No Dealer accepts any liability in relation to the information contained or incorporated by reference in this Base Prospectus or any other information provided by the Issuer or the Guarantor in connection with the Programme.

Important information relating to the use of this Base Prospectus and Offers of the Notes generally.

This Base Prospectus does not constitute an offer to sell or the solicitation of an offer to buy any Notes in any jurisdiction to any person to whom it is unlawful to make the offer or solicitation in such jurisdiction. The distribution of this Base Prospectus and the offer or sale of Notes may be restricted by law in certain jurisdictions. The Issuer, the Guarantor and the relevant Dealer do not represent that this Base Prospectus may be lawfully distributed, or that any Notes may be lawfully offered, in compliance with any applicable registration or other requirements in any such jurisdiction, or pursuant to an exemption available thereunder, or assume any responsibility for facilitating any such distribution or offering. In particular, no action has been taken by the Issuer, the Guarantor or the relevant Dealer which is intended to permit a public offering of any Notes or distribution of this Base Prospectus in any jurisdiction where action for that purpose is required. Accordingly, no Notes may be offered or sold, directly or indirectly, and neither this Base Prospectus nor any advertisement or other offering material may be distributed or published in any jurisdiction, except under circumstances that will result in

compliance with any applicable laws and regulations. Persons into whose possession this Base Prospectus or any Notes may come must inform themselves about, and observe any such restrictions on the distribution of this Base Prospectus and the offering and sale of Notes. In particular, there are restrictions on the distribution of this Base Prospectus and the offer or sale of Notes in the United States, the European Economic Area (including Spain and Portugal); see “*Subscription and Sale and Transfer and Selling Restrictions*”.

None of the Issuer, the Guarantor nor the relevant Dealer makes any representation to any investor in the Notes regarding the legality of its investment under any applicable laws. Any investor in the Notes should be able to bear the economic risk of an investment in the Notes for an indefinite period of time.

The Base Prospectus has been prepared on the basis that, except as otherwise specified in the Final Terms, any offer of Notes in any “**Relevant Member State**” will be made pursuant to an exemption under the Prospectus Directive and pursuant to the passport regime foreseen in said Prospectus Directive, as implemented in that Relevant Member State, from the requirement to publish a prospectus for offers of Notes. Accordingly any person making or intending to make an offer in that Relevant Member State of Notes which are the subject of an offering contemplated in the Base Prospectus as completed by final terms in relation to the offer of those Notes may only do so (i) in circumstances in which no obligation arises for the Issuer, the Guarantor or the Dealer(s) to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive, in each case, in relation to such offer, or (ii) if a prospectus for such offer has been approved by the competent authority in that Relevant Member State or, where appropriate, approved in another Relevant Member State and notified to the competent authority in that Relevant Member State and (in either case) published, all in accordance with the Prospectus Directive, provided that any such prospectus has subsequently been completed by final terms which specify that offers may be made other than pursuant to Article 3(2) of the Prospectus Directive in that Relevant Member State and such offer is made in the period beginning and ending on the dates specified for such purpose in such prospectus or final terms, as applicable and the Issuer has consented in writing to its use for the purpose of such offer. Except to the extent sub-paragraph (ii) above may apply, none of the Issuer, the Guarantor or the Dealer(s) have authorised, nor do they authorise, the making of any offer of Notes in circumstances in which an obligation arises for the Issuer or the Dealer(s) to publish or supplement a prospectus for such offer.

The Base Prospectus has been prepared on the basis that Notes may be directed to any category of potential investors unless specified otherwise in the applicable Final Terms.

The Notes may not be a suitable investment for all investors. Each potential investor in the Notes must determine the suitability of that investment in light of its own circumstances. In particular, each potential investor may wish to consider, either on its own or with the help of its financial and other professional advisors, whether it:

- (a) has sufficient knowledge and experience to make a meaningful evaluation of the Notes, the merits and risks of investing in the Notes and the information contained or incorporated by reference in this Base Prospectus or any applicable Supplement to this Base Prospectus and all the information contained in the Final Terms;
- (b) has access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, an investment in the Notes and the impact the Notes will have on its overall investment portfolio;
- (c) has sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including Notes with principal or interest payable in one or more currencies, or where the specified currency for principal or interest payments of the Notes is different from the potential investor's currency;
- (d) understands thoroughly the terms of the Notes and be familiar with the behaviour of any relevant indices and financial markets;
- (e) in respect of Notes linked to the performance of, without limitation, one or more, or a combination of, underlying shares or depositary receipts, indices, rates of interest, other rates, foreign exchange rates, funds, inflation indices and/or entities (together, “**Reference Items**” and each, a “**Reference Item**”) (in respect of such Notes, together, “**Reference Item Linked Notes**” and each a “**Reference Item Linked Note**”), understands thoroughly (if necessary, in consultation with the investor's own legal, tax, accountancy, regulatory, investment or other professional advisers) the nature of each such Reference Item Linked Note; and
- (f) is able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect its investment and its ability to bear the applicable risks.

None of the Issuer, Guarantor, Dealers or any affiliate of BBVA has given, and will not give, to any potential investor in the Notes (either directly or indirectly) any assurance, advice, recommendation or guarantee as to the merits, performance or suitability of such Notes, and the investor should be aware that the Issuer is acting as an arm's-length contractual counterparty and not as an advisor or fiduciary.

In making an investment decision, investors must rely on their own examination of the Issuer and the Guarantor and the terms of the Notes being offered, including the merits and risks involved.

The Programme is rated BBB+ by Standard & Poor's Credit Market Services Europe Limited ("**S&P**") and Baa1 by Moody's Investors Services España, S.A. ("**Moody's**"). The Guarantor has been rated BBB+ by S&P on 3 April 2017, Baa1 by Moody's on 13 December 2016 and A- by Fitch Ratings España, S.A.U. ("**Fitch**") on 15 December 2016. The Issuer has been rated BBB+ by S&P on 30 November 2015. Each of S&P, Moody's and Fitch is established in the European Union and is registered under Regulation (EC) No. 1060/2009 (as amended) (the "**CRA Regulation**"). As such, each of S&P, Moody's and Fitch is included in the list of credit rating agencies published by the European Securities and Markets Authority ("**ESMA**") on its website (at <http://www.esma.europa.eu/page/List-registered-and-certified-CRAs>) in accordance with such CRA Regulation. Notes issued under the Programme may be rated or unrated. Where a Tranche of Notes is rated, such rating will be disclosed in the Final Terms and will not necessarily be the same as the rating assigned to the Programme by the relevant rating agency. A security rating is not a recommendation to buy, sell or hold securities and may be subject to suspension, reduction or withdrawal at any time by the assigning rating agency.

This Summary contains all the Elements required to be included in a summary for the Notes and the Issuer. Because some Elements are not required to be addressed, there may be gaps in the numbering sequence of the Elements. Even though an Element may be required to be inserted in a summary because of the type of securities and issuer, it is possible that no relevant information can be given regarding the Element. In this case a short description of the Element should be included in the summary explaining why it is not applicable.

Section D – Risks

Element	Title	
D.2	Key risks regarding the Issuer and the Guarantor:	In purchasing Notes, investors assume the risk that the Issuer and the Guarantor may become insolvent or otherwise be unable to make all payments due in respect of the Notes. There is a wide range of factors which individually or together could result in the Issuer and the Guarantor

SUMMARY

		<p>becoming unable to make all payments due in respect of the Notes. It is not possible to identify all such factors or to determine which factors are most likely to occur, as the Issuer and the Guarantor may not be aware of all relevant factors and certain factors which they currently deem not to be material may become material as a result of the occurrence of events outside the Issuer's and the Guarantor control.</p> <p>The Issuer and the Guarantor have identified a number of factors which could materially adversely affect their businesses and ability to make payments due under the Notes. These factors include:</p> <p>Risk Factors relating to the Issuer</p> <ul style="list-style-type: none"> • Issuer's dependence on the Guarantor to make payments on the Notes. • Certain considerations in relation to the forum upon insolvency of the Issuer. <p>Risk Factors that may affect the Guarantor's ability to fulfil its obligations under the Guarantee</p> <p>Macroeconomic Risks</p> <ul style="list-style-type: none"> • Economic conditions in the countries where the Group operates could have a material adverse effect on the Group's business, financial condition and results of operations. • Since the Group's loan portfolio is highly concentrated in Spain, adverse changes affecting the Spanish economy could have a material adverse effect on its financial condition. • Any decline in the Kingdom of Spain's sovereign credit ratings could adversely affect the Group's business, financial condition and results of operations. • The Group may be materially adversely affected by developments in the emerging markets where it operates. • The Group's earnings and financial condition have been, and its future earnings and financial condition may continue to be, materially affected by depressed asset valuations resulting from poor market conditions. • Exposure to the real estate market makes the Group vulnerable to developments in this market. <p>Legal, Regulatory and Compliance Risks</p> <ul style="list-style-type: none"> • The Group is subject to substantial regulation and regulatory and governmental oversight. Changes in the regulatory framework could have a material adverse effect on its business, results of operations and financial condition. • Increasingly onerous capital requirements may have a material adverse effect on BBVA's business, financial condition and results of operations. • The G-SIB Buffer applies to those institutions included in the list of global systemically important banks ("G-SIBs"), which is updated annually by the Financial Stability Board (the "FSB"). BBVA has been

BBVA may suffer during periods of market-wide or firm-specific liquidity constraints, and liquidity may not be available to it even if its underlying business remains strong. • Withdrawals of deposits or other sources of liquidity may make it more difficult or costly for the Group to fund its business on favourable terms or cause the Group to take other actions. • Implementation of internationally accepted liquidity ratios might require changes in business practices that affect the profitability of BBVA's business activities. • The Group's businesses are subject to inherent risks concerning borrower and counterparty credit quality which have affected and are expected to continue to affect the recoverability and value of assets on the Group's balance sheet. • The Group's business is particularly vulnerable to volatility in interest rates. • The Group has a substantial amount of commitments with personnel considered wholly unfunded due to the absence of qualifying plan assets. • BBVA is dependent on its credit ratings and any reduction of its credit ratings could materially and adversely affect the Group's business, financial condition and results of operations.

RISK FACTORS

Each of the Issuer and the Guarantor believe that the following factors may affect their ability to fulfil their obligations under Notes issued under the Programme. Most of these factors are contingencies which may or may not occur and neither of the Issuers nor the Guarantor is in a position to express a view on the likelihood of any such contingency occurring.

In addition, factors which are material for the purpose of assessing the market risks associated with Notes issued under the Programme are also described below.

Most of these factors are contingencies which may or may not occur and neither the Issuer nor the Guarantor is in a position to express a view on the likelihood of any such contingency occurring.

The Issuer and the Guarantor believe that the factors described below represent the principal risks inherent in investing in Notes issued under the Programme, but the inability of the Issuer or the Guarantor to pay interest, principal or other amounts on or otherwise perform its obligations in connection with any Notes may occur for other reasons which may not be considered significant risks by either the Issuer or the Guarantor based on information currently available to them or which they may not currently be able to anticipate. Prospective investors should also read the detailed information set out elsewhere in this Base Prospectus and reach their own views prior to making any investment decision.

Prospective investors in the Notes should consider carefully, among other things in the light of their financial circumstances and investment objectives, all of the information in this Base Prospectus and, in particular, the risk factors set forth below (which each of the Issuer and the Guarantor, in its reasonable opinion, believes represent or may represent the risk factors known to it which may affect the Issuer's and/or the Guarantor's ability to fulfil its obligations under the Notes) in making an investment decision. Noteholders may lose the value of their entire investment in certain circumstances.

The Risk Factors set out below appear under the following headings:

1. Risk Factors relating to the Issuer.
2. Risk Factors that may affect the Guarantor's ability to fulfil its obligations under the Guarantee.
3. Risk Factors relating to the Notes.
4. Risks relating to the structure of particular Notes.
5. Generic Risks Factors that are associated with Notes that are linked to Reference Item(s).
6. Risks Factors associated with Notes that are linked to one or more specific types of Reference Items.
7. Market Factors.
8. Potential Conflicts of Interest.

RISK FACTORS

1. Risk Factors relating to the Issuer

Issuer's dependence on the Guarantor to make payments on the Notes.

The Issuer is a finance vehicle established by the Guarantor for the purpose of, among others, issuing Notes and on-lending the proceeds within the Group. The Issuer is therefore dependent upon other members of the Group paying interest on and repaying their loans in a timely fashion. Should the Guarantor fail to pay interest on or repay any loan in a timely fashion this could have a material adverse effect on the ability of the Issuer to fulfil its obligations under Notes issued under the Programme.

By virtue of its dependence on other Group members, each of the risks described below that affect the Guarantor will also indirectly affect the Issuer.

Certain considerations in relation to the forum upon insolvency of the Issuer.

In the event of insolvency of the Issuer, the court having jurisdiction to open insolvency proceedings and the law applicable to those proceedings and their effects will be determined in accordance with the provisions of Council Regulation (EC) No 1346/2000, of 29th May 2000, on insolvency proceedings ("Regulation 1346/2000"), the Spanish Insolvency Law 22/2003, of 9th July 2003, as amended (the "Spanish Insolvency Law") and the Dutch Insolvency Law (faillissementswet) of 30th September 1893, as most recently amended on 13th March 2008 (the "Dutch Insolvency Law"). Pursuant to these provisions, the courts of the place where the Issuer has its centre of main interests shall have jurisdiction to open insolvency proceedings against it and the law applicable to the insolvency proceedings and their effects will be the law of the place where such proceedings are opened.

Under Regulation 1346/2000 the centre of main interests should correspond to the place where the debtor conducts the administration of its interests on a regular basis and is therefore ascertainable by third parties. In the case of a company or legal person, Regulation 1346/2000 presumes, in the absence of proof to the contrary, that the place of its registered office is the centre of its main interests. Based on this presumption a Dutch court may consider that it has jurisdiction to open insolvency proceedings against the Issuer. Notwithstanding this presumption, it is arguable that the centre of main interests of the Issuer should be considered to be located in Spain and that the Spanish courts should be the courts with jurisdiction to open insolvency proceedings against it. In addition, even if the centre of main interests of the Issuer were not in Spain, the Spanish court could still open insolvency proceedings (named territorial insolvency proceedings) if they consider that the Issuer has an establishment within the territory of Spain, the effects of which would be limited to the assets of the Issuer situated in Spain.

Noteholders should be aware that, in accordance with the above, in the case of an eventual insolvency of the Issuer, there is uncertainty as to whether the insolvency proceedings would be opened in the Netherlands or in Spain.

2. Risk Factors that may affect the Guarantor's ability to fulfil its obligations under the Guarantee

Macroeconomic Risks

Economic conditions in the countries where the Group operates could have a material adverse effect on the Group's business, financial condition and results of operations.

Despite the recent growth of the global economy uncertainty remains. The deterioration of economic conditions in the countries where the Group operates could adversely affect the cost and availability of funding for the Group, the quality of the Group's loan and investment securities portfolios and levels of deposits and profitability which may also require the Group to take impairments on its exposures to the sovereign debt of one or more countries or otherwise adversely affect the Group's business, financial condition and results of operations. In addition, the process the Group uses to estimate losses inherent in its credit exposure requires complex judgments, including forecasts of economic conditions and how these economic conditions might impair the ability of its borrowers to repay their loans. The degree of uncertainty concerning economic conditions may adversely affect the accuracy of the Group's estimates, which may, in turn, affect the reliability of the process and the sufficiency of the Group's loan loss provisions.

RISK FACTORS

The Group faces, among others, the following economic risks:

- weak economic growth or recession in the countries where it operates;
- changes in the institutional environment in the countries where it operates could evolve into sudden and intense economic and/or regulatory downturns;
- deflation, mainly in Europe, or significant inflation, such as the significant inflation recently experienced by Venezuela and Argentina;
- changes in foreign exchange rates, such as the recent local currency devaluations in Venezuela and Argentina, as they result in changes in the reported earnings of the Group's subsidiaries outside the Eurozone, and their assets, including their risk-weighted assets, and liabilities;
- a lower interest rate environment, even a prolonged period of negative interest rates in some areas where BBVA operates, which could lead to decreased lending margins and lower returns on assets; a higher interest rate environment, including as a result of an increase in interest rates by the Federal Reserve;
- any further tightening of monetary policies, including to address inflationary pressures and currency devaluations in Latin America, which could endanger a still tepid and fragile economic recovery and make it more difficult for customers of the Group's mortgage and consumer loan products to service their debts;
- adverse developments in the real estate market, especially in Spain, Mexico, the United States and Turkey, given the Group's exposures to such markets;
- poor employment growth and structural challenges restricting employment growth, such as in Spain, where unemployment has remained relatively high, which may negatively affect the household income levels of the Group's retail customers and may adversely affect the recoverability of the Group's retail loans, resulting in increased loan loss provisions;
- lower oil prices, which could particularly affect producing areas, such as Venezuela, Mexico, Texas or Colombia, to which the Group is materially exposed;
- changes in laws, regulations and policies as a result of election processes in the different geographies in which the Group operates, including Spain, the Spanish region of Catalonia and the United States, which may negatively affect the Group's business or customers in those geographies and other geographies in which the Group operates;
- the potential exit by an EU Member State from the European Monetary Union ("EMU"), which could materially adversely affect the European and global economy, cause a redenomination of financial instruments or other contractual obligations from the euro to a different currency and substantially disrupt capital, interbank, banking and other markets, among other effects;
- the possible political, economic and regulatory impacts in the United Kingdom and the European Union ("EU") derived from the outcome of the referendum held in the United Kingdom on 23rd June 2016, which resulted in a vote in favor of the United Kingdom leaving the EU. The possible impact of the United Kingdom exiting the EU could include, among other things, political instability in the United Kingdom, the EU as a whole, or countries forming part of the EU; regulatory changes in the United Kingdom and/or in the EU; economic slowdown in the United Kingdom, in the EU and/or outside the EU; deterioration of the creditworthiness of borrowers based in or related to the United Kingdom; and volatility in financial markets which could limit or condition the Issuer's or any other issuer's access to capital markets, all of which may arise regardless of the uncertainty as to the timing and duration of the exit process; and
- an eventual government default on public debt, which could affect the Group primarily in two ways: directly, through portfolio losses, and indirectly, through instabilities that a default in public debt could cause to the banking system as a whole, particularly since commercial banks' exposure to government debt is generally high in several countries in which the Group operates;

For additional information relating to certain economic risks that the Group faces in Spain, see "*–Since the Group's loan portfolio is highly concentrated in Spain, adverse changes affecting the Spanish economy could have a material adverse effect on its financial condition.*" For additional information relating to certain economic risks that the Group faces in emerging market economies such as Latin America and Turkey, see "*–The Group may be materially adversely affected by developments in the emerging markets where it operates.*"

Any of the above risks could have a material adverse effect on the Group's business, financial condition and results of operations.

RISK FACTORS

Since the Group's loan portfolio is highly concentrated in Spain, adverse changes affecting the Spanish economy could have a material adverse effect on its financial condition.

The Group has historically developed its lending business in Spain, which continues to be one of the main focuses of its business. The Group's loan portfolio in Spain has been adversely affected by the deterioration of the Spanish economy since 2009. After rapid economic growth until 2007, Spanish gross domestic product ("GDP") contracted in the period 2009-10 and 2012-13. The effects of the financial crisis were particularly pronounced in Spain given its heightened need for foreign financing as reflected by its high current account deficit, resulting from the gap between domestic investment and savings, and its public deficit. The current account imbalance has been corrected and the public deficit is in a downward trend, with GDP growth above 3 per cent. in 2015 and 2016 and unemployment falling below 20 per cent. in 2016. However, real or perceived difficulties in servicing public or private debt, triggered by foreign or domestic factors such as an increase in global financial risk or a decrease in the rate of domestic growth, could increase Spain's financing costs, hindering economic growth employment and households' gross disposable income.

The Spanish economy is particularly sensitive to economic conditions in the Eurozone, the main market for Spanish goods and services exports. Accordingly, an interruption in the recovery in the Eurozone might have an adverse effect on Spanish economic growth. Given the relevance of the Group's loan portfolio in Spain, any adverse changes affecting the Spanish economy could have a material adverse effect on the Group's business, financial condition and results of operations.

Any decline in the Kingdom of Spain's sovereign credit ratings could adversely affect the Group's business, financial condition and results of operations.

Since BBVA is a Spanish company with substantial operations in Spain, its credit ratings may be adversely affected by the assessment by rating agencies of the creditworthiness of the Kingdom of Spain. As a result, any decline in the Kingdom of Spain's sovereign credit ratings could result in a decline in BBVA's credit ratings.

In addition, the Group holds a substantial amount of securities issued by the Kingdom of Spain, autonomous communities within Spain and other Spanish issuers. Any decline in the Kingdom of Spain's credit ratings could adversely affect the value of the Kingdom of Spain's and other public or private Spanish issuers' respective securities held by the Group in its various portfolios or otherwise materially adversely affect the Group's business, financial condition and results of operations. Furthermore, the counterparties to many of the Group's loan agreements could be similarly affected by any decline in the Kingdom of Spain's credit ratings, which could limit their ability to raise additional capital or otherwise adversely affect their ability to repay their outstanding commitments to the Group and, in turn, materially and adversely affect the Group's business, financial condition and results of operations.

The Group may be materially adversely affected by developments in the emerging markets where it operates.

The economies of some of the emerging markets where the Group operates, mainly Latin America and Turkey, experienced significant volatility in recent decades, characterised, in some cases, by slow or declining growth, declining investment and hyperinflation.

Emerging markets are generally subject to greater risks than more developed markets. For example, there is typically a greater risk of loss from unfavorable political and economic developments, social and geopolitical instability, and changes in governmental policies, including expropriation, nationalisation, international ownership legislation, interest-rate caps and tax policies, and political unrest, such as the attempted coup in Turkey on 15th July 2016 and state of emergency entitling the exercise of additional powers by the Turkish government first declared on 20th July 2016. In addition, these emerging markets are affected by conditions in other related markets and in global financial markets generally and some are particularly affected by commodities price fluctuations, which in turn may affect financial market conditions through exchange rate fluctuations, interest rate volatility and deposits volatility. As a global economic recovery remains fragile, there are risks of deterioration. If the global economic conditions deteriorate, the business, financial condition, operating results and cash flows of BBVA's subsidiaries in emerging economies, mainly in Latin America and Turkey, may be materially adversely affected.

Furthermore, financial turmoil in any particular emerging market could negatively affect other emerging markets or the global economy in general. Financial turmoil in emerging markets tends to adversely affect stock prices and debt securities prices of other emerging markets as investors move their money to more stable and developed markets, and may reduce

RISK FACTORS

liquidity to companies located in the affected markets. An increase in the perceived risks associated with investing in emerging economies in general, or the emerging market economies where the Group operates in particular, could dampen capital flows to such economies and adversely affect such economies.

In addition, any changes in laws, regulations and policies pursued by the incoming U.S. Government may adversely affect the emerging markets in which the Group operates, particularly Mexico due to the trade and other ties between Mexico and the United States.

If economic conditions in the emerging market economies where the Group operates deteriorate, the Group's business, financial condition and results of operations could be materially adversely affected.

The Group's earnings and financial condition have been, and its future earnings and financial condition may continue to be, materially affected by depressed asset valuations resulting from poor market conditions.

Severe market events such as the past sovereign debt crisis, rising risk premiums and falls in share market prices, have resulted in the Group recording large write-downs on its credit market exposures in recent years. Several factors could further depress the valuation of our assets. Current political processes such as the implementation of the "Brexit" referendum for the United Kingdom to leave the European Union, the surge of populist trends in several European countries or potential changes in U.S. economic policies implemented by the new administration, could increase global financial volatility and lead to the reallocation of assets. Doubts on the asset quality of European banks have also affected their evolution in the market during 2016 and such doubts might remain in 2017. In addition, uncertainty about China's growth expectations and its policymaking capability to address certain severe future challenges has recently resulted in sudden and intense deterioration of the valuation of global assets and further increased volatility in the global financial markets. Additionally, in dislocated markets, hedging and other risk management strategies may not be as effective as they are in more normal market conditions due in part to the decreasing credit quality of hedge counterparties. Any deterioration in economic and financial market conditions could lead to further impairment charges and write-downs.

Exposure to the real estate market makes the Group vulnerable to developments in this market.

The Group has substantial exposure to the real estate market, mainly in Spain, Mexico and the United States. The Group is exposed to the real estate market due to the fact that real estate assets secure many of its outstanding loans and due to the significant amount of real estate assets held on its balance sheet. Any deterioration of real estate prices could materially and adversely affect the Group's business, financial condition and results of operations.

Legal, Regulatory and Compliance Risks

The Group is subject to substantial regulation and regulatory and governmental oversight. Changes in the regulatory framework could have a material adverse effect on its business, results of operations and financial condition.

The financial services industry is among the most highly regulated industries in the world. In response to the global financial crisis and the European sovereign debt crisis, governments, regulatory authorities and others have made and continue to make proposals to reform the regulatory framework for the financial services industry to enhance its resilience against future crises. Legislation has already been enacted and regulations issued in response to some of these proposals. The regulatory framework for financial institutions is likely to undergo further significant change. This creates significant uncertainty for the Group and the financial industry in general. The wide range of recent actions or current proposals includes, among other things, provisions for more stringent regulatory capital and liquidity standards, restrictions on compensation practices, special bank levies and financial transaction taxes, recovery and resolution powers to intervene in a crisis including "bail-in" of creditors, separation of certain businesses from deposit taking, stress testing and capital planning regimes, heightened reporting requirements and reforms of derivatives, other financial instruments, investment products and market infrastructures.

In addition, the new institutional structure in Europe for supervision, with the creation of the single supervisor, and for resolution, with the single resolution mechanism, is changing the supervisory landscape. The specific effects of a number of new laws and regulations remain uncertain because the drafting and implementation of these laws and regulations are still ongoing. In addition, since some of these laws and regulations have been recently adopted, the manner in which they are applied to the operations of financial institutions is still evolving. No assurance can be given that laws or regulations will be

RISK FACTORS

enforced or interpreted in a manner that will not have a material adverse effect on the Group's business, financial condition, results of operations and cash flows. In addition, regulatory scrutiny under existing laws and regulations has become more intense.

Furthermore, regulatory and supervisory authorities have substantial discretion in how to regulate and supervise banks, and this discretion, and the means available to regulators and supervisors, have been steadily increasing during recent years. Regulation may be imposed on an ad hoc basis by governments and regulators in response to a crisis, and these may especially affect financial institutions that are deemed to be systemically important (including institutions deemed to be of local systemic importance, domestic systemically important banks or “**D-SIBs**”, such as BBVA).

In addition, local regulations in certain jurisdictions where the Group operates differ in a number of material respects from equivalent regulations in Spain or the United States. Changes in regulations may have a material adverse effect on the Group's business, results of operations and financial condition, particularly in Mexico, the United States, Venezuela, Argentina and Turkey. Furthermore, regulatory fragmentation, with some countries implementing new and more stringent standards or regulation, could adversely affect the Group's ability to compete with financial institutions based in other jurisdictions which do not need to comply with such new standards or regulation. In addition, financial institutions which are based in other jurisdictions, including the United States, could benefit from any deregulation efforts implemented in such jurisdictions. Moreover, to the extent recently adopted regulations are implemented inconsistently in the various jurisdictions in which the Group operates, the Group may face higher compliance costs.

Any required changes to the Group's business operations resulting from the legislation and regulations applicable to such business could result in significant loss of revenue, limit the Group's ability to pursue business opportunities in which the Group might otherwise consider engaging, affect the value of assets that the Group holds, require the Group to increase its prices and therefore reduce demand for its products, impose additional costs on the Group or otherwise adversely affect the Group's businesses. For example, the Group is subject to substantial regulation relating to liquidity. Future liquidity standards could require the Group to maintain a greater proportion of its assets in highly-liquid but lower-yielding financial instruments, which would negatively affect its net interest margin. Moreover, the Group's regulators, as part of their supervisory function, periodically review the Group's allowance for loan losses. Such regulators may require the Group to increase its allowance for loan losses or to recognise further losses. Any such additional provisions for loan losses, as required by these regulatory agencies, whose views may differ from those of the Group's management, could have an adverse effect on the Group's earnings and financial condition.

Adverse regulatory developments or changes in government policy relating to any of the foregoing or other matters could have a material adverse effect on BBVA's business, results of operations and financial condition.

Increasingly onerous capital requirements may have a material adverse effect on BBVA's business, financial condition and results of operations.

As a Spanish credit institution, BBVA is subject to Directive 2013/36/EU of the European Parliament and of the Council of 26th June 2013 on access to the activity of credit institutions and the prudential supervision of credit institutions and investment firms, amending Directive 2002/87/EC and repealing Directives 2006/48/EC and 2006/49/EC (the “**CRD IV Directive**”), through which the EU began implementing the Basel III capital reforms, with effect from 1st January 2014, with certain requirements in the process of being phased in until 1st January 2019. The core regulation regarding the solvency of credit entities is Regulation (EU) No. 575/2013 of the European Parliament and of the Council of 26th June 2013 on prudential requirements for credit institutions and investment firms and amending Regulation (EU) No. 648/2012 (the “**CRR**” and together with the CRD IV Directive and any measures implementing the CRD IV Directive or the CRR which may from time to time be introduced in Spain, “**CRD IV**”), which is complemented by several binding regulatory technical standards, all of which are directly applicable in all EU Member States, without the need for national implementation measures. The implementation of CRD IV Directive into Spanish law has taken place through Royal Decree-Law 14/2013 of 29th November (“**RD-L 14/2013**”), Law 10 2014 of June 26, on the organization, supervision and solvency of credit institutions (“**Law 10/2014**”), Royal Decree 84/2015, of 13th February (“**RD 84/2015**”), Bank of Spain Circular 2/2014 of 31st January 2014 and Bank of Spain Circular 2/2016 of 2nd February (the “**Bank of Spain Circular 2/2016**”). On 23rd November 2016, the European Commission published a package of proposals with further reforms to CRD IV, Directive 2014/59/EU of May 15 establishing a framework for the recovery and resolution of credit institutions and investment firms

RISK FACTORS

(the “**BRRD**”) and Regulation (EU) No. 806/2014 of the European Parliament and the Council of the European Union (the “**SRM Regulation**”) (the “**EU Banking Reforms**”), including measures to increase the resilience of EU institutions and enhance financial stability. The timing for the final implementation of these reforms as at the date of this Base Prospectus is unclear.

CRD IV has, among other things, established minimum “Pillar 1” capital requirements and increased the level of capital required by means of a “combined buffer requirement” that entities must comply with from 2016 onwards. The “combined buffer requirement” has introduced five new capital buffers: (i) the capital conservation buffer, (ii) the global systemically important institutions buffer (the “**G-SIB buffer**”), (iii) the institution-specific countercyclical buffer, (iv) the other systemically important institutions buffer (the “**D-SIB buffer**”) and (v) the systemic risk buffer. The “combined buffer requirement” applies in addition to the minimum “Pillar 1” capital requirements and is required to be satisfied with Common Equity Tier 1 (“**CET1**”) capital.

The G-SIB buffer applies to those institutions included in the list of global systemically important banks (“G-SIBs”), which is updated annually by the Financial Stability Board (the “FSB”). BBVA has been excluded from this list with effect from 1st January 2017 and so, unless otherwise indicated by the FSB (or the Bank of Spain) in the future, it will no longer be required to maintain a G-SIB buffer.

The Bank of Spain announced on 7 November 2016 that BBVA will constitute to be considered a D-SIB, and consequently BBVA will be required to maintain during 2017 a D-SIB buffer of a CET1 capital ratio of 0.75 per cent. on a consolidated basis. The D-SIB buffer is being phased-in from 1 January 2016 to 1 January 2019, with the result that the D-SIB buffer applicable to BBVA for 2017 is a CET1 capital ratio of 0.375 per cent. on a consolidated basis.

The Bank of Spain has greater discretion in relation to the institution-specific countercyclical buffer, the buffer for D-SIBs and the systemic risk buffer (a buffer to prevent systemic or macro prudential risks). With the entry into force of the Single Supervisory Mechanism (the “**SSM**”) on 4th November 2014, the ECB also has the ability to provide certain recommendations in this respect.

The Bank of Spain agreed in December 2015 to set the countercyclical capital buffer applicable to credit exposures in Spain at 0 per cent. from 1st January 2016. These percentages are revised each quarter and, accordingly, the Bank of Spain agreed in March 2017 to maintain the countercyclical capital buffer at 0 per cent. for the second quarter of 2017.

Moreover, Article 104 of the CRD IV Directive, as implemented by Article 68 of Law 10/2014, and similarly Article 16 of Council Regulation (EU) No. 1024/2013 of October 15, 2013 conferring specific tasks on the ECB concerning policies relating to the prudential supervision of credit institutions (the “**SSM Regulation**”) also contemplates that in addition to the minimum “Pillar 1” capital requirements and the combined buffer requirements, supervisory authorities may impose (above “Pillar 1” requirements and below the combined buffer requirements) further “Pillar 2” capital requirements to cover other risks, including those not considered to be fully captured by the minimum “own funds” “Pillar 1” requirements under CRD IV or to address macro-prudential considerations.

In accordance with the SSM Regulation, the ECB has fully assumed its new supervisory responsibilities of BBVA and the Group within the SSM. The ECB is required under the SSM Framework Regulation to carry out a supervisory review and evaluation process (the “**SREP**”) of BBVA and the Group at least on an annual basis.

In addition to the above, the European Banking Authority (the “**EBA**”) published on 19th December 2014 its final guidelines for common procedures and methodologies in respect of the SREP (the “**EBA SREP Guidelines**”). Included in this were the EBA’s proposed guidelines for a common approach to determining the amount and composition of additional “Pillar 2” own funds requirements to be implemented from 1st January 2016. Under these guidelines, national supervisors should set a composition requirement for the “Pillar 2” requirements to cover certain specified risks of at least 56 per cent. CET1 capital and at least 75 per cent. Tier 1 capital, as it has also been included in the EU Banking Reforms. The guidelines also contemplate that national supervisors should not set additional own funds requirements in respect of risks which are already covered by the “combined buffer requirement” and/or additional macro-prudential requirements.

Any additional “Pillar 2” own funds requirement that may be imposed on BBVA and/or the Group by the ECB pursuant to the SREP will require BBVA and/or the Group to hold capital levels above the minimum “Pillar 1” capital requirements.

As a result of the most recent SREP carried out by the ECB in 2016, BBVA has been informed by the ECB that, effective from 1st January 2017, it is required to maintain (i) a CET1 phased-in capital ratio of 7.625 per cent. (on a consolidated

RISK FACTORS

basis) and 7.25 per cent. (on an individual basis); and (ii) a phased-in total capital ratio of 11.25 per cent. (on a consolidated basis) and 10.75 per cent. (on an individual basis).

This phased-in total capital ratio of 11.25 per cent. on a consolidated basis includes (i) the minimum CET1 capital ratio required under “Pillar 1” (4.5 per cent.); (ii) the “Pillar 1” Additional Tier 1 capital requirement (1.5 per cent.); (iii) the “Pillar 1” Tier 2 capital requirement (2 per cent.); (iv) the additional CET1 capital requirement under “Pillar 2” (1.5 per cent.); (iv) the capital conservation buffer (1.25 per cent. CET1); and (v) the D-SIBs buffer (0.375 per cent. CET1).

As of 31 December 2016, BBVA’s phased-in-total capital ratio was 15.14 per cent. on a consolidated basis and 21.83 per cent. on an individual basis. As of 30th December 2016, BBVA’s CET1 phased-in capital ratio was 12.18 per cent. on a consolidated basis and 17.56 per cent on an individual basis. Such ratios exceed the applicable regulatory requirements described above, but there can be no assurance that the total capital requirements imposed on BBVA and/or the Group from time to time may not be higher than the levels of capital available at such point in time. There can also be no assurance as to the result of any future SREP carried out by the ECB and whether this will impose any further “Pillar 2” additional own funds requirements on BBVA and/or the Group.

The EU Banking Reforms propose new requirements that capital instruments should meet in order to be considered as Additional Tier 1 instruments or Tier 2 instruments. In accordance with the EU Banking Reforms, these new requirements are not subject to a grandfathering or exemption regime for currently issued Additional Tier 1 instruments and/or Tier 2 instruments. As a result, such instruments could be subject to regulatory uncertainties on their eligibility as capital if the EU Banking Reforms are approved in the form in which they were originally published, which may lead to regulatory capital shortfalls and ultimately a breach of the applicable minimum regulatory capital requirements.

Any failure by BBVA and/or the Group to maintain its “Pillar 1” minimum regulatory capital ratios, any “Pillar 2” additional own funds requirements and/or any “combined buffer requirement” could result in administrative actions or sanctions, which, in turn, may have a material adverse effect on the Group’s results of operations. In particular, any failure to maintain any additional capital requirements pursuant to the “Pillar 2” framework or any other capital requirements to which BBVA and/or the Group is or becomes subject (including the “combined buffer requirement”), may result in the imposition of restrictions or prohibitions on “discretionary payments” by BBVA as discussed below.

According to Article 48 of Law 10/2014, Article 73 of RD 84/2015 and Rule 24 of Bank of Spain Circular 2/2016, any entity not meeting its “combined buffer requirement” is required to determine its Maximum Distributable Amount (“**MDA**”) as described therein. Until the MDA limit has been calculated and communicated to the Bank of Spain, where applicable the relevant entity will be subject to restrictions on (i) distributions relating to CET1 capital, (ii) payments in respect of variable remuneration or discretionary pension revenues and (iii) distributions relating to Additional Tier 1 instruments (“**discretionary payments**”) and, thereafter, any such discretionary payments by that entity will be subject to such MDA. Furthermore, as set forth in Article 48 of Law 10/2014, the adoption by the Bank of Spain of the measures prescribed in Articles 68.2.h) and 68.2.i) of Law 10/2014 aimed at strengthening own funds or limiting or prohibiting the distribution of dividends respectively will also restrict discretionary payments to such MDA. Pursuant to the EU Banking Reforms, MDA could also be affected by a breach of MREL (as defined below) (see “*Any failure by BBVA and/or the Group to comply with its minimum requirement for own funds and eligible liabilities (MREL) could have a material adverse effect on BBVA’s business financial condition and results of operations.*” below).

As set out in the “Opinion of the European Banking Authority on the interaction of Pillar 1, Pillar 2 and combined buffer requirements and restrictions on distributions” published on 16th December 2015 (the “**December 2015 EBA Opinion**”), in the EBA’s opinion competent authorities should ensure that the CET1 capital to be taken into account in determining the CET1 capital available to meet the “combined buffer requirement” for the purposes of the MDA calculation is limited to the amount not used to meet the “Pillar 1” and, if applicable, “Pillar 2” own funds requirements of the institution. In addition, the December 2015 EBA Opinion advises the European Commission (i) to review Article 141 of the CRD IV Directive with a view to avoiding differing interpretations of Article 141(6) and ensure greater consistency between the maximum distributable amount framework and the capital stacking order described in the opinion and in the EBA SREP Guidelines by which the “Pillar 1” and, if applicable, “Pillar 2” capital requirements represent the minimum capital to be preserved at all times by an institution and it is only the CET1 capital of that institution not used to meet its “Pillar 1” and, if applicable, “Pillar 2” requirements that is then available to meet the “combined buffer requirement” of the institution and (ii) to review the prohibition on distributions in all circumstances where an institution fails to meet the “combined buffer requirement” and no profits are made in any given year, notably insofar as it relates to Additional Tier 1 instruments. There can be no

RISK FACTORS

assurance as to how and when, binding effect will be given to the December 2015 EBA Opinion in Spain, including as to the consequences for an institution of its capital levels falling below those necessary to meet these requirements. The EU Banking Reforms propose certain amendments in order to clarify, for the purposes of restrictions on distributions, the hierarchy between the “Pillar 2” additional own funds requirements, the minimum “own funds” “Pillar 1” requirements, the own funds and eligible liabilities requirement, MREL requirements and the “combined buffer requirements” (which is referred to as “stacking order”). Furthermore, pursuant to the EU Banking Reforms, an institution would not be entitled to make distributions relating to CET 1 capital or payments in respect of variable remuneration or discretionary pension revenues, before having made the payments due on Additional Tier 1 instruments.

On 1st July 2016, the EBA published additional information explaining how supervisors intend to use the results of an EU-wide stress test for SREP in 2016 (which results were published on 29th July 2016). The EBA stated, among other things, that the incorporation of the quantitative results of the EU-wide stress test into SREP assessments may include setting additional supervisory monitoring metrics in the form of capital guidance. Such guidance will not be included in MDA calculations but competent authorities would expect banks to meet that guidance except when explicitly agreed. Competent authorities have remedial tools if an institution refuses to follow such guidance. The EU Banking Reforms also propose that a distinction be made between “Pillar 2” capital requirements and guidance, with only the former being mandatory requirements. Notwithstanding the foregoing, the EU Banking Reforms propose that supervisory authorities be entitled to impose further “Pillar 2” capital requirements where an institution repeatedly fails to follow the guidance previously imposed.

The ECB has also set out in its recommendation of 13th December 2016 on dividend distribution policies, that credit institutions should establish dividend policies using conservative and prudent assumptions in order, after any distribution, to satisfy the applicable capital requirements.

Any failure by BBVA and/or the Group to comply with its regulatory capital requirements could also result in the imposition of further “Pillar 2” requirements and the adoption of any early intervention or, ultimately, resolution measures by resolution authorities pursuant to Law 11/2015, of 18th June on the Recovery and Resolution of Credit Institutions and Investment Firms (*Ley 11/2015 de 18 de junio de recuperación y resolución de entidades de crédito y empresas de servicios de inversión*) as amended, replaced or supplemented from time to time (“**Law 11/2015**”), which, together with Royal Decree 1012/2015 of 6th November by virtue of which Law 11/2015 is developed and Royal Decree 2606/1996 of 20th December on credit entities’ deposit guarantee fund is amended (“**RD 1012/2015**”), has implemented the BRRD into Spanish law. See “—*Bail-in and write-down powers under the BRRD may adversely affect our business and the value of any securities we may issue*” below.

At its meeting of 12th January 2014, the oversight body of the Basel Committee on Banking Supervision (“**BCBS**”) endorsed the definition of the leverage ratio set forth in CRD IV, to promote consistent disclosure, which applied from 1st January 2015. There will be a mandatory minimum capital requirement on 1st January 2018, with an initial minimum leverage ratio of 3 per cent. that can be raised after calibration. The proposed revisions to the design and calibration of the leverage ratio were set out in the BCBS April 2016 consultation paper entitled “Revisions to the Basel III leverage ratio framework”. The consultation period ended on 6th July 2016, and BCBS shall finalise the calibration of the leverage ratio for it to be implemented by 1st January 2018. The EU Banking Reforms propose a binding leverage ratio requirement of 3 per cent. of Tier 1 capital that is added to an institution’s own funds requirements and that an institution must meet in addition to its risk based requirements.

