This right must be exercised by means of certified notification to the Company, to be received at the registered offices, Calle Claudio Coello 91, 4th floor (28006 Madrid), within five days of the publication of this call. When applicable, the addendum to the call will be published at least fifteen days before the date set for the Annual General Meeting.

Likewise, in accordance with the Company's Articles of Association, the Regulations of the Annual General Meeting and the Spanish Corporate Law, shareholders representing at least three percent of the share capital may, within the period stated in the preceding paragraph, submit substantiated proposed resolutions on matters already included, or that should be included, in the agenda for the Meeting convened. In addition, they may make suggestions concerning the Company's activities and interests that, in their opinion, should be discussed at the Annual General Meeting. In both cases, these proposals and suggestions may be made by means of certified notification to the Company, to be received at the registered offices (Calle Claudio Coello 91, 4th floor, 28006 Madrid) or through the Shareholder Services Office (the information for which is provided in the "General Information" section at the end of this notice) within five days of the publication of this call.

The Company will ensure the dissemination of said proposals and any attached documentation through publication on the website, as established under Article 519 in connection with paragraph d), Article 518 of the Spanish Corporate Law.

Right to Attend, vote and proxies

In accordance with the provisions of the Company's Articles of Association, the Regulations of the Annual General Meeting and the Spanish Corporate Law, the Company's shareholders will be entitled to attend the Annual General Meeting, however many shares they may hold, provided that the shares are entered in their name in the corresponding registry at least five days before

the date the Annual General Meeting is to be held, and that they confirm their ownership by means of certification in their name in the aforementioned accounting registry five (5) days before the date set for the Meeting. Shareholders may request, through one of the participating entities (Banks, Savings Banks, Financial Institutions in general) of La Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A., Unipersonal (Iberclear), the corresponding certificate of authentication or equivalent document from the accounting record of the Company's shares, in order to obtain, where relevant, the corresponding attendance card, which must duly guarantee the identity of the person exercising their voting right and the security of the electronic communications, in accordance with the provisions of the applicable regulations, as well as the Articles of Association, the Regulations of the Annual General Meeting and the Spanish Corporate Law.

Shareholders with the right to attend may vote by attending in person and voting at the Meeting or by means of postal or electronic correspondence or any other means of remote communication, provided that the identity of the person exercising their voting right and the security of the electronic communications is duly guaranteed, in accordance with the provisions of the applicable regulations, as well as the Articles of Association, the Regulations of the Annual General Meeting and the supplementary and implementing regulations.

Shareholders who are entitled to attend may be represented at the Annual General Meeting by any person, even if the latter is not a shareholder. In the event that instructions are issued by the represented shareholder, the proxy will vote in accordance with them and will be required to keep said instructions for one year from the date of the Meeting.

The representation must be conferred in writing; the proxy clause of the attendance cards issued by Iberclear's participating entities or, where relevant, the Company, especially for this Meeting may be used for such purpose.

The appointment and revocation of the proxy by the shareholder may be granted by means of postal or electronic correspondence or any other means of remote communication, provided that the identity of the person conferring it and the security of the electronic communications are duly guaranteed in accordance with the provisions of the applicable regulations including, where relevant, the provisions of the Articles of Association and the Regulations of the Annual General Meeting, for voting by the aforementioned means, to the extent that this is not incompatible with the nature of the representation conferred.

The same means provided for in the previous paragraph may be used to notify the Company of the appointment or revocation of the shareholder's proxy.

The shareholder's personal attendance at the Annual General Meeting will revoke any vote or proxy that could have previously been made.

The proxy may represent more than one shareholder, without limitation as to the number of shareholders represented. When a proxy represents several shareholders, they may vote differently according to the instructions given by each shareholder.

In accordance with Article 523 of the Spanish Corporate Law, the proxy must inform the shareholder in detail of whether there is any conflict of interest prior to their appointment. If a conflict arises after the appointment and the represented shareholder had not been warned of the possible existence thereof, they must be informed immediately. In both situations, if no new specific voting instructions are received for all the matters on which the proxy is to vote on behalf of the shareholder, the former must abstain from voting.

