Should this be the case, describe these diversity policies, their objectives, the measures and way in which they have been applied and their results over the year. Also describe the specific measures adopted by the board of directors and the appointments and remuneration committee to achieve a balanced and diverse group of directors.

In the event that the company does not apply a diversity policy, explain the reasons why.

Description of policies, objectives, measures and how they have been implemented, including results achieved.

The Board of Directors has approved a director selection policy which ensures that the procedures used to select directors favour diversity in respect of gender, experience and knowledge and that they are free from any implicit bias that might involve some form of discrimination. It also ensures that candidates for the position of non-executive director have sufficient time available to properly perform their duties.

Explain the measures agreed by the appointments committee, where applicable, to ensure that selection processes are not subject to any implicit bias that would make it difficult to select female directors, and to ensure that the company makes a conscious effort to search for and include female candidates who have the required professional profile, thus allowing for a balanced presence between men and women.

#### **Explanation of measures**

The Board of Directors has approved the policy for the selection of directors, through which it ensures that the procedures for the selection of directors favour diversity of gender, experience and knowledge, and do not suffer from implicit biases that could imply any discrimination. In keeping with this commitment, the General Shareholders' Meeting of the previous year approved, at the proposal of the Appointments and Remuneration Committee, the appointment of a female board member, setting the number of board members at seven.

When, in spite of the measures taken (where applicable), there are few or no female directors, please give the reasons why this is the case:

#### Explanation of reasons

As indicated in the previous section, it is the Company's objective to continue to ensure gender diversity, evaluating all applications on a case-by-case basis.

C.1.7 Explain the conclusions of the appointments committee regarding verification of compliance verification of compliance with the policy aimed at favouring an appropriate composition of the board of directors.

The Company has established a policy of selecting board members based on an analysis of the Company's needs. Candidates for Board Members shall be persons of recognized prestige, solvency, competence, qualification, training, availability and commitment to the function. Furthermore, they must be professionals of integrity whose conduct and professional trajectory are in line with the mission, vision and values of the Company. Likewise, it is the Company's will to achieve the diversity policies and the fulfilment of the objectives set with regard to the participation of women on the Boards of Directors. In this sense, the General Shareholders' Meeting of the previous year approved, at the proposal of the Appointments and Remuneration Committee, the appointment of a female director, setting the number of directors at seven.

C.1.8 Explain, where applicable, the reasons why proprietary directors have been appointed at the request of shareholders who hold less than 3% of the share capital:

C.1.16 Give details of the procedures for selecting, appointing, re-electing and removing Directors. List the competent bodies and the processes and criteria used for each procedure.

The selection policy for candidates for the position of director establishes that candidates for the Company's Board of Directors will be selected on the basis of the following principles:

- 1. The aim will be to ensure that the Board of Directors comprises a balanced membership with the majority being Non-Executive Directors and with a reasonable ratio of Proprietary and Independent Directors.
- 2. The Board of Directors shall ensure that the procedures for the selection of Directors favour diversity of gender, experience and knowledge and are free from any implicit bias that might lead to discrimination. It will also ensure that candidates for Non-Executive Directors have sufficient time available to properly perform their duties.
- 3. Additionally, the process of selecting candidates for the position of Director will begin with a preliminary analysis of the needs of the Company and its Group. This analysis will be carried out by the Company's Board of Directors, with advice and a mandatory prior supporting report from the Appointments and Remuneration Committee
- 4. The supporting report from the Appointments and Remuneration Committee shall be published when convening the General Shareholders' Meeting to which the ratification, appointment or re-election of each Director is to be submitted.
- 5. The Appointments and Remuneration Committee will annually verify compliance with the Board Member Selection Policy and will detail its findings in the Annual Corporate Governance Report.
  - C.1.17 Explain the extent to which the annual appraisal of the Board has given rise to significant changes in its internal organisation and the procedures applicable to its activities:

#### Description of changes

No data available

Describe the appraisal process and the areas assessed by the Board of Directors with the help, where required, of external advisors, regarding the function and composition of the board and its committees and any other area or aspect that has been subject to appraisal.

#### Description of the appraisal process and areas assessed

The Board of Directors shall conduct an annual self-assessment of its operation and of its Commissions and Committees, in particular the diversity in the composition and competence of the Board of Directors, as well as the performance of the Chairman of the Board of Directors, the Chief Executive Officer of the Company and of the different Directors, paying special attention to the heads of the different Board Commissions and Committees, and it shall take the appropriate measures for their improvement.

The result of this assessment shall be recorded in the minutes of the meeting or attached to this report as an appendix.

The assessment of the various Board Commissions and Committees should start from the reports they send the Board of Directors, while that of the Board itself should start from the report drafted by the Appointments and Remunerations Committee.

Every three years, the Board of Directors shall be assisted in carrying out the assessment by an External Consultant, whose independence shall be verified by the Appointments and Remuneration Committee.