Basel III implementation differs across jurisdictions in terms of timing and applicable rules. This lack of uniformity among implemented rules may lead to an uneven playing field and to competition distortions. Moreover, the lack of regulatory coordination, with some countries bringing forward the application of Basel III requirements or increasing such requirements, could adversely affect a bank with global operations such as BBVA and could undermine its profitability.

There can be no assurance that the implementation of the above capital requirements will not adversely affect BBVA’s ability to pay “discretionary payments” or result in the cancellation of such payments (in whole or in part), or require BBVA to issue additional securities that qualify as regulatory capital, to liquidate assets, to curtail business or to take any other actions, any of which may have adverse effects on BBVA’s business, financial condition and results of operations. Furthermore, increased capital requirements may negatively affect BBVA’s return on equity and other financial performance indicators.

RISK FACTORS

Bail-in and write-down powers under the BRRD may adversely affect BBVA's business and the value of any Notes it may issue

The BRRD (which has been implemented in Spain through Law 11/2015 and RD 1012/2015) is designed to provide authorities with a credible set of tools to intervene sufficiently early and quickly in unsound or failing credit institutions or investment firms (each, an “**institution**”) so as to ensure the continuity of the institution’s critical financial and economic functions, while minimising the impact of an institution’s failure on the economy and financial system. The BRRD further provides that any extraordinary public financial support through additional financial stabilisation tools is only to be used by a Member State as a last resort, after having assessed and exploited the below resolution tools to the maximum extent possible while maintaining financial stability.

In accordance with Article 20 of Law 11/2015, an institution will be considered as failing or likely to fail in any of the following circumstances: (i) it is, or is likely in the near future to be, in significant breach of its solvency or any other requirements necessary for maintaining its authorisation; (ii) its assets are, or are likely in the near future to be, less than its liabilities; (iii) it is, or is likely in the near future to be, unable to pay its debts as they fall due; or (iv) it requires extraordinary public financial support (except in limited circumstances). The determination that an institution is no longer viable may depend on a number of factors which may be outside of that institution’s control.

As provided in the BRRD, Law 11/2015 contains four resolution tools and powers which may be used alone or in combination where the Fund for Orderly Bank Restructuring (*Fondo de Reestructuración Ordenada Bancaria*) (the “**FROB**”), the Single Resolution Mechanism (“**SRM**”) or, as the case may be and according to Law 11/2015, the Bank of Spain or the Spanish Securities Market Commission or any other entity with the authority to exercise any such tools and powers from time to time (each, a “**Relevant Spanish Resolution Authority**”) as appropriate, considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe and (c) a resolution action is in the public interest. The four resolution tools are (i) sale of business, which enables resolution authorities to direct the sale of the institution or the whole or part of its business on commercial terms; (ii) bridge institution, which enables resolution authorities to transfer all or part of the business of the institution to a “bridge institution” (an entity created for this purpose that is wholly or partially in public control), which may limit the capacity of the institution to meet its repayment obligations; (iii) asset separation, which enables resolution authorities to transfer impaired or problem assets to one or more asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in, by which the Relevant Spanish Resolution Authority may exercise the Spanish Bail-in Power (as defined below). This includes the ability of the Relevant Spanish Resolution Authority to write down and/or convert into equity or other securities or obligations (which equity, securities and obligations could also be subject to any future application of the Spanish Bail-in Power) any obligation of an institution.

The “**Spanish Bail-in Power**” is any write-down, conversion, transfer, modification or suspension power existing from time to time under, and exercised in compliance with, any laws, regulations, rules or requirements in effect in Spain, relating to the transposition of the BRRD, as amended from time to time, including but not limited to (i) Law 11/2015, as amended from time to time; (ii) RD 1012/2015, as amended from time to time; (iii) the SRM Regulation, as amended from time to time; and (iv) any other instruments, rules or standards made in connection with either (i), (ii) or (iii), pursuant to which any obligation of an institution can be reduced (which may result in the reduction of the relevant claim to zero), cancelled, modified, transferred or converted into shares, other securities, or other obligations of such institution or any other person (or suspended for a temporary period).

In accordance with Article 48 of Law 11/2015 (and subject to any exclusions that may be applied by the Relevant Spanish Resolution Authority under Article 43 of Law 11/2015), in the case of any application of the Spanish Bail-in Power, the sequence of any resulting write-down or conversion by the Relevant Spanish Resolution Authority shall be in the following order: (i) CET1 instruments; (ii) Additional Tier 1 instruments; (iii) Tier 2 instruments; (iv) other subordinated claims that do not qualify as Additional Tier 1 capital or Tier 2 capital; and (v) the eligible senior claims prescribed in Article 41 of Law 11/2015.

In addition to the Spanish Bail-in Power, the BRRD and Law 11/2015 provide for resolution authorities to have the further power to permanently write-down or convert into equity capital instruments at the point of non-viability (“**Non-Viability Loss Absorption**”) of an institution or a group. The point of non-viability of an institution is the point at which the Relevant Spanish Resolution Authority determines that the institution meets the conditions for resolution or will no longer be viable

RISK FACTORS

unless the relevant capital instruments are written down or converted into equity or extraordinary public support is to be provided and without such support the Relevant Spanish Resolution Authority determines that the institution would no longer be viable. The point of non-viability of a group is the point at which the group infringes or there are objective elements to support a determination that the group, in the near future, will infringe its consolidated solvency requirements in a way that would justify action by the Relevant Spanish Resolution Authority in accordance with article 38.3 of Law 11/2015. Non-Viability Loss Absorption may be imposed prior to or in combination with any exercise of the Spanish Bail-in Power or any other resolution tool or power (where the conditions for resolution referred to above are met).

Any application of the Spanish Bail-in Power or Non-Viability Loss Absorption under the BRRD shall be in accordance with the hierarchy of claims in normal insolvency proceedings (unless otherwise provided by the laws, regulations, requirements, guidelines and policies relating to capital adequacy, resolution and/or solvency then applicable to the Bank and/or the Group, including, without limitation to the generality of the foregoing, CRD IV, the BRRD and those regulations, requirements, guidelines and policies relating to capital adequacy, resolution and/or solvency then in effect in Spain (whether or not such requirements, guidelines or policies have the force of law and whether or not they are applied generally or specifically to the Bank and/or the Group)).

To the extent that any resulting treatment of a holder of BBVA's securities pursuant to the exercise of the Spanish Bail-in Power or Non-Viability Loss Absorption is less favourable than would have been the case under such hierarchy in normal insolvency proceedings, a holder of such affected securities would have a right to compensation under the BRRD based on an independent valuation of the institution. Any such compensation is unlikely to compensate that holder for the losses it has actually incurred and there is likely to be a considerable delay in the recovery of such compensation. Compensation payments (if any) are also likely to be made considerably later than when amounts may otherwise have been due under the affected securities.

The powers set out in the BRRD as implemented through Law 11/2015 and RD 1012/2015 impact how credit institutions and investment firms are managed, as well as, in certain circumstances, the rights of creditors. Pursuant to Law 11/2015, holders of, among others, unsecured debt securities, subordinated obligations and shares issued by us may be subject to, among other things, a write-down and/or conversion into equity or other securities or obligations on any application of the Spanish Bail-in Power and in the case of capital instruments may also be subject to any Non-Viability Loss Absorption. The exercise of any such powers (or any of the other resolution powers and tools) may result in such holders of such securities losing some or all of their investment or otherwise having their rights under such securities adversely affected. Such exercise could also involve modifications to, or the disapplication of, provisions in the terms and conditions of certain securities including alteration of the principal amount or any interest payable on debt instruments, the maturity date or any other dates on which payments may be due, as well as the suspension of payments for a certain period. As a result, the exercise of the Spanish Bail-in Power or, where applicable, the Non-Viability Loss Absorption with respect to such securities or the taking by an authority of any other action, or any suggestion that the exercise or taking of any such action may happen, could materially adversely affect the rights of holders of such securities, the market price or value or trading behavior of BBVA's securities and/or the ability of BBVA to satisfy its obligations under any such securities.

The exercise of the Spanish Bail-in Power and/or Non-Viability Loss Absorption by the Relevant Spanish Resolution Authority is likely to be inherently unpredictable and may depend on a number of factors which may also be outside of BBVA's control. In addition, as the Relevant Spanish Resolution Authority will retain an element of discretion, holders of such securities may not be able to refer to publicly available criteria in order to anticipate any potential exercise of any such Spanish Bail-in Power and/or Non-Viability Loss Absorption. Because of this inherent uncertainty, it will be difficult to predict when, if at all, the exercise of any such powers by the Relevant Spanish Resolution Authority may occur.

This uncertainty may adversely affect the value of the unsecured debt securities, subordinated obligations and shares issued by BBVA. The price and trading behavior of such securities may be affected by the threat of a possible exercise of any power under Law 11/2015 (including any early intervention measure before any resolution) or any suggestion of such exercise, even if the likelihood of such exercise is remote. Moreover, the Relevant Spanish Resolution Authority may exercise any such powers without providing any advance notice to the holders of affected securities.

In addition, the EBA's preparation of certain regulatory technical standards and implementing technical standards to be adopted by the European Commission and certain other guidelines is pending. These acts could be potentially relevant to determining when or how a Relevant Spanish Resolution Authority may exercise the Spanish Bail-in Power. The pending acts include guidelines on the treatment of shareholders in bail-in or the write-down and conversion of capital instruments,

RISK FACTORS

and on the rate of conversion of debt to equity or other securities or obligations in any bail-in. No assurance can be given that, once adopted, these standards will not be detrimental to the rights under, and the value of unsecured debt securities, subordinated obligations and shares issued by BBVA.

Any failure by BBVA and/or the Group to comply with its minimum requirement for own funds and eligible liabilities (MREL) could have a material adverse effect on BBVA's business, financial condition and results of operations

The BRRD prescribes that banks shall hold a minimum level of own funds and eligible liabilities in relation to total liabilities (“**MREL**”). According to Commission Delegated Regulation (EU) 2016/1450 of May 23, 2016 (the “**MREL Delegated Regulation**”), the level of own funds and eligible liabilities required under MREL will be set by the resolution authority for each bank (and/or group) based on, among other things, the criteria set forth in Article 45.6 of the BRRD, including the systemic importance of the institution. Eligible liabilities may be senior or subordinated, provided that, among other requirements, they have a remaining maturity of at least one year and, if governed by a non-EU law, they must be able to be written down or converted by the resolution authority of a Member State under that law (or through contractual provisions).

The MREL requirement came into force on 1st January 2016. However, the EBA has recognised the impact which this requirement may have on banks' funding structures and costs, and the MREL Delegated Regulation states that the resolution authorities shall determine an appropriate transitional period but that this shall be as short as possible. As part of the EU Banking Reforms, the European Commission published on 23rd November 2016 a Proposal for a Directive of the European Parliament and the Council on amendments to the BRRD as regards the ranking of unsecured debt instruments in the insolvency hierarchy (the “**MREL Proposal**”). The MREL Proposal proposes to harmonise national laws on recovery and resolution of credit institutions and investment firms, in particular as regards their loss-absorbency and recapitalisation capacity in resolution, and proposes the creation of a new asset class of “non-preferred” senior debt that should only be bailed-in after other capital instruments but before other senior liabilities. The MREL Proposal anticipates that Member States will transpose the proposed amendments into the BRRD in their national laws by approximately June 2017 and that banks to which the amendments apply will have to comply with the amended rules by approximately July 2017.

The EU Banking Reforms establish the new conditions that would need to be met by an instrument so that it can be considered as an eligible liability and which would then be used to comply with MREL requirements. In addition, the EU Banking Reforms establish some exemptions which could allow outstanding senior debt instruments to be used to comply with MREL requirements. However, there is uncertainty regarding the final form of the EU Banking Reforms insofar as such eligibility is concerned and how those regulations and exemptions are to be interpreted and applied. This uncertainty may impact upon the ability of BBVA to comply with its MREL requirements (at both individual and consolidated levels) on due date.

On 9th November 2015, the FSB published its final Total Loss-Absorbing Capacity (“**TLAC**”) Principles and Term Sheet (the “**TLAC Principles and Term Sheet**”), proposing that G-SIBs maintain significant minimum amounts of liabilities that are subordinated (by law, contract or structurally) to certain prior-ranking liabilities, such as guaranteed insured deposits, and forming a new standard for G-SIBs. The TLAC Principles and Term Sheet contain a set of principles on loss-absorbing and recapitalisation capacity of G-SIBs in resolution and a term sheet for the implementation of these principles in the form of an internationally agreed standard. The FSB will undertake a review of the technical implementation of the TLAC Principles and Term Sheet by the end of 2019. The TLAC Principles and Term Sheet require a minimum TLAC requirement to be determined individually for each G-SIB at the greater of (a) 16 per cent. of risk-weighted assets as of 1st January 2019 and 18 per cent. as of January 1, 2022, and (b) 6 per cent. of the Basel III Tier 1 leverage ratio exposure measured as of January 1, 2019, and 6.75 per cent. as of 1st January 2022. BBVA is no longer classified as a G-SIB by the FSB with effect from 1st January 2017. However, if BBVA were to be so classified in the future or if TLAC requirements as set out below are adopted and implemented in Spain and extended to non-G-SIBs through the imposition of similar MREL requirements, then this could create additional minimum requirements for the BBVA.

In this regard, the EBA submitted on 14th December 2016 a final report on the implementation and design of the MREL framework (the “**EBA MREL Report**”), which contains a number of recommendations to amend the current MREL framework. Additionally, the EU Banking Reforms contain the legislative proposal of the European Commission for the amendment of the MREL framework and the implementation of the TLAC standards. The EU Banking Reforms propose the amendment of a number of aspects of the MREL framework to align it with the TLAC standards included in the TLAC Principles and Term Sheet. To maintain coherence between the MREL rules applicable to G-SIBs and those applicable to non-G-SIBs, the EU Banking Reforms also propose a number of changes to the MREL rules applicable to non-G-SIBs.

RISK FACTORS

While the EU Banking Reforms propose for a minimum harmonised or “Pillar 1” MREL requirement for G-SIBs, in the case of non-G-SIBs, it is proposed that MREL requirements will be imposed on a bank-specific basis. For G-SIBs, it is also proposed that a supplementary or “Pillar 2” MREL requirement may be further imposed on a bank-specific basis. The EU Banking Reforms further provide for the resolution authorities to give guidance to an institution to have own funds and eligible liabilities in excess of the requisite levels for certain purposes.

If the Relevant Spanish Resolution Authority finds that there could exist any obstacles to resolvability by BBVA and/or the Group, a higher MREL requirement could be imposed.

Neither the BRRD nor the MREL Delegated Regulation provides details on the implications of a failure by an institution to comply with its MREL requirement. However, the EU Banking Reforms propose that this be addressed by the relevant authorities on the basis of their powers to address or remove impediments to resolution, the exercise of their supervisory powers under the CRD IV Directive, early intervention measures, and administrative penalties and other administrative measures.

Furthermore, in accordance with the EBA MREL Report, the EBA recommends that resolution authorities and competent authorities should engage in active monitoring of compliance with their respective requirements and considers that (i) the powers of resolution authorities to respond to a breach of MREL should be enhanced (which would require resolution authorities to be given the power to require the preparation and execution of an MREL restoration plan, to use their powers to address impediments to resolvability, to request that distribution restrictions be imposed on an institution by a competent authority and to request a joint restoration plan in cases where an institution breaches both MREL and minimum capital requirements); (ii) competent authorities should also respond to breaches of minimum capital requirements and MREL; (iii) resolution authorities should assume a lead role in responding to a failure to issue or roll over MREL-eligible debt leading to a breach of MREL; (iv) if there are both losses and a failure to roll over or issue MREL-eligible debt, both the relevant resolution authority and relevant competent authority should attempt to agree on a joint restoration plan (provided that both authorities believe that the institution is not failing or likely to fail); and (v) resolution and competent authorities should closely cooperate and coordinate. The EU Banking Reforms also provide for resolution and competent authorities to consult each other in the exercise of their respective powers in relation to any breaches of MREL. In addition, under the EBA Guidelines on triggers for use of early intervention measures of 8th May 2015 a significant deterioration in the amount of eligible liabilities and own funds held by an institution for the purposes of meeting its MREL requirements may put an institution in a situation where conditions for early intervention are met, which may result in the application by the competent authority of early intervention measures.

Further, as outlined in the EBA MREL Report, the EBA’s recommendation is that an institution will not be able to use the same CET 1 capital to meet both MREL and the combined buffer requirements. In addition, the EU Banking Reforms provide that, in the case of the own funds of an institution that may otherwise contribute to the combined buffer requirement where there is any shortfall in MREL, this will be considered as a failure to meet the combined buffer requirement such that those own funds will automatically be used instead to meet that institution’s MREL requirement and will no longer count towards its combined buffer requirement. Accordingly, this could trigger a limit on discretionary payments (see “— Increasingly onerous capital requirements may have a material adverse effect on BBVA’s business, financial condition and *results of operations*”). Additionally, if the Relevant Spanish Resolution Authority finds that there could exist any obstacles to resolvability by BBVA and/or the Group, a higher MREL requirement could be imposed.

Moreover, with respect to the EU Banking Reforms, there are uncertainties concerning how the subsidiaries of the Group would be treated for purposes of determining the resolution group of BBVA and the applicable MREL requirements, which may lead to a situation where the consolidated MREL requirements of BBVA would not fully reflect its multiple-point-of-entry resolution strategy.

Any failure by BBVA and/or the Group to comply with its MREL requirements may have a material adverse effect on BBVA’s business, financial conditions and results of operations and could result in the imposition of restriction or prohibition on discretionary payments by BBVA, including the payments of dividends and distributions relating to Additional Tier 1 instruments. There can also be no assurance as to the relationship between the “Pillar 2” additional own funds requirements, the “combined buffer requirement”, the MREL requirements once implemented in Spain and the restrictions or prohibitions on discretionary payments.

RISK FACTORS

Increased taxation and other burdens imposed on the financial sector may have a material adverse effect on BBVA's business, financial condition and results of operations.

On 14th February 2013 the European Commission published a proposal (the “**Commission’s Proposal**”) for a Directive for a common financial transaction tax (“**FTT**”) in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”). However, Estonia has since stated that it will not participate.

The Commission’s Proposal has very broad scope and could, if introduced, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt. Under the Commission’s Proposal, the FTT could apply in certain circumstances to persons both within and outside the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation among the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate and participating Member States may decide not to participate.

Royal Decree-Law 8/2014, of 4th July, introduced a 0.03 per cent. tax on bank deposits in Spain. This tax is payable annually by Spanish banks. There can be no assurance that additional national or transnational bank levies or financial transaction taxes will not be adopted by the authorities of the jurisdictions where BBVA operates.

Contributions for assisting in the future recovery and resolution of the Spanish banking sector may have a material adverse effect on BBVA's business, financial condition and results of operations.

In 2015, Law 11/2015 and RD 1012/2015 established a requirement for Spanish credit institutions, including BBVA, to make at least an annual ordinary contribution to the National Resolution Fund (Fondo de Resolución Nacional), payable on request of the FROB. The total amount of contributions to be made to the National Resolution Fund by all Spanish banking entities must equal at least 1 per cent. of the aggregate amount of all deposits guaranteed by the Deposit Guarantee Fund by 31st December 2024. The contribution will be adjusted to the risk profile of each institution in accordance with the criteria set out in RD 1012/2015. The FROB may, in addition, collect extraordinary contributions.

Furthermore, Law 11/2015 also established in 2015 an additional charge (tasa) which shall be used to further fund the activities of the FROB, in its capacity as a resolution authority, which charge shall equal 2.5 per cent. of the above annual ordinary contribution to be made to the National Resolution Fund.

In addition, since 2016, BBVA has been required to make contributions directly to the EU Single Resolution Fund, once the National Resolution Fund has been integrated into it, have to pay supervisory fees to the SSM and the SRM. See “—*Regulatory developments related to the EU fiscal and banking union may have a material adverse effect on BBVA's business, financial condition and results of operations*”.

Any levies, taxes or funding requirements imposed on BBVA pursuant to the foregoing or otherwise in any of the jurisdictions where it operates could have a material adverse effect on BBVA's business, financial condition and results of operations.

Regulatory developments related to the EU fiscal and banking union may have a material adverse effect on BBVA's business, financial condition and results of operations

The project of achieving a European banking union was launched in the summer of 2012. Its main goal is to resume progress towards the European single market for financial services by restoring confidence in the European banking sector and ensuring the proper functioning of monetary policy in the Eurozone.

Banking union is expected to be achieved through new harmonised banking rules (the single rulebook) and a new institutional framework with stronger systems for both banking supervision and resolution that will be managed at the European level. Its two main pillars are the SSM and the Single Resolution Mechanism (“**SRM**”).

RISK FACTORS

The SSM is intended to assist in making the banking sector more transparent, unified and safer. In accordance with the SSM Framework Regulation, the ECB fully assumed its new supervisory responsibilities within the SSM, in particular the direct supervision of the largest European banks (including the BBVA), on 4th November 2014.

The SSM represents a significant change in the approach to bank supervision at a European and global level, even if it is not expected to result in any radical change in bank supervisory practices in the short term. The SSM has resulted in the direct supervision by the ECB of the largest financial institutions, including BBVA, and indirect supervision of around 3,500 financial institutions. The new supervisor is one of the largest in the world in terms of assets under supervision. In the coming years, the SSM is expected to work to establish a new supervisory culture importing best practices from the 19 supervisory authorities that form part of the SSM. Several steps have already been taken in this regard such as the publication of the Supervisory Guidelines and the creation of the SSM Framework Regulation. In addition, the SSM represents an extra cost for the financial institutions that fund it through payment of supervisory fees.

The other main pillar of the EU banking union is the SRM, the main purpose of which is to ensure a prompt and coherent resolution of failing banks in Europe at minimum cost. The SRM Regulation, which was passed on 15th July 2014, and took legal effect from 1st January 2015, establishes uniform rules and a uniform procedure for the resolution of credit institutions and certain investment firms in the framework of the SRM and a Single Resolution Fund. The new Single Resolution Board started operating from 1st January 2015 and fully assumed its resolution powers on 1st January 2016. The Single Resolution Fund has also been in place since 1st January 2016, funded by contributions from European banks in accordance with the methodology approved by the Council of the European Union. The Single Resolution Fund is intended to reach a total amount of €5 billion by 2024 and to be used as a separate backstop only after an 8 per cent. bail-in of a bank's total liabilities including own funds has been applied to cover capital shortfalls (in line with the BRRD).

By allowing for the consistent application of EU banking rules through the SSM, the banking union is expected to help resume momentum toward economic and monetary union. In order to complete such union, a single deposit guarantee scheme is still needed, which may require a change to the existing European treaties. This is the subject of continued negotiation by European leaders to ensure further progress is made in European fiscal, economic and political integration.

Regulations adopted towards achieving a banking and/or fiscal union in the EU and decisions adopted by the ECB in its capacity as BBVA's main supervisory authority may have a material effect on BBVA's business, financial condition and results of operations. In particular, the BRRD and Directive 2014/49/EU of the European Parliament and the Council of 16th April 2014 on deposit guarantee schemes were published in the Official Journal of the EU on 12th June 2014. The BRRD was implemented into Spanish law through Law 11/2015 and RD 1012/2015.

In addition, on 29th January 2014, the European Commission released its proposal on the structural reforms of the European banking sector which will impose new constraints on the structure of European banks. The proposal is aimed at ensuring the harmonisation between the divergent national initiatives in Europe. It includes a prohibition on proprietary trading similar to that contained in Section 619 of the Dodd-Frank Act (also known as the Volcker Rule) and a mechanism to potentially require the separation of trading activities (including market making), such as in the Financial Services (Banking Reform) Act 2013, complex securitisations and risky derivatives.

There can be no assurance that regulatory developments related to the EU fiscal and banking union, and initiatives undertaken at the EU level, will not have a material adverse effect on BBVA's business, financial condition and results of operations.

The Group's anti-money laundering and anti-terrorism policies may be circumvented or otherwise not be sufficient to prevent all money laundering or terrorism financing.

Group companies are subject to rules and regulations regarding money laundering and the financing of terrorism. Monitoring compliance with anti-money laundering and anti-terrorism financing rules can put a significant financial burden on banks and other financial institutions and pose significant technical problems. Although the Group believes that its current policies and procedures are sufficient to comply with applicable rules and regulations, it cannot guarantee that its anti-money laundering and anti-terrorism financing policies and procedures will not be circumvented or otherwise not be sufficient to prevent all money laundering or terrorism financing. Any of such events may have severe consequences, including sanctions, fines and notably reputational consequences, which could have a material adverse effect on the Group's financial condition and results of operations.

RISK FACTORS

The Group is exposed to risks in relation to compliance with anti-corruption laws and regulations and economic sanctions programmes.

The Group is required to comply with the laws and regulations of various jurisdictions where it conducts operations. In particular, its operations are subject to various anti-corruption laws, including the U.S. Foreign Corrupt Practices Act of 1977 and the United Kingdom Bribery Act of 2010, and economic sanction programmes, including those administered by the United Nations, the EU and the United States, including the U.S. Treasury Department's Office of Foreign Assets Control. The anti-corruption laws generally prohibit providing anything of value to government officials for the purposes of obtaining or retaining business or securing any improper business advantage. As part of BBVA's business, BBVA may deal with entities the employees of which are considered government officials. In addition, economic sanctions programs restrict BBVA's business dealings with certain sanctioned countries, individuals and entities.

Although BBVA has internal policies and procedures designed to ensure compliance with applicable anti-corruption laws and sanctions regulations, there can be no assurance that such policies and procedures will be sufficient or that its employees, directors, officers, partners, agents and service providers will not take actions in violation of the Group's policies and procedures (or otherwise in violation of the relevant anti-corruption laws and sanctions regulations) for which it or they may be ultimately held responsible. Violations of anti-corruption laws and sanctions regulations could lead to financial penalties being imposed on BBVA, limits being placed on BBVA's activities, BBVA's authorisations and licenses being revoked, damage to BBVA's reputation and other consequences that could have a material adverse effect on BBVA's business, results of operations and financial condition. Further, litigation or investigations relating to alleged or suspected violations of anti-corruption laws and sanctions regulations could be costly.

Local regulation may have a material effect on BBVA's business, financial condition, results of operations and cash flows.

BBVA's operations are subject to regulatory risks, including the effects of changes in laws, regulations, policies and interpretations, in the various jurisdictions outside Spain where it operates. Regulations in certain jurisdictions where BBVA operates differ in a number of material respects from equivalent regulations in Spain. For example, local regulations may require BBVA's subsidiaries and affiliates to meet capital requirements that are different from those applicable to BBVA as a Spanish bank, they may prohibit certain activities permitted to be undertaken by BBVA in Spain or they may require certain approvals to be obtained in connection with such subsidiaries and affiliates' activities. Changes in regulations may have a material effect on the Group's business and operations, particularly changes affecting Mexico, the United States, Venezuela, Argentina or Turkey, which are the Group's most significant jurisdictions by assets other than Spain.

Furthermore, the governments in certain regions where the Group operates, have exercised, and continue to exercise, significant influence over the local economy. Governmental actions, including changes in laws or regulations or in the interpretation of existing laws or regulations, concerning the economy and state-owned enterprises, or otherwise affecting the Group's activity, could have a significant effect on the private sector entities in general and on BBVA's subsidiaries and affiliates in particular. In addition, the Group's activities in emerging economies, such as Venezuela, are subject to a heightened risk of changes in governmental policies, including expropriation, nationalisation, international ownership legislation, interest-rate caps, exchange controls, government restrictions on dividends and tax policies. Any of these risks could have a material adverse effect on the Group's business, financial condition and results of operations.

Liquidity and Financial Risks

BBVA has a continuous demand for liquidity to fund its business activities. BBVA may suffer during periods of market-wide or firm-specific liquidity constraints, and liquidity may not be available to it even if its underlying business remains strong.

Liquidity and funding continue to remain a key area of focus for the Group and the industry as a whole. Like all major banks, the Group is dependent on confidence in the short- and long-term wholesale funding markets. Should the Group, due to exceptional circumstances or otherwise, be unable to continue to source sustainable funding, its ability to fund its financial obligations could be affected.

BBVA's profitability or solvency could be adversely affected if access to liquidity and funding is constrained or made more expensive for a prolonged period of time. Under extreme and unforeseen circumstances, such as the closure of financial

RISK FACTORS

markets and uncertainty as to the ability of a significant number of firms to ensure they can meet their liabilities as they fall due, the Group's ability to meet its financial obligations as they fall due or to fulfill its commitments to lend could be affected through limited access to liquidity (including government and central bank facilities). In such extreme circumstances the Group may not be in a position to continue to operate without additional funding support, which it may be unable to access. These factors may have a material adverse effect on the Group's solvency, including its ability to meet its regulatory minimum liquidity requirements. These risks can be exacerbated by operational factors such as an over-reliance on a particular source of funding or changes in credit ratings, as well as market-wide phenomena such as market dislocation, regulatory change or major disasters.

In addition, corporate and institutional counterparties may seek to reduce aggregate credit exposures to BBVA (or to all banks), which could increase the Group's cost of funding and limit its access to liquidity. The funding structure employed by the Group may also prove to be inefficient, thus giving rise to a level of funding cost where the cumulative costs are not sustainable over the longer term. The funding needs of the Group may increase and such increases may be material to the Group's business, financial condition and results of operations.

Withdrawals of deposits or other sources of liquidity may make it more difficult or costly for the Group to fund its business on favourable terms or cause the Group to take other actions.

Historically, one of the Group's principal sources of funds has been savings and demand deposits. Large-denomination time deposits may, under some circumstances, such as during periods of significant interest rate-based competition for these types of deposits, be a less stable source of deposits than savings and demand deposits. The level of wholesale and retail deposits may also fluctuate due to other factors outside the Group's control, such as a loss of confidence (including as a result of political initiatives, including bail-in and/or confiscation and/or taxation of creditors' funds) or competition from investment funds or other products. The recent introduction of a national tax on outstanding deposits could be negative for BBVA's activities in Spain. Moreover, there can be no assurance that, in the event of a sudden or unexpected withdrawal of deposits or shortage of funds in the banking systems or money markets in which the Group operates, the Group will be able to maintain its current levels of funding without incurring higher funding costs or having to liquidate certain of its assets. In addition, if public sources of liquidity, such as the ECB extraordinary measures adopted in response to the financial crisis since 2008, are removed from the market, there can be no assurance that the Group will be able to maintain its current levels of funding without incurring higher funding costs or having to liquidate certain of its assets or taking additional deleverage measures.

Implementation of internationally accepted liquidity ratios might require changes in business practices that affect the profitability of BBVA's business activities.

The liquidity coverage ratio ("LCR") is a quantitative liquidity standard developed by the BCBS to ensure that those banking organisations to which this standard is to apply have sufficient high-quality liquid assets to cover expected net cash outflows over a 30-day liquidity stress period. The final standard was announced in January 2013 by the BCBS and, since January 2015, is being phased-in until 2019. Currently the banks to which this standard applies must comply with a minimum LCR requirement of 70 per cent. and gradually increase the ratio by 10 percentage points per year to reach 100 per cent. by January 2019.

The BCBS's net stable funding ratio ("NSFR") has a time horizon of one year and has been developed to provide a sustainable maturity structure of assets and liabilities such that banks maintain a stable funding profile in relation to their on- and off-balance sheet activities that reduces the likelihood that disruptions to a bank's regular sources of funding will erode its liquidity position in a way that could increase the risk of its failure. The BCBS contemplates that the NSFR, including any revisions, will be implemented by member countries as a minimum standard by 1st January 2018, with no phase-in scheduled. The EU Banking Reforms propose the introduction of a harmonised binding requirement for the NSFR across the EU that will apply two years after the date of entry into force of the amending regulation at a level of 100 per cent.

Various elements of the LCR and the NSFR, as they are implemented by national banking regulators and complied with by BBVA, may cause changes that affect the profitability of business activities and require changes to certain business practices, which could expose BBVA to additional costs (including increased compliance costs) or have a material adverse effect on BBVA's business, financial condition or results of operations. These changes may also cause BBVA to invest significant management attention and resources to make any necessary changes.

RISK FACTORS

The Group's businesses are subject to inherent risks concerning borrower and counterparty credit quality which have affected and are expected to continue to affect the recoverability and value of assets on the Group's balance sheet.

The Group has exposures to many different products, counterparties and obligors and the credit quality of its exposures can have a significant effect on the Group's earnings. Adverse changes in the credit quality of the Group's borrowers and counterparties or collateral, or in their behavior or businesses, may reduce the value of the Group's assets, and materially increase the Group's write-downs and provisions for impairment losses. Credit risk can be affected by a range of factors, including an adverse economic environment, reduced consumer and/or government spending, global economic slowdown, changes in the rating of individual counterparties, the debt levels of individual contractual counterparties and the economic environment they operate in, increased unemployment, reduced asset values, increased personal or corporate insolvency levels, reduced corporate profits, changes (and the timing, quantum and pace of these changes) in interest rates, counterparty challenges to the interpretation or validity of contractual arrangements and any external factors of a legislative or regulatory nature. In recent years, the global economic crisis has driven cyclically high bad debt charges.

Non-performing or low credit quality loans have in the past and can continue to negatively affect BBVA's results of operations. BBVA cannot assure that it will be able to effectively control the level of the impaired loans in its total loan portfolio. At present, default rates are partly cushioned by low rates of interest which have improved customer affordability, but the risk remains of increased default rates as interest rates start to rise. The timing quantum and pace of any rise is a key risk factor. All new lending is dependent on the Group's assessment of each customer's ability to pay, and there is an inherent risk that the Group has incorrectly assessed the credit quality or willingness of borrowers to pay, possibly as a result of incomplete or inaccurate disclosure by those borrowers or as a result of the inherent uncertainty that is involved in the exercise of constructing models to estimate the true risk of lending to counterparties. The Group estimates and establishes reserves for credit risks and potential credit losses inherent in its credit exposure. This process, which is critical to the Group's results and financial condition, requires difficult, subjective and complex judgments, including forecasts of how macro-economic conditions might impair the ability of borrowers to repay their loans. As is the case with any such assessments, there is always a risk that the Group will fail to adequately identify the relevant factors or that it will fail to estimate accurately the effect of these identified factors, which could have a material adverse effect on the Group's business, financial condition or results of operations.

The Group's business is particularly vulnerable to volatility in interest rates.

The Group's results of operations are substantially dependent upon the level of its net interest income, which is the difference between interest income from interest-earning assets and interest expense on interest-bearing liabilities. Interest rates are highly sensitive to many factors beyond the Group's control, including fiscal and monetary policies of governments and central banks, regulation of the financial sectors in the markets in which it operates, domestic and international economic and political conditions and other factors. Changes in market interest rates, including cases of negative reference rates, can affect the interest rates that the Group receives on its interest-earning assets differently to the rates that it pays for its interest-bearing liabilities. This may, in turn, result in a reduction of the net interest income that the Group receives, which could have a material adverse effect on its results of operations.

In addition, the high proportion of loans referenced to variable interest rates makes debt service on such loans more vulnerable to changes in interest rates. In addition, a rise in interest rates could reduce the demand for credit and the Group's ability to generate credit for its clients, as well as contribute to an increase in the credit default rate. As a result of these and the above factors, significant changes or volatility in interest rates could have a material adverse effect on the Group's business, financial condition or results of operations.

The Group has a substantial amount of commitments with personnel considered wholly unfunded due to the absence of qualifying plan assets.

The Group's commitments with personnel which are considered to be wholly unfunded are recognized under the heading "Provisions—Provisions for Pensions and Similar Obligations" in its consolidated balance sheets included in the Consolidated Financial Statements. For more information please see Note 25 to the Consolidated Financial Statements.

The Group faces liquidity risk in connection with its ability to make payments on its unfunded amounts commitments with personnel, which it seeks to mitigate, with respect to post-employment benefits, by maintaining insurance contracts which were contracted with insurance companies owned by the Group. The insurance companies have recorded in their balance sheets specific assets (fixed interest deposit and bonds) assigned to the funding of these commitments. The insurance

RISK FACTORS

companies also manage derivatives (primarily swaps) to mitigate the interest rate risk in connection with the payments of these commitments. The Group seeks to mitigate liquidity risk with respect to early retirements and “post-employment welfare benefits” through oversight by the Assets and Liabilities Committee (“ALCO”) of the Group. The Group’s ALCO manages a specific asset portfolio to mitigate the liquidity risk resulting from the payments of these commitments. These assets are government and covered bonds which are issued at fixed interest rates with maturities matching the aforementioned commitments. The Group’s ALCO also manages derivatives (primarily swaps) to mitigate the interest rate risk in connection with the payments of these commitments. Should BBVA fail to adequately manage liquidity risk and interest rate risk either as described above or otherwise, it could have a material adverse effect on the Group’s business, financial condition, cash flows and results of operations.

BBVA is dependent on its credit ratings and any reduction of its credit ratings could materially and adversely affect the Group’s business, financial condition and results of operations.

BBVA is rated by various credit rating agencies. BBVA’s credit ratings are an assessment by rating agencies of its ability to pay its obligations when due. Any actual or anticipated decline in BBVA’s credit ratings to below investment grade or otherwise may increase the cost of and decrease the Group’s ability to finance itself in the capital markets, secured funding markets (by affecting its ability to replace downgraded assets with better -rated ones), or interbank markets, through wholesale deposits or otherwise, harm its reputation, require it to replace funding lost due to the downgrade, which may include the loss of customer deposits, and make third parties less willing to transact business with the Group or otherwise materially adversely affect its business, financial condition and results of operations. Furthermore, any decline in BBVA’s credit ratings to below investment grade or otherwise could breach certain agreements or trigger additional obligations under such agreements, such as a requirement to post additional collateral, which could materially adversely affect the Group’s business, financial condition and results of operations.

Highly-indebted households and corporations could endanger the Group’s asset quality and future revenues.

In recent years, households and businesses have reached a high level of indebtedness, particularly in Spain, which has created increased risk in the Spanish banking system. In addition, the high proportion of loans referenced to variable interest rates makes debt service on such loans more vulnerable to upward movements in interest rates and the profitability of the loans more vulnerable to interest rate decreases. Highly indebted households and businesses are less likely to be able to service debt obligations as a result of adverse economic events, which could have an adverse effect on the Group’s loan portfolio and, as a result, on its financial condition and results of operations. Moreover, the increase in households’ and businesses’ indebtedness also limits their ability to incur additional debt, reducing the number of new products that the Group may otherwise be able to sell to them and limiting the Group’s ability to attract new customers who satisfy its credit standards, which could have an adverse effect on the Group’s ability to achieve its growth plans.

The Group depends in part upon dividends and other funds from subsidiaries.

Some of the Group’s operations are conducted through its financial services subsidiaries. As a result, BBVA’s ability to pay dividends, to the extent BBVA decides to do so, depends in part on the ability of the Group’s subsidiaries to generate earnings and to pay dividends to BBVA. Payment of dividends, distributions and advances by the Group’s subsidiaries will be contingent upon their earnings and business considerations and is or may be limited by legal, regulatory and contractual restrictions. For instance, the repatriation of dividends from the Group’s Venezuelan and Argentinean subsidiaries have been subject to certain restrictions and there is no assurance that further restrictions will not be imposed. Additionally, BBVA’s right to receive any assets of any of the Group’s subsidiaries as an equity holder of such subsidiaries upon their liquidation or reorganisation, will be effectively subordinated to the claims of subsidiaries’ creditors, including trade creditors. The Group also has to comply with increased capital requirements, which could result in the imposition of restrictions or prohibitions on discretionary payments including the payment of dividends (see “—Increasingly onerous capital requirements may have a material adverse effect on BBVA’s business, financial condition and results of operations”).

RISK FACTORS

Business and Industry Risks

The Group faces increasing competition in its business lines.

The markets in which the Group operates are highly competitive and this trend will likely continue with new business models likely to be developed in coming years which impact is unforeseeable. In addition, the trend towards consolidation in the banking industry has created larger and stronger banks with which the Group must now compete.

The Group also faces competition from non-bank competitors, such as payment platforms, e-commerce businesses, department stores (for some credit products), automotive finance corporations, leasing companies, factoring companies, mutual funds, pension funds, insurance companies, and public debt.

There can be no assurance that this competition will not adversely affect the Group's business, financial condition, cash flows and results of operations.

The Group faces risks related to its acquisitions and divestitures.

The Group's mergers and acquisitions activity involves divesting its interests in some businesses and strengthening other business areas through acquisitions. The Group may not complete these transactions in a timely manner, on a cost-effective basis or at all. Even though the Group reviews the companies it plans to acquire, it is generally not feasible for these reviews to be complete in all respects. As a result, the Group may assume unanticipated liabilities, or an acquisition may not perform as well as expected. In addition, transactions such as these are inherently risky because of the difficulties of integrating people, operations and technologies that may arise. There can be no assurance that any of the businesses that the Group acquires can be successfully integrated or that they will perform well once integrated. Acquisitions may also lead to potential write-downs due to unforeseen business developments that may adversely affect the Group's results of operations.

The Group's results of operations could also be negatively affected by acquisition or divestiture-related charges, amortisation of expenses related to intangibles and charges for impairment of long-term assets. The Group may be subject to litigation in connection with, or as a result of, acquisitions or divestitures, including claims from terminated employees, customers or third parties, and the Group may be liable for future or existing litigation and claims related to the acquired business or divestiture because either the Group is not indemnified for such claims or the indemnification is insufficient. These effects could cause the Group to incur significant expenses and could materially adversely affect its business, financial condition, cash flows and results of operations.

The Group is party to lawsuits, tax claims and other legal proceedings.

Due to the nature of the Group's business, BBVA and its subsidiaries are involved in litigation, arbitration and regulatory proceedings in jurisdictions around the world, the financial outcome of which is unpredictable, particularly where the claimants seek unspecified or undeterminable damages, or where the cases argue novel legal theories, involve a large number of parties or are at early stages of discovery. An adverse outcome or settlement in these proceedings could result in significant costs and may have a material adverse effect on the Group's business, financial condition, cash flows, results of operations and reputation.

In addition, responding to the demands of litigation may divert management's time and attention and financial resources. While the Group has provisioned such risks based on its assessment of such matters and in accordance with applicable accounting rules, it is possible that losses resulting from such risks, if proceedings are decided in whole or in part adversely to the Group, could exceed the amount of provisions made for such risks, which, in turn, could have a material adverse effect on the Group's business, financial condition and results of operations. For more information regarding provisions with respect to proceedings on the potential retroactivity of compensation to customers regarding certain mortgages clauses, see "Legal Proceedings."

The Group's ability to maintain its competitive position depends significantly on its international operations, which expose the Group to foreign exchange, political and other risks in the countries in which it operates, which could cause an adverse effect on its business, financial condition and results of operations.

The Group operates in various countries and its overall success as a global business depends upon its ability to succeed in differing economic, social and political conditions. The Group is particularly sensitive to developments in Mexico, the

RISK FACTORS

United States, Turkey and Argentina, which represented 12.63 per cent., 11.42 per cent., 11.61 per cent. and 1.25 per cent. of the Group's assets as at 31st December, 2016, respectively.