In the case of a public request for representation, whoever obtains it may not exercise the voting right corresponding to the shares represented in the items on the agenda in which there is a conflict of interest for them, unless they have received specific voting instructions from the represented shareholder for all said items.

The proxy may include items that, although not provided for in the agenda of the call, are addressed, as permitted under law, by also applying in these cases the provisions of the preceding paragraphs for cases of conflict of interest.

In accordance with the provisions of Article 524 of the Spanish Corporate Law, the entities that are legitimized as shareholders by virtue of the accounting registry, but that act on behalf of different persons, may in any case split the vote and exercise it differently in compliance with different voting instructions, if thus received. Said intermediary entities may delegate the vote to each of the indirect holders or to third parties designated by them, without limitation as to the number of proxies granted.

Shareholder Forum

In accordance with the provisions of the Company's Articles of Association, the Regulations of the Annual General Meeting and the Spanish Corporate Law, in particular, Article 539.2 thereof, the Company has enabled a Shareholder Forum (the "Forum") on its website (www.naturhouse.com) on the occasion of the Annual General Meetings, the operating rules for which have been approved by the Board of Directors at the meeting held on 23 February 2018.

The Forum will be put into operation on the day of publication of this call for the Annual General Meeting and will remain open until the date the Meeting is held, both inclusive.

The Forum is not an online mechanism for conversations among shareholders or a site for virtual debate. Neither is it a channel of communication between the Company and its shareholders. The purpose of the Forum is to facilitate communication among the Company's shareholders on the occasion of the next Annual General Meeting.

In this regard, shareholders may send for publication on the Forum communications that, in accordance with applicable legislation, aim to publish suggestions and/or proposals they intend to submit as addendums to the agenda announced in the call, requests for backing for such proposals, initiatives to reach a sufficient percentage as to exercise a minority right provided under law or offers and requests for voluntary representation.

Access to the Forum, its terms and operation will be governed by the provisions of the operating rules and what is established in this Notice of Call. The operating rules can be consulted on the website (www.naturhouse.com).

The data provided by shareholders to use the Forum will be incorporated into a file owned by the Company, the purpose of which is to manage and supervise the operation of the Forum, as well as to manage the Company's Annual General Meetings and, where relevant, to conduct statistical studies on its shareholding.

Remote proxies, voting and information. Procedure.

The remote means of communication valid for conferring representation, use of electronic voting and the revocation thereof at the Annual General Meeting are electronic means or by delivery or post.

a) Electronic.

Shareholders wanting to use electronic proxies or vote electronically must hold a national electronic identity document or an electronic user certificate issued by Fábrica Nacional de Moneda y Timbre (FNMTRCM) in accordance with the provisions of the Electronic Signature Act 59/2003 in its capacity as Certification Services Provider.

The user certificate will be obtained by the shareholder without any charge to the Company and must be valid at the time of the proxy.

Shareholders that have the relevant national electronic identity document or user certificate confirming their identity may, through the remote proxy, voting and information service available in the section provided for such purpose on the Company's website (www.naturhouse.com), carry out the proxy or vote by filling in the "proxy form" or the "voting form", as appropriate, following the instructions provided on these forms, as well as any others specified on any of the corresponding computer application screens, and must utilise their electronic signature by using the corresponding national electronic identity document or user certificate.

In order to be effective and valid, the electronic proxy or voting must be carried out from 00:00 on the day on which this Notice of Call for the Annual General Meeting is published and must be received by the Company before 24:00 on the day immediately prior to the date planned for the Annual General Meeting on first call, that is, before 24:00 on 19 April 2018. Proxies or votes received after the deadline stated will be considered as not having been carried out or the votes not cast.

For these purposes, the Company will implement an electronic dating system through a third party based on an objective time source to prove the time of receipt of the electronic proxy or vote, as well as, where appropriate, the acceptance or rejection thereof.