Any business relationships that the consultant (or any company from its group) maintains with the Company (or any company within the Group) must be listed in the Annual Corporate Governance Report. The process and the areas assessed will be described in the aforementioned Annual Corporate Governance Report.

In accordance with the above, which is reflected in the Board Regulations (published on the Company's website since its issuance), the highest administrative body and its committees are currently immersed in an evaluation process led by an external consultant.

C.1.18 For financial years in which the assessment has been assisted by an external advisor, give details of the business relationships that the external advisor or any company in its group maintains with the company or any company in its group.

The consultant who is assisting the Company in the evaluation of the Board of Directors provides general legal advisory services to the Company and its Group on commercial, corporate, tax, labour, real estate, industrial and intellectual property and any other aspects related to the operation of a listed real estate company. The total fees obtained by said consultant and by companies of its group, as a consequence of the services rendered during the fiscal year 2021, amount to 145 thousand euros, representing 0.5% of the total invoicing of the Company during said fiscal year, corresponding to services rendered by external suppliers.

C.1.19 Indicate the cases in which Directors are obliged to resign.

Article 12 of the Board of Directors' Regulations regulates the dismissal and removal of Directors:

- 1. Directors must relinquish their post and formalise their resignation whenever any of the grounds set out in law for incompatibility or disqualification from holding the position of director become apparent, and also in the following cases:
- a) In the case of proprietary directors, when the shareholder at whose request they were appointed transfers the entire holding that it had in the Company or reduces it to such a level that this requires a reduction in the number of its proprietary directors.
- b) When the Board itself requests this by a majority of at least two thirds (2/3) of its members, due to the director having infringed his/her obligations, following a proposal or report from the Appointment and Remuneration Committee, or when his/her remaining on the Board could endanger the Company's credit and
- 2. In the event that a private individual representing a legal entity that holds a position of the board becomes affected by any of the grounds set out in law for incompatibility or disqualification from office, the legal entity that holds the position on the board must immediately replace that person.
- 3. The Board of Directors may not propose the removal of any independent director prior to the end of the statutory period for which he/she was appointed, unless there are fair grounds as assessed by the Board following a report from the Appointments and Remuneration Committee. In particular, it shall be understood that just cause exists when the director has failed to comply with the duties inherent in his/her post, has failed to comply with any applicable recommendation on the subject of corporate governance or has become bound by any of the circumstances preventing his/her appointment as an independent director. Notwithstanding the foregoing, the Board may also propose the removal of independent directors resulting from takeover bids, mergers or other similar corporate operations that imply a change in the Company's capital structure, when such changes in the structure of the Board are supported by the criterion for proportionality set out in article 9, section 3, above.
- 4. When a director leaves his/her post before the end of his/her term, whether through resignation or due to any other cause, he/she shall explain their reasons in a letter sent to all members of the Board, notwithstanding the resignation being notified as a significant event and the reason for the resignation being noted in the Annual Corporate Governance Report. In particular, in the event that the resignation of the Director is due to the Board having adopted significant or repeated resolutions regarding which the director has set down on record his/her reservations and as a consequence of this has decided to resign, this circumstance shall be expressly stated in his/her resignation letter. This provision also applies to the secretary of the Board, even if he/she is not a director.
- 5. Notwithstanding the above, the removal of directors may be approved by the General Shareholders' Meeting at any moment, even when not provided for in the meeting's agenda.

Where applicable, detail these briefly.

Article 31.2 of the Board of Directors' Regulations states that directors must attend board meetings in person, notwithstanding the contents of paragraph 8 of Article 30. However, directors may be represented by another director in accordance with the legislation in force from time to time. The power of representation shall be granted especially for the board meeting in question, and it may be notified using any of the means provided for in paragraph 5 of Article 30 of the Regulations.

C.1.28 Explain the mechanisms, if any, put in place by the board of directors to ensure that the individual and consolidated financial statements prepared by the board are not presented at the general shareholders' meeting with a qualified audit report.

Article 40 of the Board of Directors' Regulations governs relations with the external auditors in the following terms:

- 1. Relations between the Board of Directors and the Company's external auditors shall be channelled via the Audit and Compliance Committee.
- 2. The Board of Directors shall refrain from contracting audit firms in which the fees which the company and the companies in its group are expected to pay for all items are greater than five percent (5%) of the income of the audit firm in Spain during the immediately preceding financial year.
- 3. The Board of Directors shall aim to formulate the annual accounts definitively in such a way that there are no provisos or reservations in the audit report, and in the exceptional case that these exist, both the chairman of the Audit and Control Committee and the auditors shall clearly explain to the shareholders the content and scope of those provisos or reservations.

In accordance with the above, the Audit Committee supervises both the conclusions and the financial statements obtained by the financial department once the financial closing process has been executed, as well as the conclusions obtained by the external auditor after its auditing process, both verifying the application of the accounting regulations in force at any given time. This supervision work is carried out prior to the meeting of the Board of Directors at which the annual financial statements are prepared by the Board of Directors so that the level of assurance on the financial statements issued is total.

