t  G n rale, Par s.

Identidad de sus Directores Generales

Los actuales Directores Generales de Soci t  G n rale Effekten GmbH son do a Fran oise Esnouf, do a Nurten Spitzer-Erdogan y don Helmut H fer.

Identidad de sus auditores legales

Los estados financieros consolidados del Emisor para el ejercicio fiscal 2020 y los estados financieros consolidados para el ejercicio fiscal 2019 han sido auditados por Deloitte GmbH Wirtschaftspr fungsgesellschaft, Franklinstra e 50, 60486 Frankfurt am Main, Rep blica Federal de Alemania.

 Cu l es la informaci n financiera esencial sobre el Emisor?

Flujos de efectivo netos de actividades de inversión	(153.615)	(109.238)	(65.824)	(101.189)

¿Cuáles son los principales riesgos específicos del Emisor?

1. El riesgo surge de los activos propios limitados del Emisor

El Emisor solo tiene un capital social de garantía limitado de 25.564,59 EUR. Por lo tanto, los inversores se exponen a un riesgo crediticio considerablemente más alto en comparación con un emisor que posea muchos más recursos de capital. En consecuencia, si el Emisor, a la vista de su capital social limitado, es incapaz de recabar fondos para pagos con los valores emitidos por él, el negocio de emisión del Emisor se verá afectado de manera negativa, pues el Emisor no será capaz de cumplir con sus obligaciones derivadas de dichos valores, o podrá hacerlo solo parcialmente. Los inversores en valores podrán en ese caso perder parte de su inversión (**riesgo de pérdida total**).

2. Riesgo en el caso de transacciones de cobertura con Société Générale

El Emisor suscribe transacciones de cobertura con Société Générale relacionadas con los valores. La transacción de cobertura pertinente tiene el fin de cubrir la cantidad de cualquier pago vencido en relación con los valores emitidos por el Emisor. Si los recursos financieros proporcionados por Société Générale como garante en virtud de estas transacciones de cobertura fuera insuficiente para satisfacer la totalidad de las reclamaciones de todos los titulares de valores emitidos dentro de la estructura de garantía, los términos y condiciones de los valores estipularán que las reclamaciones de los titulares de dichos valores vencerán de manera proporcional a la cantidad de déficit en que incurra el Emisor. Esto implica que el recurso al Emisor se limita a cualquier fondo real que reciba de Société Générale (Recurso Limitado). Los titulares de dichos valores no pueden realizar otro tipo de reclamación ante el Emisor, independientemente de la capacidad del Emisor de saldar sus obligaciones de pago derivadas de los valores con otros medios a su disposición. Los titulares de dichos valores se exponen por tanto al riesgo crediticio de Société Générale. Por ello, en caso de insolvencia de Société Générale, los inversores podrán perder parte de su inversión o su inversión por completo (**riesgo de pérdida total**).

Sección C: Información Esencial sobre los Valores

¿Cuáles son las principales características de los Valores?

Tipo y clase de los Valores

Los Valores son bonos al portador bajo la legislación alemana, en la definición del artículo 793 del Código Civil Alemán. La constitución de los Valores (incluyendo la forma de representación, prueba de titularidad y transferencia) se encuentra regida por las leyes del Reino de España. El código ISIN y el WKN aparecen en la tabla anexa a este resumen.

Derechos inherentes a los Valores

Los Valores garantizan al inversor el derecho a exigir al Emisor el pago de un Importe de Amortización cuando lo ejerza. La amortización se hará en Euro ("**Moneda de Emisión**").

Los Unlimited Structured Warrants no tienen un plazo fijo. Eso implica que los Structured Warrants **no** se ejercen **automáticamente** en una fecha definida. Los Tenedores de los Valores deben ejercer o vender sus Structured Warrants para obtener su valor financiero.

El Importe de Amortización pagado al Tenedor de los Valores en el momento del ejercicio depende del valor neto actual ("**NPV**") en la Fecha de Valoración correspondiente. El NPV se calcula en base a un Componente de Apalancamiento y un Componente de Interés, y el Componente de Apalancamiento se determina a su vez por el Precio de Referencia del Subyacente que subyace al Valor y cada Precio de Referencia previamente determinado.