The Group is confronted with different legal and regulatory requirements in many of the jurisdictions in which it operates. See “*Legal, Regulatory and Compliance Risks—Local regulation may have a material effect on BBVA's business, financial condition, results of operations and cash flows.*”. These include, but are not limited to, different tax regimes and laws relating to the repatriation of funds or nationalisation or expropriation of assets. The Group's international operations may also expose it to risks and challenges which its local competitors may not be required to face, such as exchange rate risk, difficulty in managing a local entity from abroad, political risk which may be particular to foreign investors, and limitations on the distribution of dividends.

The Group's presence in locations such as the Latin American markets or Turkey requires it to respond to rapid changes in market conditions in these countries and exposes the Group to increased risks relating to emerging markets. See “*Macroeconomic Risks The Group may be materially adversely affected by developments in the emerging markets where it operates.*” There can be no assurance that the Group will succeed in developing and implementing policies and strategies that are effective in each country in which it operates or that any of the foregoing factors will not have a material adverse effect on its business, financial condition and results of operations.

Financial Reporting and other Operational Risks

Weaknesses or failures in the Group's internal processes, systems and security could materially adversely affect its results of operations, financial condition or prospects, and could result in reputational damage.

Operational risks, through inadequate or failed internal processes, systems (including financial reporting and risk monitoring processes) or security, or from people-related or external events, including the risk of fraud and other criminal acts carried out by Group employees or against Group companies, are present in the Group's businesses. These businesses are dependent on processing and reporting accurately and efficiently a high volume of complex transactions across numerous and diverse products and services, in different currencies and subject to a number of different legal and regulatory regimes. Any weakness in these internal processes, systems or security could have an adverse effect on the Group's results, the reporting of such results, and on the ability to deliver appropriate customer outcomes during the affected period. In addition, any breach in security of the Group's systems could disrupt its business, result in the disclosure of confidential information and create significant financial and legal exposure for the Group. Although the Group devotes significant resources to maintain and regularly update its processes and systems that are designed to protect the security of its systems, software, networks and other technology assets, there is no assurance that all of its security measures will provide absolute security. Any damage to the Group's reputation (including to customer confidence) arising from actual or perceived inadequacies, weaknesses or failures in its systems, processes or security could have a material adverse effect on its business, financial condition and results of operations.

The financial industry is increasingly dependent on information technology systems, which may fail, may not be adequate for the tasks at hand or may no longer be available.

Banks and their activities are increasingly dependent on highly sophisticated information technology (“IT”) systems. IT systems are vulnerable to a number of problems, such as software or hardware malfunctions, computer viruses, hacking and physical damage to vital IT centres. IT systems need regular upgrading and banks, including BBVA, may not be able to implement necessary upgrades on a timely basis or upgrades may fail to function as planned. Furthermore, failure to protect financial industry operations from cyber-attacks could result in the loss or compromise of customer data or other sensitive information. These threats are increasingly sophisticated and there can be no assurance that banks will be able to prevent all breaches and other attacks on its IT systems. In addition to costs that may be incurred as a result of any failure of IT systems, banks, including BBVA, could face fines from bank regulators if they fail to comply with applicable banking or reporting regulations.

BBVA's financial statements are based in part on assumptions and estimates which, if inaccurate, could cause material misstatement of the results of its operations and financial position.

The preparation of financial statements in accordance with IFRS-IASB requires the use of estimates. It also requires management to exercise judgment in applying relevant accounting policies. The key areas involving a higher degree of

RISK FACTORS

judgment or complexity, or areas where assumptions are significant to the consolidated and individual financial statements, include credit impairment charges for amortised cost assets, impairment and valuation of available-for-sale investments, calculation of income and deferred tax, fair value of financial instruments, valuation of goodwill and intangible assets, valuation of provisions and accounting for pensions and post-retirement benefits. There is a risk that if the judgment exercised or the estimates or assumptions used subsequently turn out to be incorrect then this could result in significant loss to the Group, beyond that anticipated or provided for, which could have an adverse effect on the Group's business, financial condition and results of operations.

Observable market prices are not available for many of the financial assets and liabilities that the Group holds at fair value and a variety of techniques to estimate the fair value are used. Should the valuation of such financial assets or liabilities become observable, for example as a result of sales or trading in comparable assets or liabilities by third parties, this could result in a materially different valuation to the current carrying value in the Group's financial statements.

The further development of standards and interpretations under IFRS-IASB could also significantly affect the results of operations, financial condition and prospects of the Group.

3. Risks Relating to the Notes generally

Notes are unsecured obligations of the Issuer and the Guarantor.

The Notes issued by the Issuer are direct, unconditional, unsubordinated and unsecured obligations of the Issuer and rank and will rank pari passu among themselves. Each issue of Notes will be guaranteed by the Guarantor pursuant to the Guarantee. The obligations of the Guarantor under the Guarantee are direct, unconditional, unsecured and unsubordinated obligations of the Guarantor and rank and will rank pari passu among themselves, subject as may from time to time be mandatory under Spanish law.

The Notes may be subject to the exercise of the Spanish Bail-in Power by the Relevant Spanish Resolution Authority. Other powers contained in Law 11/2015 could materially affect the rights of the Noteholders under, and the value of, any Notes.

The BRRD (which has been implemented in Spain through Law 11/2015 and RD 1012/2015) is designed to provide authorities with a credible set of tools to intervene sufficiently early and quickly in unsound or failing credit institutions or investment firms (each an "institution") so as to ensure the continuity of the institution's critical financial and economic functions, while minimising the impact of an institution's failure on the economy and financial system. The BRRD further provides that any extraordinary public financial support through additional financial stabilisation tools is only to be used by a Member State as a last resort after having assessed and exploited the below resolution tools to the maximum extent possible while maintaining financial stability.

In accordance with Article 20 of Law 11/2015, an institution will be considered as failing or likely to fail in any of the following circumstances: (i) it is, or is likely in the near future to be, in significant breach of its solvency or any other requirements necessary for maintaining its authorisation; (ii) its assets are, or are likely in the near future to be, less than its liabilities; (iii) it is, or is likely in the near future to be, unable to pay its debts as they fall due; or (iv) it requires extraordinary public financial support (except in limited circumstances). The determination that an institution is no longer viable may depend on a number of factors which may be outside of that institution's control.

As provided in the BRRD, Law 11/2015 contains four resolution tools and powers which may be used alone or in combination where the Fund for Orderly Bank Restructuring (Fondo de Reestructuración Ordenada Bancaria) (the "FROB"), the Single Resolution Mechanism ("SRM") or, as the case may be and according to Law 11/2015, the Bank of Spain or the Spanish Securities Market Commission or any other entity with the authority to exercise any such tools and powers from time to time (each, a "Relevant Spanish Resolution Authority") as appropriate, considers that (a) an institution is failing or likely to fail, (b) there is no reasonable prospect that any alternative private sector measures would prevent the failure of such institution within a reasonable timeframe and (c) a resolution action is in the public interest. The four resolution tools are: (i) sale of business. Which enables resolution authorities to direct the sale of the institution or the whole or part of its business on commercial terms; (ii) bridge institution. Which enables resolution authorities to transfer all or part of the business of the institution to a "bridge institution" (an entity created for this purpose that is wholly or partially in public control). Which may limit the capacity of the institution to meet its repayment obligations; (iii) asset separation.- Which enables resolution

RISK FACTORS

authorities to transfer impaired or problem assets to one or more asset management vehicles to allow them to be managed with a view to maximising their value through eventual sale or orderly wind-down (this can be used together with another resolution tool only); and (iv) bail-in, by which the Relevant Spanish Resolution Authority may exercise the Spanish Bail-in Power.

The “Spanish Bail-in Power” is any write-down, conversion, transfer, modification or suspension power existing from time to time under, and exercised in compliance with, any laws, regulations, rules or requirements in effect in Spain, relating to the transposition of the BRRD, as amended from time to time, including but not limited to (i) Law 11/2015, as amended from time to time (ii) RD 1012/2015, as amended from time to time (iii) the SRM Regulation, as amended from time to time and (iv) any other instruments, rules or standards made in connection with either (i), (ii) or (iii), pursuant to which any obligation of an institution can be reduced (which may result in the reduction of the relevant claim to zero), cancelled, modified, or converted into shares, other securities, or other obligations of such institution or any other person (or suspended for a temporary period).

In accordance with Article 48 of Law 11/2015 (and subject to any exclusions that may be applied by the Relevant Spanish Resolution Authority under Article 43 of Law 11/2015), in the case of any application of the Spanish Bail-in Power, the sequence of any resulting write-down or conversion by the Relevant Spanish Resolution Authority shall be in the following order: (i) CET1 instruments; (ii) Additional Tier 1 instruments; (iii) Tier 2 instruments; (iv) other subordinated claims that do not qualify as Additional Tier 1 capital or Tier 2 capital; and (v) the eligible senior claims prescribed in Article 41 of Law 11/2015.

Any application of the Spanish Bail-in Power under the BRRD shall be in accordance with the hierarchy of claims in normal insolvency proceedings (unless otherwise provided by the laws, regulations, requirements, guidelines and policies relating to capital adequacy, resolution and/or solvency then applicable to BBVA and/or the Group, including, without limitation to the generality of the foregoing, CRD IV, the BRRD and those regulations, requirements, guidelines and policies relating to capital adequacy, resolution and/or solvency then in effect in Spain (whether or not such requirements, guidelines or policies have the force of law and whether or not they are applied generally or specifically to BBVA and/or the Group)). Accordingly, the impact of such application on Noteholders will depend on their ranking in accordance with such hierarchy, including any priority given to other creditors such as depositors.

To the extent that any resulting treatment of Noteholders pursuant to the exercise of the Spanish Bail-in Power is less favorable than would have been the case under such hierarchy in normal insolvency proceedings based on an independent valuation of the institution, a Noteholder would have a right to compensation under the BRRD, as implemented through Law 11/2015, RD 1012/2015 or any other regulation applicable at any time in the Kingdom of Spain. Any such compensation is unlikely to compensate that Noteholder for the losses it has actually incurred and there is likely to be a considerable delay in the recovery of such compensation. Compensation payments (if any) are also likely to be made considerably later than when amounts may otherwise have been due under the Notes.

The powers set out in the BRRD as implemented through Law 11/2015 and RD 1012/2015 will impact how credit institutions and investment firms are managed, as well as, in certain circumstances, the rights of creditors. Pursuant to Law 11/2015, Noteholders may be subject to, among other things, a write-down and/or conversion into equity or other securities or obligations of such Notes on any application of the Spanish Bail-in Power. The exercise of any such powers (or any of the other resolution powers and tools) may result in such Noteholders losing some or all of their investment or otherwise having their rights under such Notes adversely affected. Such application could also involve modifications to, or the disapplication of, provisions in the terms and conditions of the Notes, including alteration of the principal amount or any interest payable on the Notes, the maturity date or any other dates on which payments may be due, as well as the suspension of payments for a certain period. As a result, the exercise of the Spanish Bail-in Power with respect to the Notes or the taking by an authority of any other action, or any suggestion that the exercise or taking of any such action may happen, could materially adversely affect the rights of Noteholders, the market price or value or trading behaviour of any Notes and/or the ability of BBVA to satisfy its obligations under any Notes.

By its acquisition or acceptance of a Note, each holder (including, for these purposes, each holder of a beneficial interest in a Note) will acknowledge, accept, consent and agree to be bound by (i) the exercise of the Spanish Bail-in Power by the Relevant Spanish Resolution Authority with respect to any Note, and (ii) the variation of the terms of any Note, if necessary, to give effect to the exercise of the Spanish Bail-in Power by the Relevant Spanish Resolution Authority. See “—Risks Related to the Notes Generally—Under the terms of the Notes, Noteholders have agreed to be bound by the exercise of any

RISK FACTORS

Spanish Bail-in Power by the Relevant Spanish Resolution Authority". In addition, each holder (including, for these purposes, each holder of a beneficial interest in a Note) may have limited or circumscribed rights to challenge any decision of the Spanish Resolution Authority to exercise its Spanish Bail-in Power. See "*—Noteholders may not be able to exercise their rights in the event of the adoption of any early intervention or resolution measure under Law 11/2015.*"

Furthermore, the exercise of the Spanish Bail-in Power by the Relevant Spanish Resolution Authority with respect to the Notes is likely to be inherently unpredictable and may depend on a number of factors which may also be outside of BBVA Global Markets and/or BBVA's control. In addition, as the Relevant Spanish Resolution Authority will retain an element of discretion, holders of the Notes may not be able to refer to publicly available criteria in order to anticipate any potential exercise of any such Spanish Bail-in Power. Because of this inherent uncertainty, it will be difficult to predict when, if at all, the exercise of any Spanish Bail-in Power by the Relevant Spanish Resolution Authority may occur.

This uncertainty may adversely affect the value of the Notes. The price and trading behaviour of the Notes may be affected by the threat of a possible exercise of any power under Law 11/2015 (including any early intervention measure before any resolution) or any suggestion of such exercise, even if the likelihood of such exercise is remote. Moreover, the Relevant Spanish Resolution Authority may exercise any such powers without providing any advance notice to the holders of the Notes.

In addition, the EBA's preparation of certain regulatory technical standards and implementing technical standards to be adopted by the European Commission and certain other guidelines is pending. These acts could be potentially relevant to determining when or how a Relevant Spanish Resolution Authority may exercise the Spanish Bail-in Power. The pending acts include guidelines on the treatment of shareholders in bail-in or the write-down and conversion of capital instruments, and on the rate of conversion of debt to equity or other securities or obligations in any bail-in. No assurance can be given that, once adopted, these standards will not be detrimental to the rights of a Noteholder under, and the value of a Noteholder's investment in, the Notes.

Noteholders may not be able to exercise their rights in the event of the adoption of any early intervention or resolution measure under Law 11/2015.

BBVA may be subject to a procedure of early intervention or resolution pursuant to the BRRD as implemented through Law 11/2015 and RD 1012/2015 if BBVA or its group of consolidated credit entities is in breach (or if due, among other things, to a rapidly deteriorating financial condition, it is likely in the near future to be in breach) of applicable regulatory requirements relating to solvency, liquidity, internal structure or internal controls or the conditions for resolution referred to above are met (see "*—The Notes may be subject to the exercise of the Spanish Bail-in Power by the Relevant Spanish Resolution Authority. Other powers contained in Law 11/2015 could materially affect the rights of the Noteholders under, and the value of, any Notes*").

Pursuant to Law 11/2015, the adoption of any early intervention or resolution procedure shall not itself constitute a default or entitle any counterparty of BBVA to exercise any rights it may otherwise have in respect thereof, and any provision providing for such rights shall further be deemed not to apply. However, this does not limit the ability of a counterparty to exercise its rights accordingly where a default arises either before or after the exercise of any such early intervention or resolution procedure and does not necessarily relate to the exercise of any relevant measure or power which has been applied pursuant to Law 11/2015. Any enforcement by a Noteholder of its rights under the Notes following the adoption of any early intervention or resolution procedure will, therefore, be subject to the relevant provisions of the BRRD. Law 1 and RD 1012/2015 in relation to the exercise of the relevant measures and powers pursuant to such procedure, including the resolution tools and powers referred to above (see "*—The Notes may be subject to the exercise of the Spanish Bail-in Power by the Relevant Spanish Resolution Authority. Other powers contained in Law 11/2015 could materially affect the rights of the Noteholders under, and the value of, any Notes*") and the suspension of payments proposed by the EU Banking Reforms. Any claims of a Noteholder will consequently be limited by the application of any measures pursuant to the provisions of Law 11/2015. There can be no assurance that the taking of any such action would not adversely affect the rights of Noteholders, the price or value of their investment in the Notes and/or the ability of Global Markets and/or BBVA to satisfy their obligations under the Notes and, in the case of BBVA only, the Guarantee, and the enforcement by a holder of any rights it may otherwise have may be limited in these circumstances.

RISK FACTORS

Contributions for assisting in the future recovery and resolution of the Spanish banking sector may have a material adverse effect on the Issuer's business, financial condition and results of operations.

In 2015, Law 11/2015 and RD 1012/2015 established a requirement for Spanish credit institutions, including BBVA, to make at least an annual ordinary contribution to the National Resolution Fund (*Fondo de Resolución Nacional*), payable on request of the FROB. The total amount of contributions to be made to the National Resolution Fund by all Spanish banking entities must equal at least 1 per cent. of the aggregate amount of all deposits guaranteed by the Deposit Guarantee Fund by 31st December 2024. The contribution will be adjusted to the risk profile of each institution in accordance with the criteria set out in RD 1012/2015. The FROB may, in addition, collect extraordinary contributions.

Furthermore, Law 11/2015 has also established in 2015 an additional charge (*tasa*) which shall be used to further fund the activities of the FROB, in its capacity as a resolution authority, which charge shall equal 2.5 per cent. of the above annual ordinary contribution to be made to the National Resolution Fund.

In addition, since 2016, BBVA has been required to make contributions directly to the EU Single Resolution Fund, once the National Resolution Fund has been integrated into it, and will have to pay supervisory fees to the SSM and the SRM. See “—*Regulatory developments related to the EU fiscal and banking union may have a material adverse effect on the Issuer's business, financial condition and results of operations.*”

Any levies, taxes or funding requirements imposed on BBVA pursuant to the foregoing or otherwise in any of the jurisdictions where it operates could have a material adverse effect on BBVA's business, financial condition and results of operations.

Under the terms of the Notes, Noteholders have agreed to be bound by the exercise of any Spanish Bail-in Power by the Relevant Spanish Resolution Authority.

Pursuant to Article 46 of Law 11/2015, which implements Article 55 of the BRRD, subject to limited exceptions, unsecured liabilities of a financial institution governed by the laws of a third country (which include the Notes) must contain a contractual acknowledgment whereby the holders recognise that such liability may be subject to the Spanish Bail-in Power and agree to be bound by the exercise of those powers by the Relevant Spanish Resolution Authority.

Notwithstanding any other term of the Notes, the Amended and Restated Issuing and Paying Agency Agreement or any other agreements, arrangements, or understandings between BBVA Global Markets and/or BBVA and any holder of a Note, by its acquisition or acceptance of a Note, each holder of a Note (which, for these purposes, includes each holder of a beneficial interest in a Note) acknowledges, accepts, consents and agrees to be bound by (i) the exercise and the effects of the exercise of the Spanish Bail-in Power by the Relevant Spanish Resolution Authority, which may be imposed with or without any prior notice with respect to the Notes, and which exercise (without limitation) may include and result in any of the following, or some combination thereof: (1) the reduction or cancellation of all, or a portion, of the Amounts Due on any Note; (2) the conversion of all, or a portion, of the Amounts Due on any Note into shares, other securities or other obligations of BBVA or another person (and the issue to or conferral on such holder of any such shares, securities or obligations), including by means of an amendment, modification or variation of the terms of any Note; (3) the cancellation of any Note; and (4) the amendment or alteration of the maturity of, or amendment of the amount of interest payable on, any Note, or the date on which the interest becomes payable, including by suspending payment for a temporary period; and (ii) the variation of the terms of any Note, if necessary, to give effect to the exercise of the Spanish Bail-in Power by the Relevant Spanish Resolution Authority.

In addition, no repayment or payment of Amounts Due on the Notes will become due and payable or be paid after the exercise of the Spanish Bail-in Power by the Relevant Spanish Resolution Authority if and to the extent such amounts have been reduced, converted, cancelled, amended or altered as a result of such exercise.

Any Spanish Bail-in Power may be exercised in such a manner as to result in holders (including, for these purposes, each holder of a beneficial interest in a Note) losing the value of all or a part of your investment in the Notes or receiving a different security from the Notes, which may be worth significantly less than the Notes and which may have significantly fewer protections than those typically afforded to debt securities. Moreover, the Relevant Spanish Resolution Authority may exercise its authority to implement the Spanish Bail-in Power without providing any advance notice to the holders of the Notes. For more information, see “—*Risks that Affect BBVA—Risks Related to Early Intervention and Resolution—The Notes may be subject to the exercise of the Spanish Bail-in Power by the Relevant Spanish Resolution Authority. Other powers contained in Law 11/2015 could materially affect the rights of the Noteholders under, and the value of, any Notes.*”

RISK FACTORS

Claims of Noteholders under the Notes are effectively junior to those of certain other creditors.

The Notes and the Guarantee in respect of Notes issued by the Issuer are unsecured and unsubordinated obligations of the Issuers and the Guarantor, respectively. The Notes and the Guarantee will rank equally with any of the Issuer's and BBVA's other outstanding unsecured and unsubordinated obligations, present and future, but, (a) subject to the exercise of any power pursuant to Law 11/2015, RD 1012/2015 or other applicable laws relating to recovery and resolution of credit institutions and investment firms in Spain and (b) in the event of insolvency, only to the extent permitted by the Insolvency Law as defined herein or other applicable laws relating to or affecting the enforcement of creditor's rights in Spain. In particular the obligations of the Issuer and the Guarantor under the Notes and the Guarantee, respectively, will be effectively subordinated to all of the relevant Issuer's and, the Guarantor's obligations that are preferred under the Insolvency Law. The Guarantee is also structurally subordinated to all obligations of subsidiaries of the Guarantor insofar as any right of the Guarantor to receive any assets of such companies upon their winding up will be effectively subordinated to the claims of the creditors of those companies in the winding up.

The Notes and the Guarantee will be effectively subordinated to all of the secured indebtedness of the relevant Issuer and the Guarantor, respectively, to the extent of the value of the assets securing such indebtedness, and other obligations that rank senior under Spanish law (including, among other things, any deposits for the purposes of Additional Provision 14.1 of Law 11/2015 and any claims against the insolvency estate). The Notes are also structurally subordinated to all indebtedness of subsidiaries of BBVA insofar as any right of BBVA to receive any assets of such companies upon their winding up will be effectively subordinated to the claims of the creditors of those companies in the winding-up.

Moreover, the BRRD and Law 11/2015 contemplate that Notes and the Guarantee, may be subject to the exercise of the Spanish Bail-in Power by the Relevant Spanish Resolution Authority. This may involve the variation of the terms of the Notes or a change in their form, if necessary, to give effect to the exercise of the Spanish Bail-in Power by the Relevant Spanish Resolution Authority.

Notes may be redeemed prior to their scheduled maturity.

In the event that the Issuer would be required to pay additional amounts in respect of any Notes due to any withholding as provided in General Condition 7 of the "Terms and Conditions of the Notes" or the performance of the Issuer's obligations under the Notes or any arrangements made to hedge its obligations under the Notes has or will become unlawful, illegal or otherwise prohibited in whole or in part, the Issuer may redeem all of the Notes then outstanding in accordance with the Terms and Conditions of the Notes.

In the event that one or more Events of Default (as defined in General Condition 9 of the "Terms and Conditions of the Notes") occurs, the Notes may become immediately due and repayable at their Early Redemption Amount. In addition, in the case of an Index Linked Note, Equity Linked Note or Fund Linked Note, if "Automatic Early Redemption Event" is specified as being applicable in the Final Terms, on the occurrence of an Automatic Early Redemption Event the Notes will be automatically redeemed at their Automatic Early Redemption Amount. In the case of an Index Linked Note, Equity Linked Note or Inflation Linked Note, if an Additional Disruption Event occurs and "Delayed Redemption on the Occurrence of Additional Disruption Event" is not specified in the Final Terms, the Issuer may redeem the Notes early.

The Final Terms for a particular issue of Notes may provide for early redemption at the option of the Issuer. Such right of termination is often provided for Notes in periods of high interest rates. If the market interest rates decrease, the risk to Noteholders that the Issuer will exercise its right of termination increases. As a consequence, the yields received upon redemption may be lower than expected, and the redeemed face amount of the Notes may be lower than the purchase price for the Notes paid by the Noteholder. As a consequence, the Noteholder may not receive the total amount of the capital invested. In addition, investors that choose to reinvest monies they receive through an early redemption may be able to do so only in securities with a lower yield than the redeemed Notes

The Conditions of the Notes contain provisions which may permit their modification without the consent of all investors.

The Conditions of the Notes contain provisions for calling of meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

RISK FACTORS

If the Issuer has the right to redeem any Notes at its option, this may limit the market value of the Notes concerned and an investor may not be able to reinvest the redemption proceeds in a manner which achieves a similar effective return.

An optional redemption feature of Notes is likely to limit their market value. During any period when the Issuer may elect to redeem Notes, the market value of those Notes generally will not rise substantially above the price at which they can be redeemed. This also may be true prior to any redemption period.

The Issuer may be expected to redeem Notes when its cost of borrowing is lower than the interest rate on the Notes. At those times, an investor generally would not be able to reinvest the redemption proceeds at an effective interest rate as high as the interest rate on the Notes being redeemed and may only be able to do so at a significantly lower rate. Potential investors should consider reinvestment risk in light of other investments available at that time.

The Issuer of the Notes may be substituted without the consent of the Noteholders.

The Issuer of the Notes may be replaced as obligor under such Notes with the Guarantor or any company from BBVA's group. Whilst the new issuer will provide an indemnity in favour of the Noteholders in relation to any additional tax or duties that become payable solely as a result of such substitution, Noteholders will not have the right to object to such substitution. See General Condition 16 of the "Terms and Conditions of the Notes".

The Guarantor of the Notes may be substituted without the consent of the Noteholders.

The Guarantor of the Notes may be replaced as guarantor under such Notes with another company incorporated anywhere in the world. Whilst the new guarantor will provide an indemnity in favour of the Noteholders in relation to any additional tax or duties that become payable solely as a result of such substitution, Noteholders will not have the right to object to such substitution. See General Condition 16 of the "Terms and Conditions of the Notes".

The Issue Price of the Notes may be more than the market value of such Notes as at the Issue Date and the price of the Notes in the secondary market.

The Issue Price in respect of any Notes specified in the relevant Final Terms may be more than the market value of such Notes as at the Issue Date, and more than the price, if any, at which the Dealer or any other person is willing to purchase such Notes in the secondary market. In particular, the Issue Price in respect of any Notes may take into account amounts with respect to commissions relating to the issue, placement and sale of such Notes and amounts relating to the hedging of the Issuer's obligations under such Notes.

Any such difference may have an adverse effect on the value of the Notes, particularly immediately following the Issue Date relating to such Notes, where any such commissions may be deducted from the price at which such Notes can be sold by the initial investor in the secondary market.

Credit ratings assigned to the Issuer, the Guarantor or any Notes may not reflect all the risks associated with an investment in those Notes.

One or more independent credit rating agencies may assign credit ratings to the Notes (including on an unsolicited basis). The ratings may not reflect the potential impact of all risks related to structure and market of the Notes and additional factors discussed above, and do not address the price, if any, at which the Notes may be resold prior to maturity (which may be substantially less than the original offering price of the Notes) and other factors that may affect the value of the Notes. However, real or anticipated changes in BBVA's credit ratings will generally affect the market values of the Note). A credit rating is not a recommendation to buy, sell or hold securities and may be revised, suspended or withdrawn by the rating agency at any time.

In general, European -regulated investors are restricted under Regulation (EU) No. 1060/2009, as amended (the "**CRA Regulation**") from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances while the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended). The list of registered and certified rating agencies published by the European Securities and Market Authority ("**ESMA**") on its website in accordance with the CRA Regulation is not conclusive evidence of the status

RISK FACTORS

of the relevant rating agency included in such list, as there may be delays between certain supervisory measures being taken against a relevant rating agency and the publication of the updated ESMA list. Certain information with respect to the credit rating agencies and ratings will be disclosed in the Final Terms.

Change in law.

The Conditions (except for General Condition 3(b) of the Notes are based on English law in effect as at the date of this Base Prospectus. No assurance can be given as to the impact of any possible judicial decision or change to Spanish and English law or administrative practice after the date of this Base Prospectus and any such change could materially adversely impact the value of any Notes affected by it.

Eurosystem eligibility.

There may be an intention (which, if applicable, will be specified in the Final Terms) for certain Notes to be held in a manner which will allow Eurosystem eligibility. This simply means that such Notes are intended upon issue to be deposited with one of the ICSDs as common safekeeper and does not necessarily mean that the Notes will be recognised as eligible collateral for Eurosystem monetary policy and intra-day credit operations by the Eurosystem either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria.

U.S. Foreign Account Tax Compliance Act Withholding.

Whilst the Notes are in global form and held within the Clearing Systems, in all but the most remote circumstances it is not expected that the new reporting regime and potential withholding tax imposed by Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (“**FATCA**”) will affect the amount of any payment received by the Clearing Systems (see “Taxation - **Foreign Account Tax Compliance Act**”). However, FATCA may affect payments made to custodians or intermediaries in the subsequent payment chain leading to the ultimate investor if any such custodian or intermediary generally is unable to receive payments free of FATCA withholding. It also may affect payment to any ultimate investor that is a financial institution that is not entitled to receive payments free of withholding under FATCA, or an ultimate investor that fails to provide its broker (or other custodian or intermediary from which it receives payment) with any information, forms, other documentation or consents that may be necessary for the payments to be made free of FATCA withholding. Investors should choose custodians or intermediaries with care (to ensure each is compliant with FATCA or other laws or agreements related to FATCA) and provide each custodian or intermediary with any information, forms, other documentation or consents that may be necessary for such custodian or intermediary to make a payment free of FATCA withholding. Investors should consult their own tax adviser to obtain a more detailed explanation of FATCA and how FATCA may affect them. The Issuer’s obligations under the Notes are discharged once it has made payment to, or to the order of, the common depositary or common safekeeper for the Clearing Systems (as bearer or registered holder of the Notes, as the case may be) and the Issuer has therefore no responsibility for any amount thereafter transmitted through the Clearing Systems and custodians or intermediaries. Further, foreign financial institutions in a jurisdiction which has entered into an intergovernmental agreement with the United States (an “**IGA**”) are generally not expected to be required to withhold under FATCA or an IGA (or any law implementing an IGA) from payments they make.

Hiring Incentives to Restore Employment Act withholding may affect payments on the Notes.

The U.S. Hiring Incentives to Restore Employment Act introduced Section 871(m) of the Code, which imposes a 30 per cent. withholding tax on amounts attributable to U.S. source dividends that are paid or “deemed paid” under certain financial instruments if certain conditions are met, beginning 1st January 2017. If the Issuer or any withholding agent determines that withholding is required, neither the Issuer nor any withholding agent will be required to pay any additional amounts with respect to amounts so withheld. Prospective investors should consult their tax advisers regarding the potential application of Section 871(m) to the Notes.

Spanish Tax Rules.

RD 1145/2011 modified, among other provisions, article 44 of Royal Decree 1065/2007, of 27th July (“**RD 1065/2007**”) which sets out the reporting obligations applicable to preference shares and debt instruments issued under additional provision one of Law 10/2014, of 26th June (“**Law 10/2014**”). The new procedures apply to interest deriving from preference shares and debt instruments to which Law 10/2014 refers, including debt instruments issued at a discount for a period equal to or less than twelve months.

RISK FACTORS

Notes originally registered with the entities that manage clearing systems located in Spain.

According to the wording of article 44.4 of RD 1065/2007, income derived from securities originally registered with a clearing system located in Spain, will be paid free of Spanish withholding tax in respect to non-Spanish-resident holders (acting or not through a permanent establishment in the Kingdom of Spain) or to legal entities that are resident in the Kingdom of Spain for tax purposes and are subject to Corporate Income Tax, provided that the entities which hold values registered on its third parties accounts or, if applicable, the entities that manage clearing systems located outside Spain which have entered into an agreement with such clearing system located in Spain, submit a statement to the Issuer in accordance with the form attached as annex to RD 1065/2007 (see “Supplementary Annex” under “Taxation” section of this Base Prospectus) with the following information:

- (i) identification of the securities;
- (ii) total amount of income;
- (iii) amount of income received by individual with tax residency in Spain which are subject to Personal Income Tax; and
- (iv) amount of income received that will be paid free of Spanish withholding tax.

Notes originally registered with the entities that manage clearing systems located outside Spain.

Article 44 of RD 1065/2007 sets out the reporting obligations applicable to preference shares and debt instruments issued under Law 10/2014. The procedures apply to interest deriving from preference shares and debt instruments to which Law 10/2014 refers, including debt instruments issued at a discount for a period equal to or less than twelve months.

According to the literal wording of article 44.5 of RD 1065/2007, income derived from securities originally registered with the entities that manage clearing systems located outside Spain, and are recognised by Spanish law or by the law of another OECD country (such as Euroclear or Clearstream), will be paid free of Spanish withholding tax provided that the Paying Agent appointed by the relevant Issuer submits a statement to the issuer, in accordance with the form attached as annex to RD 1065/2007 (see “Supplementary Annex” under “Taxation” section of this Base Prospectus) relevant Issuer, the form of which is included in the Agency Agreement, with the following information:

- (i) identification of the securities; and
- (ii) total amount of the income corresponding to each clearing system located outside Spain.

These obligations refer to the total amount paid to investors through each foreign clearing house. For these purposes, “income means interest and the difference, if any, between the aggregate amount payable on the redemption of the Notes and the issue price of the Notes.

In accordance with Article 44 of RD 1065/2007 as amended by RD 1145/2011, the relevant Paying Agent should provide the relevant Issuer with the statement on the business day immediately prior to each interest payment date. The statement must reflect the situation at the close of business of that same day. In the event that on such date, the entity(ies) obliged to provide the declaration fail to do so, the relevant Issuer or the Paying Agent on its behalf will make a withholding at the general rate (19 per cent. from 1st January 2016) on the total amount of the return on the relevant Notes otherwise payable to such entity.

According to Article 44.5 RD 1065/2007, the Issuers and the Guarantor are not obliged to withhold any taxes provided that the simplified information procedures (which do not require identification of the Noteholders) are complied with by the Paying Agent. However, the Spanish Tax Authorities may eventually issue a tax ruling to clarify the interpretation of the currently applicable procedures and it cannot be completely discarded that such ruling determines that the relevant Issuer, or, as the case may be, the Guarantor, that is tax resident in Spain, should apply a withholding on payments to individuals with tax residence in Spain. If this were the case, identification of Noteholders may be required and the procedures, if any, for the collection of relevant information will be applied by the relevant Issuer or the Guarantor (to the extent required) so that it can comply with its obligations under the applicable legislation as clarified by the Spanish Tax Authorities.

As at the date of this Base Prospectus, the Guarantor has entered into an agreement with a Tax Certification Agent in order to establish a procedure for the disclosure of information regarding Noteholders who are resident in Spain for tax purposes. Such information will be provided, if necessary, to the Spanish Tax Authorities by the Guarantor.

RISK FACTORS

General

The procedure described in this Base Prospectus for the provision of information required by Spanish laws and regulations is a summary only and is subject to further clarification from the Spanish tax authorities regarding such laws and regulations. None of the Issuers, the Guarantor or the Dealers, assumes any responsibility therefore.

Meetings of Noteholders, modification and waiver.

The conditions of the Notes contain provisions for calling meetings of Noteholders to consider matters affecting their interests generally. These provisions permit defined majorities to bind all Noteholders including Noteholders who did not attend and vote at the relevant meeting and Noteholders who voted in a manner contrary to the majority.

Withholding under the EU Savings Directive.

Under EC Council Directive 2003/48/EC on the taxation of savings income (the **Savings Directive**), EU Member States are required to provide to the tax authorities of another EU Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other EU Member State or to certain limited types of entities established in that other EU Member State.

However, for a transitional period, Austria is instead required (unless during that period it elects otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures (a withholding system in the case of Switzerland).

On 10th November 2015, the Council of the EU adopted a Council Directive repealing the Savings Directive from 1st January 2017 in the case of Austria and from 1st January 2016 in the case of all other EU Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU). The new regime under Council Directive 2011/16/EU (as amended) is in accordance with the Global Standard released by the Organisation for Economic Co-operation and Development in July 2014. Council Directive 2011/16/EU (as amended) is generally broader in scope than the Savings Directive, although it does not impose withholding taxes.

If a payment were to be made or collected through an EU Member State which has opted for a withholding system and an amount of, or in respect of, tax were to be withheld from that payment, neither the Issuer nor any Paying Agent nor any other person would be obliged to pay additional amounts with respect to any Note as a result of the imposition of such withholding tax. The Issuer is required to maintain a Paying Agent in an EU Member State that is not obliged to withhold or deduct tax pursuant to the Savings Directive.

4. Risk relating to the structure of particular Notes.

There are particular risks associated with an investment in certain types of Notes, such as Index Linked Notes and an investor may lose some or all of the principal amount invested by it.

Investors may lose the original invested amount.

Investors may lose up to the entire value of their investment in the Notes, or part of it, as the case may be, as a result of the occurrence of any one or more of the following events:

- (a) the Issuer and the Guarantor of the Notes are subject to insolvency proceedings or some other event impairing the ability of each to meet its obligations under the Notes;
- (b) the terms of the relevant Notes do not provide for full repayment of the initial purchase price upon final maturity and/or mandatory early redemption of such Notes and the relevant Reference Item(s) perform in such a manner that the final redemption amount and/or mandatory early redemption amount is less than the initial purchase price;
- (c) the purchaser seeks to sell the relevant Notes prior to their scheduled maturity, and the sale price of the Notes in the secondary market is less than the purchaser's initial investment; and

RISK FACTORS

- (d) the Notes are subject to certain adjustments in accordance with the terms and conditions of such Notes that may result in the scheduled amount to be paid or asset(s) to be delivered upon redemption being reduced to or being valued at an amount less than a purchaser's initial investment.

Notwithstanding that the relevant Notes may be linked to the performance of one or more Reference Items, investors in such Notes do not have and shall not receive any rights in respect of any Reference Item and shall have no right to call for any Reference Item to be delivered to them (unless otherwise provided in the Final Terms). Neither the relevant Issuer nor the Guarantor of the Notes shall be required to hold any Reference Item.

The relevant market value of the Notes at any time is dependent on other matters in addition to the credit risk of the Issuer and Guarantor and the performance of the relevant Reference Item(s).

The market value of the Notes at any time will be affected by a number of factors independent of the creditworthiness of the Issuer and the Guarantor (if any) and the performance of the relevant Reference Item(s), including:

- (a) market interest and yield rates;
- (b) the time remaining to any Redemption Date or the Maturity Date;
- (c) where the Reference Item(s) is/are equity securities, the dividend rate on Reference Item(s) and the financial results and prospects of the issuer of each Reference Item; and
- (d) numerous other economic, political and other factors.

The amount payable and/or deliverable in respect of Notes at any time prior to redemption is typically expected to be less than the trading price of such Notes at that time. The difference between the trading price and such amount will reflect, among other things, a "time value" for the Notes. The "time value" of the Notes will depend partly upon the length of the period remaining to final redemption and expectations concerning the value of the relevant Reference Item(s).

Market Disruption Events or Failure to Open of an Exchange.

If an issue of Reference Item Linked Notes includes provisions dealing with the occurrence of a Market Disruption Event or failure to open of an exchange on the Strike Date, a Valuation Date, Observation Date or an Averaging Date and the Calculation Agent determines that a Market Disruption Event or failure to open of an exchange has occurred or exists on such date, any consequential postponement of the Strike Date, Valuation Date, Observation Date or Averaging Date or any alternative provisions for valuation provided in any such Notes may have an adverse effect on the value and liquidity of such Notes. The timing of such dates (as scheduled or as so postponed or adjusted) may affect the value of the relevant Notes such that the Noteholder may receive a lower cash redemption amount and/or interest amount or other payment under the relevant Notes than otherwise would have been the case. The occurrence of such a Market Disruption Event or failure to open of an exchange in relation to any Reference Item comprising a basket may also have such an adverse effect on Notes related to such basket. In addition, any such consequential postponement may result in the postponement of the date of redemption of the Notes.

Notes where denominations involve integral multiples.

In relation to any issue of Notes which have denominations consisting of a minimum Specified Denomination (as set out in the relevant Final Terms) plus one or more higher integral multiples of another smaller amount, it is possible that such Notes may be traded in amounts that are not integral multiples of such minimum Specified Denomination. In such a case a Noteholder who, as a result of trading such amounts, holds an amount which is less than the minimum Specified Denomination in his account with the relevant clearing system at the relevant time (i) may not be able to transfer such Notes and (ii) may not receive a definitive Note in respect of such holding (should definitive Notes be printed) and in each case would need to purchase a nominal amount of Notes such that its holding amounts to an integral multiple of the minimum Specified Denomination.

If definitive Notes are issued, Noteholders should be aware that definitive Notes which have a denomination that is not an integral multiple of the minimum Specified Denomination may be illiquid and difficult to trade.

RISK FACTORS

Physically Settled Notes.

In the case of Notes which are redeemable by delivery of assets (other than Credit Linked Notes), if a Settlement Disruption Event occurs or exists on the due date for redemption of the Notes, settlement will be postponed until the next Settlement Business Day in respect of which there is no Settlement Disruption Event. The Issuer in these circumstances also has the right to pay the Disruption Cash Redemption Amount in lieu of delivering the Entitlement (as defined in the Terms and Conditions).

If a Failure to Deliver due to Illiquidity occurs, the Issuer has the right, in lieu of delivery of the assets affected by such event, to pay the Failure to Deliver Redemption Amount to the Noteholders. The Disruption Cash Redemption Amount and/or the Failure to Deliver Redemption Amount may be less than the fair market value of the Entitlement.

Noteholders may be required to pay certain expenses in relation to Notes subject to Physical Delivery.

Holder of Notes subject to Physical Delivery must pay all Expenses relating to delivery of such Notes. As defined in the terms and conditions, "Expenses" includes all costs, taxes, duties and/or expenses including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes arising from the delivery of the Entitlement.

There are certain requirements to be fulfilled and payments to be made by the Holder in order to receive Notes subject to Physical Delivery and the Issuer may decide to settle by way of cash payment instead in certain circumstances.

In order to receive the Entitlement in respect of a Note settled by way of Physical Delivery, the holder of such Note must deliver or send to the relevant Clearing System or Principal Paying Agent (as applicable) a duly completed Asset Transfer Notice on or prior to the relevant time on the Cut-off Date and pay the relevant Expenses. If a Noteholder fails to deliver as required the certification of non-U.S. beneficial ownership or certification that it is an eligible investor for U.S. securities law purposes, the Issuer may deliver what the Calculation Agent determines to be the fair market value of the Entitlement instead of the relevant assets.

Certain considerations relating to public offers of the Notes.

If the Notes are distributed by means of a public offer, under certain circumstances indicated in the Final Terms, the Issuer and/or the other entities indicated in the Final Terms will have the right to withdraw or revoke the offer and the offer will be deemed to be null and void according to the terms indicated in the Final Terms.

The Issuer and/or the other entities specified in the Final Terms may terminate the offer early by immediate suspension of the acceptance of further subscription requests and by giving notice to the public in accordance with the Final Terms. Any such termination may occur even where the maximum amount for subscription in relation to that offer (as specified in the Final Terms), has not been reached. In such circumstances, the early closing of the offer may have an impact on the aggregate number of Notes issued and, therefore, may have an adverse effect on the liquidity of the Notes.