C.1.30 Give details of the specific measures established by the company to ensure the independence of its external auditors and, where applicable the mechanisms implemented to maintain the independence of financial analysts, investment banks, and rating agencies, including how the provisions set out in law have been implemented in practice.

Section five of Article 35 of the Board of Directors' Regulations establishes the following duties for the Audit and Control Committee in relation to the external auditor:

- (i) to bring before the Board of Directors proposals for the selection, appointment, re-election and replacement of the external auditor (which must be international firms of acknowledged standing), along with the terms of their engagement;
- (ii) to receive information from the external auditor on a regular basis regarding the audit plan and the results of its execution, and to check that the management takes its recommendations into account;
- (iii) to ensure the independence of the external auditor and, to that end, ensure that the Company informs the CNMV (Spanish Securities Market Commission) of the change of auditor as a significant event, enclosing a declaration on the possible existence of disagreements with the outgoing auditor and their content, where applicable; and in the event that the external auditor resigns, to examine the circumstances that caused its resignation. The Audit and Control Committee must establish the appropriate relations with the account's auditors or auditing companies in order to receive information on those questions that could endanger their independence, so that these can be examined by the Audit and Control Committee, along with any other questions relating to the process of conducting the accounts audits and any other communications provided for in the legislation on accounts audits and auditing standards. In all cases, they must receive written confirmation each year from the account's auditors or the auditing companies regarding their independence from the company and any companies directly or indirectly related to it, along with information on additional services of any kind that have been provided to these companies by the said auditors or companies or parties related to them, in accordance with the provisions of Spanish Accounts Auditing Act 22 of 20 July 2015;

ANNUAL CORPORATE GOVERNANCE REPORT FOR LISTED **PUBLIC LIMITED COMPANIES** (iv) to aid the Company's auditor so that it can accept responsibility for the audits of the companies belonging to the group, where applicable; (v) in the event of the external auditor's resignation, to examine the circumstances that have caused it; (vi) to ensure that the payment of the external auditor does not compromise its quality or independence; (vii) to ensure that the external auditor has a yearly meeting with the Board of Directors in full session to inform it of the work undertaken and developments in the Company's risk and accounting positions; (viii) to ensure that the Company and its external auditor respect the regulations in force on the provision of services other than auditing, the limits on the concentration of the auditor's business and, in general, all other regulations governing the independence of auditors. In addition, prior to the issue of the accounts audit report, the Audit and Control Committee must produce an annual report in which it gives an opinion on the independence of the account's auditors or auditing companies. This report must, in all cases, include a statement regarding the provision of the additional services referred to in section b), point (iii), above.

#### Details of the procedure

Section 5 of Article 30 of the Board of Directors' Regulations establishes the following:

Meetings of the Board of Directors will be notified by letter, fax, telegram, email or any other means that provides proof of receipt, and notification will be authorised with the signature of the chairman, or with the signature of the secretary or deputy secretary, by order of the chairman. Such notifications shall be sent sufficiently in advance so that they are received by board members no later than the third day before the date set for the meeting, except in the case of urgent meetings, which may even be convened and held immediately. This shall exclude those cases in which the Regulations require a specific period of advance notice. Notifications shall always include the place, date and time at which the meeting is to be held and, unless duly justified, the meeting's agenda, and they shall be accompanied by any information deemed necessary in order to debate and adopt resolutions on the items to be discussed, unless the Board of Directors has been constituted or exceptionally convened for reasons of urgency.

In this regard, the company's usual practice is to make all information available to board members a week before the meeting is to be held.

#### Details of the regulations

Article 21 of the Board of Directors' Regulations governs the duty of notification on the part of directors:

1. Directors shall inform the Company of any stake that they or their Related Parties hold in the capital of any company with the same or a similar or complementary kind of business activity to the one forming the corporate purpose, giving details of any positions held or duties performed at the company in question. They shall also inform the Company of any activity that they engage in, either for themselves or for others, that is complementary to the one forming the Company's the corporate purpose. All such information shall be included in the notes to the annual accounts and in the Annual Corporate Governance Report, in accordance with legal requirements.

2. Directors must also notify the Company:

a) of all the posts held and the activities carried out in other companies or organisations, along with any other professional obligations. In particular, and prior to accepting any appointment as a director or executive in another company or organisation, directors must consult the Appointments and Remuneration Committee. No Director may, under any circumstances, sit on more than five (5) Boards of Directors;

b) of any material change in their professional situation that may affect the nature or condition by virtue of which they had been appointed as directors;

c) of any judicial, administrative or other proceedings that they may be involved in and that, due to their characteristics or importance, could have a serious impact on the Company's reputation. In particular, all directors must inform the Company, through its Chairman, of any cases in which they are arraigned, or if a court decides to hold a trial involving them in connection with any of the crimes listed in Article 213 of the Spanish Capital Companies Act. In such cases, the Board of Directors shall examine the matter as promptly as possible and adopt any resolutions it deems appropriate in the Company's best interests; d) of any holding taken directly or indirectly in the Company's share capital by the director or any of his/her Related Parties, and of any change to that holding, and of any transaction that is engaged in directly or indirectly by the director or any of his/her Related Parties in relation to the Company's share capital. For these purposes, the term "Related Parties" shall be understood to include any other persons who are deemed to have close ties with directors, pursuant to the terms of Article 3 of Regulation (EU) 596/2014 of the European Parliament and Council of 16 April 2014 on market abuse (market abuse regulation); and

e) in general, of any fact or situation that may be of relevance to their actions as a director of the Company.

