---

**Barcelona, 15 May 2017**

Abertis has learned this morning, through the relevant fact sent by Atlantia to the Comisión Nacional del Mercado de Valores (CNMV), the terms and conditions of the voluntary and unsolicited offer made to all Abertis' shareholders.

The Abertis' Board of Directors will not comment on this matter until it is legally mandatory.

Meanwhile, the company will continue to operate on its business as usual basis, taking into account the restrictions derived from its duty of passivity.