Some information regarding the Notes (e.g. interest rate, settlement date), the offer and/or the listing may be determined after the publication of the Final Terms and will be made public in accordance with the procedures set out in the Final Terms.

If an investor holds Notes which are not denominated in the investor's home currency, that investor will be exposed to movements in exchange rates adversely affecting the value of its holding. In addition, the imposition of exchange controls in relation to any Notes could result in an investor not receiving payments on those Notes.

The Issuer will pay principal and interest on the Notes and the Guarantor will make any payments under the Guarantee in the Specified Notes Currency. This presents certain risks relating to currency conversions if an investor's financial activities are denominated principally in a currency or currency unit (the "Investor's Currency") other than the Specified Notes Currency. These include the risk that exchange rates may significantly change (including changes due to devaluation of the Specified Notes Currency or revaluation of the Investor's Currency) and the risk that authorities with jurisdiction over the Investor's Currency may impose or modify exchange controls. An appreciation in the value of the Investor's Currency relative to the Specified Notes Currency would decrease (1) the Investor's Currency equivalent yield on the Notes, (2) the Investor's Currency equivalent value of the principal payable on the Notes and (3) the Investor's Currency equivalent market value of the Notes.

Government and monetary authorities may impose (as some have done in the past) exchange controls that could adversely affect an applicable exchange rate or the ability of the Issuer or Guarantor to make payments in respect of the Notes. As a result, investors may receive less interest or principal than expected, or no interest or principal.

RISK FACTORS

The value of Fixed Rate Notes may be adversely affected by movements in market interest rates.

Investment in Fixed Rate Notes involves the risk that if market interest rates subsequently increase above the rate paid on the Fixed Rate Notes, this will adversely affect the value of the Fixed Rate Notes.

Risk of leveraged exposure.

Leverage involves the use of a number of financial techniques to increase the exposure to a Reference Item, and can therefore magnify both returns and losses. While the use of leverage allows for potential multiples of a return (assuming a return is achieved) when the Reference Item moves in the anticipated direction, it will conversely magnify losses when the Reference Item moves against expectations. If the relevant Notes include leverage, potential holders of such Notes should note that these Notes will involve a higher level of risk, and that whenever there are losses such losses will be higher (other things being equal) than those of a similar Note which is not leveraged. Investors should therefore only invest in leveraged Notes if they fully understand the effect of leverage.

Conducting hedging transactions.

The Issuer may use all or some of the proceeds received from the sale of Notes to enter into hedging transactions. All or part of these hedging transactions may be entered into by the Issuer with the Guarantor. The Issuer believes that such hedging activity will under normal circumstances not have a material impact on the value of the relevant Notes. However, it cannot be assured that the Issuer's hedging activities will not affect such value. The value of Notes might in particular be affected by the liquidation of all or a portion of the relevant hedging positions (a) at or about the time of the maturity or expiration of such Notes or (b), if such Notes provide for a knock-out, knock-in or a similar feature, at the time when the price or value of the relevant underlying approaches the relevant price or level for the knock-out, knock-in or other feature.

5. Generic Risk Factors that are associated with Notes that are linked to Reference Item(s)

Risks relating to Reference Item Linked Notes.

Reference Item Linked Notes are securities which do not provide for predetermined redemption amounts and/or interest payments, but amounts payable (whether in respect of principal and/or interest) or deliverable will be dependent upon the performance of the Reference Item, or a combination of Reference Items, which themselves may contain substantial credit, interest rate, foreign exchange, correlation, time value, political and/or other risks.

An investment in Reference Item Linked Notes therefore entails significant risks that are not associated with similar investments in a conventional fixed or floating rate debt security. These risks include, among other things, the possibility that:

- (a) the Reference Item may be subject to significant changes, whether due to the composition of any such Reference Item itself, or because of fluctuations in value of the Reference Item;
- (b) the resulting interest rate will be less (or may be more) than that payable on a conventional debt security issued by the Issuer at the same time or they may receive no interest;
- (c) the holder of a Reference Item Linked Note could lose all or a substantial portion of the principal of such Note (whether payable at maturity or upon redemption or repayment), and, if the principal is lost, interest may cease to be payable on such Note;
- (d) any Note that is linked to more than one type of Reference Item, or on a formula that encompass the risks associated with more than one type of Reference Item, may carry levels of risk that are greater than those for Notes that are indexed to one type of Reference Item only;
- (e) it may not be possible for investors to hedge their exposure to these various risks relating to Reference Item Linked Notes; and
- (f) a significant market disruption could mean that any Reference Item ceases to exist.

The risks reflect the nature of such a Note as an asset which, other factors held constant, tends to decline in value over time and which may become worthless when it expires or is redeemed. The risk of the loss of some or all of the purchase price of a Reference Item Linked Note upon redemption means that, in order to recover and realise a return upon his or her

RISK FACTORS

investment, a purchaser of such Note must generally be correct about the direction, timing and magnitude of an anticipated change in the value of the relevant Reference Item.

It may not be possible to use the Notes as a perfect hedge against the market risk associated with investing in a Reference Item.

Potential investors intending to purchase Notes to hedge against the market risk associated with investing in a Reference Item should recognise the complexities of utilising Notes in this manner. For example, the value of the Notes may not exactly match the value of the Reference Item. Due to fluctuating supply and demand for the Notes, there is no assurance that their value will match movements in the value of the Reference Item. For these reasons, among others, it may not be possible to purchase or liquidate Notes in a portfolio at the prices used to calculate the value of any Reference Item.

There may be regulatory consequences for a Holder of Reference Item Linked Notes.

There may be regulatory and other consequences associated with the ownership by certain investors of certain Reference Item Linked Notes. Each purchaser of Notes must conduct its own investigation into its regulatory position with respect to the potential purchase of Notes, and none of the Issuer, the Guarantor, the Dealer or the Arranger assumes any obligation or liability whatsoever to such purchaser in such regard.

There are specific risks with regard to Notes linked to a combination of Reference Items.

An investment in Notes that are linked to a combination of Reference Items will entail significant risks not associated with an investment in a conventional debt security. A combination of the risks associated to the Reference Items may be significantly higher than the risks of each Reference Item considered on its own. On redemption of these type of Notes, the Noteholders will receive an amount (if any) or Entitlement (if any) determined by reference to the value of a combination of a number of different Reference Items. These Notes may pay interest calculated by reference to the value of the combination of a number of Reference Items.

No rights of ownership in the Reference Item(s).

Purchasers of Notes should be aware that the Issuer is under no obligation to hold a position in any Reference Item(s) and should note that the relevant Reference Item(s) that may be held by the Issuer will not be held by the Issuer for the benefit of the purchasers of such Notes and, as such, Noteholders will not obtain any rights of ownership, including, without limitation, any voting rights, any rights to receive dividends or other distributions or any other rights with respect to any Reference Item referenced by such Notes. For the avoidance of doubt, no BBVA affiliate is under any obligation whatsoever to acquire and/or hold any Reference Item.

The past performance of a Reference Item is not indicative of future performance.

Any information about the past performance of the Reference Item at the time of the issuance of the Notes should not be regarded as indicative of the range of, or trends in, fluctuations in the Reference Item that may occur in the future.

6. Risk Factors associated with Notes that are linked to one or more specific types of Reference Items

There are certain factors which are material for the purpose of assessing the risks associated with an investment in Notes issued under the Programme. Such factors will vary depending on the type of Notes issued, in particular in relation to Notes in respect of which the interest and/or redemption amount is linked to the value of one or more index, share, inflation index, unit, interest or share in a fund, the credit of one or more reference entity, foreign exchange rate or the combination of any of the foregoing.

Risks relating to Index Linked Notes.

The Issuer may issue Notes where the Final Redemption Amount or the amount of principal and/or interest payable is dependent upon the level of an index or indices (“**Index Linked Notes**”).

Potential investors in any such Notes should be aware that depending on the terms of the Index Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment if the value of the index/indices does not move in the anticipated direction. In addition, movements in the level of the index or indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant

RISK FACTORS

level of the index or indices may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an index or result of a formula, the greater the effect on yield.

If the Final Redemption Amount or the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the index or the indices on principal or interest payable and therefore on the amount of potential losses incurred, will be magnified.

The market price of such Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the level of the index or indices. The level of the index or indices may be affected by the economic, financial and political events in one or more jurisdictions, including the stock exchange(s) or quotation system(s) on which any securities comprising the index or indices may be traded. The index may reference equities, bonds or other securities, or it may be a property index referencing certain property price data which will be subject to market price fluctuations. A property index may include valuations only and not actual transactions and the property data sources used to compile the index may be subject to change, which may adversely affect the return on the Notes.

Adjustment to indices for Index Linked Notes.

If an index adjustment event (as described in “*Additional Terms and Conditions for Index Linked Notes*”) occurs the Issuer may require the Calculation Agent to make such adjustments as it determines appropriate to the terms of the Notes or redeem the Notes. Such action may have an adverse effect on the value and liquidity of the affected Reference Item Linked Notes.

Returns on the Notes do not reflect direct investment in underlying shares or other assets comprising the index.

The return payable on Notes that reference indices may not reflect the return a purchaser would realise if the Noteholder actually owned the relevant assets comprising the components of the index. For example, if the components of the indices are shares, Noteholders will not receive any dividends paid on those shares and will not participate in the return on those dividends unless the relevant index takes such dividends into account for purposes of calculating the relevant level. Similarly, Noteholders will not have any voting rights in the underlying shares or any other assets which may comprise the components of the relevant index. Accordingly, purchasers of Notes that reference indices as Reference Item may receive a lower payment upon redemption of such Notes than such purchaser would have received if the Noteholder had invested in the components of the index directly.

A change in the composition or discontinuance of an index could adversely affect the market value of the Notes.

The sponsor of any index can add, delete or substitute the components of such index or make other methodological changes that could change the level of one or more components. The changing of components of any index may affect the level of such index as a newly added component may perform significantly worse or better than the component it replaces, which in turn may affect the payments made by the Issuer to the purchasers of the Notes. The sponsor of any such index may also alter, discontinue or suspend calculation or dissemination of such index. The sponsor of an index will have no involvement in the offer and sale of the Notes and will have no obligation to any purchaser of such Notes. The sponsor of an index may take any actions in respect of such index without regard to the interests of the purchasers of the Notes, and any of these actions could adversely affect the market value of the Notes.

Risks relating to Equity Linked Notes.

The Issuer may issue Equity Linked Notes where the the amount of principal and/or interest payable are dependent upon the price of or changes in the price of shares or a basket of shares (or depositary receipts) or, depending on the price of or change in the price of shares or the basket of shares (or depositary receipts), where the Issuer’s obligation on redemption is to deliver a specified number of shares (“**Equity Linked Notes**”). Accordingly an investment in Equity Linked Notes may bear similar market risks to a direct equity investment and potential investors should take advice accordingly. Potential investors in any such Notes should be aware that depending on the terms of the Equity Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified shares and/or depositary receipts may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment if the value of the share(s) and/or depositary receipts does not move in the anticipated direction. In addition, movements in the price of the share or depositary receipts or basket of shares and/or depositary receipts may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the share or shares may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price of the share(s) and/or depositary receipt(s), the greater the effect on yield.

RISK FACTORS

If the the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the share or shares on principal or interest payable will be magnified. See also risk factor “*Risk of Leveraged Exposure*” above.

The market price of such Notes may be volatile and may be affected by the time remaining to the redemption date, the volatility of the share(s) and/or depositary receipt(s), the dividend rate (if any) and the financial results and prospects of the issuer or issuers of the relevant share(s) or depositary receipt(s) as well as economic, financial and political events in one or more jurisdictions, including factors affecting the stock exchange(s) or quotation system(s) on which any such shares or depositary receipts may be traded.

A holder of the Notes will not be a beneficial owner of the underlying equity securities (or depository receipts) and therefore will not be entitled to receive any dividends or similar amounts paid on the underlying equity securities, nor will a Noteholder be entitled to purchase the underlying equity securities (or depository receipts) by virtue of their ownership of the Notes. Moreover, holders of the Notes will not be entitled to any voting rights or other control rights that holders of the underlying equity securities may have with respect to the issuer of such underlying equity securities. Unless otherwise specified in the applicable Final Terms, the Interest Amount and/or Final Redemption Amount will not reflect the payment of any dividends on the underlying equity securities. Accordingly, the return on the Notes will not reflect the return an investor would realise if it actually owned the underlying equity securities and received dividends, if any, paid on those securities. Therefore, the yield to maturity based on the methodology for calculating the Final Redemption Amount will not be the same yield as would be produced if the underlying equity securities were purchased directly and held for a similar period.

Determinations made by the Calculation Agent in respect of Potential Adjustment Events, Extraordinary Events and Additional Disruption Events may have an adverse effect on the value of the Notes.

Upon determining that a Potential Adjustment Event, Extraordinary Event or Additional Disruption Event has occurred in relation to an underlying share or the issuer of such underlying share, the Calculation Agent has broad discretion to make certain determinations to account for such event including to (i) make adjustments to the terms of the Notes and/or (ii) (in the case of an Extraordinary Event or an Additional Disruption Event) cause early redemption of the Notes, any of which determinations may have an adverse effect on the value of the Notes.

Potential Adjustment Events include (a) a sub-division, consolidation or re-classification of the shares, (b) an extraordinary dividend, (c) a call of the shares that are not fully paid, (d) a repurchase by the issuer, or an affiliate thereof, of the shares, (e) a separation of rights from the shares or (f) any event having a dilutive or concentrative effect on the value of the shares. Extraordinary Events include (a) a delisting of the shares on an exchange, (b) an insolvency (where all the shares of the issuer of the underlying shares are transferred to a trustee, liquidator or similar official or may not be legally transferred) or bankruptcy of the issuer of the shares, (c) a merger event entailing the consolidation of the shares with those of another entity, (d) a nationalisation of the issuer of the shares or transfer of the shares to a governmental entity, or (e) a tender offer or takeover offer that results in transfer of the shares to another entity. Additional Disruption Events include (a) a change in applicable law since the Issue Date that makes it illegal to hold, acquire or dispose of the shares or more expensive for the Issuer to hedge its obligations under the relevant Notes or (b) if specified to be applicable in the relevant Final Terms, (i) an insolvency filing by or on behalf of the issuer of the underlying shares or (ii) Hedging Disruption.

Holders may receive physical delivery of Shares in lieu of payment of cash amounts.

Where the Notes include the right of the Issuer, subject to the fulfilment of a particular condition, to redeem the Notes at their maturity by delivering Shares to the purchaser of such Notes, the purchaser will receive such Shares rather than a monetary amount upon maturity. Holders will, therefore, be exposed to the issuer of such Shares and the risks associated with such Shares. Noteholders should not assume that they will be able to sell such Shares for a specific price after the redemption of the Notes, and in particular not for the purchase price of the Notes. Under certain circumstances the Shares may only have a very low value or may, in fact, be worthless, in which case see risk factor “Investor may lose the original invested amount” above. Holders may also be subject to certain documentary or stamp taxes in relation to the delivery and/or disposal of such Shares.

Risks relating to Inflation Linked Notes.

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon the level of an inflation index or indices (“**Inflation Linked Notes**”).

RISK FACTORS

Potential investors in any such Notes should be aware that depending on the terms of the Inflation Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the level of the inflation index or indices may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant level of the inflation index or indices may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the level of an inflation index or result of a formula, the greater the effect on yield.

In certain circumstances following cessation of publication of the inflation index, the Calculation Agent may determine that there is no appropriate alternative inflation index, in which case the Issuer may redeem the Notes. Such action may have an effect on the value of the Notes.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the level of the inflation index or the indices on principal or interest payable will be magnified. . See also risk factor “*Risk of Leveraged Exposure*” above.

The market price of such Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the level of the inflation index or indices. The level of the inflation index or indices may be affected by the economic, financial and political events in one or more jurisdictions.

Risks relating to Fund Linked Notes.

The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon the price or changes in the price of units or shares in a fund or funds (including exchange traded fund(s)) or, depending on the price or changes in the price of units or shares in such fund or funds, where the Issuer's obligation on redemption is to deliver a specified amount of fund shares (“**Fund Linked Notes**”). Accordingly an investment in Fund Linked Notes may bear similar market risks to a direct fund investment and potential investors should take advice accordingly. Prospective investors in any such Notes should be aware that depending on the terms of the Fund Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified Fund Shares may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment. In addition, the movements in the price of units, shares or interests in the fund or funds may be subject to significant fluctuations that may not correlate with changes in interest rates, currencies or other indices and the timing of changes in the relevant price of the units or shares in the fund or funds may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in the price or prices of the units, shares or interests in the fund or funds, the greater the effect on yield.

Prospective investors should also be aware that in the event of the occurrence of one or more Extraordinary Fund Events the Issuer may substitute the relevant Fund Shares with fund shares of a fund with similar characteristics or, if no such fund is selected, with a replacement index, or redeem the Notes depending on whether such Extraordinary Fund Event is a Substitution Event or a Termination Event.

In the event that redemption proceeds in respect of the underlying Fund Shares are not received by the hedge provider on or prior to the Scheduled Maturity Date or Termination Date, such date may be postponed for a period of up to two calendar years (or such other period as may be specified in the Final Terms) and no additional amount shall be payable as a result of such delay.

If the amount of principal and/or interest payable are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the price of the units or shares of the fund or funds on principal or interest payable will be magnified. See also risk factor “*Risk of Leveraged Exposure*” above.

The market price of such Notes may be volatile and may depend on the time remaining to the redemption date and the volatility of the price of units or shares in the fund or funds. The price of units or shares in a fund may be affected by the economic, financial and political events in one or more jurisdictions, including factors affecting the exchange(s) or quotation system(s) on which any units in the fund or funds may be traded. In addition, the price of units or shares in a fund may be affected by the performance of the fund service providers and, in particular, the investment advisor.

Prospective investors should review carefully the prospectus, information memorandum and/or base prospectus (if any) issued by any relevant fund before purchasing any Notes. None of the Issuer, the Guarantor, any affiliate of the Issuer or the

RISK FACTORS

Guarantor or the Calculation Agent make any representation as to the creditworthiness of any relevant fund or any such fund's administrative, custodian, investment manager or adviser.

Where the Issuer issues Fund Linked Notes linked to one or more funds, including hedge funds, the relevant Notes reflect the performance of such fund(s).

Funds may trade and invest in a broad range of investments such as debt and equity securities, commodities or commodity indices and foreign exchange and may enter into derivative transactions, including, without limitation, futures and options. Funds may often be illiquid and may only be traded on a monthly, quarterly or even less frequent basis. The trading strategies of funds are often opaque. Funds, as well as the markets and instruments in which they invest, are often not subject to review by governmental authorities, self-regulatory organisations or other supervisory authorities.

Holders may receive physical delivery of Fund Shares in lieu of payment of cash amounts.

Where the Notes include the right of the Issuer, subject to the fulfilment of a particular condition, to redeem the Notes at their maturity by delivering Fund Shares to the purchaser of such Notes, the purchasers will receive such Fund Shares rather than a monetary amount upon maturity. Holders will, therefore, be exposed to the issuer of such Fund Shares and the risks associated with such Fund Shares. The purchaser should not assume that the Noteholder will be able to sell such Fund Shares for a specific price after the redemption of the Notes, and in particular not for the purchase price of the Notes. Under certain circumstances the Fund Shares may only have a very low value or may, in fact, be worthless, in which case see risk factor "Investor may lose the original invested amount" above. Holders may also be subject to certain documentary or stamp taxes in relation to the delivery and/or disposal of such Fund Shares.

For all the above reasons, investing directly or indirectly in funds is generally considered to be risky. If the underlying fund does not perform sufficiently well, the value of the Notes will fall, and may in certain circumstances be zero.

Risks relating to Credit Linked Notes.

The Issuer may issue Notes where the amount of principal and/or interest payable is dependent upon whether certain events ("**Credit Events**") have occurred in respect of one or more entities (together "**Reference Entities**" and each a "**Reference Entity**") and, if so, on the value of certain specified assets of such Reference Entity/Entities or where, if such events have occurred, on redemption the Issuer's obligation is to deliver certain specified assets upon redemption of the Notes.

Save where Maturity Credit Redemption applies the Credit Linked Notes may then be redeemed prior to their scheduled maturity. Where Maturity Credit Redemption applies (as specified in the applicable Final Terms) maturity of the Credit Linked Notes may be delayed until scheduled maturity of the Credit Linked Notes, notwithstanding that this may occur a significant time following the occurrence of the relevant Credit Event and unless so elected in the applicable Final Terms no further interest will be payable in this period.

Prospective investors in any such Notes should be aware that depending on the terms of the Credit Linked Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of any specified assets may occur at a different time than expected and (iii) they may lose all or a substantial portion of their investment.

The market price of such Notes may be volatile and will be affected by, amongst other things, the time remaining to the redemption date and the creditworthiness of the reference entity which in turn may be affected by the economic, financial and political events in one or more jurisdictions.

This Base Prospectus contains Additional Terms for and Conditions for Credit Linked Notes with terms based on the 2014 Credit Derivatives Definitions published by the International Swaps and Derivatives Association, Inc. (the "**2014 ISDA Definitions**") which are set out in Annex 6. The Issuer's obligations in respect of Credit Linked Notes are irrespective of the existence or amount of the Issuer's and/or any affiliates' credit exposure to a reference entity and the Issuer and/or any affiliate need not suffer any loss nor provide evidence of any loss as a result of the occurrence of a Credit Event.

The holders of Credit Linked Notes will be exposed to the credit of one or more Reference Entities, which exposure shall be, unless otherwise stated in the Final Terms, to the full extent of their investment in such Notes. Upon the occurrence of any of the default events comprising a Credit Event with respect to any Reference Entity, the Noteholders may suffer significant losses at a time when losses may be suffered by a direct investor in obligations of such Reference Entity. However, the holding of a Note is unlikely to lead to outcomes which exactly reflect the impact of investing in an obligation of a Reference Entity, and losses could be considerably greater than would be suffered by a direct investor in the obligations of a Reference

RISK FACTORS

Entity and/or could arise for reasons unrelated to such Reference Entity. Noteholders should also note that a Credit Event may occur even if the obligations of a Reference Entity are unenforceable or their performance is prohibited by any applicable law or exchange controls. See also risk factor "*Risk of Leveraged Exposure*" above.

Where cash settlement or auction settlement applies, the occurrence of a Credit Event in relation to any Reference Entity from time to time may result in a redemption of the Notes in a reduced nominal amount or at zero, and interest bearing Credit Linked Notes may cease to bear interest on or prior to the date of occurrence of such circumstance.

Where physical settlement applies, the occurrence of a Credit Event may result in the redemption of the Notes by delivery of certain direct or indirect obligations of the affected Reference Entity, which obligations are likely to have a market value which is substantially less than their par amount. Where the Notes provide for physical delivery, the Issuer may determine that the specified assets to be delivered are either (a) assets which, for any reason (including, without limitation, failure of the relevant clearance system or due to any law, regulation, court order or market conditions or the non-receipt of any requisite consents with respect to the delivery of assets which are loans), are impossible or illegal to deliver on the specified settlement date, or (b) assets which the Issuer, the Guarantor and/or any affiliate has not received under the terms of any transaction entered into by the Issuer, the Guarantor and/or such affiliate to hedge the Issuer's obligations in respect of the Notes. Any such determination may delay settlement in respect of the Notes and/or cause the obligation to deliver such specified assets to be replaced by an obligation to pay a cash amount which, in either case, may affect the value of the Notes and, in the case of payment of a cash amount, will affect the timing of the valuation of such Notes and as a result, the amount of principal payable on redemption. Prospective Investors should review the "*Terms and Conditions of the Notes*" and the Final Terms to ascertain whether and how such provisions should apply to the Notes.

Investors in the Notes are accordingly exposed, as to both principal and (if applicable) interest, to the credit risk of the Reference Entity. The maximum loss to an investor in the Notes is 100 per cent. of their initial principal investment, together with (if applicable) any accrued interest amounts.

A Credit Event may occur prior to the Trade Date.

Holders of the Notes may suffer a loss of some or all principal amount of the Notes in respect of one or more Credit Events that occur prior to the Trade Date or the Issue Date. Neither the Calculation Agent nor the Issuer nor any of their respective Affiliates has any responsibility to inform any Noteholder, or avoid or mitigate the effects of a Credit Event that has taken place prior to the Trade Date or the Issue Date.

Increased credit risk is associated with "First-to-Default" or "Nth-to-Default" Credit Linked Notes or Linear Basket Credit Linked Notes.

Where the Notes are First-to-Default or Nth-to-Default Credit Linked Notes or Linear Basket Credit Linked Notes, the Notes may be subject to redemption in full as described above upon the occurrence of a Credit Event in relation to the first or the nth or each Reference Entity in respect of which a Credit Event occurs. The credit risk to Noteholders may further be increased as a result of the concentration of Reference Entities in a particular industry sector or geographic area or the exposure of the Reference Entities to similar financial or other risks.

Investors' exposure to the credit performance of the Reference Entities may not correspond to actual market recovery on such Reference Entities, including for Zero/Set Recovery Notes.

Interest and principal repayments on the Notes may be calculated by reference to the Outstanding Nominal Amount of the Notes. As at the Issue Date the Outstanding Nominal Amount is an amount equal to the Aggregate Nominal Amount. If a Credit Event occurs in respect of a Reference Entity, then the Outstanding Nominal Amount may be reduced by an amount equal to a predefined portion of the Aggregate Nominal Amount which may be zero irrespective of the actual market recovery in respect of such Reference Entity. Therefore investors' exposure to each Reference Entity may exceed the exposure that they might incur in respect of having entered into a standard single name credit default swap as protection seller in respect of each Reference Entity and investors may lose the entire principal amount invested.

Amendment of Credit Linked Conditions in accordance with market convention.

The Calculation Agent may from time to time amend any provision of the Credit Linked Conditions to incorporate and/or reflect further or alternative documents or protocols from time to time published by ISDA with respect to the settlement of credit derivative transactions and/or the operation or application of determinations by the ISDA Credit Derivatives

RISK FACTORS

Determinations Committees which the Calculation Agent and the Issuer determine in a commercially reasonable manner are necessary to reflect or govern market practice for credit derivative transactions or hedging arrangements of the Issuer.

ISDA Credit Derivatives Definitions.

Whilst there are many similarities between the terms used in this Base Prospectus, there are many substantial differences and a prospective investor should understand that the complete terms and conditions of the Notes are as set out in this Base Prospectus and the applicable Final Terms and that the 2014 ISDA Definitions are not incorporated by reference herein. Consequently, investing in Credit Linked Notes is not necessarily equivalent to investing a credit default swap that incorporates either the 2003 ISDA Definitions or the 2014 ISDA Definitions.

While ISDA has published and, where appropriate, supplemented the 2014 ISDA Definitions in order to facilitate transactions and promote uniformity in the credit derivatives market, the credit derivatives market has evolved over time and is expected to continue to change. Consequently, the 2014 ISDA Definitions and the terms applied to credit derivatives generally, including Credit Linked Notes are subject to further evolution. Past events have shown that the view of market participants may differ as to how either set of the ISDA Definitions operate or should operate. As a result of the continued evolution of the market, the Credit Linked Notes may not conform to future market standards. Such a result may have a negative impact on the Credit Linked Notes and there can be no assurances that changes to the terms applicable to credit derivatives generally will be predictable or favourable to the Issuer or the Noteholders.

Risks relating to Auction Settlement of Credit Linked Notes.

Where an Auction Final Price Determination Date occurs in respect of Credit Linked Notes, the Auction Final Price will be determined according to an auction procedure set out in the applicable Transaction Auction Settlement Terms, a form of which will be published by ISDA on its website at www.isda.org (or any successor website thereto) from time to time and may be amended from time to time. The Auction Final Price determined pursuant to an auction may be less than the market value that would otherwise have been determined in respect of the relevant Reference Obligation.

The Issuer and the Noteholders may have little or no influence in outcome of any such auction. However, there is a possibility that the Issuer or the Calculation Agent (or one of their Affiliates) would act as a participating bidder in any such auction. In such capacity, it may take certain actions which may influence the Auction Final Price including (without limitation): (a) providing rates of conversion to determine the applicable currency conversion rates to be used to convert any obligations which are not denominated in the auction currency into such currency for the purposes of the auction; and (b) submitting bids, offers and physical settlement requests with respect to the relevant Deliverable Obligations. In deciding whether to take any such action (or whether to act as a participating bidder in any auction), neither the Issuer nor the Calculation Agent (or any of their Affiliates) shall be under any obligation to consider the interests of any Noteholder.

Risks relating to Foreign Exchange (FX) Rate Linked Notes.

The Issuer may issue Notes where the amount of principal and/or interest payable are dependent upon movements in currency exchange rates or are payable in one or more currencies which may be different from the currency in which the Notes are denominated (Foreign Exchange (FX) Rate Notes). Accordingly an investment in Foreign Exchange (FX) Rate Notes may bear similar market risks to a direct foreign exchange investment and potential investors should take advice accordingly.

Potential investors in any such Notes should be aware that, depending on the terms of the Foreign Exchange (FX) Rate Notes (i) they may receive no or a limited amount of interest, (ii) payment of principal or interest or delivery of assets may occur at a different time or in a different currency than expected and (iii) they may lose a substantial portion or all their investment. In addition, movements in currency exchange rates may be subject to significant fluctuations that may not correlate with changes in interest rates or other indices and the timing of changes in the exchange rates may affect the actual yield to investors, even if the average level is consistent with their expectations. In general, the earlier the change in currency exchange rates, the greater the effect on yield.

The foreign exchange rate(s) to which the Notes are linked will affect the nature and value of the investment return on the Notes. The performance of foreign exchange rates are dependent upon the supply and demand for currencies in the international foreign exchange markets, which are subject to economic factors, including inflation rates in the countries concerned, interest rate differences between the respective countries, economic forecasts, international political factors, currency convertibility and safety of making financial investments in the currency concerned, speculation and measures taken

RISK FACTORS

by governments and central banks. Such measures include, without limitation, imposition of regulatory controls or taxes, issuance of a new currency to replace an existing currency, alteration of the exchange rate or exchange characteristics by devaluation or revaluation of a currency or imposition of exchange controls with respect to the exchange or transfer of a specified currency that would affect exchange rates and the availability of a specified currency.

If the amount of principal and/or interest payable are dependent upon movements in currency exchange rates and are determined in conjunction with a multiplier greater than one or by reference to some other leverage factor, the effect of changes in the currency exchange rates on principal or interest payable will be magnified. See also risk factor "*Risk of Leveraged Exposure*" above.

Payments of principal and interest or other obligations of the Issuer in respect of any Tranche of Notes may be restricted upon the occurrence of certain disruption events applicable to the Notes, if so specified in the Final Terms (the "**Currency Adjustment Notes**"). A relevant disruption event may relate to the imposition of currency or exchange controls in any specified country or to a nationalisation, or any other circumstance as provided in the Final Terms. Following a relevant disruption event in respect of Currency Adjustment Notes, the Issuer shall be entitled to require the Calculation Agent to adjust the Notes or to redeem the Notes early or to postpone payments or deliveries in respect of the Notes so long as the relevant disruption event continues.

Notes which are issued at a substantial discount of premium may experience price volatility in response to changes in market interest rates.

The market values of Notes issued at a substantial discount (such as Zero Coupon Notes) or premium from their principal amount tend to fluctuate more in relation to general changes in interest rates than do prices for conventional interest-bearing securities. Generally, the longer the remaining term of the securities, the greater the price volatility as compared to conventional interest-bearing securities with comparable maturities.

There are specific risks with regard to Floating Rate Notes.

A key difference between Floating Rate Notes and Fixed Rate Notes is that interest income on Floating Rate Notes cannot be anticipated. Due to varying interest income, investors are not able to determine a definite yield of Floating Rate Notes at the time they purchase them, so that their return on investment cannot be compared with that of investments having longer fixed interest periods. If the "*Terms and Conditions of the Notes*" provide for frequent interest payment dates, investors are exposed to the reinvestment risk if market interest rates decline. That is, investors may reinvest the interest income paid to them only at the relevant lower interest rates then prevailing. In addition, the Issuer's ability to issue Fixed Rate Notes may affect the market value and secondary market (if any) of the Floating Rate Notes (and *vice versa*).

7. Market Factors

An active secondary market in respect of the Notes may never be established or may be illiquid and this would adversely affect the value at which an investor could sell his Notes.

Notes may have no established trading market when issued, and one may never develop. If a market does develop, it may not be very liquid. Therefore, investors may not be able to sell their Notes easily or at prices that will provide them with a yield comparable to similar investments that have a developed secondary market. This is particularly the case for Notes that are especially sensitive to interest rate, currency or market risks, are designed for specific investment objectives or strategies or have been structured to meet the investment requirements of limited categories of investors. These types of Notes generally would have a more limited secondary market and more price volatility than conventional debt securities. Illiquidity may have a severely adverse effect on the market value of Notes.

There may be price discrepancies with respect to the Notes as between various dealers or other investors in the secondary market.

If at any time a third party dealer quotes a price to purchase Notes or otherwise values Notes, that price may be significantly different (higher or lower) from any price quoted by any affiliate of BBVA. Furthermore, if any Noteholder sells their Notes, the Noteholder will likely be charged a commission for secondary market transactions, or the price may reflect a dealer discount.

RISK FACTORS

8. Potential Conflicts of Interest

The Issuer and/or the Guarantor are subject to various potential conflicts of interest in respect of the Notes, which could have an adverse effect on the Notes.

The Issuer, the Guarantor and its affiliates may take positions in or deal with Reference Item(s).

The Issuer, the Guarantor and its affiliates may:

- (a) in the ordinary course of business, effect transactions for their own account or for the account of their customers and hold long or short positions in the Reference Item(s) or related derivatives;
- (b) in connection with an offering of Notes, enter into one or more hedging transactions with respect to the Reference Item(s) or related derivatives; and/or
- (c) in connection with such hedging or market-making activities or with respect to proprietary or other trading activities, enter into transactions in the Reference Item(s) or related derivatives which may adversely (or positively) affect the price, liquidity or value of the relevant Notes and which could therefore be adverse to the interests of the relevant Noteholders.

The Calculation Agent, which will generally be the Guarantor or an affiliate of the Guarantor, has broad discretionary powers which may not take into account the interests of the Noteholders.

As the Calculation Agent will generally be the Guarantor or an affiliate of the Guarantor, potential conflicts of interest may exist between the Calculation Agent and the Noteholders, including with respect to the exercise of the very broad discretionary powers of the Calculation Agent. For example, the Calculation Agent has the authority (i) to determine whether certain specified events and/or matters so specified in the conditions relating to a Tranche of Notes have occurred and (ii) to determine any resulting adjustments and calculations or substitutions as described in such conditions. Potential investors should be aware that any determination made by the Calculation Agent may have an impact on the value and financial return of the Notes. Any such discretion exercised by, or any calculation made by, the Calculation Agent (in the absence of manifest or proven error) shall be binding on the relevant Issuer and all Noteholders.

The Issuer and/or the Guarantor may have confidential information relating to the Reference Item and the Notes

The Issuer and/or the Guarantor or its affiliates may from time to time, by virtue of their status as underwriter, advisor or otherwise, possess or have access to information relating to the Notes, the Reference Item and any derivative Notes referencing them. Such affiliates will not be obliged to disclose any such information to a purchaser of the Notes.

Potential conflicts of interest relating to distributors or other entities involved in the offer or listing of the Notes.

Potential conflicts of interest may arise in connection with the Notes, as any distributors or other entities involved in the offer and/or the listing of the Notes as indicated in the Final Terms, may act pursuant to a mandate from the Issuer and/or the Guarantor and may receive commissions and/or fees on the basis of the services performed in relation to such offer and/or listing.

The Issuer and the Guarantor will, in the event of any significant new factor, material mistake or inaccuracy relating to information included in this Base Prospectus which is capable of affecting the assessment of any Notes, prepare a supplement to this Base Prospectus or publish a new Base Prospectus for use in connection with any subsequent issue of Notes.

FORM OF THE NOTES

The Notes of each Series will be in either bearer form, with or without interest coupons attached, registered form, without interest coupons attached, or in book-entry form. In this Base Prospectus, Bearer Notes and Registered Notes are collectively referred to as **Certificated Notes**. Notes will be issued outside the United States in reliance on Regulation S under the Securities Act (**Regulation S**).

Bearer Notes

Each Tranche of Bearer Notes will be initially issued in the form of a temporary global note (a “**Temporary Bearer Global Note**”) or a permanent global note (a “**Permanent Bearer Global Note**”) as indicated in the applicable Final Terms, which, in either case, will (i) if the Global Notes are intended to be issued in new global note (“**NGN**”) form, as stated in the applicable Final Terms, be delivered on or prior to the original issue date of the Tranche to a common safekeeper for Euroclear and Clearstream, Luxembourg; or (ii) if the Global Notes are not intended to be issued in NGN form, be delivered on or prior to the original issue date of the Tranche to a common depository for Euroclear and Clearstream, Luxembourg. Whilst any Bearer Note is represented by a Temporary Bearer Global Note, payments of principal, interest (if any) and any other amount payable in respect of the Notes due prior to the Exchange Date (as defined below) will be made (against presentation of the Temporary Bearer Global Note if the Temporary Global Note is not intended to be issued in NGN form) only to the extent that certification of non-U.S. beneficial ownership or certification to the effect that the holder is a U.S. person who purchased in a transaction that did not require registration under the Securities Act and to the effect that such holder is not a United States person, or is a United States person that purchased by or through certain United States financial institutions or is a financial institution purchasing for resale during the restricted period to persons other than United States persons or persons within the United States or its possessions as required by U.S. Treasury regulations, has been received by Euroclear and/or Clearstream, Luxembourg and Euroclear and/or Clearstream, Luxembourg, as applicable, has given a like certification (based on the certifications it has received) to the Principal Paying Agent.

On and after the date (the **Exchange Date**) which is 40 days after a Temporary Bearer Global Note is issued, interests in such Temporary Bearer Global Note will be exchangeable (free of charge) upon a request as described therein either for (a) interests in a Permanent Bearer Global Note of the same Series or (b) for definitive Bearer Notes of the same Series with, where applicable, receipts, interest coupons and talons attached (as indicated in the applicable Final Terms and subject, in the case of definitive Bearer Notes, to such notice period as is specified in the applicable Final Terms), in each case against certification of beneficial ownership as described above unless such certification has already been given, provided that investors in the United States and certain U.S. persons will not be able to receive definitive Bearer Notes. The holder of a Temporary Bearer Global Note will not be entitled to collect any payment of interest, principal or other amount due on or after the Exchange Date unless, upon due certification, exchange of the Temporary Bearer Global Note for an interest in a Permanent Bearer Global Note or for definitive Bearer Notes is improperly withheld or refused.

Payments of principal, interest (if any) or any other amounts on a Permanent Bearer Global Note will be made through Euroclear and/or Clearstream, Luxembourg (against presentation or surrender (as the case may be) of the Permanent Bearer Global Note if the Permanent Bearer Global Note is not intended to be issued in NGN form) without any requirement for certification.

The applicable Final Terms will specify that a Permanent Bearer Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Bearer Notes with, where applicable, receipts, interest coupons and talons attached upon either (a) not less than 60 days’ written notice from Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) to the Principal Paying Agent as described therein or (b) only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (i) an Event of Default (as defined in General Condition 9) has occurred and is continuing, (ii) the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and no successor clearing system is available, (iii) if so specified in the applicable Final Terms, the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Permanent Bearer Global Note in definitive form or (iv) the Notes are required to be removed from both Euroclear and Clearstream, Luxembourg and no alternative clearing system is available. The Issuer will promptly give notice to Noteholders in accordance with General Condition 13 if an Exchange Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or

FORM OF THE NOTES

Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Permanent Bearer Global Note) or the Issuer, as the case may be, may give notice to the Principal Paying Agent requesting exchange. Any such exchange shall occur not later than 60 days after the date of receipt of the first relevant notice by the Principal Paying Agent.

The following legend will appear on all Bearer Notes (other than Temporary Bearer Notes) which have an original maturity of more than 365 days and on all receipts and interest coupons relating to such Notes:

“ANY UNITED STATES PERSON WHO HOLDS THIS OBLIGATION WILL BE SUBJECT TO LIMITATIONS UNDER THE UNITED STATES INCOME TAX LAWS, INCLUDING THE LIMITATIONS PROVIDED IN SECTIONS 165(j) AND 1287(a) OF THE INTERNAL REVENUE CODE.”

The sections referred to provide that United States holders, with certain exceptions, will not be entitled to deduct any loss on Bearer Notes, receipts or interest coupons and will not be entitled to capital gains treatment of any gain on any sale, disposition, redemption or payment of principal in respect of such Notes, receipts or interest coupons.

Notes which are represented by a Bearer Global Note will only be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as the case may be.

Registered Notes

Registered Notes will initially be represented by a global note in registered form (a Registered Global Note). Prior to expiry of the distribution compliance period (as defined in Regulation S) applicable to each Tranche of Notes, beneficial interests in a Registered Global Note may not be offered or sold to, or for the account or benefit of, a U.S. person save as otherwise provided in General Condition 2 and may not be held otherwise than through Euroclear or Clearstream, Luxembourg and such Registered Global Note will bear a legend describing such restrictions on transfer.

Registered Global Notes will either (a) be deposited with a custodian for the accounts of Euroclear and Clearstream, Luxembourg or (b) be deposited with a common depository or common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg, and registered in the name of a common nominee of Euroclear and Clearstream, Luxembourg or in the name of a nominee of the common safekeeper, as specified in the applicable Final Terms. Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Notes in fully registered form.

Persons holding beneficial interests in Registered Global Notes will be entitled or required, as the case may be, under the circumstances described below, to receive physical delivery of definitive Notes in fully registered form.

Payments of principal, interest and any other amount in respect of the Registered Global Notes will, in the absence of provision to the contrary, be made to the person shown on the Register (as defined in General Condition 5.(2) (i)) as the registered holder of the Registered Global Notes. None of the Issuer, the Guarantor, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to or payments or deliveries made on account of beneficial ownership interests in the Registered Global Notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

Payments of principal, interest or any other amount in respect of the Registered Notes in definitive form will, in the absence of provision to the contrary, be made to the persons shown on the Register on the relevant Record Date (as defined in General Condition 5) immediately preceding the due date for payment in the manner provided in that General Condition.