| C.1.37 | Indicate, unless there have been special circumstances that have been recorded in the minutes, whether the board has been |

Árima Real Estate Socimi, S.A. has an incentive scheme for the Company's team. This plan was approved at the General Shareholders' Meeting of 26 September 2018 and amended at the General Shareholders' Meeting of June 29, 2021, can be found in the information prospectuses for the Company's IPO and share capital increases, which have been registered with the Spanish Securities Market Commission (CNMV). As set out for information purposes in the prospectus, if there is a change of control as a consequence of a public share offering, in accordance with the terms of Royal Decree 1066 of 27 July 2007 on public tenders for the acquisition of securities, this event shall be classified as a liquidation event, as this is defined in the incentive scheme. This plan may be settled both in shares or in cash, at the Board of Directors discretion.

C.1.39 Identify and provide detailed information, individually in respect of directors and in aggregate form in all other cases, regarding any agreements between the company and its administrative officers, executives and employees that offer compensation, guarantees or protection clauses in the event of their resignation or unfair dismissal, or that provide for their contractual termination as a result of a takeover bid or other kinds of operations.

| Number of beneficiaries              | 8   |  |  |  |
|--------------------------------------|---|--|--|--|
| Type of beneficiary                  | Description of the agreement  |  |  |  |
| CHIEF EXECUTIVE OFFICER AND MANAGERS | The services contract entered by the company and the CEO establishes that if the company terminates the contract without just cause (i.e., unfair dismissal as defined by the Spanish Workers' Statute), the Managing Director will be entitled to receive compensation in cash equivalent to two (2) years' total annual remuneration at the most recent rate. In addition, six of the Company's managers, excluding the managing director, have clauses that offer them compensation in the event of the termination of their employment contracts on any grounds other than a disciplinary action deemed lawful or the voluntary resignation of the manager him/herself. Managers would receive the same compensation in other cases, such as a change of control. In the event that managers are entitled to receive compensation, this will be two years' total annual remuneration at the most recent rate. |  |  |  |

Indicate whether, beyond the cases provided for in law, these contracts have been notified to and/or approved by the company's or the group's management bodies. If they have, specify the procedures and events provided for and the nature of the bodies responsible for their approval or for making this notification:

|  | Board of directors | General Shareholders'<br>Meeting |

Explain the duties exercised by this committee, including, where applicable, any duties that are additional to those set out in law, and describe the rules and procedures it follows for its organisation and function. For each of these duties, briefly describe the most important actions taken during the year and how, in practice, the committee has performed each of the duties attributed to it, either by law or pursuant to the articles of association or other corporate resolutions.

The main duty of this committee is essentially to provide the Board of Directors with support and assistance in relation to the proposed appointment, re-election, approval and dismissal of board members, the setting-up and overseeing of payment policy for the Company's board members and directors, the monitoring of directors' compliance with their duties, particularly as regards conflicts of interest and related-party transactions, and the supervision of compliance with the Internal Codes of Conduct and Corporate Governance regulations.

C.2.2 Complete the following table with information on the number of female board members sitting on the board's committees at the close of the last four financial years:

|   | Number of female board members |      |         |      |         |      |         |      |

The rules of organization and operation of the Board Committees are set forth in Articles 34, 35 and 36 of the Regulations of the Board of Directors. The Regulations of the Board of Directors are available for consultation on the Company's website. Voluntary annual reports on the activities of each committee have been prepared.

#### D. RELATED PARTY AND INTRA-GROUP TRANSACTIONS

D.1. Explain, where applicable, the procedures for approving related party or inter-group transactions and the bodies with the competence to grant this approval. Explain, if applicable, the procedure and competent bodies for the approval of transactions with related-parties and intra-group transactions, indicating the criteria and general internal rules of the company that regulate the abstention obligations of the affected directors or shareholders and detailing the internal reporting and periodic control procedures established by the company in relation to those related-party transactions whose approval has been delegated by the board of directors.

Sections 3, 4 and 5 of Article 22 of the Board of Directors Regulations establish the following procedure for the approval of related party transactions:

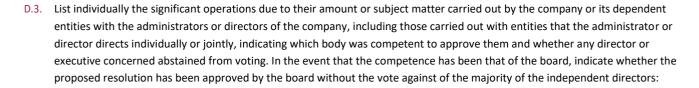

1. Any transactions carried out by the Company with directors, significant shareholders or shareholders that are represented on the Board, or with Managers or persons related to any of the parties mentioned, including transactions that could give rise to a conflict of interest and any transaction with third parties pursuant to which any director, significant shareholder or shareholder that is represented on the Board, Manager or related person is entitled to receive any compensation, remuneration or commission, are subject to authorisation from the Board of Directors, following a favourable report from the Audit and Control Committee.

