€150 million senior loan from European Investment Bank (EIB)

The European Investment Bank (EIB) has granted Amadeus IT Holding S.A. (Amadeus: "AMS.MC") through its subsidiary Amadeus IT Group, S.A. a €150 million senior unsecured loan, with a 9 year maturity from April 29, 2013. Amadeus IT Holding, S.A., will act as the guarantor of this loan.

The proceeds from this loan, which will be made available on May 17, 2013, will be used by Amadeus to finance the R&D investment for a variety of projects in the Distribution business line between 2013 and 2015.

The new loan from the EIB will have only one tranche with a notional value of €150 million with semester repayments after the fourth year at a fixed interest rate of 2.038% per annum.

This loan is in addition to a previous €200 million loan from the EIB to Amadeus, announced in May last year, which had a nine year maturity and was made available to finance R&D activities in the IT Solutions business line between 2012 and 2014.