En el cálculo del NPV, el Componente de Apalancamiento refleja la venta múltiple del Subyacente (posición corta) correspondiente al Factor aplicable. Por lo tanto, un descenso en el precio del Subyacente conduce a un aumento en el Componente de Apalancamiento sobre una base diaria en un importe porcentual múltiple correspondiente al Factor aplicable y viceversa. Este efecto de apalancamiento tiene un efecto (posiblemente desproporcionado) sobre el NPV en caso de movimientos tanto positivos como negativos del Subyacente.

El Componente de Interés resulta de una inversión en un instrumento del mercado monetario a un tipo de interés a un día (overnight rate) menos una Tasa de Cálculo y menos una tasa anual (relacionada con la Tasa IC), que incluye los costes hipotéticos que se incurrirían en el seguimiento del rendimiento del NPV. Si los costes (relacionada con la Tasa IC) más la Tasa de Cálculo en un día exceden los ingresos por intereses para ese día, se incurre en pérdidas en lugar de ganancias

por intereses. En este caso, el Componente de Interés sería negativo y tendría un efecto de reducción de valor sobre el NPV dicho día. Esto resulta de aplicación, en concreto, si el tipo de interés de referencia es negativo. Cabe señalar los costes derivados de la tasa anual (relacionada con la Tasa IC) están multiplicados por el Factor y, por lo tanto, cuando mayores sean los mismos, mayor será el Factor.

Existe un caso especial si el Subyacente aumenta de manera notoria durante el día en situaciones excepcionales de mercado. Para evitar la amenaza de un NPV negativo en tal caso, la Structured Warrant tiene un Umbral de Ajuste que es un porcentaje fijo por encima del último Precio de Referencia del Subyacente. Si el precio se eleva por encima del Umbral de Ajuste, se realiza un Ajuste Intradiario con respecto al NPV. Sin embargo, este mecanismo no puede impedir por completo una pérdida total o una pérdida que se aproxime a una pérdida total.

El Emisor tiene derecho a ajustar los términos y condiciones (especialmente para intercambiar el Subyacente) o extinguir los Valores si se dan determinadas circunstancias extraordinarias (como el cese del Subyacente).

Transferibilidad y negociabilidad de los Valores

Los Valores pueden transferirse libremente y por lo general pueden comerciarse libremente. El libre mercado resulta de aplicación salvo que las restricciones a la venta, la legislación aplicable o la normativa de los Sistemas de Compensación dispongan lo contrario.

Tamaño de la emisión

El tamaño de la emisión aparece en la tabla anexa a este informe.

Estado de los Valores

Los Valores constituyen pasivos no seguros y no subordinados del Emisor. En caso de insolvencia o disolución del Emisor, los Valores asumirán el rango en igualdad de condiciones de todos los pasivos corrientes y futuros no seguros y no subordinados del Emisor, con excepción de los pasivos que están sujetos a precedencia o subordinación por contrato o por ley.

¿Dónde se negociarán los Valores?

Se solicitará la admisión de los Valores a negociación en el mercado regulado de Madrid Stock Exchange y Barcelona Stock Exchange.

¿Tienen los Valores alguna garantía adjunta?

Carácter y alcance de la garantía

El pago y, cuando sea de aplicación, las obligaciones de entrega del Emisor en virtud de los Términos y Condiciones se encuentran amparados por una Garantía incondicional e irrevocable de Société Générale, París, República Francesa (el "Garante").

El Emisor también suscribe transacciones de cobertura relacionadas con los Valores con el Garante. La transacción de cobertura pertinente tiene el fin de cubrir la cantidad de cualquier pago vencido en relación con los Valores. Las obligaciones de pago del Emisor que surjan de los Valores se limitan a los recursos proporcionados por el Garante en el contexto de las transacciones de cobertura (Recurso Limitado). Sin embargo, los derechos de los Tenedores de los Valores en virtud de la Garantía no se verán afectados por el recurso limitado, y las obligaciones del Garante en virtud de la Garantía no se encuentran limitadas. En consecuencia, todos los Tenedores de los Valores seguirán teniendo el derecho de iniciar un proceso judicial o de otro tipo contra el Garante o hacer valer otro recurso contra el Garante para hacer cumplir las obligaciones derivadas de la Garantía, incluyendo especialmente aquellas relacionadas con impagos.