- 2. Prior to authorising the Company's engagement in transactions of this nature, the Audit and Control Committee and the Board of Directors shall evaluate the transaction from the perspective of the equal treatment of all shareholders and current market conditions.
- 3. In the event that the related party transaction affects a director, he or she will not be provided with any additional information about the operation or transaction in question and, if the director in question is present at the meeting of the Board of Directors or the Audit and Control Committee then, in addition to being unable to exercise or delegate their voting rights, they must withdraw from the meeting room during any deliberation and, where applicable, vote on the transaction at sessions of both the Board and the Audit and Control Committee.
- 4. The prior authorisation of the Board provided for in Section 1 of this Article shall not be required when the following three conditions are simultaneously met:
- a) when the transactions in question are carried out pursuant to standard contracts with pre-established conditions that are applied en masse to many customers;
- b) when the transactions in question are carried out at prices or rates established at a general level with the party acting as the supplier of the good or service involved; and
- c) when their value does not exceed 1% of the Company's annual turnover.
- 5. Where these are transactions that fall within the Company's ordinary business and involve usual or recurring activities, a general authorisation from the Board of Directors shall be sufficient.
- D.2. List individually those transactions that are significant due to their amount or relevant due to their subject matter carried out between the company or its subsidiaries and shareholders holding 10% or more of the voting rights or represented on the board of directors of the company, indicating which body was competent for their approval and whether any shareholder or director affected abstained. In the event that the competence has been that of the board, indicate whether the proposed resolution has been approved by the board without the vote against of the majority of the independent directors:

| Significant<br>shareholder'<br>s name or<br>corporate<br>name | % of participation | Name or<br>corporate name<br>of the group<br>company or<br>dependent entity | (thousan<br>ds of<br>euros) | Approving<br>body | Identification of the significant shareholder or director who | The proposal to the board, if any, has been approved by the board without a majority of independent directors voting against it. |

| Árima<br>Investments, S.L.      | In 2021, the Company subscribed a non-cash contribution, transferring the ownership of a property located in Madrid, Chamartín district, to the Group company Árima Investments, S.L. with a book value of 11,578 thousand euros. | 11,578                            |

| Name or corporate name of the related party | Brief description of the operation | Amount<br>(thousands of<br>euros) |
|---|------------------------------------|-----------------------------------|
| No data available                           |                                    |                                   |

D.6. List the mechanisms established to detect, determine and resolve any possible conflicts of interest between the company and/or its group, and its directors, management or significant shareholders.

Article 17 of the Board of Directors' Regulations governs conflicts of interest in the following terms:

- 1. A conflict of interest will be deemed to exist in situations in which the interests of the Company or companies in its group collide, directly or indirectly, with the personal interests of the director. Directors will be deemed to have personal interest whenever the matter in question affects the director personally or a Related Party (as defined below).
- 2. For the purposes of the present Regulations, "Related Parties" shall be defined as follows:
- a) with regard to an individual, the following:
- (i) the spouse or a person who is spousal equivalent;
- (ii) forebears, descendants and siblings of the person subject to these Regulations or of the spouse (or spousal equivalent) of the person subject to these Regulations:
- (iii) the spouses of all forebears, descendants and siblings of the person subject to these Regulations;
- (iv) companies in which the person subject to these Regulations, in their own name or through an intermediary, holds or could hold control, either directly or indirectly, in accordance with the scenarios contemplated in Article 42 of the Spanish Commercial Code;
- b) with regard to a body corporate, the following:
- (i) partners or shareholders who hold or could hold control, either directly or indirectly, over the body corporate subject to these Regulations, in accordance with the scenarios contemplated in Article 42 of the Spanish Commercial Code;
- (ii) companies which form part of the same business group, as defined in Article 42 of the Spanish Commercial Code, and the partners or shareholders thereof;
- (iii) the personal representative, the managers, whether *de jure* or *de facto*, the liquidators, and the attorneys with general powers to act on behalf of the body corporate subject to these Regulations;
- (iv) any persons who, with regard to the representative of the body corporate subject to these Regulations, are deemed to be related persons, in accordance with the terms set out in the previous section for directors who are natural persons.
- 3. All conflict of interest situations will be governed by the following rules:
- a) notification: directors must inform the Board of Directors, through its chairman or secretary, of any situation affecting them that entails a conflict of interest;
- b) abstention: directors must refrain from attending and participating in any deliberation or votes on those matters in which a conflict of interest may exist and, as a consequence, their presence will not be taken into account in such cases for the calculation of the quorum. In the case of proprietary directors, these must refrain from participating in any voting on matters which might imply a conflict of interest between the shareholders who have proposed their appointment and the Company;
- c) transparency: the Company's Annual Corporate Governance Report will give details of any conflict of interest situation involving directors that is known to the Company as a result of notification by the person concerned or by any other means.
- 4. The provisions contained in this present Article may be developed further through the corresponding rules issued by the Company's Board of Directors, including an Internal Code of Conduct.