Interests in a Registered Global Note will be exchangeable (free of charge), in whole but not in part, for definitive Registered Notes without receipts, interest coupons or talons attached only upon the occurrence of an Exchange Event. For these purposes, **Exchange Event** means that (a) an Event of Default has occurred and is continuing, (b) the Issuer has or will become subject to adverse tax consequences which would not be suffered were the Notes represented by the Registered Global Note in definitive form, (c) in the case of Notes registered in the name of a nominee for a common depository or common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg, the Issuer has been notified that both Euroclear and Clearstream, Luxembourg have been closed for business for a continuous period of 14 days (other than by reason of holiday, statutory or otherwise) or have announced an intention permanently to cease business or have in fact done so and, no successor clearing system is available, and (d) the Notes are required to be removed from (in the case of Notes registered in the name of a nominee for a common depository or common safekeeper, as the case may be, for Euroclear and Clearstream, Luxembourg) both Euroclear and Clearstream, Luxembourg and, in either case, no alternative clearing system is available. The Issuer will promptly give notice to Noteholders in accordance with General Condition 13 if an Exchange

FORM OF THE NOTES

Event occurs. In the event of the occurrence of an Exchange Event, Euroclear and/or Clearstream, Luxembourg (acting on the instructions of any holder of an interest in such Registered Global Note) or the Issuer, as the case may be, may give notice to the Registrar requesting exchange. Any such exchange shall occur not later than 60 days after the date of receipt of the first relevant notice by the Registrar.

No beneficial owner of an interest in a Registered Global Note will be able to transfer such interest, except in accordance with the applicable procedures of Euroclear and Clearstream, Luxembourg, in each case to the extent applicable. Registered Notes are also subject to the restrictions on transfer set forth therein and will bear a legend regarding such restrictions.

General provisions relating to Certificated Notes

Certificated Notes of one Specified Denomination and Bearer Notes may not be exchanged for Certificated Notes of another Specified Denomination and Bearer Notes may not be exchanged for Registered notes and vice versa. Book Entry Notes may not be exchanged for Certificated Notes and vice versa.

If a Note is a definitive Bearer Note (a "**Definitive Bearer Note**"), it is issued with coupons for the payment of interest ("**Coupons**") attached and, if applicable, talons for further Coupons ("**Talons**") attached unless it is a Zero Coupon Note (as defined below) in which case references to interest (other than in the case of late payment) and Coupons in these General Conditions are not applicable. If it is a Definitive Bearer Note that is an Instalment Note (as defined below) it is issued with receipts ("**Receipts**") for the payment of instalments of principal prior to stated maturity attached. Any reference in these General Conditions to Coupon(s) or Couponholder(s) shall, unless the context otherwise requires, be deemed to include a reference to Talon(s) or Talonholder(s).

("**Euroclear**") and/or Clearstream Banking, *société anonyme* ("**Clearstream, Luxembourg**"), each person (other than Euroclear or Clearstream, Luxembourg) who is for the time being shown in the records of Euroclear or of Clearstream, Luxembourg, as the holder of a particular nominal amount of such Notes (in which regard any certificate or other document issued by Euroclear or Clearstream, Luxembourg as to the nominal amount of such Notes standing to the account of any person shall be conclusive and binding for all purposes save in the case of manifest error) shall be treated by the Issuer, the Guarantor and the Agents as the holder of such nominal amount of such Notes for all purposes other than with respect to the payment of principal or interest on such nominal amount of such Notes for which purpose the bearer of the relevant Bearer Global Note or the registered holder of the relevant Registered Global Note shall be treated by the Issuer, the Guarantor and any Agent as the holder of such nominal amount of such Notes in accordance with and subject to the terms of the relevant Global Note and the expressions "**Noteholder**" and "**holder of Notes**" and related expressions shall be construed accordingly.

TERMS AND CONDITIONS OF THE NOTES

provided above, the relevant Transfer Agent will, within three business days (being for this purpose a day on which banks are open for business in the city where the specified office of the relevant Transfer Agent is located) of the request (or such longer period as may be required to comply with any applicable fiscal or other laws or regulations), authenticate and deliver, or procure the authentication and delivery of, at its specified office to the transferee or (at the risk of the transferee) send by uninsured mail to such address as the transferee may request, a new Registered Note in definitive form of a like aggregate nominal amount to the Registered Note (or the relevant part of the Registered Note) transferred. In the case of the transfer of part only of a Registered Note in definitive form, a new Registered Note in definitive form in respect of the balance of the Registered Note not transferred will be so authenticated and delivered or (at the risk of the transferor) sent to the transferor.

(c) Registration of transfer upon partial redemption

In the event of a partial redemption of Notes under General Condition 6, the Issuer shall not be required to register the transfer of any Registered Note, or part of a Registered Note, called for partial redemption.

(d) Costs of registration

Noteholders will not be required to bear the costs and expenses of effecting any registration of transfer as provided above, except for any costs or expenses of delivery other than by regular uninsured mail and except that the Issuer may require the payment of a sum sufficient to cover any stamp duty, tax or other governmental charge that may be imposed in relation to the registration.

(e) Exchanges and transfers of Registered Notes generally

Holders of Registered Notes in definitive form, other than Institutional Accredited Investors, may exchange such Notes for interests in a Registered Global Note of the same type at any time.

(f) Minimum Tradeable Amount

Where a "**Minimum Tradable Amount**" is specified in the Final Terms, Notes will be transferable only in a minimum aggregate amount of Specified Denominations equal to the Minimum Tradable Amount specified in the Final Terms.

The Issuer, the Guarantor, the Dealer, the Principal Paying Agent or any other party to this Programme shall not be liable to any Noteholder for any loss arising by operation of this General Condition 2.

3. Status of the Notes And the guarantee

(a) Status of the Notes

The Notes and any related Coupons and Receipts constitute direct, unconditional and unsecured and unsubordinated obligations of the Issuer and rank *pari passu*, without any preference or priority among themselves and with all other outstanding unsecured and unsubordinated obligations of the Issuer present and future, but, in the event of insolvency, only to the extent permitted by applicable laws relating to creditor's right.

In the event of insolvency of the Issuer, the court having jurisdiction to open an insolvency proceeding and the law applicable to those proceedings and their effects will be determined in accordance with the provisions of Council Regulation (EC) No 1346/2000, of 29 May 2000, on insolvency proceedings ("**Regulation 1346/2000**"), the Spanish Insolvency Law 22/2003, of 9 July 2003, as amended (the "**Spanish Insolvency Law**") and the Dutch Insolvency Law (*faillissementswet*) of 30 September 1893, as most recently amended on 13th March 2008 (the "**Dutch Insolvency Law**"). Pursuant to these provisions, the courts of the place where the Issuer has its centre of main interests shall have jurisdiction to open insolvency proceedings against it and the law applicable to the insolvency proceedings and their effects will be the law of the place where such proceedings are opened.

Under Regulation 1346/2000 the centre of main interests should correspond to the place where the debtor conducts the administration of its interests on a regular basis and is therefore ascertainable by third parties. In the case of a company or legal person, Regulation 1346/2000 presumes, in the absence of proof to the contrary, that the place of its registered office is the centre of main interests. Based on this presumption a Dutch court may consider that it has jurisdiction to open insolvency proceedings against the Issuer. Notwithstanding this presumption, it is arguable that

TERMS AND CONDITIONS OF THE NOTES

the centre of main interests of the Issuer should be considered to be located in Spain and that the Spanish courts should be the courts with jurisdiction to open insolvency proceedings against it. In addition, even if the centre of main interests of the Issuer were not in Spain, the Spanish court could still open insolvency proceedings (named territorial insolvency proceedings) if they consider that the Issuer has an establishment within the territory of Spain, the effects of which would be limited to the assets of the Issuer situated in Spain.

In the event of insolvency (*faillissement*) of the Issuer declared by a Dutch court (either principal or territorial proceedings), claims relating to Notes will be *pari passu* claims (*concurrente vorderingen*) as defined in the Dutch Insolvency Law. Ordinary credits rank below credits against the insolvency estate (boedelschuld) and credits with a privilege (*voorrecht*). Ordinary credits rank above subordinated credits and the rights of shareholders.

In the event of insolvency (*concurso*) of the Issuer declared by a Spanish court (either principal or territorial insolvency proceedings) claims relating to Notes (which are not subordinated pursuant to article 92 of the Spanish Insolvency Law) will be ordinary credits (*créditos ordinarios*) as defined in the Spanish Insolvency Law. Ordinary credits rank below credits against the insolvency estate (*créditos contra la masa*) and privileged credits (*créditos privilegiados*) which shall be paid in full before ordinary credits. The claims of all creditors against the Issuer considered as "ordinary credits"; will be satisfied pro rata in insolvency. Ordinary credits rank above subordinated credits and the rights of shareholders.

Pursuant to article 59 of the Spanish Insolvency Law, the further accrual of interest shall be suspended from the date of declaration of the insolvency of any Issuer. Claims in respect of interest on the Notes accrued but unpaid as of the commencement of any insolvency procedure in respect of the Issuer shall constitute subordinated claims against the Issuer ranking in accordance with the provisions of article 92 of the Spanish Insolvency Law (including, without limitation, after claims on account of principal in respect of contractually subordinated obligations of the Issuer).

(b) Status of the Guarantee

The payment of principal and interest in respect of the Notes and any related Coupons and Receipts and all amounts due under the Deed of Covenant in respect of the Notes and any related Coupons and Receipts has been unconditionally and irrevocably (*solidariamente*) guaranteed by the Guarantor pursuant to the Guarantee.

The obligations of the Guarantor under the Guarantee constitute direct, unconditional, unsubordinated and unsecured obligations of the Guarantor and rank *pari passu* with all other outstanding unsecured and unsubordinated obligations of the Guarantor, present and future, but, in the event of insolvency, only to the extent permitted by applicable laws relating to creditors' rights.

In the event of insolvency (*concurso*) of the Guarantor, under the Spanish Insolvency Law, claims of Noteholders (which are not subordinated pursuant to article 92 of the Insolvency law) will be ordinary credits (*créditos ordinarios*) as defined in the Spanish Insolvency Law . Ordinary credits rank below credits against the insolvency estate (*créditos contra la masa*) and privileged credits (*créditos privilegiados*) (including, without limitation, any deposits for the purposes of Additional Provision 14.1 of Law 11/2015) which shall be paid in full before ordinary credits. The claims of all creditors against the Guarantor considered as "ordinary credits" will be satisfied pro rata in insolvency. Ordinary credits rank above subordinated credits and the rights of shareholders.

Pursuant to article 59 of the Spanish Insolvency Law, the further accrual of interest shall be suspended from the date of declaration of the insolvency of the Guarantor. Claims of Noteholders in respect of interest accrued but unpaid as of the commencement of any insolvency procedure in respect of the Guarantor shall constitute subordinated claims against the Guarantor ranking in accordance with the provisions of article 92 of the Spanish Insolvency Law (including, without limitation, after claims on account of principal in respect of contractually subordinated obligations of the Guarantor).

The obligations of the Guarantor under the Guarantee are also subject to the application of the general bail-in tool by the Fondo de Reestructuración Ordenada Bancaria or any successor resolution authority (the FROB) pursuant to Law 11/2015.

TERMS AND CONDITIONS OF THE NOTES

4. Interest

(a) Interest on Fixed Rate Notes

Each Fixed Rate Note bears interest from (and including) the Interest Commencement Date at the rate(s) per annum equal to the Rate(s) of Interest. Interest will accrue in respect of each period from (and including) an Interest Period End Date (or if none the Interest Commencement Date) to (but excluding) the next (or first) Interest Period End Date (each an "**Interest Period**" and each such latter date the "**Interest Period End Final Date**"). Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. If an Interest Payment Date falls after the Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such latter date. If a Business Day Convention (as defined in General Condition 4(g) below is specified in the Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (i) if there is no numerically corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (ii) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day (as defined in General Condition 4(g), then, the relevant Business Day Convention shall apply. For the purposes of this General Condition 4(g), "**Interest Period End Date**" shall mean each date so specified in the Final Terms. If no such date(s) is so specified, then the Interest Period End Date for an Interest Period shall be the corresponding Interest Payment Date (unadjusted for any Business Day Convention).

If no Business Day Convention is specified as applicable to an Interest Period End Final Date in the Final Terms, except as provided in the Final Terms:

- (i) the amount of interest payable on each Interest Payment Date in respect of the Interest Period ending on (but excluding) the Interest Period End Final Date in respect of such Interest Period, will amount to the Fixed Coupon Amount; and
- (ii) the amount of interest payable on any other Interest Payment Date will, if so specified in the Final Terms, amount to the Broken Amount so specified.

Subject to the Payout Conditions, Interest shall be calculated by applying the Rate of Interest to:

- (A) in the case of Fixed Rate Notes which are represented by a Global Note or which are Book Entry Notes, the aggregate outstanding nominal amount of the Fixed Rate Notes represented by such Global Note or Book Entry Notes (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of each Fixed Rate Note in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the applicable Day Count Fraction (as defined in General Condition 4(g) below specified in the Final Terms, and rounding the resultant figure to the nearest sub-unit of the relevant Specified Notes Currency, half of any such sub-unit (as defined below) being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Fixed Rate Note in definitive form comprises more than one Calculation Amount, the amount of Interest payable in respect of such Fixed Rate Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

"**sub-unit**" means, with respect to any currency other than euro, the lowest amount of such currency that is available as legal tender in the country of such currency and, with respect to euro, means one cent.

(b) Interest on Floating Rate Notes and Reference Item Linked Interest Notes

(i) Interest Period End Dates and Interest Payment Dates

Each Floating Rate Note and, subject to the provisions of General Condition 4(g) below and unless otherwise specified in the Final Terms, each Reference Item Linked Interest Note bears interest on its

TERMS AND CONDITIONS OF THE NOTES

outstanding nominal amount (or, if it is a Partly Paid Note, in accordance with General Condition 4(e) in respect of each Interest Period (as defined in General Condition 4(a)). For the purposes of this General Condition 4(b), "Interest Period End Date" shall mean either:

- (A) the specified Interest Period End Date(s) in each year specified in the Final Terms; or
- (B) if no Interest Period End Date(s) is/are specified in the Final Terms, (x) in the case of Floating Rate Notes, each date which falls on the number of months or other period specified as the Specified Period in the Final Terms after the preceding Interest Period End Date or, in the case of the first Interest Period End Date, after the Interest Commencement Date and (y) in the case of Reference Item Linked Interest Notes, the corresponding Interest Payment Date (unadjusted for any Business Day Convention).

Interest will be payable in arrear on the Interest Payment Date(s) in each year up to (and including) the Maturity Date. If an Interest Payment Date falls after an Interest Period End Final Date in respect of the relevant Interest Period, no additional interest or other amount shall be payable as a result of such interest being payable on such later date.

If a Business Day Convention is specified in the Final Terms as applying to an Interest Period End Date or an Interest Payment Date and (i) if there is no numerically corresponding day on the calendar month in which an Interest Period End Date or Interest Payment Date, as the case may be, should occur or (ii) if any Interest Period End Date or Interest Payment Date, as the case may be, would otherwise fall on a day which is not a Business Day (as defined in General Condition 4(g)below), then the relevant Business Day Convention (as defined in General Condition 4(g)below) shall apply. Provided that, in any case, where Specified Periods are specified in accordance with General Condition 4(b)(i)(B) above, the Floating Rate Convention shall apply.

(ii) Rate of Interest

The Rate of Interest payable from time to time in respect of Floating Rate Notes and Reference Item Linked Interest Notes will be determined in the manner specified in the Final Terms.

(iii) ISDA Determination

Where ISDA Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will be the relevant ISDA Rate plus or minus (as indicated in the Final Terms) the Margin (if any). For the purposes of this subparagraph (iii), "**ISDA Rate**" for an Interest Period means a rate equal to the Floating Rate that would be determined by the Principal Paying Agent under an interest rate swap transaction if the Principal Paying Agent were acting as Calculation Agent for that swap transaction under the terms of an agreement incorporating the 2006 ISDA Definitions as published by the International Swaps and Derivatives Association, Inc. and as amended and updated as at the Issue Date of the first Tranche of the Notes (the "**ISDA Definitions**") and under which:

- (A) the Floating Rate Option is as specified in the Final Terms;
- (B) the Designated Maturity is a period specified in the Final Terms; and
- (C) the relevant Reset Date is either (x) if the applicable Floating Rate Option is based on the London interbank offered rate ("**LIBOR**") or on the Euro-zone inter-bank offered rate ("**EURIBOR**") for a currency, the first day of that Interest Period or (y) in any other case, as specified in the Final Terms.

For the purposes of this sub-paragraph (iii), "**Floating Rate**", "**Calculation Agent**", "**Floating Rate**" "**Option**", "**Designated Maturity**" and "**Reset Date**" have the meanings given to those terms in the ISDA Definitions.

(iv) Screen Rate Determination

TERMS AND CONDITIONS OF THE NOTES

Where Screen Rate Determination is specified in the Final Terms as the manner in which the Rate of Interest is to be determined, the Rate of Interest for each Interest Period will, subject as provided below, be either:

- (A) the offered quotation; or
- (B) the arithmetic mean (rounded, if necessary, to the fifth decimal place, with 0.000005 being rounded upwards) of the offered quotations, (expressed as a percentage rate per annum) for the Reference Rate(s) which appears or appear, as the case may be, on the Relevant Screen Page (or any successor to such page or service) as at the Specified Time indicated in the Final Terms (which will be 11.00 a.m., London time, in the case of LIBOR, or Brussels time, in the case of EURIBOR) on the Interest Determination Date (as defined below) in question plus or minus (as indicated in the Final Terms) the Margin (if any), all as determined by the Calculation Agent. If five or more of such offered quotations are available on the Relevant Screen Page, the highest (or, if there is more than one such highest quotation, one only of such quotations) and the lowest (or, if there is more than one such lowest quotation, one only of such quotations) shall be disregarded by the Principal Paying Agent for the purpose of determining the arithmetic mean (rounded, as provided above) of such offered quotations.
- (C) in the case of a CMS Rate, the rate for swap transactions in the currency to which the CMS Rate relates with a maturity of the Designated Maturity, expressed as a percentage, which appears on the Relevant Screen Page (or any successor to such page or service) as of the Specified Time on the relevant Interest Determination Date plus or minus (as indicated in the Final Terms) the Margin (if any) all as determined by the Principal Paying Agent or, in the event that the Principal Paying Agent determines it is not reasonably practicable to determine the Rate of Interest in such manner, the Rate of Interest will be determined by the Principal Paying Agent as such rate that it determines would have prevailed but for such impracticality by reference to such source(s) as it may select; or
- (D) in the case of a rate that is based on the yield of a government bond (a “**Government Bond Yield Rate**”), the rate for a generic government bond, expressed as a percentage per annum, with a maturity of the Designated Maturity, which appears on the Relevant Screen Page (or any successor to such page or service) as of the Specified Time on the relevant Interest Determination Date plus or minus (as indicated in the Final Terms) the Margin (if any) (all as specified in the Final Terms), as determined by the Calculation Agent; or
- (E) if the Calculation Agent determines that it is not reasonably practicable to obtain the rate in such manner, the rate will be determined as such rate that the Calculation Agent determines would have prevailed but for such impracticability by reference to such source(s) as it may select.
- (F) In case the rate specified in the Final Terms is a TEC Rate (*Taux de l'Echéance Constante*), the offered quotation, expressed as a percentage rate per annum, with a maturity of the Designated Maturity calculated by the *Comité de Normalisation Obligataire* (or successor thereto), which appears on the Relevant Screen Page (or any successor to such page or service) as of the Specified Time on the relevant Interest Determination Date plus or minus (as indicated in the Final Terms) the Margin (if any) (all as specified in the Final Terms), as determined by the Calculation Agent.
- (G) If the Calculation Agent determines it is not reasonably practicable to determine the rate in such manner, the rate shall be determined by the Calculation Agent on the basis of the linear interpolation of the mid-market prices for each of the two reference French treasury bonds (*Obligation Assimilable du Trésor*) (“**OAT**”), which would have been used by the *Comité de Normalisation Obligataire* (or successor thereto) for the calculation of the relevant rate.

TERMS AND CONDITIONS OF THE NOTES

- (H) In order to determine such mid-market prices, the Calculation Agent shall request five active dealers each to provide a quotation of its price at approximately the Specified Time on the Interest Determination Date in question and shall determine the mid-market prices as the arithmetic mean of such quotations after discarding the highest and lowest of such quotations.
- (I) In the case of (i) and (ii), the Agency Agreement contains provisions for determining the Rate of Interest in the event that the Relevant Screen Page is not available or if, in the case of (i) above, no such offered quotation appears or, in the case of (ii) above, fewer than three such offered quotations appear, in each case as at the Specified Time indicated above or in the Final Terms. The Final Terms may, if agreed by the relevant Dealer, set out such provisions in full.

(v) Determination of Rate of Interest and Calculation of Interest Amount

The Calculation Agent will, on or as soon as practicable after each date on which the Rate of Interest is to be determined (the "**Interest Determination Date**"), determine the Rate of Interest (subject to any Minimum Interest Rate or Maximum Interest Rate specified in the Final Terms) for the relevant Interest Period Subject to the Payout Conditions, the Calculation Agent will calculate the amount of interest (the "**Interest Amount**") payable on the Notes for the relevant Interest Period by applying the Rate of Interest to:

- (A) in the case of Floating Rate Notes and Reference Item Linked Interest Notes which are represented by a Global Note or which are Book Entry Notes, the aggregate outstanding nominal amount of the Notes represented by such Global Note or Book Entry Notes (or, if they are Partly Paid Notes, the aggregate amount paid up); or
- (B) in the case of each Floating Rate Note, Reference Item Linked Interest Note and Combination Interest Note in definitive form, the Calculation Amount,

and, in each case, multiplying such sum by the Day Count Fraction (as defined in General Condition 4(g) below) specified in the Final Terms and rounding the resultant figure to the nearest sub-unit (defined above) of the relevant Specified Notes Currency, one half of such a sub-unit being rounded upwards or otherwise in accordance with applicable market convention.

Where the Specified Denomination of a Floating Rate Note and Reference Item Linked Interest Note in definitive form comprises more than one Calculation Amount, the Interest Amount payable in respect of such Note shall be the aggregate of the amounts (determined in the manner provided above) for each Calculation Amount comprising the Specified Denomination without any further rounding.

(vi) Minimum and/or Maximum Interest Rate

If the Final Terms specifies a Minimum Interest Rate for any Interest Period, then in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of subparagraph (ii), (iii), (iv) or (v) above or (d) below (as appropriate) is less than such Minimum Interest Rate, the Rate of Interest for such Interest Period shall be such Minimum Interest Rate. If the Final Terms do not specify a Minimum Interest Rate for any Interest Period, then the Rate of Interest for such Interest Period shall not be less than zero.

If the Final Terms specifies a Maximum Interest Rate for any Interest Period, then in the event that the Rate of Interest in respect of such Interest Period determined in accordance with the provisions of subparagraph (ii), (iii), (iv) or (v) above or (d) below (as appropriate) is greater than such Maximum Interest Rate, the Rate of Interest for such Interest Period shall be such Maximum Interest Rate.

TERMS AND CONDITIONS OF THE NOTES

(vii) Linear Interpolation

Where Linear Interpolation is specified as applicable in respect of an Interest Period in the applicable Final Terms, the Rate of Interest for such Interest Period shall be calculated by the Principal Paying Agent by straight line linear interpolation by reference to two rates based on the relevant Reference Rate (where Screen Rate Determination is specified as applicable in the applicable Final Terms) or the relevant Floating Rate Option (where ISDA Determination is specified as applicable in the applicable Final Terms), one of which shall be determined as if the Designated Maturity were the period of time for which rates are available next shorter than the length of the relevant Interest Period and the other of which shall be determined as if the Designated Maturity were the period of time for which rates are available next longer than the length of the relevant Interest Period provided however that if there is no rate available for a period of time next shorter or, as the case may be, next longer, then the Principal Paying Agent shall determine such rate at such time and by reference to such sources as it determines appropriate.

"**Designated Maturity**" means, in relation to Screen Rate Determination, the period of time designated in the Reference Rate.

(viii) Notification of Rate of Interest and Interest Amount

The Principal Paying Agent will cause the Rate of Interest and each Interest Amount for each Interest Period and the relevant Interest Payment Date to be notified to the Issuer, the Guarantor (if applicable) (such notifications to occur no later than the Business Day following the notification of the Calculation Agent), AIAF (in the case of Notes which are listed on the Official List of AIAF and the rules of such stock exchange so require) and, if applicable, to any other stock exchange on which the relevant Notes are for the time being listed. In addition, the Principal Paying Agent shall publish or cause to be published such Rate of Interest, Interest Amount and Interest Payment Date in accordance with General Condition 13 as soon as possible after their determination but in no event later than the fourth Business Day thereafter. Each Rate of Interest, Interest Amount and Interest Payment Date so notified may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) in the event of an extension or shortening of the Interest Period. Any such amendment will be promptly notified to each stock exchange on which the relevant Notes are for the time being listed and to the Noteholders in accordance with General Condition 13.

(ix) Certificates to be Final

All certificates, communications, determinations, calculations and decisions made for the purposes of the provisions of this paragraph (b), by the Calculation Agent, shall (in the absence of wilful default, bad faith or manifest error) be binding on the Issuer, the Guarantor (if applicable), the Principal Paying Agent, the other Paying Agents and all Noteholders, and (in the absence as aforesaid) no liability to the Noteholders shall attach to the Calculation Agent, in connection with the exercise or non-exercise by it of its powers, duties and discretions pursuant to such provisions.

(c) Interest on Specified Interest Amount Notes

Each Specified Interest Amount Note shall bear interest at an amount per Calculation Amount equal to the Specified Interest Amount so specified in the Specified Interest Amount provisions of the Final Terms which shall be payable on the relevant Specified Interest Payment Date(s) also specified thereon, adjusted, where applicable for any Business Day Convention. Such interest shall continue to accrue (as well after as before any judgment) until the day on which all sums due in respect of such Note up to that day are received by or on behalf of the holder of such Note. Such interest will be calculated on the basis of a 360 day year consisting of 12 months of 30 days each and in the case of an incomplete month the actual number of days elapsed in such incomplete month or on such other basis as may be specified in the Final Terms.

(g) Interest Payments and Accrual of Interest

Interest will be paid subject to and in accordance with the provisions of General Condition 5. The Calculation Agent will notify any amount of interest to the Principal Paying Agent as soon as reasonably practicable following its determination.

(ii) A Calculation Agent must be appointed for the determination of the Rate of Interest where such determination is other than a single determination of the Rate of Interest for each Interest Period that is made in accordance with this General Condition 4 and the related provisions of the Agency Agreement and without the imposition of any additional duties on the Principal Paying Agent

(B) Verification of the Noteholder

In the case of Notes represented by a Global Note, upon receipt of an Asset Transfer Notice, the relevant Clearing System shall verify that the person delivering the Asset Transfer Notice is the holder of the Notes described therein according to its records. Subject thereto, the relevant Clearing System will confirm to the Principal Paying Agent the series number and number of Notes the subject of such notice, the relevant account details and the details for the delivery of the Entitlement of each Note. Upon receipt of such confirmation, the Principal Paying Agent will inform the Issuer and any Delivery Agent thereof. The relevant Clearing System will on or before the Delivery Date or Credit Settlement Date, as the case may be, debit the securities account of the relevant Noteholder with the relevant Notes.

(C) Determinations and Delivery

Any determination as to whether an Asset Transfer Notice is duly completed and in proper form shall be made, in the case of Notes represented by a Global Note, by the relevant Clearing System or, in the case of Notes in definitive form, by the relevant Paying Agent or the Registrar, as the case may be. Any determination as to the completeness of an Iberclear Settlement Instruction shall be made by the Delivery Agent. All such determinations shall be made in consultation with the Principal Paying Agent, and shall be conclusive and binding on the Issuer, the Guarantor (if applicable), the Principal Paying Agent(s), any Delivery Agent, the relevant Noteholder and the Iberclear participant entity (as applicable). Subject as set out below, any Asset Transfer Notice so determined to be incomplete or not in proper form, or which is not copied to the Principal Paying Agent and any Delivery Agent immediately after being delivered or sent as provided in paragraph (1) above or any Iberclear Settlement Instruction deemed incomplete, shall be null and void.

If such Asset Transfer Notice or Iberclear Settlement Instruction is subsequently corrected to the satisfaction of, in the case of Notes represented by a Global Note, the relevant Clearing System, in the case of Notes in definitive form, by the relevant Paying Agent or the Registrar, or, in the case of Book-Entry Notes by the Delivery Agent, in each case in consultation with the Principal Paying Agent, it shall be deemed to be a new Asset Transfer Notice or Iberclear Settlement Instruction (as applicable) submitted at the time such correction was delivered as provided above.

The relevant Clearing System, Delivery Agent, Registrar or Paying Agent, as applicable, shall use its reasonable efforts as soon as reasonably practicable to notify the Noteholder submitting an Asset Transfer Notice or, in respect of Book-Entry Notes, the Iberclear participant entity submitting the Iberclear Settlement Instruction, if, in consultation with the Principal Paying Agent, it has determined that such Asset Transfer Notice or Iberclear Settlement Instruction (as applicable) is incomplete or not in proper form. In the absence of negligence or wilful misconduct on its part, none of the Issuer, the Guarantor, the Paying Agents or the relevant Clearing System shall be liable to any person with respect to any action taken or omitted to be taken by it in connection with such determination or the notification of such determination to a Noteholder.

No Asset Transfer Notice or Iberclear Settlement Instruction may be withdrawn after receipt thereof by the relevant Clearing System, the Registrar, the Delivery Agent or a Paying Agent, as the case may be, as provided above. After delivery of an Asset Transfer Notice or Iberclear Settlement Instruction, the relevant Noteholder may not transfer the Notes which are the subject of such notice.

TERMS AND CONDITIONS OF THE NOTES

The Entitlement will be delivered at the risk of the relevant Noteholder, in the manner provided below on the date fixed for redemption (such date, subject to adjustment in accordance with this General Condition 5(b), the “**Delivery Date**”) or, (in the case of Credit Linked Notes), Delivered on the Credit Settlement Date, in each case at the risk of the relevant Noteholder, in the manner provided below and provided that, in each case, the Asset Transfer Notice, or, in the case of Book-Entry Notes, Iberclear Settlement Instruction, is duly delivered to the relevant Clearing System and/or each other relevant party, as provided above, not later than the close of business in each place of reception on the Cut-Off Date.

If a Noteholder fails to give an Asset Transfer Notice or, in the case of Book-Entry Notes, Iberclear Settlement Instruction, as provided herein with a copy to each relevant party, prior to the close of business in each place of reception on the Cut-Off Date, then the Entitlement will be delivered or, as the case may be, Delivered as soon as practicable after the Delivery Date or the Credit Settlement Date as the case may be, at the risk of such Noteholder in the manner set out below. Provided that if in respect of a Note an Asset Transfer Notice or Iberclear Settlement Instruction (as applicable) is not delivered in accordance with the requirements of this General Condition 5(b), with a copy to each party specified for such purpose herein, is not delivered to the relevant Clearing System and/or each other relevant party, as the case may be, with a copy to the Issuer, prior to the close of business in each place of reception on the 90th calendar day following the Cut-off Date then (a) if “**Assessed Value Payment Amount**” is specified as applicable in the Final Terms, the Issuer shall as soon as reasonably practicable following such date determine the Assessed Value Payment Amount (as defined below) and in respect of such Note shall pay the Assessed Value Payment Amount to the relevant Noteholder in lieu of delivery of the Entitlement as soon as reasonably practicable following determination of the Assessed Value Payment Amount. (b) if “**Assessed Value Payment Amount**” is specified as “not applicable” in the Final Terms, the Issuer's obligations in respect of such Note and the Guarantor's obligations pursuant to the Guarantee in respect of such Note shall be discharged and no further liability in respect thereof shall attach to the Issuer or the Guarantor, as applicable. Upon payment of the Assessed Value Payment Amount, if applicable, the Issuer's and the Guarantor's obligations in respect of such Note shall be discharged. For the avoidance of doubt, in the circumstances described above, such Noteholder shall not be entitled to any payment, whether of interest or otherwise, as a result of a failure to give an Asset Transfer Notice in relation to a Delivery Date or the Credit Settlement Date, as applicable, and no liability in respect thereof shall attach to the Issuer or the Guarantor as applicable.

The Issuer (or any Delivery Agent on its behalf) shall, at the risk of the relevant Noteholder, deliver (or procure the delivery) or Deliver (or procure the Delivery) of the Entitlement for each Note, in such commercially reasonable manner as the Calculation Agent shall in its sole discretion determine and notify to the person designated by the Noteholder in the relevant Asset Transfer Notice or Iberclear Settlement Instruction (as applicable) or in such manner as is specified in the applicable Final Terms. All costs, taxes, duties and/or expenses including stamp duty, stamp duty reserve tax and/or other costs, duties or taxes (“**Expenses**”) arising from the delivery or Delivery, as the case may be, of the Entitlement, in respect of such Notes shall be for the account of the relevant Noteholder and no delivery or Delivery of the Entitlement shall be made until all Expenses have been paid by the relevant Noteholder to the satisfaction of the Issuer.

(D) General

Notes held by the same Noteholder will be aggregated for the purpose of determining the aggregate Entitlements in respect of such Notes, provided that, the aggregate Entitlements in respect of the same Noteholder will be rounded down to the nearest whole unit of the Relevant Asset or each of the Relevant Assets, as the case may be, in such manner as the Calculation Agent shall determine. Fractions of the Relevant Asset or of each of the Relevant Assets, as the case may be, will not be delivered and in lieu thereof a cash adjustment calculated by the Calculation Agent in its sole and absolute discretion shall be paid to the Noteholder.

TERMS AND CONDITIONS OF THE NOTES

Following the Delivery Date or Credit Settlement Date in respect of a share forming part of the Entitlement, all dividends on the relevant shares to be delivered will be payable to the relevant party according to market practice assuming a sale of the shares has been executed on the Delivery Date or Credit Settlement Date. Any such dividends to be paid to a Noteholder will be paid to the account specified by the Noteholder in the relevant Asset Transfer Notice as referred to in General Condition 5(b)(i)(1).

For such period of time after delivery or Delivery of the Entitlement until the Delivery Date or the Credit Settlement Date (the "**Intervening Period**"), none of the Issuer, the Guarantor (if applicable), the Paying Agents, the Registrar, any Delivery Agent or any other person shall at any time (i) be under any obligation to deliver or procure delivery to any Noteholder any letter, certificate, notice, circular or any other document or, except as provided herein, payment whatsoever received by that person in respect of such securities, obligations or Deliverable Obligations, (ii) be under any obligation to exercise or procure exercise of any or all rights attaching to such securities, obligations or Deliverable Obligations or (iii) be under any liability to a Noteholder in respect of any loss or damage which such Noteholder may sustain or suffer as a result, whether directly or indirectly, of that person being registered during such Intervening Period as legal owner of such securities, obligations or Deliverable Obligations.

(E) Settlement Disruption

The provisions of this General Condition 5(vii) apply to Notes other than Credit Linked Notes.

If, in the opinion of the Calculation Agent, delivery of the Entitlement in such commercially reasonable manner as the Calculation Agent has determined is not practicable by reason of a Settlement Disruption Event other than a Relevant Asset Redemption Event (each as defined below) having occurred and continuing on the Delivery Date, then the Delivery Date shall be postponed to the first following Settlement Business Day in respect of which there is no such Settlement Disruption Event, provided that, the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by delivering the Entitlement using such other commercially reasonable manner as it may select and in such event the Delivery Date shall be such day as the Issuer deems appropriate in connection with delivery of the Entitlement in such other commercially reasonable manner. Following the occurrence of a Relevant Asset Redemption Event, the Entitlement Amount shall be deemed to be a cash amount equal to the proceeds of redemption of the Entitlement specified in the Final Terms less (where 'Unwind Costs' are specified as being applicable in the Final Terms), an amount equal to all Unwind Costs (as defined below), as determined by the Calculation Agent and notified to the Noteholders in accordance with General Condition 13. For the avoidance of doubt, where a Settlement Disruption Event affects some but not all of the Relevant Assets comprising the Entitlement, the Delivery Date for the Relevant Assets not affected by the Settlement Disruption Event will be the originally designated Delivery Date.

For so long as delivery of the Entitlement is not practicable by reason of a Settlement Disruption Event other than a Relevant Asset Redemption Event, then in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by payment to the relevant Noteholder of the Disruption Cash Redemption Amount (as defined below) on the fifth Business Day following the date that notice of such election is given to the Noteholders in accordance with General Condition 13. Payment of the Disruption Cash Redemption Amount will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13. The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 that a Settlement Disruption Event has occurred. No Noteholder shall be entitled to any payment in respect of the relevant Note in the event of any delay in the delivery of the Entitlement due to the occurrence of a Settlement Disruption Event and no liability in respect thereof shall attach to the Issuer.

For the purposes hereof:

TERMS AND CONDITIONS OF THE NOTES

"Disruption Cash Redemption Amount" means, in respect of any relevant Note, the fair market value of such Note (taking into account, where the Settlement Disruption Event affected some but not all of the Relevant Assets comprising the Entitlement and such non affected Relevant Assets have been duly delivered as provided above, the value of such Relevant Assets) less the cost to the Issuer and/or its affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion;

"Hedging Arrangements" means any transaction(s), asset(s) or trading position(s) the Issuer and/or any of its Affiliates or agents may enter into or hold from time to time (including, if applicable, on a portfolio basis) to hedge directly or indirectly and whether in whole or in part the credit or other price risk of the Issuer issuing and performing its obligations with respect to the Notes.

"Relevant Asset Redemption Event" means, in respect of a Relevant Asset which is specified in the Final Terms to be a debt obligation in the form of a bond, that the Relevant Asset has been redeemed for any reason, on or prior to the Maturity Date of the Notes; **"Settlement Business Day"** has the meaning specified in the Final Terms;

"Settlement Disruption Event" means, in the opinion of the Calculation Agent, an event beyond the control of the Issuer or the Guarantor, as the case may be, as a result of which the Issuer or the Guarantor, as the case may be, cannot make delivery of the Relevant Asset(s) using the method specified in the Conditions and/or the Final Terms; and

"Unwind Costs" means the amount specified in the Final Terms (if any) or if "Standard Unwind Costs" are specified in the Final Terms, an amount determined by the Calculation Agent equal to the aggregate sum of (without duplication) all costs (including loss of funding), fees, charges, expenses, tax and duties incurred by the Issuer and/or any of its Affiliates in connection with the redemption of the Relevant Assets and the Notes and the related termination, settlement or re-establishment of any Hedging Arrangements.

(F) Failure to Deliver due to Illiquidity

The provisions of this General Condition 5 (b)(i)(F) apply to the Notes other than Credit Linked Notes.

If **"Failure to Deliver due to Illiquidity"** is specified as applying in the Final Terms and, in the opinion of the Calculation Agent, it is impossible or impracticable to deliver, when due, some or all of the Relevant Assets (the **"Affected Relevant Assets"**) comprising the Entitlement, where such failure to deliver is due to illiquidity in the market for the Relevant Assets (a **"Failure to Deliver due to Illiquidity"**), then:

- (1) subject as provided elsewhere in the Conditions, any Relevant Assets which are not Affected Relevant Assets, will be delivered on the originally designated date of redemption in accordance with this General Condition 5(b); and
- (2) in respect of any Affected Relevant Assets, in lieu of physical settlement and notwithstanding any other provision hereof the Issuer may elect in its sole discretion to satisfy its obligations in respect of the relevant Note by payment to the relevant Noteholder of the Failure to Deliver Redemption Amount (as defined below) on the fifth Business Day following the date that notice of such election is given to the Noteholders in accordance with General Condition 13. Payment of the Failure to Deliver Redemption Amount will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13. The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 that the provisions of this General Condition 5(b)(i)(F) apply.

For the purposes hereof, **"Failure to Deliver Redemption Amount"** means, in respect of any relevant Note, the fair market value of such Note (taking into account, the Relevant Assets comprising the Entitlement which have been duly delivered as provided above, the value of such Relevant Assets),

TERMS AND CONDITIONS OF THE NOTES

less the cost to the Issuer and/or any of its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Issuer in its sole and absolute discretion.

(ii) Variation of Settlement

If the Final Terms indicate that the Issuer has an option to vary settlement in respect of the Notes, the Issuer may at its sole and unfettered discretion in respect of each such Note, elect not to pay the relevant Noteholders the Final Redemption Amount or to deliver or procure delivery of the Entitlement to the relevant Noteholders, as the case may be, but, in lieu thereof to deliver or procure delivery of the Entitlement or make payment of the Final Redemption Amount on the Maturity Date to the relevant Noteholders, as the case may be. Notification of such election will be given to Noteholders in accordance with General Condition 13 and the provisions of Condition 5(b) (*Physical Delivery*) shall apply accordingly. Where so specified in the Final Terms, the Issuer shall give not less than the minimum period of notice and/or not more than the maximum period of notice.

(iii) Issuer's Option to Substitute Assets or to pay the Alternate Cash Redemption Amount

Notwithstanding any provision of these General Conditions to the contrary, the Issuer may, in its sole and absolute discretion in respect of Notes to which this General Condition 5(b) applies, if the Calculation Agent determines (in its sole and absolute discretion) that the Relevant Asset or Relevant Assets, as the case may be, comprises assets which are not freely tradable, elect either (i) to substitute for the Relevant Asset or the Relevant Assets, as the case may be, an equivalent value (as determined by the Calculation Agent in its sole and absolute discretion) of such other assets which the Calculation Agent determines, in its sole and absolute discretion, are freely tradable (the "**Substitute Asset**" or the "**Substitute Assets**", as the case may be) or (ii) not to deliver or procure the delivery of the Entitlement or the Substitute Asset or Substitute Assets, to the relevant Noteholders, but in lieu thereof to make payment to the relevant Noteholder on the Delivery Date of an amount equal to the fair market value of the Entitlement on or about the time of so electing as determined by the Calculation Agent in its sole and absolute discretion by reference to such sources as it considers appropriate (the "**Alternate Cash Redemption Amount**"). Notification of any such election will be given to Noteholders in accordance with General Condition 13 and in the event that the Issuer elects to pay the Alternate Cash Redemption Amount such notice shall give details of the manner in which such amount shall be paid.

For purposes hereof, a "**freely tradable**" security shall mean (i) with respect to the United States, a security which is registered under the Securities Act or not restricted under the Securities Act and which is not purchased from the issuer of such security and not purchased from an affiliate of the issuer of such security or which otherwise meets the requirements of a freely tradable security for purposes of the Securities Act, in each case, as determined by the Calculation Agent in its sole and absolute discretion or (ii) with respect to any other jurisdiction, a security not subject to any legal restrictions on transfer in such jurisdiction.

(iv) Rights of Noteholders and Calculations

None of the Issuer, the Guarantor (if applicable), the Calculation Agent, any Delivery Agent and the Agents shall have any responsibility for any errors or omissions in any calculation or determination in respect of the Notes.

The purchase of Notes does not confer on any holder of such Notes any rights (whether in respect of voting, distributions or otherwise) attaching to any Relevant Asset.

(v) For the purposes of the General Conditions:

"**Affiliate**" means, in relation to any entity (the "**First Entity**"), any entity controlled, directly or indirectly, by the First Entity, any entity that controls, directly or indirectly, the First Entity or any entity directly or indirectly under common control with the First Entity. For these purposes "**control**" means ownership of a majority of the voting power of an entity; and

TERMS AND CONDITIONS OF THE NOTES

"**Assessed Value Payment Amount**" means, in respect of a Note, an amount determined by the Calculation Agent to be the fair market value of the assets comprised in the Entitlement in respect of such Note less the cost to the Issuer and/or its Affiliates of unwinding any underlying relating hedging arrangements, all as determined by the Issuer.