Garante

La denominación comercial y legal de la empresa es Société Générale. Société Générale fue constituida el 4 de mayo de 1864 en Francia, es una empresa de responsabilidad limitada (*société anonyme*) creada al amparo de la legislación francesa, con un capital social de 1.066.714.367,50 euros, con estatuto de banco. El domicilio fiscal de Société Générale se encuentra en 29 boulevard Haussmann, 75009, París, Francia, y las oficinas administrativas se encuentran en 7 cours Valmy, 92972 Paris-La Défense, France (Teléfono: +33 (0)1 42 14 20 00). Su código LEI es O2RNE8IBXP4R0TD8PU41.

El grupo Société Générale ("**Grupo SG**") ofrece una amplia gama de servicios de consultoría y soluciones financieras personalizadas a clientes particulares, grandes corporaciones e inversores institucionales. El Grupo SG se basa en tres negocios principales complementarios:

- Banca minorista en Francia;
- Banca minorista internacional, servicios financieros y seguros; y
- Banca global y soluciones para inversores.

Société Générale es la empresa matriz que controla al Grupo SG.

Información financiera esencial

1. Estado de resultados

<i>(En millones de euros)</i>	31.12.2020 (auditado)	31.12.2019 (auditado)	Mitad de año 2020 (no auditado)	Mitad de año 2019 (no auditado)

Ratio de Capital Tier 1 (CET1) u otro ratio significativo y prudencial de suficiencia de capital dependiendo de la emisión (<i>Ratio de Capital Tier 1</i>)	13,2 % ****	12,7%	12,3% ****	12,0%	9,02% **
Ratio de capital total (<i>Ratio de capital total</i>)	18,9%	18,3%	17,7%	17,9%	N/A
Índice de apalancamiento calculado según el marco normativo aplicable (<i>Coefficiente de apalancamiento de coeficiente de caja totalmente cargado</i>)	4,7%	4,3%	4,2%	4,3%	N/A

* A partir del 1 de enero de 2019, de acuerdo con la modificación de la NIC 12 “Impuesto sobre la Renta”, el ahorro fiscal relacionado con el pago de cupones sobre pagarés subordinados sin fecha y profundamente subordinados, previamente registrados en reservas consolidadas, se reconoce ahora en la partida de ingresos del “Impuesto sobre la Renta”.

** Teniendo en cuenta los colchones normativos combinados, el nivel de ratio CET1 que activaría el mecanismo de Cantidad Distribuible Máxima sería 9,02% a partir del 31 de diciembre de 2020 (incluyendo el 0,04% de colchón anticíclico).

*** Los enunciados en cursiva se corresponden con los encabezados utilizados en los estados financieros.

**** La ratio no incluye las fases de NIIF 9 (ratio CET1 al 13.4 %, incluyendo +28bp de las fases de NIIF 9).

El informe de auditoría no contiene ninguna salvedad.

¿Cuáles son los factores de riesgo más materiales relativos al Garante?

La capacidad del Garante de cumplir con sus obligaciones derivadas de la garantía depende básicamente de los resultados de negocio y situación financiera del Grupo SG.

1. Riesgos relacionados con la economía global y los mercados financieros

Los negocios del Grupo SG son sensibles a cambios en los mercados financieros y las condiciones económicas en Europa, EE.UU. y otros lugares del mundo. El Grupo SG podría enfrentarse a un deterioro importante en las condiciones económicas y de mercado, especialmente a consecuencia de crisis políticas y económicas u otros sucesos adversos. Dichos sucesos, que podrían desarrollarse de manera rápida y que por tanto tienen el potencial de ser imprevistos, lo que no permitiría que fueran debidamente cubiertos, podrían afectar el entorno operativo del Grupo SG durante periodos cortos o de larga duración.

2. Riesgos de liquidez

El Grupo SG depende del acceso a financiación y otras fuentes de liquidez. El acceso a financiación y otras limitaciones de liquidez podrían tener efectos materiales adversos en los negocios del Grupo SG, su posición financiera, los resultados de sus operaciones y su capacidad de cumplir con sus obligaciones con sus contrapartes.

¿Cuáles son los principales riesgos específicos de los Valores?