| D.7. | Indicate whether the company is controlled by another entity within the meaning of Article 42 of the Commercial Code, listed or unlisted and has, directly or through its subsidiaries, business dealings with that entity or any of its subsidiaries (other than those of the listed company) or engages in activities related to those of any of them. |     |  |  |  |

#### E. RISK CONTROL AND MANAGEMENT SYSTEMS

E.1. Explain the scope of the Company's Risk Control and Management System, including measures relating to tax risk:

The Board of Directors is the body responsible for determining the risk control and management policy, identifying the Company's main risks, implementing the appropriate internal control and information systems, and carrying out regular monitoring of the main risks to which the Company is exposed. By virtue of the above, the Board of Directors of the Company has approved the Risk Control and Management Policy and the Risk Management Manual. This establishes a systematic and preventive procedure, in line with international standards of reference in risk management to address risks by anticipating, preventing and detecting them. The risk management system considers both the company's own characteristics and those of the economic, geographical and regulatory environments in which it operates. The risk management policy and strategy is the responsibility of the Board of Directors. However, all members of the organisation are involved and responsible for ensuring the success of the risk management system.

E.2. Identify the company bodies responsible for preparing and implementing the Risk Management System, including measures relating to tax risk.

The Board of Directors is the body responsible for approving the Company's strategy and the organisation required to put it into practice, as well as for supervising and ensuring that the Management meets the stated targets. In addition, the Board is responsible for ensuring that, in relations with all the parties that have a direct or indirect interest in the Company, the laws and regulations are duly complied with, obligations and contracts are fulfilled in good faith, the actions and best practices of the sectors and areas in which the company carries out its activities are respected, and any other principles of social responsibility that the company has accepted voluntarily are duly observed. Article 43 of the Company's Articles of Association establishes that the Board of Directors must create and maintain an Audit and Control Committee on a permanent and internal basis / Article 44 of the Company's Bylaws entrusts the Audit and Control Committee with the fundamental duty of acting as support to the Board of Directors in its supervisory work by carrying out a periodic review of the process for the preparation of economic and financial information, the Company's internal controls and the independence of the external auditor.

E.3. State the primary risks, including tax compliance risk and, where significant, risk arising from corruption (this being understood in the terms set out in Royal Legislative Decree 18/2017), where such risks may affect the achievement of business objectives:

The following is a list of some of the main kinds of risk that may be encountered as a result of the Company's real estate and assets management activity, all of which are covered by the risk monitoring system.

- 1. Financial risk
- a) Market risk

Interest rate risk. The Company's interest rate risk arises from its financial debt. The Company occasionally engages in interest rate swaps to cover this risk.

b) Credit risk

The Company is not exposed to significant levels of credit risk, this being understood to mean the impact that the non-payment of receivables could have on its income statement. The company has policies that ensure that both sales and lettings are made to clients with an appropriate credit history.

c) Liquidity risk

The Company's Finance Department is responsible for managing liquidity risk in order to cover any existing payment obligations and/or any undertakings arising from new investments. To this end it analyses the expected cash flows.

2. Market risk

The Company minimises this type of risk through its own strategy and business model. Árima invests in prime properties, with strong upside potential in the office, logistics and retail sectors, in the most consolidated areas. The Company has implemented a long-term business plan that focuses on value creation through active management and repositioning of the portfolio, with special attention to environmental sustainability.

3. Economic risk

Risks in acquisitions is managed by completing a meticulous analysis of transactions, examining and foreseeing any problems that might arise in the future, and considering the possible solutions to such problems. In disposals, the main risk resides in the failure to collect the amounts agreed in the contracts as a result of the buyers' non-compliance. These risks are minimised through the establishment of all kinds of guarantees that will, if necessary, allow the total price to be received or the property forming the object of disposal to be recovered.

#### 4. Risks of a legal and fiscal nature

The Company's activities are subject to legal and fiscal provisions and to the requirements of urban development. Local, regional, national and European authorities can impose sanctions for breaches of these regulations and requirements. Any changes to this legal and fiscal environment could affect general planning of the Company activities which, through the corresponding internal departments, with assistance from legal and tax advisors, will monitor, analyse and, where appropriate take the necessary measures in this regard.

The risks associated with complying with the specific legislation, would be the following:

- a) Judicial and extrajudicial claims. The Company's business activities may lead to legal action being taken in relation to properties being let, even if these may result from the actions of third parties contracted by the Company (architects, engineers, construction contractors and subcontractors). The Company has taken out various civil liability and damage insurance policies in order to mitigate this type of risk.
- b) Company responsibilities resulting from its classification as a SOCIMI. All of the Company's activities must comply with Act 11/2009, which sets out the regulations for SOCIMIs. As a result, the Company constantly monitors its own activities and checks that they are in line with the legislation currently in force in this regard.
- 5. Risks regarding the prevention of money laundering and monetary infringements
  This category of risk is controlled through the prevention and monitoring of transactions carried out by the Company, in accordance with the legislation in force.
- 6. Risks relating to personal data protection.

