Salvataracrowd Ltd: evidence indicates no prospectus published

BaFin has evidence indicating that Salvataracrowd Ltd, San Gwann, Malta, is offering capital investments in the form of investment opportunities in Rookie Plan, Rookie Plan UNLIMITED, Beginner Plan, Expert Plan and MASTER Plan cannabis plants to the public in Germany.

These offers to the public are being made on the company's website.

In contravention of section 6 of the German Capital Investment Act (Vermögensanlagegesetz – VermAnlG), a prospectus has not been published for these products. In Germany, capital investments may be offered to the public only if a prospectus has been published. This prospectus must be approved by BaFin prior to publication. During the approval process, BaFin checks whether the minimum information required by law is included in the prospectus and whether its content is understandable, coherent and consistent. However, BaFin does not check whether the information contained in the prospectus is correct. Moreover, it does not check whether the issuer is reliable nor does it examine the product in question. Issuers of capital investments must ensure that this is clearly indicated in their prospectuses. The issuers are liable for the accuracy of the information contained in the prospectus.

You can check whether an approved prospectus for offers of capital investments to the public has been filed with BaFin by consulting the [Prospectuses filed](#) on the [BaFin website](#).