1. Factores de riesgo relacionados con el Factor (Componente de Apalancamiento)

Los inversores deben tener en cuenta, en particular, que las variaciones diarias en el Subyacente de las Structured Warrants (Corto), es decir, la variación entre dos Precios de Referencia inmediatamente consecutivos del Subyacente, influyen en el Componente de Apalancamiento y, por lo tanto, en el NPV y el valor del Valor. **Una característica especial de las Structured Warrants (Corto) es el hecho de que las variaciones diarias en el precio del Subyacente, el NPV y, por lo tanto, el valor del Valor tienen una correlación negativa.** Es decir, cuanto más drásticamente aumente el precio del Subyacente en una jornada bursátil, menor será el NPV en esa jornada bursátil y viceversa, por lo que las variaciones diarias en el NPV se refuerzan en ambas direcciones a causa del apalancamiento múltiple. Debido a este efecto de apalancamiento, el aumento de los precios del Subyacente probablemente podría tener un efecto **desproporcionadamente** negativo en el Importe de Amortización. El riesgo de pérdida está determinado en gran medida por el nivel del Factor: **cuanto mayor sea el Factor, mayor será el riesgo.**

Si el precio del Subyacente del Valor aumenta de manera significativa (posiblemente incluso desencadenando un Ajuste Intradiario), el valor del Componente de Apalancamiento y, por lo tanto, el NPV caen a un valor muy bajo. Aunque todas las subsiguientes pérdidas de precio del Subyacente dan lugar a ganancias de precio con respecto al

Componente de Apalancamiento y, por lo tanto, a un aumento del NPV en un porcentaje múltiple correspondiente, el inversor debe tener en cuenta que las pérdidas de precio debido al NPV disminuido mientras tanto, solo tienen un impacto menor en la recuperación absoluta del NPV en comparación con el valor inicial. Esto puede suponer **pérdidas** para el inversor.

2. Vencimiento sin valor de los Valores

Si el Importe de Amortización de un Valor se redondea a **cero** en la Fecha de Valoración, el Valor vence **sin ningún valor**. Cuanto más fuertemente fluctúen los Precios de Referencia durante la vida de los Valores y cuanto mayor sea el Factor, mayor será la probabilidad de una pérdida total.

3. Riesgo de fluctuaciones del valor del Subyacente

Los Tenedores de los Valores se verán afectados por las fluctuaciones del valor del Subyacente. Estas pueden tener un impacto negativo en el valor de los Valores.

Si los inversores compran un Valor con Subyacente, también asumen los riesgos asociados con el Subyacente como Tenedores de Valores. En concreto, asumen el riesgo de fluctuaciones del valor del Subyacente. Las fluctuaciones en el valor del Subyacente dependen de diversos factores: Acciones corporativas o situaciones económicas relacionadas con el negocio del Subyacente, factores económicos generales y actividades especulativas. Por ello, no es posible realizar estimaciones fiables sobre el rendimiento futuro del Subyacente de los Valores. En concreto, el rendimiento de un Subyacente en el pasado no supone garantía alguna sobre su rendimiento futuro. La elección de un Subyacente no se basa en las expectativas o estimaciones del Emisor respecto al rendimiento futuro del Subyacente elegido. Por ello, los Tenedores de Valores no pueden predecir con antelación el reembolso de los Valores que pueden esperar en el futuro. Los Tenedores de los Valores podrán sufrir pérdidas significativas en el momento del reembolso de los Valores si el NPV ha caído.