These risks are controlled by means of special and standardised clauses to be included in contracts in different situations, which in accordance with the rules regulating this area, allow any kind of liability that may affect the Company to be limited and even eliminated.

7. Risks relating to the Protection of Consumers and End Users

The Company complies with the requirements of the different state and regional rules regarding consumers and end users. The Company also has an Internal Code of Conduct focused on matters relating to stock markets.

Sections IV and V of the Internal Code of Conduct establish the behaviour and action criteria that recipients of the Code must comply with in relation to the relevant securities and instruments, any privileged and relevant information, and confidential documents, in order to aid transparency in the performance of the Company's activities and provide adequate information and protection for investors.

**E.4.** Indicate whether the company has a risk tolerance level, including against tax risk:

Árima's risk tolerance is defined as the level of Risk that the Company is prepared to accept in order to achieve its established strategic objectives. Risk tolerance is shaped by the Company's strategy and is agreed by the Board of Directors. Risk tolerance is defined as the level of variation that the Company accepts in achieving an objective. It is, therefore, the acceptable threshold for each risk and objective. Risk tolerance must be updated regularly by the people from each department who are responsible for reporting to and properly informing the compliance supervisor.

**E.5.** Identify any risks, including tax risk, which have emerged during the year:

No risk of the type described above has emerged during the year.

E.6. Explain the plans for responding to and monitoring the main risks facing the company, including tax risk, and the procedures put in place by the company to ensure that the board of directors is able to respond to any new challenges that may arise:

The Risk Management System operates in a comprehensive, continuous and cross-cutting manner and addresses the management of all priority risks, both internal and external. To this end, the approach adopted for risk management considers the following basic elements in an aligned manner: control environment, objectives, risk identification and management, and control activities. Once a risk has been assessed and the control activities carried out have been carried out for its mitigation, if the risk level is not in the comfort zone, an additional action (Action Plan) is required to reduce the level of risk to the desired level. Risk Managers are responsible for designing, implementing and updating the corresponding Action Plans, considering at all times the views and comments of the Head of Risk Management and Control Function and the Audit and Control Committee. The objective of these Action Plans is to provide the response that best places the risk within the previously established objectives, complementing the control activities already in place. Once the Action Plans have been defined, the Risk Managers communicate them to the Head of the Risk Control and Management Function who, if considered necessary, after a prior analysis, submits them to the Audit and Control Committee for its knowledge and approval and, ultimately, to the Board of Directors.

#### F. INTERNAL RISK MONITORING AND MANAGEMENT SYSTEMS RELATING TO THE FINANCIAL REPORTING (ICFR) PROCESS

Describe the mechanisms that comprise the risk monitoring and management systems associated with the company's financial reporting process (ICFR).

#### F.1. The company's monitoring environment.

Specify at least the following components with a description of their main characteristics:

F.1.1 The bodies and/or officers that are responsible for: (i) the existence and regular updating of a suitable, effective ICFR, (ii) its implementation; and (iii) its monitoring.

Continuing with the development of a rigorous internal control system, Árima has drawn up a Management Manual for the Internal Control over Financial Reporting System (ICFR), which has been approved by the Board of Directors.

The SCIIF is a set of processes that affect all levels of the organisation and all the Company's personnel.

Mainly:

1. Board of Directors

With reference to the ICFR, the Regulations of the Board of Directors establish the following functions of the Board:

- To prepare the annual accounts and their presentation to the General Meeting.
- To determine the risk control and management policy.
- To monitor the internal control and information systems.
- To approve the financial information which, as a listed company, the Company must periodically publish.

As the body ultimately responsible for supervising the ICFR, the Board of Directors has established the necessary organisational structure to enable it to monitor the ICFR system, with the support of the Audit and Compliance Committee.

2. Audit and Control Committee

In order to ensure the reliability of financial information, the Audit and Control Committee has been assigned the following functions:

- To ensure the proper functioning of the information and internal control systems, in particular with regard to the preparation and integrity of the financial information.
- To be aware of and periodically review the process of preparation and presentation of financial information and the internal risk control and management systems associated with the risks associated with the Company's significant risks.
- Submit recommendations or proposals to the Board of Directors aimed at safeguarding the integrity of the information and control systems.

In the performance of these duties, the Audit and Compliance Committee must ensure the following aspects relating to the company's ICFR:

- Compliance with regulatory requirements.
- Adequate delimitation of the scope of consolidation.
- The correct application of accounting criteria.

In terms of the organisation of the ICFR work, the Audit and Compliance Committee is responsible for approving what and when to supervise and how to assess ICFR supervision (approval of the ICFR work and supervision plan).