6. Redemption and Purchase

(a) Final Redemption

Unless previously redeemed or purchased and cancelled as provided below, each Note (other than a Credit Linked Note) will be redeemed by the Issuer at its relevant Final Redemption Amount in the Specified Notes Currency on the Maturity Date specified in the Final Terms or, if (i) Physical Settlement is specified as applicable in the Final Terms (each such Note a "**Physical Delivery Note**") or (ii) Variation Settlement is specified as applicable in the Final Terms and the Issuer exercises such option, by delivery of the Entitlement (as provided in General Condition 5(b) above) on the Delivery Date. Notes may not be redeemed other than in accordance with these General Conditions and any applicable Annex.

The "**Final Redemption Amount**" shall be an amount in respect of each Calculation Amount, equal to the Calculation Amount multiplied by: (i) the percentage or (ii) the Final Payout specified in the Final Terms. For the avoidance of doubt, if the Final Payout is zero, no amount shall be payable on the final redemption of the Note.

The "**Entitlement**", in respect of each Calculation Amount, shall be a quantity of the Relevant Asset(s) (and any cash amount to be delivered as a result of rounding down) specified in the Final Terms equal to the Entitlement Amount specified in the Final Terms or, in the case of Credit Linked Notes, the Deliverable Obligations to be delivered pursuant to the Credit Linked Conditions. If the Relevant Asset is specified in the Final Terms to be a debt obligation in the form of a bond (a "**Bond Asset**"), the Entitlement in respect of each Calculation Amount, shall be a nominal amount of such Bond Asset (and any cash amount to be delivered as a result of rounding down) specified in the Final Terms having a face value equal to the Entitlement Amount specified in the Final Terms. In respect of any Bond Asset (i) the Calculation Agent shall make such adjustments as it, in its sole and absolute discretion determines to be necessary, to the Entitlement to be so delivered, in order to take account of any redenomination, subdivision, consolidation, reclassification or any event having a dilutive or concentrative effect on the value of the Bond Asset; or (ii) if such Bond Asset is converted into or exchanged for other securities in accordance with the terms of any voluntary or involuntary exchange or restructuring programme, the Entitlement shall be a nominal amount of the such converted securities or securities for which the Bond Asset has been exchanged, having a face value equal to the Entitlement Amount. If the Calculation Agent determines in its sole and absolute discretion that such securities are not freely tradable, the provisions of General Condition 5(b)(iii) (*Issuer's Option to Substitute Assets or to pay the Alternate Cash Redemption Amount*) shall apply.

"**Relevant Asset(s)**" means the relevant asset(s) so specified in the Final Terms.

(b) Redemption for tax reasons

The Notes may be redeemed at the option of the Issuer in whole, but not in part, at any time (if the Note is not a Floating Rate Note) or on any Interest Payment Date (if the Note is a Floating Rate Note), on giving not less than 30 or more than 60 days' notice to the Principal Paying Agent and, in accordance with General Condition 13, the Noteholders (which notice shall be irrevocable), if:

- (i) (A) on the occasion of the next payment due under the Notes, the Issuer has or will become obliged under Spanish law to pay additional amounts as provided or referred to in General Condition 7 or the Guarantor would be unable for reasons outside its control to procure payment by the Issuer and in making payment itself would be required to pay such additional amounts (as defined in General Condition 7); (B) or there is

TERMS AND CONDITIONS OF THE NOTES

any change after the Issue Date of the Notes in the application or binding official interpretation of the Spanish laws or regulations as a result of which withholding tax is applicable to the Notes, which change or amendment becomes effective on or after the issue date of the Notes; and

- (ii) in the case of (i)(A) above such obligation to pay additional amounts cannot be avoided by the Issuer or, as the case may be, the Guarantor taking reasonable measures available to it, provided that no such notice of redemption shall be given earlier than 90 days prior to the earliest date on which the Issuer or, as the case may be, the Guarantor would be obliged to pay such additional amounts were a payment in respect of the Notes then due.

Prior to the publication of any notice of redemption pursuant to this General Condition, the Issuer or, as the case may be, the Guarantor shall deliver to the Principal Paying Agent a certificate signed by two Directors of the Issuer (or if at the time that such certification is to be given the Issuer has only one Director, such certificate may be signed by such Director) or, as the case may be, by the duly authorised signatory of the Guarantor stating that the Issuer is entitled to effect such redemption and setting forth a statement of facts showing that the conditions precedent to the right of the Issuer so to redeem have occurred, an opinion of independent legal advisers of recognised standing to the effect that the Issuer or, as the case may be, the Guarantor has or will become obliged to pay such additional amounts.

Each Note redeemed pursuant to this General Condition 6(b) will be redeemed at its Early Redemption Amount referred to in paragraph (f) below and no further interest will be payable since the immediately preceding Interest Payment Date or, if none, the Issue Date.

- (c) Redemption for Illegality

In the event that the Issuer determines in good faith that the performance of its obligations under the Notes or that any arrangements made to hedge its obligations under the Notes has or will become unlawful, illegal or otherwise prohibited in whole or in part as a result of compliance with any applicable present or future law, rule, regulation, judgment, order or directive of any governmental, administrative, legislative or judicial authority or power, or in the interpretation thereof, the Issuer having given not less than 10 nor more than 30 days' notice to the Noteholders in accordance with General Condition 13 (which notice shall be irrevocable), may, on expiry of such notice redeem all, but not some only, of the Notes, each Note being redeemed at its Early Redemption Amount referred to in paragraph (f) below and no further interest will be payable since the immediately preceding Interest Payment Date or, if none, the Issue Date.

- (d) Redemption at the Option of the Issuer (Issuer Call)

If "**Issuer Call Option**" is specified as being applicable in the Final Terms, the Issuer may, having given:

- (i) not less than 5 days' (or such other notice period specified in the Final Terms) notice to the Noteholders in accordance with General Condition 13; and
- (ii) not less than 4 days before the giving of the notice referred to in (i), notice to the Principal Paying Agent,

(which notices shall be irrevocable and shall specify the date fixed for redemption), redeem all or some only of the Notes then outstanding on any Optional Redemption Date and each at the Optional Redemption Amount(s) specified in, or determined on the Optional Redemption Valuation Date in the manner specified in, the Final Terms together, if appropriate, with interest accrued to (but excluding) the relevant Optional Redemption Date. Any partial redemption must be of a nominal amount equal to the Minimum Redemption Amount or, if applicable, a Higher Redemption Amount as specified in the Final Terms. In the case of a partial redemption of Notes, the Notes to be redeemed ("**Redeemed Notes**") will be selected individually by lot, in the case of Redeemed Notes represented by definitive Notes, and in accordance with the rules of Euroclear and/or Clearstream, Luxembourg (to be reflected in the records of Euroclear and Clearstream, Luxembourg as either a pool factor or a reduction in nominal amount, at

TERMS AND CONDITIONS OF THE NOTES

their discretion), in the case of Redeemed Notes represented by a Global Note, or in the case of Redeemed Notes that are represented by Book-Entry Notes, the rules of Iberclear or the Book-Entry Depository (as the case may be), not more than 30 days prior to the date fixed for redemption (such date of selection being hereinafter called the "**Selection Date**"). In the case of Redeemed Notes represented by definitive Notes, a list of the serial numbers of such Redeemed Notes will be published in accordance with General Condition 13 not less than 15 days prior to the date fixed for redemption. The aggregate nominal amount of Redeemed Notes represented by definitive Notes shall bear the same proportion to the aggregate nominal amount of all Redeemed Notes as the aggregate nominal amount of definitive Notes outstanding bears to the aggregate nominal amount of the Notes outstanding, in each case on the Selection Date, provided that the aggregate nominal amount of Redeemed Notes represented by definitive Notes shall, if necessary, be rounded downwards to the nearest integral multiple of the Specified Denomination, and the aggregate nominal amount of Redeemed Notes represented by a Global Note shall be equal to the balance of the Redeemed Notes. No exchange of the relevant Global Note will be permitted during the period from (and including) the Selection Date to (and including) the date fixed for redemption pursuant to this paragraph (d) and notice to that effect shall be given by the Issuer to the Noteholders in accordance with General Condition 13 at least five days prior to the Selection Date.

In the case of Redeemed Notes represented by Book-Entry Notes, a list of the ISIN codes of such Redeemed Notes will be published in accordance with General Condition 13 not less than 15 day's prior to the date fixed for redemption (or such lesser period as may be specified in the applicable Final Terms).

(e) Redemption at the Option of the Noteholders (Noteholder Put)

If "**Noteholder Put Option**" is specified as being applicable in the Final Terms, upon the holder of any Note giving to the Issuer in accordance with General Condition 13 not less than 15 or more than 30 days' notice (or such other minimum and/or maximum notice period specified in the Final Terms) (which notice shall be irrevocable) the Issuer will, upon the expiry of such notice, redeem in whole but not in part, subject to and in accordance with the terms specified in the Final Terms, such Note on the Optional Redemption Date and at the Optional Redemption Amount specified in, or determined on the Optional Redemption Valuation Date specified in the Final Terms, together, if appropriate, with interest accrued to (but excluding) the Optional Redemption Date.

To exercise the right to require redemption of the Notes its holder must, if the Notes are in definitive form and held outside Euroclear and Clearstream, Luxembourg, deliver at the specified office of any Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes) at any time during normal business hours of such Paying Agent or, as the case may be, the Registrar falling within the notice period, a duly completed and signed notice of exercise in the form (for the time being current) obtainable from any specified office of any Paying Agent or, as the case may be, the Registrar (a "**Put Notice**") and in which the holder must specify a bank account (or, if payment is required to be made by cheque, an address) to which payment is to be made under this General Condition and, in the case of Registered Notes, the nominal amount thereof to be redeemed. If a Note is in definitive bearer form, the Put Notice must be accompanied by the Note or evidence satisfactory to the Paying Agent concerned that the Note will, following delivery of the Put Notice, be held to its order or under its control. If a Note is represented by a global Note or is in definitive form and held through Euroclear or Clearstream, Luxembourg, to exercise the right to require redemption of the Note the holder of the Note must, within the notice period, give notice to the Principal Paying Agent of such exercise in accordance with the standard procedures of Euroclear and Clearstream, Luxembourg (which may include notice being given on his instruction by Euroclear or Clearstream, Luxembourg or any common depository for them to the Principal Paying Agent by electronic means) in a form acceptable to Euroclear and Clearstream, Luxembourg from time to time, and, if a Note is a Bearer Note represented by a global Note, at the same time present or procure the presentation of the relevant global Note to the Principal Paying Agent for notation accordingly. If the Note is represented by a Book-Entry Note held through Iberclear, to exercise the right to require redemption of this Note the holder of this Note must, within the notice period, give notice to the Principal Paying Agent of such exercise in accordance with the standard procedures of Iberclear (which may include notice being given on his instruction by Iberclear, or any Iberclear member to the Principal Paying Agent by electronic means) in a form acceptable to Iberclear from time to time. In the case of a Book-Entry Note held through a Book-Entry Depository, to exercise the right to require redemption of the Note, the holder of the Note must within

TERMS AND CONDITIONS OF THE NOTES

the notice period, give notice to the Principal Paying Agent and the Spanish Paying Agent in accordance with the procedures agreed with such Book-Entry Depository.

Any Put Notice or other notice given in accordance with the standard procedures of Euroclear, and/or Clearstream Luxembourg and/or Iberclear given by a holder of any Note pursuant to this General Condition 13 shall be irrevocable except where prior to the due date of redemption an Event of Default has occurred and is continuing in which event such holder, at its option, may elect by notice to the Issuer to withdraw the notice given pursuant to this General Condition 6(e) and instead to declare such Note forthwith due and payable pursuant to General Condition 9.

(f) Early Redemption

For the purposes of paragraph (c), General Condition 9, and any circumstances where the Notes are to be redeemed prior to their Maturity Date at their Early Redemption Amount (as defined below), each Note will be redeemed at an amount (the "**Early Redemption Amount**") calculated as follows, unless specified otherwise in the Final Terms, and no further interest will be payable since the immediately preceding Interest Payment Date or, if none, the Issue Date:

- (i) in the case of any Note, other than a Zero Coupon Note to which paragraph (ii) below applies, at an amount determined by the Calculation Agent on the second Business Day immediately preceding the due date for the early redemption of the Notes, representing such Note's pro rata share of (a) the fair market value of such Notes taking into account all factors which the Calculation Agent determines relevant (including, if applicable, any interest provision of the Note and the event which resulted in such redemption) less (b) all costs incurred by the Issuer, the Guarantor or any of its Affiliates in connection with such early redemption, including, without limitation, any costs associated with unwinding any underlying related hedging arrangements, and all other expenses related thereto, as determined by the Calculation Agent in good faith and in a commercially reasonable manner; or
- (ii) in the case of a Zero Coupon Note the Early Redemption Amount of which is not linked to an index, a formula or other Reference Item at an amount (the "**Amortised Face Amount**") equal to the sum of:
 - (A) the Reference Price specified in the Final Terms; and
 - (B) the product of the Accrual Yield specified in the Final Terms (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (but excluding) the date fixed for redemption or (as the case may be) the date upon which such Note becomes due and repayable.

Where such calculation is to be made for a period of less than a full year, it shall be made on the basis of a 360-day year consisting of 12 months of 30 days each and, in the case of an incomplete month, the number of days elapsed in such incomplete month.

For the purposes of (i)(A) above where the relevant Notes provide for any minimum amount(s) of cash or assets to be payable or deliverable this shall be taken into account in determining the fair market value. However, the Calculation Agent shall reduce (i.e. discount) the value of such amounts in determining the fair market value to take into account the length of time remaining to the first possible date on which such amount(s) would otherwise have been payable or deliverable. Such discounting may be determined by reference to such information as the Calculation Agent may select which may include risk free rate(s).

The Calculation Agent shall also take into account appropriate values for any other amount which would or could otherwise have been payable or deliverable under the relevant Notes. This may include the element of the return on the Notes determined by reference to the relevant assets or reference basis(es) to which the Notes relate (i.e. a derivative element). The relevant value for this element of the Notes may be determined by reference to the cost at the relevant time of entering into a transaction to provide similar amounts.

TERMS AND CONDITIONS OF THE NOTES

(g) Purchases

The Issuer, the Guarantor or any of their respective subsidiaries may at any time purchase Notes (provided that, in the case of Definitive Bearer Notes, all unmatured Receipts, Coupons and Talons appertaining thereto are purchased therewith) at any price in the open market or otherwise. Notes purchased as aforesaid may, at the option of the Issuer, the Guarantor or their respective subsidiaries, as the case may be, be held, reissued, resold or surrendered to any Paying Agent and/or the Registrar for cancellation except that all Notes in definitive form purchased by the Issuer must be surrendered for cancellation.

(h) Cancellation

All Notes which are redeemed will forthwith be cancelled (together with all unmatured Receipts, Coupons and Talons attached thereto or surrendered therewith at the time of redemption). All Notes so cancelled and any Notes purchased and cancelled pursuant to paragraph (f) above (together with all unmatured Receipts, Coupons and Talons cancelled therewith) shall be forwarded to the Principal Paying Agent and cannot be reissued or resold.

(i) Instalments

Instalment Notes will be redeemed in the Instalment Amounts and on the Instalment Dates specified in the Final Terms. In the case of Notes in definitive form, all instalments (other than the final instalment) will be paid by surrender of, in the case of a Definitive Bearer Note, the relevant Receipt (which must be presented with the Note to which it appertains) and, in the case of a definitive Registered Note, the relevant Note and issue of a new Note in the nominal amount remaining outstanding, all as more fully described in General Condition 5. In the case of early redemption, the Early Redemption Amount will be determined pursuant to paragraph (e) above.

(j) Late payment on Zero Coupon Notes

If the amount payable in respect of any Zero Coupon Note upon redemption of such Zero Coupon Note pursuant to paragraph (b), (d) or (e) above is improperly withheld or refused, the amount due and repayable in respect of such Zero Coupon Note shall be the amount calculated as provided in paragraph (e)(iv) of this General Condition 6 above as though the references therein to the date fixed for redemption or the date upon which the Zero Coupon Note becomes due and repayable were replaced by references to the date which is the earlier of:

- (i) the date on which all amounts due in respect of the Zero Coupon Note have been paid; and
- (ii) the date on which the full amount of the moneys payable has been received by the Principal Paying Agent and notice to that effect has been given to the Noteholders in accordance with General Condition 13.

(k) Partly Paid Notes

Partly Paid Notes will be redeemed, whether at maturity, early redemption or otherwise in accordance with the provisions of this General Condition 6.

7. Taxation

All payments of principal and interest in respect of the Notes, Receipts and Coupons by or on behalf of the Issuer or the Guarantor will be made without withholding or deduction for or on account of any present or future taxes or duties of whatever nature imposed or levied by or on behalf of the Kingdom of Spain ("**Spain**") or any political subdivision or authority thereof or therein having the power to tax unless such withholding or deduction is required by law. In such event, the Issuer or the Guarantor, as applicable (or, as the case may be, the relevant Paying Agent) will account to the relevant

TERMS AND CONDITIONS OF THE NOTES

authorities for the amount required to be withheld or deducted and will pay such additional amounts as shall be necessary in order that the net amounts received by the holders of the Notes, Receipts or Coupons after such withholding or deduction shall equal the respective amounts of principal and interest which would otherwise have been receivable in respect of the Notes, Receipts or Coupons, as the case may be, in the absence of such withholding or deduction; except that no such additional amounts shall be payable with respect to any Note, Receipt or Coupon:

- (i) presented for payment by or on behalf of a holder who is liable for such taxes or duties in respect of such Note, Receipt or Coupon by reason of his having some connection with Spain other than the mere holding of such Note, Receipt or Coupon; or
- (ii) presented for payment more than 30 days after the Relevant Date (as defined below) except to the extent that the holder thereof would have been entitled to an additional amount on presenting the same for payment on such thirtieth day assuming that day to have been a Payment Day (as defined in General Condition 5(a)); or
- (iii) presented for payment by or on behalf of a holder of the Notes in respect of which the Issuer has not been provided by the Paying Agent with the correspondent Annex as it is required in order to comply with Additional Provision One of Spanish Law 10/2014, RD1065/2007 as amended by RD 1145/2011 (and any other regulations or interpretations that may be enacted by the Government or the Tax Authorities), no later than 10.00 a.m. (CET) on the 10th calendar day of the month following the relevant date upon which the payment was due (or if such date is not a day on which commercial banks are open for general business in Spain, the immediately preceding such date); or
- (iv) where such withholding or deduction is imposed on a payment to an individual and is required to be made pursuant to European Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; or
- (v) presented for payment by or on behalf of a holder who would be able to avoid such withholding or deduction by presenting the relevant Note, Receipt or Coupon to another Paying Agent in a Member State of the European Union.
- (vi) presented for payment by or on behalf of a Spanish legal entity subject to Spanish Corporate Income Tax or by an individual or legal entity non resident in Spain, subject to Spanish Non Resident Income Tax, operating in Spain through a permanent establishment to which the Notes are assigned, if the Spanish Tax Authorities determine that the Notes do not comply with the exemption requirements specified in Sections 59 q) and s) of the Royal Decree 1777/2004 of 30 July 2004 approving the Corporate Income Tax Regulations in the way that such requirements have been interpreted by the reply to the consultation of the Directorate General for Taxation on 20 July 2004 or if they change the interpretation held in the before mentioned reply and require a withholding to be made.

In these General Conditions, the "**Relevant Date**" means the date on which such payment first becomes due, except that, if the full amount of the moneys payable has not been duly received by the Principal Paying Agent or the Registrar, as the case may be, on or prior to such due date, it means the date on which, the full amount of such moneys having been so received, notice to that effect is duly given to the Noteholders in accordance with General Condition 13.

8. Redenomination

- (a) Redenomination

Where redenomination is specified in the Final Terms as being applicable, the Issuer may, without the consent of the Noteholders, the Receiptholders and the Couponholders, on giving prior notice to the Principal Paying Agent, Euroclear and Clearstream, Luxembourg and at least 30 days' prior notice to the Noteholders in accordance with General Condition 13, elect that, with effect from the Redenomination Date specified in the notice, the Notes shall be redenominated in euro.

The election will have effect as follows:

TERMS AND CONDITIONS OF THE NOTES

- (i) the Notes and the Receipts shall be deemed to be redenominated into euro in the denomination of euro 0.01 with a nominal amount for each Note and Receipt equal to the nominal amount of that Note or Receipt in the Specified Notes Currency, converted into euro at the Established Rate, provided that, if the Issuer determines, with the agreement of the Principal Paying Agent, that the then market practice in respect of the redenomination into euro of internationally offered securities is different from the provisions specified above, such provisions shall be deemed to be amended so as to comply with such market practice and the Issuer shall promptly notify the Noteholders, the stock exchange (if any) on which the Notes may be listed and the Paying Agents of such deemed amendments;
- (ii) save to the extent that an Exchange Notice has been given in accordance with paragraph (iv) below, the amount of interest due in respect of the Notes will be calculated by reference to the aggregate nominal amount of Notes presented (or, as the case may be, in respect of which Coupons are presented) for payment by the relevant Noteholder and the amount of such payment shall be rounded down to the nearest euro 0.01;
- (iii) if definitive Notes are required to be issued after the Redenomination Date, they shall be issued at the expense of the Issuer in the denominations agreed at the time by the Issuer and the Principal Paying Agent;
- (iv) if issued prior to the Redenomination Date, all unmatured Coupons denominated in the Specified Notes Currency (whether or not attached to the Notes) will become void with effect from the date on which the Issuer gives notice (the "Exchange Notice") that replacement euro-denominated Notes, Receipts and Coupons are available for exchange (provided that such securities are so available) and no payments will be made in respect of them. The payment obligations contained in any Notes and Receipts so issued will also become void on that date although those Notes and Receipts will continue to constitute valid exchange obligations of the Issuer. New euro-denominated Notes, Receipts and Coupons will be issued in exchange for Notes, Receipts and Coupons denominated in the Specified Notes Currency in such manner as the Principal Paying Agent may specify and as shall be notified to the Noteholders in the Exchange Notice. No Exchange Notice may be given less than 15 days prior to any date for payment of principal or interest on the Notes;
- (v) after the Redenomination Date, all payments in respect of the Notes, the Receipts and the Coupons, other than payments of interest in respect of periods commencing before the Redenomination Date, will be made solely in euro as though references in the Notes to the Specified Notes Currency were to euro. Payments will be made in euro by credit or transfer to a euro account (or any other account to which euro may be credited or transferred) specified by the payee or, at the option of the payee, by a euro cheque;
- (vi) if the Notes are Fixed Rate Notes and interest for any period ending on or after the Redenomination Date is required to be calculated for a period ending other than on a Fixed Interest Date, it will be calculated by applying the Rate of Interest to each Specified Denomination, multiplying such sum by the applicable Day Count Fraction, and rounding the resultant figure to the nearest sub-unit (defined above) of the relevant Specified Notes Currency, half of any such sub-unit being rounded upwards or otherwise in accordance with applicable market convention;
- (vii) if the Notes are Floating Rate Notes, the Final Terms will specify any relevant changes to the provisions relating to interest; and
- (viii) such other changes shall be made to these General Conditions as the Issuer may decide, after consultation with the Principal Paying Agent, and as may be specified in the notice, to conform them to conventions then applicable to instruments denominated in euro.

(b) Definitions

In these General Conditions, the following expressions have the following meanings:

"Established Rate" means the rate for the conversion of the Specified Notes Currency (including compliance with rules relating to rounding in accordance with applicable European Community regulations) into euro established by the Council of the European Union pursuant to Article 1091(4) of the Treaty;

"euro" means the currency introduced at the start of the third stage of European economic and monetary union pursuant to the Treaty;

"Redenomination Date" means (in the case of interest bearing Notes) any date for payment of interest under the Notes or (in the case of Zero Coupon Notes) any date, in each case specified by the Issuer in the notice given to the

TERMS AND CONDITIONS OF THE NOTES

Noteholders pursuant to paragraph (a) above and which falls on or after the date on which the country of the Specified Notes Currency first participates in the third stage of European economic and monetary union; and

"**Treaty**" means the Treaty establishing the European Community, as amended by the Treaty on European Union as amended by the Treaty of Amsterdam.

9. Events of Default

If any of the following events (each an "**Event of Default**") shall have occurred and be continuing:

- (i) a default is made for more than 14 days in the payment of any principal (including any Instalment Amount(s)) due in respect of any of the Notes or 30 days or more in the payment of any interest or other amount due in respect of any of the Notes; or
- (ii) a default is made in the performance by the Issuer or the Guarantor of any other obligation under the provisions of the Notes or under the provisions of the Guarantee relating to the Notes and such default continues for more than 60 days following service by a Noteholder on the Issuer and the Guarantor of a notice requiring the same to be remedied; or
- (iii) an order of any competent court or administrative agency is made or any resolution is passed by the Issuer for the winding-up or dissolution of the Issuer (other than for the purpose of an amalgamation, merger or reconstruction (i) which has been an Extraordinary Resolution or (ii) where all of the assets of the Issuer are transferred to, an all of its debts and liabilities are assumed by, a continuing entity); or
- (iv) an order is made by any competent court commencing insolvency proceedings (procedimientos concursales) against the Guarantor or an order is made or a resolution is passed for the dissolution or winding up of the Guarantor (except in any such case for the purpose of a reconstruction or a merger or amalgamation (i) which has been approved by an Extraordinary Resolution or (ii) where the entity resulting from any such reconstruction or merger or amalgamation is a Financial Institution (Entidad de Crédito according to article 1 of Law 10/2014 of 26 June, on Organisation, Supervision and Solvency of Credit Entities) and will have a rating for long-term senior debt assigned by Standard & Poor's Rating Services, Moody's Investors Services or Fitch Ratings Ltd equivalent to or higher than the rating for long-term senior debt of the Guarantor immediately prior to such reconstruction or merger or amalgamation); or
- (v) the Issuer or the Guarantor is adjudicated or found bankrupt or insolvent by any competent court, or any order of any competent court or administrative agency is made for, or any resolution is passed by Issuer or the Guarantor to apply for, judicial composition proceedings with its creditors or for the appointment of a receiver or trustee or other similar official in insolvency proceedings in relation to the Issuer or the Guarantor or substantially all of the assets of either of them (unless in the case of an order for a temporary appointment, such appointment is discharged [within 60 days]);] or
- (vi) the Issuer (except for the purpose of an amalgamation, merger or reconstruction approved by an Extraordinary Resolution) or the Guarantor (except for the purpose of an amalgamation, merger or reconstruction (i) which has been approved by an Extraordinary Resolution or (ii) where the entity resulting from any such reconstruction or merger or amalgamation will have a rating for long-term senior debt assigned by Standard & Poor's Rating Services or Moody's Investor Services equivalent to or higher than the rating for long-term senior debt of the Guarantor immediately prior to such reconstruction or merger or amalgamation) ceases or threatens to cease to carry on the whole or substantially the whole of its business; or
- (vii) the Guarantee ceases to be, or is claimed by the Guarantor not to be, in full force and effect.

Then the holder of any Note may declare such Note by written notice to the Issuer at the specified office of the Principal Paying Agent or the Registrar, as the case may be, effective upon the date of receipt thereof by the Principal Paying Agent or the Registrar, as the case may be, (in the case of paragraph (iii) and, in relation to the Issuer only, (iv), (v), (vi) and (vii) above, only if then permitted by applicable Spanish Law) to be forthwith due and payable, whereupon the same shall become immediately due and payable at its Early Redemption Amount (as described in Condition 6(f)), together with accrued interest (if any) to the date of repayment.

TERMS AND CONDITIONS OF THE NOTES

For the purpose of General Condition 9 (v), (vi) and (vii), and a report by the auditors for the time being of the Issuer or the Guarantor, as the case may be, as to whether any part of the undertaking, business or assets of the Issuer or the Guarantor is "substantial" shall, in the absence of manifest error, be conclusive.

As used herein:

"Capital Markets Indebtedness" means any loan or other indebtedness of any person (other than Project Finance Indebtedness) which is in the form of or represented by any bonds, notes, depositary receipts or other securities for the time being quoted or listed, with the agreement of the Issuer and/or the Guarantor, on any stock exchange; and

"Project Finance Indebtedness" means any present or future indebtedness incurred to finance the ownership, acquisition, development and/or operation of an asset, whether or not an asset of the Issuer or the Guarantor, in respect of which the person or persons to whom any such indebtedness is or may be owed by the relevant borrower (whether or not the Issuer or the Guarantor) is entitled to have recourse solely to such asset and revenues generated by the operation of, or loss or damage to, such asset.

Noteholders may not be able to exercise their rights on an event of default in the event of the adoption of any resolution measure under Law 11/2015.

The Spanish Insolvency Law provides: (i) that any claim not included in the company's accounts or otherwise reported to the insolvency administrators within one month from the last official publication of the court order declaring the insolvency may become subordinated, (ii) that provisions in certain contracts granting one party the right to terminate on the other's insolvency are not enforceable and (iii) for the further accrual of interest to be suspended from the date of declaration of insolvency (subject to certain exceptions).

10. Prescription

Claims for payment of principal in respect of the Notes shall be prescribed upon the expiry of 10 years from the due date thereof and claims for payment of interest (if any) in respect of the Notes shall be prescribed upon the expiry of five years, from the due date thereof. There shall not be included in any Coupon sheet issued on exchange of a Talon, any Coupon the claim for payment in respect of which would be void pursuant to this General Condition 10 or General Condition 5 above.

11. Replacement of Notes, Receipts, Coupons and Talons

If any Note (including any Global Note), Receipt, Coupon or Talon is mutilated, defaced, stolen, destroyed or lost, it may be replaced at the specified office of the Principal Paying Agent or the Registrar, as the case may be, upon payment by the claimant of the costs incurred in connection therewith and on such terms as to evidence and indemnity, as the Issuer and the Principal Paying Agent or the Registrar may require. Mutilated or defaced Notes, Receipts, Coupons or Talons must be surrendered before replacements will be issued. Cancellation and replacement of Notes, Receipts, Coupons or Talons shall be subject to compliance with such procedures as may be required under any applicable law and subject to any applicable stock exchange requirements.

12. Further Issues

The Issuer shall be at liberty from time to time without the consent of the Noteholders, the Receiptholders or the Couponholders to create and issue further notes having terms and conditions the same as the Notes or the same in all respects save for the amount and date of the first payment of interest thereon the date which interest starts to accrue and so that the same shall be consolidated and form a single Series with the outstanding Notes.

13. Notices

All notices regarding the Bearer Notes will be deemed to be validly given if published in one leading language daily newspaper of general circulation in the place of listing or in the manner specified in the Final Terms. The Issuer shall also ensure that notices are duly published in a manner which complies with the rules of any stock exchange or any other relevant authority on which the Bearer Notes are for the time being listed or by which they have been admitted to trading. Any such notice will be deemed to have been given on the date of the first publication or, where required to be published in more than one newspaper, on the date of the first publication in all required newspapers.

TERMS AND CONDITIONS OF THE NOTES

All notices regarding Book-Entry Notes may be given by delivery to the Noteholders by registered mail to the addresses appearing in the relevant registries maintained by Iberclear or, as the case may be, the relevant Iberclear Member or by any other means which comply with Spanish law and the rules applicable to the giving of notices to investors and, if the Book-Entry Notes are listed on AIAF, the rules of AIAF. All notices regarding the Registered Notes will be deemed to be validly given if sent by first class mail or (if posted to an address overseas) by airmail to the holders (or the first named of joint holders) at their respective addresses recorded in the Register and will be deemed to have been given on the fourth day after mailing and, in addition, for so long as any Registered Notes are listed on a stock exchange or admitted to trading by another relevant authority, such notice will be published in a manner which complies with the rules of that stock exchange or relevant authority.

Until such time as any definitive Notes are issued, notice may be given (so long as any Global Notes representing the Notes are held in their entirety on behalf of Euroclear and/or Clearstream, Luxembourg and/or Iberclear (instead of by way of publication in a newspaper or mailing)) by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg and/or Iberclear for communication by them to the holders of the Notes, except that for so long as any Notes are listed on a stock exchange or admitted to listing by another relevant authority, such notice will be also published in a manner which complies with the rules of that stock exchange or relevant authority by the Issuer. Any such notice shall be deemed to have been given to the holders of the Notes on the day after the day on which the said notice was given to Euroclear and/or Clearstream, Luxembourg and/or Iberclear.

Notices to be given by any Noteholder shall be in writing and given by lodging the same, together (in the case of any Note in definitive form) with the relative Note or Notes, with the Principal Paying Agent (in the case of Bearer Notes) or the Registrar (in the case of Registered Notes). Whilst any of the Notes are represented by a Global Note, such notice may be given by any holder of a Note to the Principal Paying Agent or the Registrar through Euroclear and/or Clearstream, Luxembourg and/or Iberclear, as the case may be, in such manner as the Principal Paying Agent, the Registrar and Euroclear and/or Clearstream, Luxembourg and/or Iberclear, may approve for this purpose.

14. Meetings of noteholders, modification and waiver

The Agency Agreement contains provisions for convening meetings of Noteholders to consider matters affecting their interests, including the sanctioning by Extraordinary Resolution of a modification of any of the Notes, the Receipts, the Coupons or any provisions of the Agency Agreement. Such a meeting may and, if required in writing by Noteholders holding not less than 10 per cent. in nominal amount of the Notes for the time being outstanding, shall be convened by the Issuer. At a meeting of the holders of the Notes for the purpose of, amongst others, approving a modification or amendment to, or obtaining a waiver of any covenant or condition set forth in the Notes, the Receipts, the Coupons or the Agency Agreement, persons entitled to vote a majority in aggregate nominal amount of the Notes at the time outstanding shall constitute a quorum. In the absence of a quorum at any such meeting that is not a meeting convened upon the requisition of Noteholders, within 30 minutes of the time appointed for such meeting, the meeting may be adjourned for a period of not less than 14 days, in the absence of a quorum any meeting that is convened on the requisition of Noteholders shall be dissolved; the persons entitled to vote a majority in aggregate nominal amount of the Notes at the time outstanding shall constitute a quorum for the taking of any action set forth in the notice of the original meeting. At a meeting or an adjourned meeting duly convened and at which a quorum is present as aforesaid, any Extraordinary Resolution to, amongst others, modify or amend any of the Notes, the Receipts, the Coupons or any provisions of the Agency Agreement ([other than those items specified in General Condition 1(a)(i) and (ii)]), or to waive compliance with, any of the terms and conditions of the Notes shall be effectively passed if passed by a majority consisting of at least 75 per cent. of the votes cast.

The Principal Paying Agent, the Issuer and the Guarantor may agree, without the consent of the Noteholders, Receiptholders or Couponholders, to:

- (i) any modification of the Notes, the Receipts, the Coupons or the Agency Agreement which is not materially prejudicial to the interests of the Noteholders; or
- (ii) any modification of the Notes, the Receipts, the Coupons or the Agency Agreement which is of a formal, minor or technical nature or to cure, correct or supplement any defective provision or is made to correct a manifest or proven error or to comply with mandatory provisions of the law of the jurisdiction in which the Issuer or the Guarantor are incorporated.

TERMS AND CONDITIONS OF THE NOTES

Any such modification shall be binding on the Noteholders, the Receiptholders and the Couponholders and any such modification shall be notified to the Noteholders, in accordance with General Condition 11 as soon as practicable thereafter.

15. Agents and registrar

The names of the initial Agents and their initial specified offices are set out below.

The Issuer and the Guarantor are entitled to vary or terminate the appointment of any Agent and/or appoint additional or other Agents and/or approve any change in the specified office through which any Agent acts, provided that:

- (i) there will at all times be a Principal Paying Agent and a Registrar;
- (ii) so long as the Notes are listed on any stock exchange or admitted to listing by any relevant authority, there will at all times be a Paying Agent (in the case of Bearer Notes and Book Entry Notes) and a Transfer Agent (in the case of Registered Notes) with a specified office in such place as may be required by the rules and regulations of such other stock exchange or other relevant authority;
- (iii) there will at all times be a Paying Agent in a Member State of the European Union that will not be obliged to withhold or deduct tax pursuant to Council Directive 2003/48/EC or any law implementing or complying with, or introduced in order to conform to, such Directive; and

Any variation, termination, appointment or change shall only take effect (other than in the case of insolvency, when it shall be of immediate effect) after not less than 30 or more than 45 days' prior notice thereof shall have been given to the Noteholders in accordance with General Condition 13, provided that no such variation, termination, appointment or changes shall take effect (except in the case of insolvency) within 7 days before any due date for the payment of any Note or any related Receipt or Coupon. Notice of all changes in the identities or specified offices of any Agent will be given promptly by the Issuer to Noteholders in accordance with General Condition 13.

In acting under the Agency Agreement, the Agents will act solely as agents of each of the Issuer and Guarantor (if applicable) and do not assume any obligations or relationship of agency or trust to or with the Noteholders, Receiptholders or Couponholders, except that (without affecting the obligations of the Issuer and the Guarantor (if applicable) to the Noteholders, Receiptholders and Couponholders, to repay Notes and pay interest thereon) funds received by the Principal Paying Agent for the payment of the principal of or interest on the Notes shall be held by it in trust for the Noteholders and/or Receiptholders or Couponholders until the expiration of the relevant period of prescription under General Condition 10. The Issuer will agree to perform and observe the obligations imposed upon it under the Agency Agreement. The Agency Agreement contains provisions for the indemnification of the Paying Agents and for relief from responsibility in certain circumstances, and entitles any of them to enter into business transactions with the Issuer and any of its subsidiaries without being liable to account to the Noteholders, Receiptholders or the Couponholders for any resulting profit.

All calculations, determinations, decisions, selections, elections and opinions made by the Calculation Agent shall be made in its discretion in accordance with the Conditions of the Notes, having regard in each case to any criteria stipulated therein, and shall (save in the case of manifest error) be final, conclusive and binding on the Issuer, the other Agents and the Noteholders.

In exercising its discretion as described above, the Calculation Agent may take into account such factors as it determines appropriate in each case, which may include, in particular, any circumstances or events which have or may have a material impact on the hedging arrangements (as described below) entered into by the Issuer and/or any of its Affiliates and/or any other relevant party (each a "**Relevant Party**") in respect of the Notes. The exercise of the Calculation Agent's discretion in respect of the Notes as provided herein is necessary because certain circumstances or events (for example a material modification or disruption to a relevant asset(s) to which the Notes are linked) may occur subsequent to the issuance of the Notes which may materially affect the costs to the Relevant Party of maintaining the Notes or any relevant hedging arrangements. Such circumstances or events may not have been reflected in the pricing of the Notes. In addition, as a result of certain circumstances or events (e.g. unavailability or disruption to any reference source) it may no longer be reasonably practicable or otherwise appropriate for certain valuations in respect of any relevant asset(s) to which the Notes are linked or otherwise in connection with the Notes to be made, thus making it necessary for the Calculation Agent to exercise its discretion in such a case.

TERMS AND CONDITIONS OF THE NOTES

16. Substitution

(a) Substitution of the Issuer

(i) The Issuer may, without the consent of the Noteholders (and by subscribing any Notes, each Noteholder expressly consents to it), be replaced and substituted by the Guarantor or any other company of which 100 per cent. of the shares or other equity interests (as the case may be) carrying the right to vote are directly or indirectly owned by the Guarantor as principal debtor (in such capacity, the "**Substituted Debtor**") in respect of the Notes provided that:

- (A) a deed poll and such other documents (if any) shall be executed by the Substituted Debtor, the representative for the relevant Series of Notes in the applicable public deed of issuance (the "**Representative**"), the Issuer and (if the Substituted Debtor is not the Guarantor) the Guarantor as may be necessary to give full effect to the substitution (together the "**Documents**") and (without limiting the generality of the foregoing) pursuant to which the Substituted Debtor shall undertake in favour of each Noteholder to be bound by the "*Terms and Conditions of the Notes*" and the provisions of the Agency Agreement and the Deed of Covenant, as fully as if the Substituted Debtor had been named in the Notes, the Agency Agreement and the Deed of Covenant as the principal debtor in respect of the Notes in place of the Issuer (or any previous substitute) and (if the Substituted Debtor is not the Guarantor) pursuant to which the Guarantor shall unconditionally and irrevocably guarantee (the "**New Guarantee**") in favour of each Noteholder the payment of all sums payable by the Substituted Debtor, as such principal debtor on the same terms *mutatis mutandis* as the Guarantee;
- (B) without prejudice to the generality of General Condition 16(a)(i), where the Substituted Debtor is incorporated, domiciled or resident for taxation purposes in a territory other than Spain, the Documents shall contain a covenant by the Substituted Debtor and/or such other provisions as may be necessary to ensure that each Noteholder has the benefit of a covenant in terms corresponding to the provisions of General Condition 7 with the substitution for the references to Spain of references to the territory in which the Substituted Debtor is incorporated, domiciled and/or resident for taxation purposes. The Documents shall also contain a covenant by the Substituted Debtor and (if the Substituted Debtor is not the Guarantor) the Guarantor to indemnify and hold harmless each Noteholder against all taxes or duties which arise by reason of a law or regulation having legal effect or being in reasonable contemplation thereof on the date such substitution becomes effective, which may be incurred or levied against such holder as a result of any substitution pursuant to this General Condition and which would not have been so incurred or levied had such substitution not been made (and, without limiting the foregoing, any and all taxes or duties which are imposed on any such Noteholder by any political sub-division or taxing authority of any country in which such Noteholder resides or is subject to any such tax or duty and which would not have been so imposed had such substitution not been made);
- (C) the Documents shall contain a warranty and representation by the Substituted Debtor and (if the Substituted Debtor is not the Guarantor) the Guarantor that the Substituted Debtor and (if the Substituted Debtor is not the Guarantor) the Guarantor have obtained all necessary governmental and regulatory approvals and consents for such substitution and (if the Substituted Debtor is not the Guarantor) for the giving by the Guarantor of the New Guarantee in respect of the obligations of the Substituted Debtor on the same terms *mutatis mutandis* as the Guarantee, that each of the Substituted Debtor and the Guarantor (if the Substituted Debtor is not the Guarantor) has obtained all necessary governmental and regulatory approvals and consents for the performance by each of the Substituted Debtor

TERMS AND CONDITIONS OF THE NOTES

- and the Guarantor (if the Substituted Debtor is not the Guarantor) of its obligations under the Documents and that all such approvals and consents are in full force and effect;
- (D) each stock exchange which has the Notes listed thereon shall have confirmed that following the proposed substitution of the Substituted Debtor the Notes would continue to be listed on such stock exchange;
 - (E) the Issuer shall have delivered or procured the delivery to the Principal Paying Agent and the Registrar a copy of a legal opinion addressed to the Issuer, the Substituted Debtor and the Guarantor from a leading firm of lawyers in the country of incorporation of the Substituted Debtor, to the effect that the Documents constitute legal, valid and binding obligations of the Substituted Debtor, such opinion(s) to be dated not more than seven days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders at the specified offices of the Principal Paying Agent and the Registrar;
 - (F) the Guarantor shall have delivered or procured the delivery to the Principal Paying Agent and the Registrar a copy of a legal opinion addressed to the Issuer, the Substituted Debtor and the Guarantor from a leading firm of Spanish lawyers acting for the Guarantor to the effect that in the case where the Substituted Debtor is not the Guarantor, the Documents (including the New Guarantee given by the Guarantor in respect of the Substituted Debtor) constitute legal, valid and binding obligations of the Guarantor, such opinion to be dated not more than seven days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders at the specified offices of the Principal Paying Agent and the Registrar;
 - (G) the Guarantor shall have delivered or procured the delivery to the Principal Paying Agent and the Registrar a copy of a legal opinion addressed to the Issuer, the Substituted Debtor and the Guarantor from a leading firm of English lawyers to the effect that the Documents (including the New Guarantee given by the Guarantor in respect of the Substituted Debtor) constitute legal, valid and binding obligations of the parties thereto under English law, such opinion to be dated not more than seven days prior to the date of substitution of the Substituted Debtor for the Issuer and to be available for inspection by Noteholders at the specified offices of the Principal Paying Agent and the Registrar;

ANNEX 1
ADDITIONAL TERMS AND CONDITIONS FOR PAYOUTS

If specified as applicable in the Final Terms, the terms and conditions applicable to payouts shall comprise the General Conditions and the additional terms and conditions for payouts set out below (the "**Payout Conditions**"), together with the terms and conditions as set out in each other Annex which is specified as applicable in the Final Terms and subject to completion in the Final Terms. In the event of any inconsistency between (i) the General Conditions and/or any other Annex and (ii) the Payout Conditions, the Payout Conditions shall prevail.