En cada caso, cada variación diaria en el Precio de Referencia entre la compra y el reembolso es significativa. Dado que el rendimiento de un Valor con respecto a un período de más de un día se calcula en base los rendimientos diarios del Subyacente (es decir, cambios entre un Precio de Referencia y el Precio de Referencia consecutivo) apalancados por el Factor y el Componente de Interés o Financiación, el rendimiento del Valor puede desviarse de manera significativa del rendimiento total del Subyacente para el mismo período. Estas desviaciones pueden ocurrir en el caso de caídas o subidas constantes, así como fluctuaciones de los precios del Subyacente, y pueden dar lugar a que el rendimiento del Valor sea significativamente menor con respecto al rendimiento del Subyacente durante el mismo período. En particular, si el precio del Subyacente que subyace al Valor evoluciona en diferentes direcciones después de la compra por el inversor (es decir, se alternan las ganancias y pérdidas de precio) y el precio del Subyacente regresa al nivel en el momento de la compra, el NPV en ese momento **no** corresponde también a su valor inicial, sino que - reforzado por el efecto del apalancamiento múltiple constante diario, que puede ser considerable - es inferior a su valor inicial. Como consecuencia, el Valor puede perder valor aunque al final del periodo el Subyacente recupere su nivel original del inicio del periodo. Los Tenedores de los Valores **podrán** incurrir en pérdidas significativas al amortizar los Valores si el NPV ha caído. Si el NPV en el momento de la amortización del Valor se redondea por debajo del pago mínimo, los Tenedores de Valores incluso incurrirían en una **pérdida total** o una **pérdida que se aproxima a una pérdida total**.

4. Riesgos relacionados con el Subyacente

El Tenedor de los Valores asume riesgos similares a los de una inversión directa en dicho Contrato de Futuros. El valor del contrato de futuros suele depender directamente del precio del valor de referencia que subyace al contrato de futuros. La materialización de riesgos asociados con estos indicadores puede tener un efecto negativo en el precio del contrato de futuros. Como consecuencia, el valor de los Valores puede verse negativamente afectado y hay mayor probabilidad de que se produzcan riesgos asociados a los Valores. Si tales riesgos se materializaran, la consecuencia para el Tenedor de los Valores podría ser la **pérdida total o parcial** del Importe del Capital invertido correspondiente.

Sección D - Información clave sobre la oferta de los valores al público y/o la admisión a negociación en un mercado regulado

¿Bajo qué condiciones y en qué calendario puedo invertir en este Valor?

El Oferente ofrece desde 24 de mayo de 2022 una serie de Valores con el tamaño de emisión y precio inicial de emisión por Valor que se indican en la tabla anexa a este resumen.

Se espera distribuir los Valores a clientes minoristas en el/los siguiente(s) Estado(s) Miembro(s): Reino de España.

El inversor puede, por lo general, comprar los Valores a un precio fijo de emisión. Este precio fijo de emisión contiene todos los costes del Emisor relacionados con la emisión y la venta de Valores (por ejemplo, coste de distribución, estructuración y cobertura, así como el margen de beneficio del Emisor). Los costes totales de cada serie de Emisiones se indica en la tabla anexa a este resumen.

En la sección C (*¿Dónde se negociarán los Valores?*) se incluyen detalles sobre la admisión a negociación.

¿Quién es el oferente?

El oferente es Société Générale, París. La información sobre el Oferente está incluida en la sección A (*Introducción y Advertencias*).

¿Por qué se crea este folleto?

Se están ofreciendo Valores, cuya recaudación se empleará únicamente para generar beneficios en el contexto de las actividades comerciales generales del Emisor. Los costes totales estimados de la emisión/oferta de Valores correspondiente y los fondos netos estimados están incluidos en la tabla anexa a este resumen.

La oferta está sujeta a un acuerdo de suscripción general con el Oferente.

En relación con el ejercicio de los derechos y obligaciones del Emisor y sus empresas asociadas, en cumplimiento de los términos y condiciones de los Valores (por ejemplo, en relación con el establecimiento o adaptación de los parámetros de los términos y condiciones) que afecten a los importes debidos, pueden aparecer conflictos de interés por:

- La ejecución de las transacciones en el Subyacente por el Emisor y sus empresas asociadas;
- La emisión de instrumentos derivativos adicionales en relación con el Subyacente;
- Las relaciones comerciales del Emisor y sus empresas asociadas con el emisor del Subyacente;
- La posesión de material (incluyendo información (no pública) del Emisor y sus empresas asociadas sobre el Subyacente); y/o
- La participación de Sociéte Générale como Creador de Mercado.

Anexo al Resumen

Código ISIN:	DE000SN2BGQ9
WKN:	SN2BGQ
Tamaño de la emisión:	500.000
Precio de Emisión Inicial:	EUR 4,97
Recaudación Total:	EUR 2.485.000,00
Costes Totales ³ :	EUR 339.984,22

³La cantidad ha sido calculada para el año completo y se anualizarán de la manera correspondiente.
