SUPPLEMENT TO THE INFORMATION MEMORANDUM RELATING TO THE IMPLEMENTATION OF THE FIRST PAID-UP CAPITAL INCREASE WITH A CHARGE TO RESERVES APPROVED BY THE GENERAL SHAREHOLDERS' MEETING OF IBERDROLA OF 28 MARCH 2014

1. PURPOSE

1.1. Background

The General Shareholders' Meeting of Iberdrola, S.A. (hereinafter, "**Iberdrola**" or the "**Company**") held on 28 March 2014 approved, under section A of item six on the agenda (the "**Shareholders' Resolution**"), an increase in wholly paid-up share capital with a charge to the reserves contemplated in article 303.1 of the *Companies Act (Ley de Sociedades de Capital)*, by means of the issuance of ordinary shares for the free allocation thereof to the shareholders of the Company (the "**Capital Increase**").

The Board of Directors of the Company, at its meeting held on 29 April 2014, approved the implementation of the Capital Increase and resolved to set the market value of reference for the Capital Increase in an amount within the minimum of 725 million euros and the maximum of 782 million euros, which is, in any case, within the maximum limit established in the Shareholders' Resolution, and to delegate to the chairman and chief executive officer of the Company the power to determine the concrete amount of such market value of reference within the referred range.

Within this context, the Company issued an information memorandum (*documento informativo*), pursuant to the provisions of article 26.1.e) of *Royal Decree 1310/2005, of 4 November, which partially elaborates upon the provisions of Law 24/1988 of 28 July, on the Securities Market, in connection with the admission of securities to trading on official secondary markets, public offers for the sale or subscription of securities and the prospectus required for such purposes (Real Decreto 1310/2005, de 4 de noviembre, por el que se desarrolla parcialmente la Ley 24/1988, de 28 de julio, del Mercado de Valores, en materia de admisión a negociación de valores en mercados secundarios oficiales, de ofertas públicas de venta o suscripción y del folleto exigible a tales efectos)* ("**Royal Decree 1310/2005**"), in which "*information regarding the number and types of shares and the rationale for and details of the offer*" was provided, which was made available to the public by means of a notice of significant event dated 19 November 2013 (official registry number 204,362) (the "**Information Memorandum**").

1.2. Purpose

This document supplements the Information Memorandum and is intended to provide the public with the information regarding the Capital Increase that was not available on the publication date of the Information Memorandum and, particularly, the maximum market

NOTICE. This document is a translation of a duly approved Spanish-language document, and is provided for informational purposes only. value of reference for the Capital Increase, the number of rights necessary to receive one new share of Iberdrola, the maximum number of new shares to be issued by means of the Capital Increase, the maximum nominal amount of the Capital Increase and the fixed price for the free-of-charge allocation rights in relation to the purchase commitment made by Iberdrola.

This document, together with the Information Memorandum, constitutes the document referred to in article 26.1.e) of Royal Decree 1310/2005, and renders the preparation and publication of a prospectus (*folleto informativo*) with respect to the Capital Increase unnecessary. Both documents are available on Iberdrola's corporate website (www.iberdrola.com) and on the website of the National Securities Market Commission (www.cnmv.es).

Capitalised terms not expressly defined in this document shall have the meaning provided in the Information Memorandum.

2. INFORMATION AVAILABLE REGARDING THE CAPITAL INCREASE

2.1. Maximum market value of reference for the Capital Increase, maximum number of shares to be issued, number of free-of-charge allocation rights needed for the allocation of one new share, and maximum nominal amount of the Capital Increase

The Board of Directors, at its meeting held on 29 April 2014, approved the implementation of the Capital Increase, in accordance with the provisions of the Shareholders' Resolution.

As of the date of this document, and pursuant to the delegation of powers made by the Board of Directors at the aforementioned meeting, the chairman and chief executive officer of the Company has set the maximum market value of reference for the Capital Increase in 725 million euros –which amount guarantees a fixed price of the purchase commitment assumed by Iberdrola of, at least, 0.114 gross euros per right– and has determined the following terms and conditions of the Capital Increase by performing the arithmetical operations provided for in the formulas approved by both the General Shareholders' Meeting and the Board of Directors:

- (i) The maximum number of shares to be issued by means of the Capital Increase is 130,000,000.