1. Structured Notes

(a) **Use of Payout Conditions**

These Payout Conditions set out the methodology for determining various payouts and product features in respect of the Notes. The applicable text shown in Payout Conditions 2, 3, 4 and 5 below will be extracted, included and completed at the paragraph indicated in the Final Terms on the basis that (i) applicable text (including, where appropriate, section headings and terms defined in Payout Condition 5 which are required to be completed) from the relevant Payout Condition will be set out at the paragraph indicated in the Final Terms and (ii) inapplicable text (and any terms defined in Payout Condition 5 which are not required to be completed) need not be included.

(b) **Use of Terms**

Terms in these Payout Conditions or in the Final Terms may be attributed a numerical or letter suffix value when included in the Final Terms. Without limitation, the suffix can be denoted as "j", "k", "m", "q", "n", "t", "i", "A", "B", "C" or "1", "2", "3" etc. And the term may be completed on the basis of the number or numbers represented by j, k, m, q, n, t, i, "A", "B", "C" or 1, 2, 3 etc, as chosen at the time of an issue of Notes. Moreover suffixes may be placed in series as necessary, such as "A(1)", "B(1)", "C(1)" etc. When applicable and in order to improve the reading and intelligibility of the formula(e) in the Final Terms, the applicable suffixes may be included, completed and the relation between the term and the suffix will be explained and may be presented as a table, if necessary, in the Final Terms. A term in Payout Condition 5 may be included in the applicable Final Terms section more than once if there is more than one number represented by the term n, t or i. Conjunctions (e.g. or, and, but) and punctuation may also be included where appropriate. Suffixes may denote that a relevant term relates to an asset, item or date associated with that suffix.

The constituent parts of any formula(e) or term(s) used in these Payout Conditions and that are to be specified in the Final Terms may be replaced in the Final Terms by the prescribed amount, level, or percentage or other value or term (the "**Variable Data**"). If a Variable Data has a value of either 0 (zero) or 1 (one), or is not applicable in respect of the relevant formula(e), then the related formula(e) may be simplified, for the purpose of improving the reading and intelligibility in the formula(e) in Final Terms, by deleting such Variable Data.

(c) **Note Types**

The Final Terms will specify the Interest Basis applicable in respect of a Note. Such Notes are, where the Interest Basis is: Index Linked Interest, an "**Index Linked Interest Note**"; Equity Linked Interest, an "**Equity Linked Interest Note**"; Inflation Linked Interest, an "**Inflation Linked Interest Note**"; Reference Item Rate Linked Interest, a "**Reference Item Rate Linked Interest Note**"; Fund Linked Interest, a "**Fund Linked Interest Note**"; **Credit Linked Note**, a "**Credit Linked Note**"; Foreign Exchange (FX) Rate Linked Interest, a "**Foreign Exchange (FX) Rate Linked Interest Note**" or where a combination of any two or more Interest Bases, a "**Combination Interest Note**" (each, a "**Reference Item Linked Interest Note**").

In the event of any inconsistency between the General Conditions and the Index Linked Conditions, the Index Linked Conditions shall prevail. In the event of any inconsistency between the Index Linked Conditions and the Payout Conditions, the Payout Conditions shall prevail.

1. Disrupted Day

The Calculation Agent shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 of the occurrence of a Disrupted Day on any day that, but for the occurrence of a Disrupted Day would have been an , an Automatic Early Redemption Valuation Date, an Averaging Date, any Knock-in Determination Day or Knock-out Determination Day, an Observation Date, or a Valuation Date as the case may be.

2. Adjustments to an Index

(a) Successor Index Sponsor Calculates and Reports an Index

If a relevant Index is (i) not calculated and announced by the Index Sponsor but is calculated and announced by a successor sponsor (the "**Successor Index Sponsor**") acceptable to the Calculation Agent, or (ii) replaced by a successor index using, in the determination of the Calculation Agent, the same or a substantially similar formula for and method of calculation as used in the calculation of that Index, then in each case that index (the "**Successor Index**") will be deemed to be the Index.

(a) Modification and Cessation of Calculation of an Index

If (i) on or prior to the last Automatic Early Redemption Valuation Date, the last Averaging Date, last Knock-in Determination Day, last Knock-out Determination Day, last Observation Date, or last Valuation Date, the relevant Index Sponsor makes or announces that it will make a material change in the formula for, or the method of, calculating a relevant Index or in any other way materially modifies that Index (other than a modification prescribed in that formula or method to maintain that Index in the event of changes in constituent stock and capitalisation, contracts or commodities and other routine events) (an "**Index Modification**"), or permanently cancels a relevant Index and no Successor Index exists (an "**Index Cancellation**"), or (ii) on an Automatic Early Redemption Valuation Date, an Averaging Date, a Knock-in Determination Day or Knock-out Determination Day, an Observation Date or a Valuation Date, as the case may be, the Index Sponsor or (if applicable) the Successor Index Sponsor fails to calculate and announce a relevant Index (an "**Index Disruption**" and, together with an Index Modification and an Index Cancellation, each an "**Index Adjustment Event**"), then:

- (i) the Calculation Agent shall determine if such Index Adjustment Event has a material effect on the Notes and, if so, shall calculate the relevant Settlement Level using, in lieu of a published level for that Index, the level for that Index as at the Valuation Time on that, Automatic Early Redemption Date, Averaging Date, Knock-in Determination Day or Knock-out Determination Day, Observation Date or Valuation Date as the case may be, as determined by the Calculation Agent in accordance with the formula for and method of calculating that Index last in effect prior to the change, failure or cancellation, but using only those securities that comprised that Index immediately prior to that Index Adjustment Event; or
- (ii) unless Delayed Redemption on Occurrence of Index Adjustment Event is specified as being applicable in the Final Terms, on giving notice to Noteholders in accordance with General Condition 13, the Issuer shall redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of a Note, taking into account the Index

ADDITIONAL TERMS AND CONDITIONS FOR INDEX LINKED NOTE

Adjustment Event less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (the "**Calculated Index Adjustment Amount**"), all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13; or

- (iii) if Delayed Redemption on Occurrence of Index Adjustment Event is specified as being applicable in the Final Terms, the Calculation Agent shall calculate the Calculated Index Adjustment Amount as soon as practicable following the occurrence of the Index Adjustment Event (the "**Calculated Index Adjustment Amount Determination Date**") and on the Maturity Date shall redeem each Note at an amount calculated by the Calculation Agent equal to the Calculated Index Adjustment Amount plus interest accrued on the Calculated Index Adjustment Amount on a daily basis from and including the Calculated Index Adjustment Amount Determination Date to but excluding the Maturity Date, each such daily accrual rate being at a rate equal to Issuer's funding cost on or about the relevant day.

Notwithstanding (i), (ii) and (iii) above, if there are any options or future contracts of the Index traded on the Related Exchange, the Calculation Agent may instead in its sole and absolute discretion, upon the occurrence of an Index Adjustment Event, make the corresponding adjustments made on any Related Exchange (an "**Exchange Based Adjustment**").

(b) Notice

Upon the occurrence of an Index Adjustment Event, the Calculation Agent shall, as soon as practicable, other than in the case of an Exchange Based Adjustment notify the Issuer of any determination made by it pursuant to paragraph (b) above and the Issuer shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 stating the occurrence of an Index Adjustment Event, giving details thereof and the action proposed to be taken in relation thereto, provided that any failure to give, or non-receipt of, such notice will not affect the validity of the Index Adjustment Event or the proposed action.

3. Correction of Index

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment under the Notes calculated by reference to the level of an Index, if the relevant level of the Index published on a given day which is used or to be used by the Calculation Agent to make any determination under the Notes is subsequently corrected and the correction is published by the relevant Index Sponsor or (if applicable) the relevant Successor Index Sponsor, (i) in respect of a Composite Index, no later than five Exchange Business Days following the date of the original publication or, (ii) in respect of an Index which is not a Composite Index, within the number of days equal to the Index Correction Period of the original publication, the level to be used shall be the level of the Index as so corrected. The relevant adjustments may include, without limitation, adjustments to account for changes in volatility, expected dividends, stock loan rate or liquidity relevant to the Shares or to the Notes. ADDITIONAL TERMS AND CONDITIONS FOR EQUITY LINKED NOTES

- relation to a Basket of Shares, the Calculation Agent may adjust the Basket of Shares in accordance with the provisions of sub-paragraph (vi) below;
- (ii) in the case of Equity Linked Notes relating to a Basket of Shares, redeem the Notes in part by giving notice to Noteholders in accordance with General Condition 13. If the Notes are so redeemed in part the portion (the "**Redeemed Amount**") of each Note representing the affected Share(s) shall be redeemed and the Issuer will:
 - (A) pay to each Noteholder in respect of each Note held by him an amount equal to the fair market value of the Redeemed Amount, taking into account the relevant Extraordinary Event, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements, all as determined by the Calculation Agent in its sole and absolute discretion; and
 - (B) require the Calculation Agent to determine in its sole and absolute discretion the appropriate adjustment, if any, to be made to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these Equity Linked Conditions and/or the Final Terms to account for such redemption in part. For the avoidance of doubt the remaining part of each Note after such cancellation and adjustment shall remain outstanding with full force and effect. Payments will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13;
 - (iii) unless Delayed Redemption on the Occurrence of an Extraordinary Event is specified as being applicable in the Final Terms, on giving notice to Noteholders in accordance with General Condition 13, redeem all but not some only of the Notes, each Note being redeemed by payment of an amount equal to the fair market value of a Note taking into account the relevant Extraordinary Event, less the cost to the Issuer and/or its Affiliates of unwinding any underlying related hedging arrangements (the "**Calculated Extraordinary Event Amount**"), all as determined by the Calculation Agent in its sole and absolute discretion. Payments will be made in such manner as shall be notified to the Noteholders in accordance with General Condition 13;
 - (iv) if Delayed Redemption on the Occurrence of an Extraordinary Event is specified as being applicable in the Final Terms, require the Calculation Agent to calculate the Calculated Extraordinary Event Amount as soon as practicable following the occurrence of the relevant Extraordinary Event (the "**Calculated Extraordinary Event Amount Determination Date**") and on the Maturity Date shall redeem each Note at an amount calculated by the Calculation Agent equal to (x) the Calculated Extraordinary Event Amount plus interest accrued on the Calculated Extraordinary Event Amount on a daily basis from and including the Calculated Extraordinary Event Amount Determination Date to but excluding the Maturity Date, each such daily accrual rate being at a rate equal to Issuer's funding cost on or about the relevant day or (y) if greater, its nominal amount;
 - (v) following such adjustment to the settlement terms of options on the Shares traded on such exchange(s) or quotation system(s) as the Issuer in its sole discretion shall select (the "**Options Exchange**"), require the Calculation Agent to make a corresponding adjustment to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these Equity Linked Conditions and/or the Final Terms, which adjustment will be effective as of the date determined by the Calculation Agent to be the effective date of the corresponding adjustment made by the Options Exchange. If options on the Shares are not traded on the Options Exchange, the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these Equity Linked Conditions and/or the Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, with reference to the rules and precedents (if any) set by the Options Exchange to account for the relevant Extraordinary Event, that in the determination of the Calculation Agent would have given rise to an adjustment by the Options Exchange if such options were so traded; or

ADDITIONAL TERMS AND CONDITIONS FOR EQUITY LINKED NOTES

- (vi) on or after the relevant Extraordinary Event Effective Date, require the Calculation Agent to adjust the Basket of Shares to include a Share selected by it in accordance with the criteria for Share selection set out below (each, a "**Substitute Share**") for each Share (each, an "**Affected Share**") of each Basket Company (each, an "**Affected Basket Company**") which is affected by such Extraordinary Event and the Substitute Share will be deemed to be a "Share", and the issuer of such shares a "**Basket Company**", for the purposes of the Notes, and the Calculation Agent will make such adjustment, if any, to any one or more of any Relevant Asset and/or the Entitlement (in each case where the Notes are Physical Delivery Notes) and/or the Weighting and/or any of the other terms of the General Conditions, these Equity Linked Conditions and/or the Final Terms as the Calculation Agent in its sole and absolute discretion determines appropriate, provided that in the event that any amount payable under the Notes was to be determined by reference to an initial price (the "**Initial Price**") of the Affected Share, the relevant Initial Price of each Substitute Share will be determined by the Calculation Agent in accordance with the following formula:

$$\text{Initial Price} = A \times (B/C)$$

where:

"**A**" is the official closing price of the relevant Substitute Share on the relevant Exchange on the Substitution Date;

"**B**" is the Initial Price of the relevant Affected Share; and

"**C**" is the fair market value of the relevant Affected Share on the Substitution Date (which may, where available, be determined by reference to the official closing price of the Affected Share on the relevant Exchange and/or such other source(s) as the Calculation Agent determines appropriate).

Such substitution and the relevant adjustment to the Basket of Shares will be deemed to be effective as of the date selected by the Calculation Agent (the "**Substitution Date**") in its sole and absolute discretion and specified in the notice referred to below which may, but need not, be the relevant Extraordinary Event Effective Date.

The Weighting of each Substitute Share in the Basket of Shares will be equal to the Weighting of the relevant Affected Share.

In order to be selected as a Substitute Share, the relevant share must satisfy the following criteria, in the sole and absolute discretion of the Calculation Agent:

- (A) where the relevant Extraordinary Event is a Merger Event or a Tender Offer and the relevant share is not already included in the Basket of Shares, the relevant share shall be an ordinary share of the entity or person (other than the Affected Basket Company) involved in the Merger Event or the making of the Tender Offer, that is, or that as of the relevant Extraordinary Event Effective Date (i) is promptly scheduled to be, publicly quoted, traded or listed on an exchange or quotation system located in the same country as the relevant Exchange (or, where the relevant Exchange is within the European Union, in any member state of the European Union) and (ii) is not subject to any currency exchange controls, trading restrictions or other trading limitations; or
- (B) where (A) above does not apply, including in the case of an Extraordinary Event other than a Merger Event or a Tender Offer:
- (1) the issuer of the share shall, to the extent possible, belong to the same economic sector as the Affected Basket Company and shall not already be included in the Basket of Shares; and
 - (2) the issuer of the share shall, to the extent possible, have a comparable market capitalisation, international standing and exposure as the Affected Basket Company in respect of the Affected Share.

ADDITIONAL TERMS AND CONDITIONS FOR EQUITY LINKED NOTES

Upon the occurrence of an Extraordinary Event, if the Calculation Agent determines that an adjustment in accordance with the above provisions is necessary it shall notify the Issuer thereof as soon as practicable, and the Issuer shall give notice as soon as practicable to the Noteholders in accordance with General Condition 13 stating the occurrence of the Extraordinary Event, giving details thereof and the action proposed to be taken in relation thereto, including, in the case of a Share Substitution, the identity of the Substitute Shares and the Substitution Date, provided that any failure to give, or non-receipt of, such notice will not affect the validity of any such Extraordinary Event or the proposed action.

4. Correction of Share Price

With the exception of any corrections published after the day which is three Exchange Business Days prior to the due date for any payment under the Notes calculated by reference to the price of a Share, if the relevant price of the relevant Share published on a given day and used or to be used by the Calculation Agent to make any determination under the Notes is subsequently corrected and the correction is published by the relevant Exchange within the number of days equal to the Share Correction Period of the original publication, the price to be used shall be the price of the relevant Share as so corrected. Corrections published after the day which is three Exchange Business Days prior to a due date for payment under the Notes calculated by reference to the price of a Share will be disregarded by the Calculation Agent for the purposes of determining the relevant amount to be paid.

5. Additional Disruption Events

- (a) If an Additional Disruption Event occurs, the Issuer in its sole and absolute discretion may take the action described in (i), (ii) or if applicable (iii) or, in the case of Notes linked to a Basket of Shares only, (iv) below:

If fewer than three responses are received by the Cut-Off Date or no Successor Index is determined pursuant to this provision, the Calculation Agent will apply the provisions of paragraph (d) below;
- (d) if no Successor Index has been determined pursuant to paragraphs (a), (b) or (c) above by the next occurring Cut-Off Date, subject as provided below, the Calculation Agent will determine an appropriate alternative index as of such Cut-Off Date for such affected Determination Date, and such index will be deemed a Successor Index for the purposes of the Notes; or
- (e) if the Calculation Agent cannot determine an appropriate alternative index pursuant to sub paragraphs (a) to (d) above, there will be deemed to be no Successor Index and an Index Cancellation will be deemed to have occurred.

- (a) any relevant Reference Entity does not exist on, or ceases to exist on or following, the Trade Date; and/or
- (b) Obligations, Deliverable Obligations or the Reference Obligation do not exist on, or cease to exist on or following, the Trade Date.

"H" means the higher tranche level, expressed as a number of Reference Entities as specified in the Final Terms;

"L" means the lower tranche level, expressed as a number of Reference Entities as specified in the Final Terms; and

"N" means the number of Reference Entities for which a Credit Event Determination Date has occurred.

- (k) For the avoidance of doubt the provisions of Credit Linked Conditions 6, 7, 8, 9 and 11 may each apply to First-to-Default Credit Linked Notes and Nth-to-Default Credit Linked Notes meaning that the Maturity Date may be delayed beyond the Scheduled Maturity Date in certain circumstances.
- (l) If any purchase and cancellation of Notes occurs under General Condition 6(g) or any further issue under General Condition 12, the Calculation Agent will make such adjustments to the applicable Final Terms and/or these Credit Linked Conditions as it determines appropriate (including Reference Entity Notional Amounts) to ensure the Notes continue to reflect economic intentions.

2. Auction Settlement

- (a) Where Auction Settlement is specified as the applicable Settlement Method in the Final Terms and a Credit Event Determination Date occurs on or prior to the Auction Final Price Determination Date, the Issuer shall give notice (such notice an "**Auction Settlement Notice**") to the Noteholders in accordance with General Condition 13, and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer at the Credit Event Redemption Amount in the relevant Specified Notes Currency on the Credit Event Redemption Date.
- (b) Unless settlement has occurred in accordance with the paragraph above, if:
- (i) an Auction Cancellation Date occurs;
 - (i) a No Auction Announcement Date occurs (and in circumstances where such No Auction Announcement Date occurs pursuant to paragraphs (b) or (c)(ii) of the definition of No Auction Announcement Date, the Issuer has not exercised the Movement Option);
 - (ii) a DC Credit Event Question Dismissal occurs; or
 - (iii) a Credit Event Determination Date was determined pursuant to paragraph (a)(i) of the definition of Credit Event Determination Date or paragraph (a) of the definition of Non-Standard Credit Event Determination Date and no Credit Event Resolution Request Date has occurred in respect of the relevant Credit Event on or prior to the date falling three Business Days after such Credit Event Determination Date,
- then:
- (x) if Fallback Settlement Method – Cash Settlement is specified as applicable in the Final Terms, the Issuer shall redeem the Credit Linked Notes in accordance with Credit Linked Condition 3 below; or
 - (y) if Fallback Settlement Method – Physical Delivery is specified as applicable in the Final Terms, the Issuer shall redeem the Credit Linked Notes in accordance with Credit Linked Condition 4 below.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 2, upon payment of the Credit Event Redemption Amounts in respect of the Notes, the Issuer shall have

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES

discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer or the Guarantor.

3. Cash Settlement

If a Credit Event Determination Date has occurred, then where Cash Settlement is specified as the applicable Settlement Method in the Final Terms or if Credit Linked Condition 2(b)(x) above applies, the Issuer shall give notice (such notice a "**Cash Settlement Notice**") to the Noteholders in accordance with General Condition 13, and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer at the Credit Event Redemption Amount in the relevant Specified Notes Currency on the Credit Event Redemption Date.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 3, upon payment of the Credit Event Redemption Amounts in respect of the Notes, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The Credit Event Redemption Amount may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer or the Guarantor.

4. Physical Settlement

If a Credit Event Determination Date has occurred, then where Physical Delivery is specified as the applicable Settlement Method in the Final Terms or if Credit Linked Condition 2(b)(y) above applies, then, subject to any prior redemption, the Issuer shall, following the receipt of a Calculation Agent Physical Settlement Notice, give notice (such notice a "**Notice of Physical Settlement**") to the Noteholders in accordance with General Condition 13, and, subject to these Credit Linked Conditions, in particular Credit Linked Condition 1, redeem all but not some only of the Credit Linked Notes, each Credit Linked Note being redeemed by the Issuer by the Delivery of the Deliverable Obligations comprising the Entitlement on the Credit Settlement Date, subject to and in accordance with the General Conditions and these Credit Linked Conditions. The relevant Asset Package, if applicable, will be deemed to be a Deliverable Obligation and the composition of the Asset Package and the Entitlement in respect of each Credit Linked Note equal to the Calculation Agent will be determined by reference to the relevant Prior Deliverable Obligation or Package Observable Bond specified in the relevant Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable. Where appropriate the Calculation Agent may make any adjustment in relation to provisions for physical delivery and determination of the Entitlement to take account of the relevant Asset Package.

In the Notice of Physical Settlement, the Issuer shall specify the Deliverable Obligations comprising the Entitlement that it reasonably expects to Deliver. For the avoidance of doubt, the Issuer shall be entitled to select any of the Deliverable Obligations to constitute the Entitlement, irrespective of their market value. The Notice of Physical Settlement shall include (i) details of the relevant Reference Entity, (ii) the Outstanding Principal Balance or Due and Payable Amount, as applicable, or the equivalent amount in the Settlement Currency (in each case the relevant "**Outstanding Amount**") and, if different, the face amount, of each such Deliverable Obligation. The aggregate Outstanding Amount of all Deliverable Obligations specified in the Notice of Physical Settlement that the Issuer intends to Deliver shall be the relevant "**Aggregate Outstanding Amount**".

The Issuer may, from time to time, amend a Notice of Physical Settlement by delivering a notice to Noteholders in accordance with General Condition 13, (each such notification, a "**Physical Settlement Amendment Notice**") that the Issuer is replacing, in whole or in part, one or more Deliverable Obligations specified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, (to the extent the relevant Deliverable Obligation has not been Delivered as of the date such Physical Settlement Amendment Notice is effective). A Physical Settlement Amendment Notice shall specify each replacement Deliverable Obligation that the Issuer will Deliver (each, a "**Replacement Deliverable Obligation**") and shall also specify the Outstanding Amount of each Deliverable Obligation identified in the Notice of Physical Settlement or a prior Physical Settlement Amendment Notice, as applicable, that is being replaced (with respect to each such Deliverable Obligation, the "**Replaced Deliverable Obligation Outstanding Amount**"). The Outstanding Amount of each Replacement Deliverable Obligation identified in the Physical Settlement Amendment Notice shall be

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES

determined by applying the Revised Currency Rate to the relevant Replaced Deliverable Obligation Outstanding Amount. The Outstanding Amount of the Replacement Deliverable Obligation(s) specified in any Physical Settlement Amendment Notice in aggregate with the Outstanding Amount of the Deliverable Obligation(s) specified in the Notice of Physical Settlement or any earlier Physical Settlement Amendment Notice which, in each case, are not being replaced must not be greater than the Aggregate Outstanding Amount. Each such Physical Settlement Amendment Notice must be effective on or prior to the Credit Settlement Date (determined without reference to any change resulting from such Physical Settlement Amendment Notice). Notwithstanding the foregoing, (i) the Issuer may correct any errors or inconsistencies contained in the Notice of Physical Settlement or any Physical Settlement Amendment Notice, as applicable, by notice to Noteholders in accordance with General Condition 13, prior to the relevant Delivery Date; and (ii) if Asset Package Delivery is applicable, the Issuer shall on the PSN Effective Date, or as soon as reasonably practicable thereafter (but in any case, prior to the Delivery Date), notify the Noteholders (in accordance with General Condition 13) of the detailed description of the Asset Package, if any, that the Issuer will Deliver in lieu of the Prior Deliverable Obligation or Package Observable Bond, if any, specified in the Notice of Physical Settlement or Physical Settlement Amendment Notice, as applicable, it being understood in each case that any such notice of correction shall not constitute a Physical Settlement Amendment Notice.

If "Mod R" is specified as applicable in the Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then, unless the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Fully Transferable Obligation and (ii) has a final maturity date not later than the applicable Restructuring Maturity Limitation Date in each case as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements.

If "Mod Mod R" is specified as applicable in the Final Terms and Restructuring is the only Credit Event specified in a Credit Event Notice, then unless the Deliverable Obligation is a Prior Deliverable Obligation and Asset Package Delivery applies due to a Governmental Intervention, a Deliverable Obligation may be included in the Entitlement only if it (i) is a Conditionally Transferable Obligation and (ii) has a final maturity date not later than the applicable Modified Restructuring Maturity Limitation Date, in each case, as of each such date as the Calculation Agent determines relevant for purposes of the Hedging Arrangements. For the purposes of this paragraph only and notwithstanding the foregoing, in the case of a Restructured Bond or Loan with a final maturity date on or prior to the 10-year Limitation Date, the final maturity date of such Bond or Loan shall be deemed to be the earlier of such final maturity date or the final maturity date of such Bond or Loan immediately prior to the relevant Restructuring.

If a Credit Event Determination Date has occurred and the Notes become redeemable in accordance with this Credit Linked Condition 4, upon Delivery of the Deliverable Obligations and/or payment of the Partial Cash Settlement Amounts, as the case may be, the Issuer shall have discharged its obligations in respect of the Notes and shall have no other liability or obligation whatsoever in respect thereof. The value of such Deliverable Obligations and/or the Partial Cash Settlement Amount, as the case may be, may be less than the nominal amount of a Credit Linked Note. Any shortfall shall be borne by the Noteholders and no liability shall attach to the Issuer or the Guarantor.

5. Accrual of Interest or Yield

(a) Notwithstanding General Condition 4(g), other than in the case of Zero Coupon Notes are Credit Linked Notes, where subparagraph (b) below shall apply, or Linear Basket Credit Linked Notes, where Credit Linked Condition 1(i) will apply, if:

- (i) "Accrual of Interest upon Credit Event" is specified as not applicable in the Final Terms, each Note shall cease to bear interest from the Interest Payment Date immediately preceding the Credit Event Determination Date, or if the Credit Event Determination Date is an Interest Payment Date such Interest Payment Date, or, if the Credit Event Determination Date falls prior to the first Interest Payment Date, no interest shall accrue on the Notes; or
- (ii) "Accrual of Interest upon Credit Event" is specified as applicable in the Final Terms, each Note shall cease to bear interest from the Credit Event Determination Date; and
- (iii) "Continuing Accrual until scheduled maturity" is specified as applicable in the Final Terms, then notwithstanding the occurrence of a Credit Event Determination Date each Note will continue to bear

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES

interest in accordance with General Condition 4 up to but excluding the Scheduled Maturity Date (with such date being deemed to be the final Interest Payment Date),

provided that, in the case of (i) or (ii) if:

- (A) Credit Linked Condition 6, Credit Linked Condition 7 or Credit Linked Condition 8 applies in respect of the Notes and, in the case of Credit Linked Condition 6, a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date or, in the case of Credit Linked Condition 7, a Failure to Pay has not occurred on or prior to the Grace Period Extension Date or, in the case of Credit Linked Condition 8, a Credit Event has not occurred on or prior to the DC Cut-off Date, as the case may be; and/or
- (B) Credit Linked Condition 9 applies in respect of the Notes and a Credit Event Determination Date or the Repudiation/Moratorium Extension Condition, as applicable, has not occurred or are not satisfied on or prior to the Postponed Maturity Date,

then interest will accrue as provided in Credit Linked Condition 6, Credit Linked Condition 7, Credit Linked Condition 8 or Credit Linked Condition 9, as the case may be.

(b) Notwithstanding General Condition 4(d) in the case of Zero Coupon Notes which are Credit Linked Notes: if,

- (i) "Accrual Yield upon Credit Event" is specified as not applicable in the Final Terms, following the occurrence of a Credit Event Determination Date, yield shall cease to accrue in respect of each Note from the Issue Date; or
- (ii) "Accrual Yield upon Credit Event" is specified as being applicable in the Final Terms, then, following the occurrence of a Credit Event Determination Date, the accrued yield in respect of each Note shall be determined by the Calculation Agent as such Note's pro rata share of an amount (the "Accrual Yield Amount") equal to the product of the Accrual Yield specified in the Final Terms (compounded annually) being applied to the Reference Price from (and including) the Issue Date to (and including) the earlier of the Scheduled Maturity Date and the Credit Event Determination Date, as the case may be. Where such calculation is to be made for a period of less than a full year, it shall be made on the basis of a 360-day year consisting of 12 months of 30 days each and, in the case of an incomplete month, the number of days elapsed in such incomplete month. Such Accrual Yield Amount shall be payable to Noteholders on the Credit Event Redemption Date which, for the avoidance of doubt, may fall after the Scheduled Maturity Date if the Notes in accordance with the provisions of Credit Linked Condition 6, Credit Linked Condition 7, Credit Linked Condition 8 or Credit Linked Condition 9, as the case may be.

6. Repudiation/Moratorium Extension

If "Repudiation/Moratorium" is specified as a Credit Event in the Final Terms, the provisions of this Credit Linked Condition 6 shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date or any Interest Payment Date (determined by reference to the Relevant Time) but the Repudiation/Moratorium Extension Condition has been satisfied on or prior to the Scheduled Maturity Date or any Interest Payment Date or, if Credit Linked Condition (b) applies, the Postponed Maturity Date or Postponed Interest Payment Date (as defined in Credit Linked Condition 9) and the Repudiation/Moratorium Evaluation Date in respect of such Potential Repudiation Moratorium may, in the sole determination of the Calculation Agent, fall after the Scheduled Maturity Date or relevant Interest Payment Date, then the Calculation Agent shall notify the Noteholders in accordance with General Condition 13 that a Potential Repudiation/Moratorium has occurred and the maturity of the Notes and/or relevant interest payment will be delayed and:

- (a) in relation to such event as of the Scheduled Maturity Date, where a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date:

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES

- (i) each nominal amount of Credit Linked Notes equal to the Calculation Amount will be redeemed by the Issuer at the Final Redemption Amount on the fifth Business Day following the Repudiation/Moratorium Evaluation Date or, if later, the Postponed Maturity Date; and
 - (ii) in the case of interest bearing Credit Linked Notes, the Issuer shall be obliged to pay interest (if any) calculated as provided herein, accruing from (and including) the Interest Payment Date immediately preceding the Scheduled Maturity Date or, if none, the Interest Commencement Date to (but excluding) the Scheduled Maturity Date but shall only be obliged to make such payment of interest on the fifth Business Day following the Repudiation/Moratorium Evaluation Date or, if later, the Postponed Maturity Date and no further or other amount in respect of interest shall be payable and no additional amount shall be payable in respect of such delay; or
 - (iii) in the case of Credit Linked Notes which are Zero Coupon Notes, no amount in addition to the Final Redemption Amount shall be payable in respect of such delay; or
- (b) where a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 1, Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, shall apply to the Credit Linked Notes; or
- (c) in relation to such event as of an Interest Payment Date, the Calculation Agent may delay the relevant amount of interest which would otherwise be payable on the relevant Interest Payment Date. In this case where (i) a Repudiation/Moratorium has not occurred on or prior to the Repudiation/Moratorium Evaluation Date then the relevant amount of interest shall be payable on the second Business Day following the Repudiation/Moratorium Evaluation Date or, if later, the Postponed Interest Payment Date but no additional interest will be payable in respect of the relevant delay and for the avoidance of doubt no amendment will be made to any Interest Period or basis of calculation of the relevant amount of interest, other than as described above; or (ii) where a Repudiation/Moratorium has occurred on or prior to the Repudiation/Moratorium Evaluation Date and a Credit Event Determination Date has occurred thereafter, the relevant amount of interest will be adjusted accordingly and may be zero and will be payable on the second Business Day following the applicable Repudiation/Moratorium Evaluation Date or, if later, the Postponed Interest Payment Date.

7. Grace Period Extension

If "Grace Period Extension" is specified as applicable in the Final Terms, the provisions of this Credit Linked Condition 7 shall apply.

Where a Credit Event Determination Date has not occurred on or prior to the Scheduled Maturity Date or any Interest Payment Date (determined by reference to the Relevant Time) but, in the determination of the Calculation Agent, a Potential Failure to Pay has occurred with respect to one or more Obligation(s) in respect of which a Grace Period is applicable on or prior to the Scheduled Maturity Date or relevant Interest Payment Date (determined by reference to the Relevant Time) (and such Grace Period(s) is/are continuing as at the Scheduled Maturity Date or relevant Interest Payment Date), then the Calculation Agent shall notify the Noteholders in accordance with General Condition 13 that a Potential Failure to Pay has occurred and the maturity of the Notes and/or relevant interest payment will be delayed and:

- (a) in relation to such event as of the Scheduled Maturity Date, where a Failure to Pay has not occurred on or prior to the Grace Period Extension Date:

- (iii) in the case of Credit Linked Notes which are Zero Coupon Notes, no amount in addition to the Final Redemption Amount shall be payable in respect of such delay: or
- (b) where a Failure to Pay has occurred on or prior to the Grace Period Extension Date and a Credit Event Determination Date has occurred, the provisions of Credit Linked Condition 1, Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, shall apply to the Credit Linked Notes; or
- (c) in relation to such event as of an Interest Payment Date, the Calculation Agent may delay the relevant amount of interest which would otherwise be payable on the relevant Interest Payment Date. In this case where (i) a Failure to Pay has not occurred on or prior to the Grace Period Extension Date then the relevant amount of interest shall be payable on the second Business Day following the Grace Period Extension Date but no additional interest will be payable in respect of the relevant delay and for the avoidance of doubt no amendment will be made to any Interest Period or basis of calculation of the relevant amount of interest, other than as described above; or (ii) where a Failure to Pay has occurred on or prior to the Grace Period Extension Date and a Credit Event Determination Date has occurred thereafter, the relevant amount of interest will be adjusted accordingly and may be zero and will be payable on the second Business Day following the applicable Grace Period Extension Date.

8. Credit Derivatives Determinations Committee Extension

If, in the determination of the Calculation Agent, a Potential Credit Event has occurred and the Credit Derivatives Determinations Committee has not made its determination on or prior to the Scheduled Maturity Date or any Interest Payment Date (determined by reference to the Relevant Time) then the Calculation Agent shall notify Noteholders in accordance with General Condition 13 that the Maturity Date or relevant Interest Payment Date has been postponed to a date (the "**DC Determination Cut-off Date**") being the day falling (i) (a) if the Credit Derivatives Determinations Committee Resolves that a Credit Event has occurred, fifteen (15) Business Days following the relevant DC Credit Event Announcement or (b) if the Credit Derivatives Determinations Committee Resolves that a Credit Event has not occurred, the second Business Day following the relevant DC No Credit Event Announcement or, if later (ii) fifteen (15) Business Days following the DC Credit Event Question Dismissal, and:

9. Maturity Date/Interest Payment Date Extension in the case of Credit Linked Notes

where:

- (a) in the case of Credit Linked Condition 9: (x), a Credit Event Determination Date has not occurred on or prior to the Postponed Maturity Date or relevant Postponed Interest Payment Date or, in the case of Credit Linked Condition 9; (y), the Repudiation/Moratorium Extension Condition is not satisfied on or prior to the Postponed Maturity Date or relevant Postponed Interest Payment Date:
- (i) subject as provided below, in the case of a Postponed Maturity Date each Note will be redeemed by the Issuer at the Final Redemption Amount on the fifth Business Day following the Postponed Maturity Date; and

- (b) where:
 - (i) in the case of Credit Linked Condition 9: (x), a Credit Event Determination Date has occurred on or prior to the Postponed Maturity Date or relevant Postponed Interest Payment Date, the provisions of Credit Linked Condition 1, Credit Linked Condition 2, Credit Linked Condition 3 or Credit Linked Condition 4, as applicable, shall apply to the Credit Linked Notes; or
 - (ii) in the case of Credit Linked Condition 9: (y), the Repudiation/Moratorium Extension Condition is satisfied on or prior to the Postponed Maturity Date or relevant Postponed Interest Payment Date, the provisions of Credit Linked Condition 1 or Credit Linked Condition 6 shall apply to the Credit Linked Notes.

10. Partial Cash Settlement

If all or a portion of the Obligations comprising the Entitlement are Undeliverable Obligations and/or Hedge Disruption Obligations, the Issuer shall give notice (a "**Partial Cash Settlement Notice**") to the Noteholders in accordance with General Condition 13 and the Issuer shall pay in respect of each Undeliverable Obligation and/or Hedge Disruption Obligation, as the case may be, the Partial Cash Settlement Amount on the Partial Cash Settlement Date.

In the Partial Cash Settlement Notice, the Issuer must give details of why it is unable to deliver the relevant Undeliverable Obligations or Hedge Disruption Obligation, as the case may be.

Unless otherwise specified in the Final Terms, for the purposes of this Credit Linked Condition 10 only the following terms shall be defined as follows and such definitions will apply notwithstanding other definitions of such terms in Credit Linked Condition 13:

"Indicative Quotation" means, in accordance with the Quotation Method, each quotation obtained from a Quotation Dealer at the Valuation Time for (to the extent reasonably practicable) an amount of the Undeliverable Obligation or Hedge Disruption Obligations, as the case may be, equal to the Quotation Amount, which reflects such Quotation Dealer's reasonable assessment of the price of such Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, based on such factors as such Quotation Dealer may consider relevant, which may include historical prices and recovery rates.

"Market Value" means, with respect to an Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, on a Valuation Date, (i) if more than three Full Quotations are obtained, the arithmetic mean of such Full Quotations, disregarding the Full Quotations having the highest and lowest values (and, if more than one such Full Quotations have the same highest or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (ii) if exactly three Full Quotations are obtained, the Full Quotation remaining after disregarding the highest and lowest Full Quotations (and, if more than one such Full Quotations have the same highest value or lowest value, then one of such highest or lowest Full Quotations shall be disregarded); (iii) if exactly two Full Quotations are obtained, the arithmetic mean of such Full Quotations; (iv) if fewer than two Full Quotations are obtained and a Weighted Average Quotation is obtained, such Weighted Average Quotation; (v) if Indicative Quotations are specified as applying in the Final Terms and exactly three Indicative Quotations are obtained, the Indicative Quotation remaining after disregarding the highest and lowest Indicative Quotations (and, if more than one such Indicative Quotations have the same highest or lowest value, then one of such highest or lowest Indicative Quotations shall be disregarded); (vi) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) then, subject to paragraph (b) of the definition of "Quotation" below, an amount as determined by the Calculation Agent on the next Business Day on which at least two Full Quotations or a Weighted Average Quotation or, if applicable, three Indicative Quotations are obtained; and (vii) if fewer than two Full Quotations are obtained and no Weighted Average Quotation is obtained (and, if Indicative Quotations are applicable, fewer than three Indicative Quotations are obtained) on the same Business Day on or prior to the tenth Business Day following the Valuation Date the Market Value shall be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day or, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable

ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES

Obligation or Hedge Disruption Obligation, as the case may be, obtained from Quotation Dealers at the Valuation Time on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.

"Partial Cash Settlement Amount" is deemed to be, for an Undeliverable Obligation or a Hedge Disruption Obligation, as the case may be, an amount calculated by the Calculation Agent equal to the greater of (i) (A) the Outstanding Principal Balance, the Due and Payable Amount or the Currency Amount, as applicable, of each Undeliverable Obligation or Hedge Disruption Obligation, as the case may be, multiplied by (B) the Final Price with respect to such Undeliverable Obligation or Hedge Disruption Obligation, determined as provided in this Credit Linked Condition less if applicable (C) a *pro rata* share of Unwind Costs, if any (but excluding any Unwind Costs already taken into account in calculating the relevant Entitlement), and (ii) zero provided that where (i) the relevant Undeliverable Obligation or Hedge Disruption Obligation forms part of the Asset Package and the Calculation Agent determines in its sole discretion that a Final Price cannot reasonably be determined in respect of such Undeliverable Obligation or Hedge Disruption Obligation, then the Partial Cash Settlement Amount will be an amount calculated by the Calculation Agent in its sole discretion equal to the fair market value of the relevant Undeliverable Obligation or Hedge Disruption Obligation less Unwind Costs.

"Partial Cash Settlement Date" is deemed to be the date falling three Business Days after the calculation of the Final Price.