The purpose of establishing the aforementioned deadline is to allow the Company to verify the shareholder status of the person carrying out a proxy or voting electronically and that the number of shares corresponding to the proxy or vote made is correct; for such purpose, the Company will compare the information provided by each shareholder with that provided by La Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A.U. (Iberclear) in its capacity as the entity responsible for the Company's share books and records.

Shareholders who confer their representation or vote by electronic means are required to inform the designated proxy of the representation conferred. When the representation is granted to a board director, this will be understood to have been communicated when the Company receives said electronic proxy.

In order to be valid and effective, electronic proxies must be accepted by each representative, for which purpose they must be printed, signed and submitted by the designated proxy in each case before the Company's staff responsible for the register of shareholders, at the latest up to the time when the Annual General Meeting is held on first or second call, respectively, with the exception of those carried out in favour of a board director, which will be understood to have been accepted when they are received by the Company.

Electronic proxies or electronic voting will only be considered valid if they meet all the conditions established in this procedure and are carried out and received by the Company within the deadline established for such purpose, once the shareholder status of the person carrying out the proxy or voting has been verified.

b) Delivery or post.

Shareholders wanting to use this kind of proxy or voting must fill in and sign the "proxy" or "remote voting" section, as appropriate, of the attendance, proxies and voting card issued by the relevant depository entities or by the Company through the mechanism established for such purpose on its website in the section on remote proxies, voting and information.

Proxies must be accepted by the representative, consequently, and except for those carried out in favour of a board director, they must be signed by each representative in proof of acceptance; the person on whom the vote is conferred may only exercise this by personally attending the Meeting.

The relevant card, duly filled in and signed, must be sent by post to the Company's registered offices or through shareholder services.

In addition, the proxy card, duly filled in and signed, may also be presented by the designated proxy physically attending the Meeting to the staff responsible for registering shareholders on the day and place where the Annual General Meeting is to be held, up to the time the Meeting is scheduled to start on first or second call, respectively.

In order to be effective and valid, the votes cast by post must have been received by the Company by the hour immediately prior to the time planned for the start on first or second call, respectively. Votes received after the deadline stated will be considered as not having been cast.

Revocations.

The revocation of remote voting and/or the proxy's appointment carried out by electronic means or by delivery or post will be revocable by said means and the notification thereof to the Company may be done by the same means as stated above.

Issue of duplicate attendance, proxies and voting cards.

Shareholders who do not have the corresponding attendance, proxies and voting card on paper, either to be able to physically attend the Annual General Meeting or to carry out a proxy or vote by post, may obtain a

duplicate of the same through the section enabled for such purpose on the Company's website (www.naturhouse.com) in the section on remote proxies, voting and information.

In order to guarantee the security of the system used and the identity of shareholders wanting to use this option, the issue of duplicate cards will require shareholders to have a national electronic identity document or the corresponding user certificate issued by Fábrica Nacional de Moneda y Timbre, under the same conditions as are regulated in this procedure for the use of electronic proxies and voting.

Service availability

The Company reserves the right to modify, suspend, cancel or restrict this remote proxies, voting and request for information procedure when technical or security reasons prevent the guarantees stated herein from being assured and said circumstance is made public in due manner with sufficient notice by any means the Company deems appropriate.

The Company will not be liable for any damages that shareholders may suffer arising from faults, overloads, line failures, connection failures or any other situation of the same or similar nature beyond the Company's control, which prevents the use of the remote proxies, voting and request for information procedure.

Data Protection

The data provided by shareholders to use the Shareholder Forum, or data that has been provided pursuant to proxies or attendance at the Annual General Meeting, or data provided by depository entities on the occasion of the Meeting will be incorporated into a file owned and processed by the Company for the purpose of managing and supervising the operation of the Forum, as well as managing the development, compliance and control of shareholder relations concerning the call for and holding of the Company's Annual General Meetings.

The data collection by the Company is revocable and does not have any retroactive effect in accordance with the provisions of data protection legislation. Shareholders may exercise their rights of access, rectification, opposition and cancellation concerning the data collected by the Company by writing to the registered offices at Calle Claudio Coello 91, 4th floor, 28006, Madrid, through the shareholder email address accionista@naturhouse.com or through the Company's website.