However, as established in the Information Memorandum, the number of shares actually issued will depend on the number of shareholders who decide not to transfer their free-of-charge allocation rights. Iberdrola will waive the new shares corresponding to the free-of-charge allocation rights acquired by application of its

irrevocable purchase commitment¹. In any event, the final number of shares to be issued within the context of the Capital Increase will be communicated to the public on a timely basis by means of a notice of significant event regarding the closing of such increase, the publication of which is expected to occur on 18 July 2014.

- (ii) The number of free-of-charge allocation rights required to receive a new share is 48.

The free-of-charge allocation rights will be allocated to those appearing in the book-entry records of “*Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal (IBERCLEAR)*” at 23:59 Madrid time on the day of publication of the notice of the implementation of the Capital Increase in the Official Bulletin of the Commercial Registry, in the proportion of one free-of-charge allocation right for each old share of Iberdrola that they own. Therefore, each of the abovementioned entitled persons will have the right to receive one new share for every 48 old shares that they hold on such date.

- (iii) Thus, the maximum nominal amount of the Capital Increase is 97,500,000 euros.

However, as indicated above, the amount of the actual increase in the Company’s share capital will be the result of multiplying the final number of shares issued by their nominal value (0.75 euros).

Pursuant to the calculations carried out to determine the above items, it is not necessary that Iberdrola waives free-of-charge allocation rights in order to ensure that the number of free-of-charge allocation rights needed to receive one new share and the number of new shares issued within the context of this Capital Increase are whole numbers.

In applying the formulas approved by both the General Shareholders’ Meeting and the Board of Directors to determine the foregoing items, the chairman and chief executive officer has taken into account that:

- (i) The “TNShr” or the outstanding number of shares of Iberdrola as of the date of this information memorandum is 6,240,000,000; and
- (ii) the “ListPri,” understood as the arithmetic mean of the average weighted listing prices of the Company’s shares on the Bilbao, Madrid, Barcelona and Valencia Stock Exchanges at the five trading sessions corresponding to 24, 25, 26, 27 and 30 June

¹ Likewise, in the event that the number of outstanding Iberdrola shares after deducting the shares corresponding to the free-of-charge allocation rights acquired by Iberdrola pursuant to the purchase commitment (which Iberdrola will waive pursuant to the Shareholders’ Resolution) is a fraction, Iberdrola will also waive that number of its free-of-charge allocation rights that are required for the number of new shares ultimately issued under the Capital Increase to be a whole number and not a fraction.

2014, as such average appears in the certification issued by the Governing Company (*Sociedad Rectora*) of the Bilbao Stock Exchange on 30 June 2014, is 5.564 euros. Given that the Board of Directors has resolved, at its meeting of 29 April 2014, to apply a discount of 0 % on the referred arithmetic mean, it is not necessary to make any kind of corrections to the amount calculated in such a way.

2.2. Price of the purchase commitment

The purchase price of each free-of-charge allocation right under Iberdrola's purchase commitment, calculated in accordance with the provisions of the Shareholders' Resolution and of the resolutions of the Board of Directors of 29 April 2014, is 0.114 euros. Therefore, shareholders desiring to receive their compensation in cash may sell their free-of-charge allocation rights to Iberdrola at a gross fixed price of 0.114 euros, provided that they are legitimated as stated below.

2.3. Object of the purchase commitment

The Board of Directors of Iberdrola, at its meeting of 29 April 2014, taking into account the market conditions on that date, resolved that the purchase commitment made by the Company would be extended to every free-of-charge allocation right, regardless of whether the holders had received them from the Company for appearing legitimated in the book-entry records of "*Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal (IBERCLEAR)*" at 23:59 Madrid time on the day of publication of the notice of the implementation of the Capital Increase in the Official Bulletin of the Commercial Registry or they had subsequently acquired them in the market.

In Bilbao, on 1 July 2014.

Iberdrola, S.A.