"Quotation" means each Full Quotation, the Weighted Average Quotation and, if Indicative Quotations are specified as applying in the Final Terms, each Indicative Quotation obtained and expressed as a percentage of the Outstanding Principal Balance or Due and Payable Amount, as applicable, of the relevant Undeliverable Obligation or Hedge Disruption Obligation with respect to a Valuation Date in the manner that follows:

- (a) The Calculation Agent shall attempt to obtain Full Quotations with respect to each Valuation Date from five or more Quotation Dealers. If the Calculation Agent is unable to obtain two or more such Full Quotations on the same Business Day within three Business Days of a Valuation Date, then on the next following Business Day (and, if necessary, on each Business Day thereafter until the tenth Business Day following the relevant Valuation Date) the Calculation Agent shall attempt to obtain Full Quotations from five or more Quotation Dealers, and, if two or more Full Quotations are not available, a Weighted Average Quotation. If two or more such Full Quotations or a Weighted Average Quotation are not available on any such Business Day and Indicative Quotations are specified as applying in the Final Terms, the Calculation Agent shall attempt to obtain three Indicative Quotations from five or more Quotation Dealers.
- (b) If the Calculation Agent is unable to obtain two or more Full Quotations or a Weighted Average Quotation (or, if Indicative Quotations are specified as applying in the Final Terms, three Indicative Quotations) on the same Business Day on or prior to the tenth Business Day following the Valuation Date, the Quotations shall be deemed to be any Full Quotation obtained from a Quotation Dealer at the Valuation Time on such tenth Business Day or, if no Full Quotation is obtained, the weighted average of any firm quotations (or, if applicable, Indicative Quotations) for the Undeliverable Obligation or the Hedge Disruption Obligation, as the case may be, obtained from Quotation Dealers at the Valuation Time on such tenth Business Day with respect to the aggregate portion of the Quotation Amount for which such quotations were obtained and a quotation deemed to be zero for the balance of the Quotation Amount for which firm quotations (or, if applicable, Indicative Quotations) were not obtained on such day.

- (iii) where the Reference Entity is a Sovereign, such entity succeeded to the Relevant Obligations by way of a Sovereign Succession Event.

Calculation Agent will be responsible for determining, as soon as reasonably practicable after delivery of a Successor Notice and with effect from the Succession Date, any Successor or Successors under paragraph (a) above, Provided That the Calculation Agent will not make any such determination if, at the time of determination, the DC Secretary has publicly announced that the relevant Credit Derivatives Determinations Committee has Resolved that there is no Successor based on the relevant succession to Relevant Obligations.

The Calculation Agent will make all calculations and determinations required to be made under this definition of Successor on the basis of Eligible Information and will, as soon as practicable after such calculation or determination, make such calculation or determination available for inspection by Noteholders at the specified office of the Principal Paying Agent. ADDITIONAL TERMS AND CONDITIONS FOR CREDIT LINKED NOTES

Where pursuant to paragraph (a)(iii), (a)(iv) or (a)(vi) or (b) above, more than one Successor has been identified, the Calculation Agent shall adjust such of these Terms and Conditions and/or the Final Terms as it shall determine to be appropriate to reflect that the Reference Entity has been succeeded by more than one Successor (which amendments may, for the avoidance of doubt, include in the case of Tranche Linear Basket Credit Linked Notes, such adjustments as the Calculation Agent determines appropriate to the numbers of Reference Entities specified as "H" and "L", having regard to any adjustments made to the notional portfolio to which the Notes relate) and shall determine the effective date of that adjustment. The Calculation Agent shall be deemed to be acting in a commercially reasonable manner if it adjusts such of these Terms and Conditions and/or the Final Terms in such a manner as to reflect the adjustment to and/or division of any credit derivative transaction(s) related to or underlying the Credit Linked Notes under the provisions of the 2014 ISDA Credit Derivatives Definitions.

Upon the Calculation Agent making such adjustment, the Issuer shall give notice as soon as practicable to Holders in accordance with General Condition 13 stating the adjustment to these Terms and Conditions and/or the Final Terms and giving brief details of the relevant Successor event.

If two or more entities (each, a "**Joint Potential Successor**") jointly succeed to a Relevant Obligation (the "**Joint Relevant Obligation**") either directly or as a provider of a Relevant Guarantee, then (i) if the Joint Relevant Obligation was a direct obligation of the Reference Entity, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as direct obligor or obligors, or (ii) if the Joint Relevant Obligation was a Relevant Guarantee, it shall be treated as having been succeeded to by the Joint Potential Successor (or Joint Potential Successors, in equal parts) which succeeded to such Joint Relevant Obligation as guarantor or guarantors, if any, or otherwise by each Joint Potential Successor in equal parts.

For the purposes of this definition of "Successor", "**succeed**" means, with respect to the Reference Entity and its Relevant Obligations, that an entity other than the Reference Entity (i) assumes or becomes liable for such Relevant Obligations whether by operation of law or pursuant to any agreement (including, with respect to a Reference Entity that is a Sovereign, any protocol, treaty, convention, accord, concord, entente, pact or other agreement), or (ii) issues Bonds or incurs Loans (the **Exchange Bonds or Loans**) that are exchanged for Relevant Obligations, and in either case the Reference Entity is not thereafter a direct obligor or a provider of a Relevant Guarantee with respect to such Relevant Obligations or such Exchange Bonds or Loans, as applicable. For purposes of this definition of "Successor", "succeeded" and "succession" shall be construed accordingly. In the case of an exchange offer, the determinations required pursuant to paragraph (a) of this definition of "Successor" shall be made on the basis of the outstanding principal balance of Relevant Obligations exchanged and not on the basis of the outstanding principal balance of the Exchange Bonds or Loans.

Where pursuant to the provisions above or sub-paragraph (b) of the definition of Reference Entity one or more Reference Entities (each an "**Affected Reference Entity**") and/or the Issuer would, but for this provision, be identified as a Successor to another Reference Entity pursuant to the above provisions but no other entities (that are not Reference Entities or the Issuer) are identified as a Successor in respect of the relevant succession, each Affected Reference Entity and/or the Issuer, as applicable, shall not be regarded as a "Successor" for the purposes of the Notes and, in respect of each Affected Reference Entity or the Issuer, as applicable, the Calculation Agent shall use reasonable endeavours to (a) select an Alternative Reference Entity to be the Successor in respect of the relevant succession and (b) select an Alternative Reference Obligation to be the Reference Obligation in respect of such Alternative Reference Entity after the relevant succession and the Calculation Agent may make such adjustments to the Conditions and/or the Final Terms as it determines to be necessary or desirable to reflect such Alternative Reference Entity and Alternative Reference Obligation. If the Calculation Agent is unable to select an Alternative Reference Entity or an Alternative Reference Obligation, then: (i) no Successor shall be appointed; (ii) the Affected Reference Entity to which the relevant succession relates shall be deemed to have ceased to be a Reference Entity; (iii) that portion of any interest payable which is referable to the purchase of credit protection purchased by the Issuer under the Notes in respect of the Affected Reference Entity shall be reduced accordingly as determined by the Calculation Agent in its sole and absolute discretion; and (iv) the Calculation Agent may make such adjustments to the Conditions and/or the Final Terms to account for the Successor Associated Costs, which may include, without limitation,

(**BBVA** or the **Guarantor**), in her capacity as an authorised signatory of BBVA and by virtue of the powers of attorney granted on 29th March 2017 by the Board of Directors of the Guarantor, assumes responsibility for the information featured under the heading “*Description of Banco Bilbao Vizcaya Argentaria, S.A.*” in this Base Prospectus.

Ms. Maria de los Ángeles Coscarón Tomé, in her capacity as an authorised signatory of BBVA, asserts that, having taken all reasonable care to ensure such is the case, that the information contained in the Base Prospectus is, to the best of her knowledge, in accordance with the facts and contains no omission likely to affect its content.

HISTORY AND DEVELOPMENT OF BBVA

BBVA’s predecessor bank, BBV, was incorporated as a limited liability company (a *sociedad anónima* or S.A.) under the Spanish Corporations Law on 1st October, 1988. BBVA was formed following the merger of Argentaria into BBV, which was approved by the shareholders of each entity on 18th December, 1999 and registered on 28th January, 2000. It conducts its business under the commercial name “BBVA”. BBVA is registered with the Commercial Registry of Vizcaya (Spain). It has its registered office at Plaza de San Nicolás 4, Bilbao, Spain, 48005, and operates out of Calle Azul, 4, 28050, Madrid, Spain, telephone number +34-91-374-6201. BBVA’s agent in the U.S. for U.S. federal securities law purposes is Banco Bilbao Vizcaya Argentaria, S.A., New York Branch (1345 Avenue of the Americas, New York, New York 10105 (Telephone: +1-212-728-1660)). BBVA is incorporated for an unlimited term.

CAPITAL EXPENDITURES

BBVA Group’s principal investments are financial investments in its subsidiaries and affiliates. The main capital expenditures from 2014 to 2016 and up to the date of filing of this Base Prospectus were the following:

Acquisition of an additional 14.89 per cent. of Garanti

On 19 November 2014, BBVA Group signed a new agreement with Dogus Holding AS, Ferit Faik Sahenk, Dianne Sahenk and Defne Sahenk (hereinafter “**Dogus**”) to, among other terms, the acquisition of 62,538,000,000 additional shares of Garanti (equivalent to 14.89 per cent. of the capital of this entity) for a maximum total consideration of 8.90 Turkish lira (“**TL**”) per batch (Garanti traded in batches of 100 shares each).

In the same agreement stated that if the payment of dividends for the year 2014 was executed by Dogus before the closing of the acquisition, that amount would be deducted from the amount payable by BBVA Group. On 27 April 2015, Dogus received the amount of the dividend paid to shareholders of Garanti, which amounted to Turkish Liras 0.135 per batch.

On 27 July 2015, after obtaining all the required regulatory approvals, BBVA Group materialized said participation increase after the acquisition of these shares. BBVA Group’s current interest in Garanti is 39.90 per cent.

The total price effectively paid by BBVA Group amounted to 8.765 TL per batch (amounting to approximately TL 5,481 million and €1,857 million applying a 2.9571 TL/EUR exchange rate).

In accordance with the IFRS-IASB accounting rules, and as a consequence of the agreements reached, the BBVA Group shall, at the date of effective control, measure at fair value its previously acquired stake of 25.01 per cent. in Garanti (classified as a joint venture accounted for using the equity method) and shall consolidate Garanti in the consolidated financial statements of the BBVA Group, beginning on the above-mentioned effective control date.

Measuring the above-mentioned stake in Garanti Bank at fair value resulted in a negative impact in “Gains (Losses) on derecognized assets not classified as non-current assets held for sale” in the consolidated income statement of the BBVA Group for the year ended 31 December 2015, which resulted, in turn, in a net negative impact in the Profit attributable to parent company of the BBVA Group in 2015 amounting to €1,840 million. Such accounting impact did not translate into any additional cash outflow from BBVA Group. Most of this impact is generated by the exchange rate differences due to the depreciation of the TL against Euro since the initial acquisition by BBVA Group of the 25.01 per cent. stake in Garanti Bank up to the date of effective control. As of 31 December 2015, these exchange rate differences were already registered as Other Comprehensive Income deducting the stock shareholder’s equity of the BBVA Group.

DESCRIPTION OF BANCO BILBAO VIZCAYA ARGENTARIA, S.A.

The agreements with the Dogus group include an agreement for the management of the bank and the appointment by the BBVA Group of the majority of the members of its Board of Directors (7 of 10). The 39.90 per cent. stake in Garanti is consolidated in the BBVA Group, because of these management agreements.

As of 31 December 2016, Garanti group has total assets of approximately €85 billion, of which approximately €58 billion were loans to customers, and a volume of customer deposits of approximately €75 billion. The contribution of Garanti to the 2016 consolidated income statement has been €599 million.

On 22 March 2017, BBVA acquired 41,790,000,000 shares (in the aggregate) of Garanti (amounting to 9.95 of the total issued share capital of Garanti) from Doğuř Holding A.ř. and Doğuř Arařtırma Geliřtirme ve Muiřavirlik Hizmetleri A.ř., under certain agreements entered into on 21 February 2017, at a purchase price of 7.95 Turkish Liras (“TL”) per share (approximately 3,322 million TL or €859 million in the aggregate).

Following the completion of this acquisition, the shareholding structure of Garanti is approximately as follows:

	Shareholders' stakes
BBVA	49.85%
Doğuř Holding A.ř.	0.05%
Rest	50.10%
<hr/> Total	<hr/> 100%

Acquisition of Catalunya Banc

On 24 April 2015, once the necessary authorizations had been obtained and all the agreed conditions precedent had been fulfilled, BBVA Group announced the acquisition of 1,947,166,809 shares of Catalunya Banc, S.A. (“**Catalunya Banc**”) (approximately 98.4 per cent. of its share capital) for a price of approximately €1,165 million.

Previously, on 21 July 2014, the Management Commission of the FROB had accepted BBVA Group’s bid in the competitive auction for the acquisition of Catalunya Banc.

As of 31 December 2015, Catalunya Banc had assets of approximately €40 billion, of which approximately €19 billion corresponded to loans and advances to customers. Customer deposits amounted to approximately €36 billion as of such date.

According to the purchase method, the comparison between the fair values assigned to the assets acquired and the liabilities assumed from Catalunya Banc as of 31 December 2015, and the cash payment made to the FROB in consideration of the transaction generated a difference of €26 million, which was registered under the heading “Negative Goodwill in business combinations” in the consolidated income statement for the year ended 31 December 2015. According to the IFRS 3, there is a measurement period, that not exceed one year from the acquisition date, to retrospectively adjust the provisional amounts recognized at the acquisition date related to new facts and circumstances existed at that time and would have affected to calculate initial acquisition amount.

As of December 2016, Catalunya Banc was absorbed by BBVA S.A. The BBVA Group, at its Board of Directors meeting held on 31 March 2016, adopted a resolution to begin the process of merging Catalunya Banc, S.A., Banco Depositario BBVA, S.A. and Unoe Bank, S.A. into Banco Bilbao Vizcaya Argentaria, S.A.

This transaction is part of the corporate reorganization of BBVA’s banking subsidiaries in Spain and was successfully completed during 2016 and has no impact in the consolidated financial statements either from an accounting or from a solvency stand point.

CAPITAL DIVESTITURES

BBVA Group’s principal divestitures are financial divestitures in its subsidiaries and in affiliates. The main capital divestitures from 2014 to 2016 and up to the date of filing of this Base Prospectus were the following:

Sale of the participation in Citic International Financial Holdings Limited (CIFH)

DESCRIPTION OF BANCO BILBAO VIZCAYA ARGENTARIA, S.A.

On 23 December 2014, the BBVA Group signed an agreement to sell its 29.68 per cent. participation in Citic International Financial Holdings Limited (“CIFH”), to China CITIC Bank Corporation Limited (“CNCB”). CIFH is a non-listed subsidiary of CNCB domiciled in Hong Kong. On August 27, 2015, BBVA Group completed the sale of this participation. The selling price was HK\$8,162 million registered under gains (losses) in non-current assets held for sale not classified as discontinued operations.

In 2016 there were no additional significant capital divestitures.

Partial sale of China CITIC Bank Corporation Limited (CNCB)

On 23 January 2015, the BBVA Group signed an agreement to sell a 4.9 per cent. stake in CNCB to UBS AG, London Branch (UBS), which in turn entered into transactions pursuant to which such CNCB shares were to be transferred to a third party, with the ultimate economic benefit of ownership of such CNCB shares being transferred to Xinhua Zhongbao Co., Ltd (Xinhua) (collectively, the “**Relevant Transactions**”). On 12 March 2015, after having obtained the necessary approvals, BBVA Group completed the sale. The selling price to UBS was HK\$5.73 per share, amounting to a total of HK\$13,136 million, equivalent to approximately €1,555 million (with an exchange rate of €HK\$=8.45 as of the date of the closing).

In addition to the sale of this 4.9 per cent. stake, the BBVA Group made various sales of CNCB shares in the market during 2015. In total, a participation of 6.34 per cent. in CNCB was sold during 2015. The impact of these sales on the Consolidated Financial Statements of the BBVA Group was a gain, net of taxes, of approximately €705 million in 2015. This gain, gross of taxes, was recognized under “Gains (losses) in non-current assets available for sale not classified as discontinued operations” in the consolidated income statement for 2015.

As of 31 December 2016, BBVA Group holds a 2.14 per cent. interest in CNCB (valued at €32 million). This participation is recognized under the heading “Available for sale financial assets” of the balance sheet as of 31 December 2016.

⁽¹⁾ The information for the year ended 31 December 2014 and with respect to 2015, until July 2015, is presented under management criteria, pursuant to which Garanti's results have been proportionally integrated based on our 25.01 per cent. interest in Garanti until July 2015, when the acquisition of an additional 14.89 per cent. stake in Garanti was completed and we started consolidating 100 per cent. of the Garanti group. See Note 3 to the Consolidated Financial Statements.

⁽²⁾ Other adjustments include adjustments made to account for the fact that, until July 2015, in the Consolidated Financial Statements Garanti was accounted for using the equity method rather than using the management criteria referred to above.

⁽³⁾ "Net margin before provisions" is calculated as "Gross income" less "Administration costs" and "Depreciation and amortization".

⁽⁴⁾ In the fourth quarter of 2015, certain operating expenses related to technology were reclassified from the Corporate Center to the Banking Activity in Spain reporting business area. This reclassification was a consequence of the reassignment of technology-related management competences, resources and responsibilities from the Corporate Center to the Banking Activity in Spain business area during 2015. In our Consolidated Financial Statements and

DIRECTORS AND SENIOR MANAGEMENT

BBVA is managed by a Board of Directors which, in accordance with its current by-laws (*Estatutos*), must consist of no less than 5 and no more than 15 members. All members of the Board of Directors are elected to serve three-year terms. BBVA's Board of Directors Regulations state that the Board of Directors must try to ensure that there is an ample majority of non-executive directors over the number of executive directors on the Board of Directors.

BBVA's corporate governance system is based on the distribution of functions between the Board of Directors, the Executive Committee and other specialised Board Committees, namely: the Audit and Compliance Committee; the Appointments Committee; the Remuneration Committee; the Risk Committee; and the Technology and Cybersecurity Committee. BBVA's Board of Directors is assisted in fulfilling its responsibilities by the Executive Committee (*Comisión Delegada Permanente*) of the Board of Directors. The Executive Committee will be apprised of such business of BBVA as the Board of Directors resolves to confer on it, in accordance with prevailing legislation, the Company Bylaws or the Board of Directors Regulations.

Major Shareholders and Share Capital

DESCRIPTION OF BANCO BILBAO VIZCAYA ARGENTARIA, S.A.

As of 11th January 2017, Blackrock, Inc. confirmed that it held an indirect interest of 5.606 per cent. in BBVA's share capital. As at 11th January 2017, no other person, corporation or government beneficially owned, directly or indirectly, 5 per cent. or more of BBVA's share capital. BBVA's major shareholders do not have voting rights which are different from those held by the rest of its shareholders. To the extent known to BBVA, BBVA is not controlled, directly or indirectly, by any other corporation, government or any other natural or legal person. As of 31st December, 2016 there were 935,284 registered holders of BBVA's shares, with an aggregate of 6,566,615,242 shares, of which 570 shareholders with registered addresses in the United States held a total of 949,419,103 shares (including shares represented by American Depositary Receipts (ADRs)). Since certain of such shares and ADRs are held by nominees, the foregoing figures are not representative of the number of beneficial holders.

Legal Proceedings

BBVA operate in an increasingly regulated and litigious environment with a potential exposure to liability and other costs, which may not be easy to estimate. In this environment, the entities of the Group are party to legal actions, arising from the ordinary course of business, in a number of jurisdictions (including, among others, Spain, Mexico and the United States). While we cannot predict the outcome of these proceedings, according to the procedural status of these proceedings and our assessment of these matters, BBVA believes that except as described below with respect to mortgage "floor" clauses, none of such proceedings, individually or in the aggregate, if resolved adversely, would result in a material adverse effect on the Group's financial position, results of operations or liquidity. The Group's management believes that adequate provisions have been made in respect of such legal proceedings, and considers that the possible contingencies that may arise from such ongoing lawsuits are not material.

"Floor" Clauses

On May 9, 2013, the Spanish Supreme Court issued a definitive ruling, rendered on a collective claim brought against BBVA among others, proclaiming the invalidity of "floor" clauses limiting the interest rates in mortgage loans with consumers (commonly referred to as "cláusulas suelo") provided such clauses did not comply with certain requirements of material transparency set forth in the referred ruling. The Spanish Supreme Court also ruled that there were no grounds for the refund of the amounts collected by the lenders pursuant to those clauses prior to May 9, 2013.

In compliance with this ruling and as communicated to the market on June 12, 2013, BBVA eliminated or deprived of effect "floor" clauses in all mortgage loans with consumers since May 9, 2013.

Following the ruling of the Spanish Supreme Court, the Provincial Court of Alicante asked the Court of Justice of the European Union (the "CJEU") to determine whether the limited retroactivity of the decision of the Spanish Supreme Court (which, as indicated above, had no impact on amounts collected by the lenders pursuant to "floor" clauses prior to May 9, 2013) was compatible with Council Directive 93/13/EEC of April 5, 1993, on unfair terms in consumer contracts ("Directive 93/13/EEC"). In July 2016, while the CJEU decision was still pending, BBVA estimated that the maximum amount subject to any potential claims, should the CJEU decide that the Supreme Court of Spain's decision was not compatible with Directive 93/13/EEC, would be approximately €1.2 billion, indicating that the actual impact would probably be lower, based on past experiences.

On December 21, 2016, the CJEU's decision was published. In its judgment, the CJEU stated that national case law setting time limits for the refund of amounts arising from the invalidity of an unfair term in a contract is contrary to Article 6(1) of Directive 93/13/EEC.

In connection with the preparation of its consolidated financial statements for the year ended 31 December 2016, BBVA analyzed as of the relevant balance sheet date its portfolio of mortgage loans to consumers, in which there were "floor" clauses, and recorded a provision of €77 million to cover the contingencies that may arise in connection with the claims related to the legality of such clauses. This provision may be revised in future periods based on the evolution of such claims and other facts and circumstances as of the related reporting date.

TAXATION

The following summary refers solely to certain Spanish tax consequences of the acquisition, ownership and disposition of the Notes. It does not purport to be a complete analysis of all tax consequences relating to the Notes and does not purport to deal with the tax consequences applicable to all categories of investors, some of which might be subject to special rules. Prospective investors should consult their own tax advisors as to the consequences under the tax laws of the country of which they are resident for tax purposes and the tax laws of Spain of acquiring, holding and disposing of Notes and receiving any payments under the Notes. This summary is based upon the law as in effect on the date of this Base Prospectus and is subject to any change in law that may take effect after such date. References in this section to Noteholders include the beneficial owners of the Notes.

Acquisition of the notes

The issue of, subscription for, transfer and acquisition of the Notes is exempt from Transfer and Stamp Tax (*Impuesto sobre Transmisiones Patrimoniales y Actos Jurídicos Documentados*) and Value Added Tax (*Impuesto sobre el Valor Añadido*).

Taxation on the income and transfer of the notes

The tax treatment of the acquisition, holding and subsequent transfer of the Notes is summarised below and is based on the tax regime applicable to the Notes pursuant to Royal Legislative Decree 5/2004 of March 5 approving the consolidated text of the Non-Resident Income Tax Law (*Impuesto sobre la Renta de los no Residentes*), as amended by Law 26/2014 of November 27, 2014, Law 27/2014 of November 27, 2014 approving the consolidated text of the Corporate Income Tax Law (*Impuesto sobre Sociedades*) and Law 35/2006 of November 28, 2006 on Personal Tax Law (*Impuesto sobre la Renta de las Personas Físicas*), as amended by Law 26/2014 of November 27, 2014 Law 19/1991 of June 6, 1991 approving the Wealth Tax Law (*Impuesto sobre el Patrimonio*), and Law 29/1987 of December 18, 1987 approving the Inheritance and Gift Tax Law. Consideration has also been given to the rules for the implementation of such regulations (Royal Decree 1776/2004 of 30th July approving the Non-Resident Income Tax Regulations, Royal Decree 439/2007 of 30th March, approving the Individuals Income Tax Regulations as amended by Royal Decree 1003/2014 of December 5, 2014 and Royal Decree 634/2015 of July 10, 2014 approving the Corporate Income Tax Regulations).

Consideration has also been given to Spanish legislation on the issuance of preferred securities and debt securities issued by Spanish financial and non-financial listed entities, either directly or through a subsidiary (Law 10/2014, and RD 1065/2007(as amended by RD 1145/2011), approving the General Regulations relating to tax inspection and management procedures and developing the common rules of the procedures to apply taxes).

Income obtained by Noteholders who are Non-Resident Income Tax payers in Spain in respect of the Notes

Income obtained by Noteholders who are Non-Resident Income Tax payers, both in respect of interest and in connection with the transfer, repayment or redemption of the Notes, whether or not through a permanent establishment, shall be considered Spanish source income and therefore subject to taxation in Spain under Legislative Royal Decree 5/2004 of 5th March approving the Consolidated Non-Resident Income Tax Law, amended by Law 26/2014 of November 28, 2014, without prejudice to the provisions contained in any applicable tax treaty for the avoidance of double taxation (“**DTT**”).

Income not obtained through a permanent establishment in Spain in respect of the Notes

Income obtained by Noteholders who are not tax resident in Spain acting for these purposes without a permanent establishment within Spain is exempt from Non-Resident Income Tax in the terms described under “*Tax reporting obligations of the Issuer and the Guarantor*” below.

Income obtained through a permanent establishment in Spain in respect of the Notes / Corporate Income Tax taxpayers.

The holding of Notes by investors who are not resident for tax purposes in Spain will not in itself create the existence of a permanent establishment in Spain.

Income obtained by non-Spanish resident holders acting through a permanent establishment in Spain in respect of the Notes will be taxed under the rules provided by Chapter III of the Non-Resident Income Tax Law. These Noteholders will be subject to taxation substantially in the same manner as Spanish Corporate Income Tax taxpayers and, therefore, it shall be computed as taxable income in accordance with the general rules set out in the Corporate Income Tax Law and will therefore be taxed at the general current rate of 25 per cent.

TAXATION

Income derived from the transfer and holding of the Notes shall not be subject to withholding tax as provided by Section 61(s) of the Corporate Income Tax Regulations, to the extent that the Notes satisfy the requirements laid down by the reply to the Directorate General for Taxation's (*Dirección General de Tributos*) consultation, on 27th July 2004, indicating that in the case of issuances made by entities with tax residency in Spain, (as in the case of the Issuer), application of the exemption requires that the Notes be placed outside Spain in another OECD country and traded on organised markets in OECD countries. Notes issued under the Programme and traded in an OECD country different from Spain are expected to satisfy these requirements.

For withholding on income derived from payment of interest, redemption or repayment of the Notes see “Taxation - Tax Reporting Obligations of the Issuer and the Guarantor”.

In accordance with Section 61 (q) of the Corporate Income Tax Regulations, there is no obligation to withhold on the income derived from the transfer and holding of the Notes obtained by Spanish Corporate Income Tax taxpayers from financial assets represented in book entries form and traded in a Spanish official secondary market.

Individuals with tax residency in Spain

Income obtained by Noteholders who are Personal Income Tax payers, both as interest and in connection with the transfer, redemption or repayment of the Notes, shall be considered income on investments obtained from the assignment of an individual's capital to third parties, as defined in Section 25.2 of Individuals Income Tax Law and therefore will be taxed as savings income at the applicable rate currently varying from 19 per cent to 23 per cent.

The above mentioned income will be subject to the corresponding personal income tax withholding at the applicable tax rate (currently 19 per cent from 1st of January 2016). Article 44 of the RD 1065/2007 has established new information procedures for debt instruments issued under the Law 10/2014 (which do not require identification of the Noteholders) and has provided that the interest will be paid by the relevant Issuer to the Paying Agent for the whole amount, provided that such information procedures are complied with.

Nevertheless, withholding tax at the applicable rate (currently 19 per cent. from 1st of January 2016) may have to be deducted by other entities (such as depositaries or financial entities), provided that such entities are resident for tax purposes in Spain or have a permanent establishment in Spanish territory.

The Issuers and the Guarantor consider that, according to RD 1145/2011, they are not obliged to withhold any tax amount provided that the new simplified information procedures (which do not require identification of the Noteholders) are complied with by the Paying Agent as it is described in section “*Tax Reporting Obligations of the Issuer and the Guarantor*”.

However, regarding the interpretation of the “Tax Reporting Obligations of the Issuer and the Guarantor” please refer to “Risk Factors – Spanish Tax Rules”.

Notes registered in Spain in book entry form and traded in a Spanish secondary market

There is no obligation to withhold tax on the income derived from the transfer or reimbursement of the Notes as provided by Section 75 3. (e) of the Personal Income Tax Regulations, to the extent that the Notes are represented by book entries and are traded on a Spanish regulated market, except for the part of the price which is equivalent to the accrued interest on any transfers which are made within the thirty days immediately prior to the maturity of the coupon, when the acquirer is an individual or entity not resident in Spain or is a taxable person for Corporate Income Tax purposes and this express income is exempt from the obligation to withhold in relation to the acquirer.

Wealth Tax

Individuals with tax residency in Spain are subject to Wealth Tax on tax year 2017 to the extent that their net worth exceeds €700,000. Therefore, they should take into account the value of the Notes which they hold as at 31st December 2017.

Individuals resident in a country with which Spain has entered into a double tax treaty in relation to Wealth Tax would generally not be subject to such tax. Otherwise, non-Spanish resident individuals whose properties and rights located in Spain, or that can be exercised within the Spanish territory, exceed €700,000 would be subject to Wealth Tax at the applicable rates, ranging between 0.2 per cent. and 2.5 per cent., without prejudice of any exemption that should be applicable and the laws and regulations in force in each Autonomous Region.

TAXATION

As a consequence of the European Court of Justice Judgment (Case C-127/12), the Wealth Tax Law has been amended by Law 26/2014. As a result, non-Spanish tax resident individuals who are residents in the EU or in the European Economic Area can apply the legislation of the region in which the highest value of the assets and rights of the individuals are located.

Legal entities are not subject to Wealth Tax.

Inheritance and Gift Tax

The transfer of the Notes to individuals by inheritance, legacy or donation shall be subject to the general rules of Inheritance and Gift Tax (Impuesto sobre Sucesiones y Donaciones) in accordance with the applicable Spanish and State rules even if title passes outside Spain and neither the heir nor the beneficiary, as the case may be, is resident in Spain for tax purposes, without prejudice to the provisions of any DTT signed by Spain.

The effective tax rates, after applying all relevant factors, range between 0 per cent and 81.6 per cent.

However, the Judgment from the European Court of Justice dated September 3, 2014 has declared that Spanish Inheritance and Gift Tax Law is against the principle of free movement of capital within the EU as the Spanish residents are granted tax benefits that, in practice, allow them to pay much lower taxes than non residents. According to Law 26/2014, it will be possible to apply tax benefits approved in some Spanish regions to EU residents following specific rules.

In the event that the beneficiary is an entity other than a natural person, the income obtained shall be subject to Corporate Income Tax or Non-Resident Income Tax, as the case may be, and without prejudice, in the latter event, to the provisions of any DTT that may apply.

Tax rules for payments made by the Guarantor

Payments which may be made by the Guarantor to Noteholders, if the Guarantee is enforced, will be subject to the same tax rules previously set out for payments made by the Issuer.

Tax Reporting Obligations of the Issuer and the Guarantor

RD 1145/2011 modified, among other provisions, article 44 of RD 1065/2007, which sets out the reporting obligations applicable to preference shares and debt instruments issued under Law 10/2014. The new procedures apply to interest deriving from preference shares and debt instruments to which Law 10/2014 refers, including debt instruments issued at a discount for a period equal to or less than twelve months.

In accordance with Section 44 of RD 1065/2007, the statements mentioned above must be provided to the relevant Issuer on the business day immediately prior to each interest payment date. In the event that on the date, the entities obliged to provide the declaration fail to do so, the relevant Issuer or the Paying Agent on its behalf will make a withholding at the general rate (currently 19 per cent from 1st of January 2016) on the total amount of the return on the relevant Notes otherwise payable to such entity.

As at the date of this Base Prospectus, the Guarantor has entered into an agreement with a Tax Certification Agent in order to establish a procedure for the disclosure of information regarding Noteholders who are resident in Spain for tax purposes. Such information will be provided, if necessary, to the Spanish Tax Authorities by the Guarantor. Regarding the interpretation of Article 44 RD 1065/2007 and the new simplified information procedures please refer to “*Risk Factors - Spanish tax rules*”.

THE PROPOSED FINANCIAL TRANSACTIONS TAX

The European Commission has published a proposal for a Directive for a common Financial Transaction Tax (“FTT”) in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the “**participating Member States**”). However, Estonia has since stated that it will not participate.

The proposed FTT has very broad scope and could, if introduced in its current form, apply to certain dealings in the Notes (including secondary market transactions) in certain circumstances. The issuance and subscription of Notes should, however, be exempt.

Under current proposals the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, “established” in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

The FTT proposal remains subject to negotiation between the participating Member States and is the subject of legal challenge. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate. Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

EU SAVINGS DIRECTIVE

Under EC Council Directive 2003/48/EC on the taxation of savings income (the “**Savings Directive**”), EU Member States are required, to provide to the tax authorities of another EU Member State details of payments of interest (or similar income) paid by a person within its jurisdiction to an individual resident in that other EU Member State or to certain limited types of entities established in that other EU Member State.

However, for a transitional period, Austria is instead required (unless during that period it elects otherwise) to operate a withholding system in relation to such payments (the ending of such transitional period being dependent upon the conclusion of certain other agreements relating to information exchange with certain other countries). A number of non-EU countries and territories including Switzerland have adopted similar measures. In the case of Switzerland, if an interest payment on a Note is made by a Swiss paying agent to an individual resident or residual in an EU Member State the paying agent must withhold the tax at a rate of 35 per cent., with the option of the individual to have the paying agent and/or Switzerland provide to the tax authorities of the EU Member State the details of the interest payments in lieu of the withholding. The individual may be entitled to a tax credit or refund of the withholding, provided that he or she is the beneficial owner of the interest payments and certain other conditions are met.

On 10th November 2015, the Council of the EU adopted a Council Directive repealing the Savings Directive from 1st January 2017 in the case of Austria and from 1st January 2016 in the case of all other EU Member States (subject to on-going requirements to fulfil administrative obligations such as the reporting and exchange of information relating to, and

TAXATION

accounting for withholding taxes on, payments made before those dates). This is to prevent overlap between the Savings Directive and a new automatic exchange of information regime to be implemented under Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU). The new regime under Council Directive 2011/16/EU (as amended) is in accordance with the Global Standard released by the Organisation for Economic Co-operation and Development in July 2014. Council Directive 2011/16/EU (as amended) is generally broader in scope than the Savings Directive, although it does not impose withholding taxes.

AUTOMATIC EXCHANGE OF TAX INFORMATION BETWEEN STATES

On 17th November 2015, the Spanish Government published Royal Decree 1021/2015, of 13th November, (the “**Royal Decree**”) which establishes the obligation on financial institutions to identify the tax residence of persons holding or controlling certain financial accounts and to report them to the Spanish tax authorities within the context of mutual assistance.

The Royal Decree implements into Spanish domestic legislation the rules on the information to be reported to the tax authorities in respect of financial accounts and due diligence procedures that must be applied by affected financial institutions when obtaining such information per EC Council Directive 2011/16/EU on administrative cooperation in the field of taxation (as amended by EC Council Directive 2014/107/EU) as regards mandatory automatic exchange of information in the field of taxation and the provisions of article 29 bis and additional provision twenty-two of Spanish General Taxation Law.

The Royal Decree is set to enter into force on 1st January 2016 and Spanish financial institutions must therefore report the relevant information relating to 2016 to the Spanish tax authorities in 2017.

Based on the Royal Decree, BBVA may be compelled to provide the Spanish tax authorities with certain information in respect of certain categories of financial accounts held or controlled by some investors in the Notes.

FOREIGN ACCOUNT TAX COMPLIANCE ACT

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 (“**FATCA**”) impose a new reporting regime and potentially a 30 per cent. withholding tax with respect to certain payments to (i) any non-U.S. financial institution (a “**foreign financial institution**”, or “**FFI**” (as defined by FATCA)) that does not become a “Participating FFI” by entering into an agreement with the U.S. Internal Revenue Service (“**IRS**”) to provide the IRS with certain information in respect of its account holders and investors or is not otherwise exempt from or in deemed compliance with FATCA and (ii) any investor (unless otherwise exempt from FATCA) that does not provide information sufficient to determine whether the investor is a U.S. person or should otherwise be treated as holding a “United States account” of the Issuer (a “**Recalcitrant Holder**”). The Issuer may be classified as an FFI.

The new withholding regime is in effect for payments from sources within the United States and will apply to “foreign passthru payments” (a term not yet defined) no earlier than 1st January 2017. This withholding would potentially apply to payments in respect of (i) any Notes characterized as debt (or which are not otherwise characterized as equity and have a fixed term) for U.S. federal tax purposes that are issued on or after the grandfathering date, which is the date that is six months after the date on which final U.S. Treasury regulations defining the term foreign passthru payment are filed with the Federal Register, or which are materially modified after the grandfathering date and (ii) any Notes characterised as equity or which do not have a fixed term for U.S. federal tax purposes, whenever issued. If Notes are issued on or before the grandfathering date, and additional Notes of the same series are issued after that date, the additional Notes may not be treated as grandfathered, which may have negative consequences for the existing Notes, including a negative impact on market price.

The United States and a number of other jurisdictions have entered into intergovernmental agreements to facilitate the implementation of FATCA (each, an “**IGA**”). Pursuant to FATCA and the “Model 1” and “Model 2” IGAs released by the United States, an FFI in an IGA signatory country could be treated as a “Reporting FI” not subject to withholding under FATCA on any payments it receives. Further, an FFI in an IGA jurisdiction generally would not be required to withhold under FATCA or an IGA (or any law implementing an IGA) (any such withholding being “**FATCA Withholding**”) from payments it makes. Under each Model IGA, a Reporting FI would still be required to report certain information in respect of its account holders and investors to its home government or to the IRS. The United States has entered into an IGA based largely on the Model 1 IGA with each of the Netherlands and Spain.

TAXATION

If the Issuer is treated as a Reporting FI pursuant to any applicable IGA, the Issuer would not anticipate that it will be obliged to deduct any FATCA Withholding on payments it makes. There can be no assurance, however, that the Issuer will be treated as a Reporting FI, or that the Issuer would in the future not be required to deduct FATCA Withholding from payments it makes. Accordingly, the Issuer and financial institutions through which payments on the Notes are made may be required to withhold FATCA Withholding if (i) any FFI through or to which payment on such Notes is made is not a Participating FFI, a Reporting FI, or otherwise exempt from or in deemed compliance with FATCA or (ii) an investor is a Recalcitrant Holder.

Whilst the Notes are in global form and held within the Clearing Systems, it is expected that FATCA will not affect the amount of any payments made under, or in respect of, the Notes by the Issuer, any paying agent and the common depository or common safekeeper, given that each of the entities in the payment chain between the Issuer and the participants in the Clearing Systems is a major financial institution whose business is dependent on compliance with FATCA and that any alternative approach introduced under an IGA will be unlikely to affect the Notes. The documentation expressly contemplates the possibility that the Notes may go into definitive form and therefore that they may be taken out of the Clearing Systems. If this were to happen, then a non-FATCA compliant holder could be subject to FATCA Withholding. However, definitive notes will only be printed in remote circumstances.

If an amount in respect of FATCA Withholding were to be deducted or withheld from payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding. As a result, investors may receive less than expected. FATCA is particularly complex and its application is uncertain at this time. The above description is based in part on regulations, official guidance and the IGAs between the United States and the Netherlands and Spain, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Notes.

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

In order to facilitate the offering of any Tranche of the Notes, certain persons participating in the offering of the Tranche may engage in transactions that stabilise, maintain or otherwise affect the market price of the relevant Notes during and after the offering of the Tranche. Specifically such persons may over-allot or create a short position in the Notes for their own account by selling more Notes than have been sold to them by the Issuer. Such persons may also elect to cover any such short position by purchasing Notes in the open market. In addition, such persons may stabilise or maintain the price of the Notes by bidding for or purchasing Notes in the open market and may impose penalty bids, under which selling concessions allowed to syndicate members or other broker-dealers participating in the offering of the Notes are reclaimed if Notes previously distributed in the offering are repurchased in connection with stabilisation transactions or otherwise. The effect of these transactions may be to stabilise or maintain the market price of the Notes at a level above that which might otherwise prevail for a limited period after the Issue Date. The imposition of a penalty bid may also affect the price of the Notes to the extent that it discourages resales thereof. No representation is made as to the magnitude or effect of any such stabilising or other transactions. Such transactions, if commenced, may be discontinued at any time and must be brought to an end after a limited period. Under UK laws and regulations stabilising activities may only be carried on by the Stabilising Manager named in the applicable Final Terms (or persons acting on its behalf) and may only continue for a limited period following the Issue Date (or, if the ending day would be earlier, 60 days after the date of allotment) of the relevant Tranche of Notes.

Selling Restrictions

United States

Neither the Notes nor the Guarantee have been or will be registered under the Securities Act and the Notes may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons except in certain transactions exempt from the registration requirements of the Securities Act. Terms used in this paragraph have the meanings given to them by Regulation S.

The Notes in bearer form are subject to U.S. tax law requirements and may not be offered, sold or delivered within the United States or its possessions or to a United States person, except in certain transactions permitted by U.S. Treasury regulations. Terms used in this paragraph have the meanings given to them by the U.S. Internal Revenue Code of 1986, as amended, and Treasury regulations promulgated thereunder.

The relevant Dealer has represented and agreed that, it will not offer, sell or deliver Notes (a) as part of their distribution at any time or (b) otherwise until 40 days after the completion of the distribution, as determined and certified by the relevant Dealer or, in the case of an issue of Notes on a syndicated basis, the relevant lead manager, of all Notes of the Tranche of which such Notes are a part, within the United States or to, or for the account or benefit of, U.S. persons. Each relevant Dealer has further agreed that it will send to each dealer to which it sells any Notes during the distribution compliance period a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meanings given to them by Regulation S under the Securities Act.

Until 40 days after the commencement of the offering of any Series of Notes, an offer or sale of such Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with an available exemption from registration under the Securities Act.

Public Offer Selling Restriction under the Prospectus Directive

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive (each, a “**Relevant Member State**”), the relevant Dealer has represented and agreed, and each further Dealer appointed under the Programme will be required to represent and agree, that with effect from and including the date on which the Prospectus Directive is implemented in that Relevant Member State (the “**Relevant Implementation Date**”) it has not made and will not make an offer of Notes which are the subject of the offering contemplated by this Base Prospectus as completed by the Final Terms in relation thereto to the public in that Relevant Member State except that it may, with effect from and including the **Relevant Implementation Date**, make an offer of such Notes to the public, in that Relevant Member State:

- (b) at any time to any legal entity which is a qualified investor as defined in the Prospectus Directive;

- (d) at any time in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of Notes referred to in (b) to (d) above shall require the Issuer or any Dealer to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

For the purposes of this provision:

- (a) the expression an “**offer of Notes to the public**” in relation to any Notes in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State; and
- (b) the expression “**Prospectus Directive**” means Directive 2003/71/EC (as amended, including by Directive 2010/73/EC), and includes any relevant implementing measure in the Relevant Member State.

SUBSCRIPTION AND SALE AND TRANSFER AND SELLING RESTRICTIONS

General

This Base Prospectus has been prepared on the basis that Notes may be directed to any category of potential investors unless specified otherwise in the applicable Final Terms.
