4<sup>th</sup> September 2023

**To:** Shareholders of iShares S&P 500 GBP Hedged UCITS ETF (Acc) (the “Fund”)  
ISIN(s): IE00B3Y8X563

Dear Shareholder,

The Directors of iShares V plc (the “**Company**”) wish to advise you that the index tracking investment strategy (and therefore the investment policy) of the Fund will be changed (as described below) with effect on or around the 18<sup>th</sup> September 2023 (the “**Effective Date**”).

The Directors believe that this change to the investment strategy of the Fund is in the best interests of Shareholders in the Fund.

The change being made will not have a material adverse effect on the manner in which your investment is managed. You are not required to do anything as a result of this notification.

A new version of the Company’s prospectus and Key Investor Information Document (KIID) or Key Information Document (KID) as applicable will be published on or around the Effective Date, subject to the approval of the Central Bank of Ireland and will be available on [www.ishares.com](http://www.ishares.com). Shareholders should please refer to the Company’s prospectus for full details of the change covered in this letter.

### **Changes to the Fund’s Index tracking investment strategy**

The Fund currently follows a non-replicating investment strategy. This means that the Fund may, or may not hold every security or the exact concentration of a security in the S&P 500 GBP Hedged Index, (the “**Benchmark Index**”) (and may use optimisation techniques to achieve its investment objective) but will aim to track the Benchmark Index as closely as possible.

The Company’s investment manager has advised that should the Fund continue to follow a non-replicating investment strategy, it could be at risk of being unable to hold the full weighting of constituents in the Benchmark Index which would consequently increase the Fund’s tracking error against the performance of its Benchmark Index.

The Fund's index tracking investment strategy will therefore be changed to a replicating investment strategy which will allow the Fund to replicate as closely as possible the composition of the Benchmark Index and permit the Fund to avail of higher investment limits disclosed in Schedule III of the Company's prospectus with effect on or around the Effective Date.

## Appendix

**Proposed amendments to the investment objective and policy and benchmark description of the Fund subject to any changes as may be approved by the Central Bank of Ireland are highlighted below in bold, underlined text:**

<b>Current Investment Objective and Benchmark Description</b>	<b>Proposed Investment Objective and Benchmark Description (changes in bold and underlined)</b>
<p>In order to achieve this investment objective, the investment policy of the Fund is to invest in a portfolio of equity securities that as far as possible and practicable consist of the component securities of the S&amp;P 500 and foreign exchange forward contracts that, as far as possible and practicable, track the hedging methodology of S&amp;P 500 GBP, this Fund's Benchmark Index. Currency hedging is carried out under a single hedging programme for the life of the Fund which is implemented using rolling one-month forward contracts. The Fund intends to use optimisation techniques in order to achieve a similar return to the Benchmark Index and it is therefore not expected that the Fund will hold each and every underlying constituent of the Benchmark Index at all times or hold them in the same proportion as their weightings in the Benchmark Index. The Fund may hold some securities which are not underlying constituents of the Benchmark Index where such securities provide similar performance (with matching risk profile) to certain securities that make up the Benchmark Index. However, from time to time the Fund may hold all constituents of the Benchmark Index.</p> <p>The Base Currency of iShares S&amp;P 500 GBP Hedged UCITS ETF (Acc) is Sterling (Stg£).</p>	<p>In order to achieve this investment objective, the investment policy of the Fund is to invest in a portfolio of equity securities that as far as possible and practicable consist of the component securities of the S&amp;P 500 and foreign exchange forward contracts that, as far as possible and practicable, track the hedging methodology of S&amp;P 500 GBP, this Fund's Benchmark Index.