3. Financial management

Árima's CFO has the following responsibilities in the framework of the ICFR:

- Design, implement, evaluate, and provide overall monitoring of the ICFR, for which he/she shall validate the design of the SCIIF Work and Monitoring Plan.
- Report on the effective functioning of the ICFR to the Audit and Control Committee.
- Ensure that appropriate ICFR training programmes are implemented.
- 4. ICFR Responsible

The ICFR Responsible is part of the Company's Finance Department and is assigned the following duties within the ICFR framework.

of the ICFR system:

- Identify the risks of error, omission, or fraud in financial reporting through the ICFR scoping matrix and documenting the design of controls.

- F.1.2 Where applicable, and particularly as regards the process for the preparation of the financial information, the following items:
- The departments and/or mechanisms responsible for: (i) designing and revising the organisational structure; (ii) clearly defining the lines of responsibility and authority, with an appropriate distribution of duties and tasks; and (iii) ensuring the existence of sufficient procedures for their correct reporting throughout the company:

Ultimate responsibility for the design and review of the Company's organisational structure lies with the CEO, under the delegation of the Board of Directors. As regards the process for the preparation of the financial information, in addition to the organisational charts, all of the people involved in the process also have a clear knowledge of the specific guidelines, responsibilities and periods that apply to each closure.

· Code of conduct, approval body, level of dissemination and instruction, principles and values included (indicating whether there is specific mention of the recording of transactions and the preparation of financial information), the body in charge of analysing breaches and of proposing corrective actions and sanctions:

The Company has a Code of Conduct, compliance with which is mandatory, and which is approved by the Board of Directors. The aim of this code of conduct is to establish the basic principles and rules that will govern the behaviour of everyone who acts on behalf of Árima and its subsidiary companies. The Code is applicable to all companies that make up the Árima Group and it is binding on the members of the Board of Directors and all company personnel, irrespective of the position they occupy and the duties they perform. This Code of Conduct is supplementary to the Securities Market Internal Code of Conduct, company regulations, the Articles of Association and any other legislation that applies to Árima's activities, and compliance is mandatory for both Árima and all of the companies with which a significant contractual relationship is in place. Non-compliance with the terms of this Code shall be deemed infringement and may result in the adoption of disciplinary measures.

• Whistle-blowing channel, which allows reporting to the audit committee of irregularities of a financial and accounting nature, in addition to possible breaches of the code of conduct and irregular activities in the organization, informing, where appropriate, whether it is confidential in nature and whether it allows anonymous communications, respecting the rights of the whistle-blower and the reported party.

The Company has implemented a whistle-blowing channel for matters related to the internal regulations of the Company and a procedure for reporting potentially significant financial and accounting incidents. In addition, the Whistleblowing Channel also includes the creation of an Ethics Committee whose functions are: reception and classification of complaints received, co-ordination of the investigation work for each of the complaints received, and the of investigation for each of the complaints, imposition of the corresponding disciplinary sanctions, and preparation of periodic reports on the functioning of the Channel.

Training and regular refresher courses for personnel involved in preparing and reviewing financial information and evaluating ICFR, which address, at least, accounting regulations, auditing, internal monitoring and risk management:

The Finance Department, and specifically the staff involved in the preparation and review of financial information, receives the necessary training on financial and internal control aspects, as well as on regulatory changes affecting the periodic financial information issued by the Company. This training is organised internally and is advised by independent experts in each area.

#### F.2. Financial reporting risk assessment.

Provide details of at least the following:

- F.2.1 The main characteristics of the risk identification process, including risks of error or fraud, in respect of:
- Whether there is an existing documented process:

The Board of Directors has approved an Internal Financial Reporting Control System Management Manual. This system identifies risks of error, omission or fraud in financial reporting through the ICFR scoping matrix. This matrix identifies which accounts and disclosures have a significant risk associated with them and whose potential impact on financial reporting may be material. The ultimate aim is to establish a control system that contributes to the mitigation of risks to the achievement of financial objectives. In addition, the financial information issued is reviewed by the Company's auditors.

Whether the process covers all financial reporting objectives (existence and occurrence; integrity; evaluation; presentation, breakdown and comparability; and rights and obligations), whether it is updated and how frequently:

As With the ultimate aim of providing assurance as to the reliability of the financial information provided to the market, Árima's System of Internal Control over Financial Reporting pursues the following control objectives.

- Existence and occurrence: transactions, facts and other events included in the financial information exist and have been recorded at the right time.

- Completeness: the information reflects all transactions, facts and other events to which the entity is a party.
- Adequate valuation: transactions, facts and other events are recorded and valued in accordance with applicable standards.
- Fair presentation, disclosure and comparability: transactions, facts and other events are classified, presented and reflected in the financial information in accordance with applicable standards.
- Timing of transactions: transactions and events have been recorded in the correct period.
- Adequate reflection of rights and obligations: the financial information reflects, at the relevant date, the rights and obligations through corresponding assets and liabilities, in accordance with the applicable regulations.

The scope of the Internal Control over Financial Reporting System shall be reviewed at least annually before setting the reporting schedule for the following year. reporting schedule for the following financial year.

• The existence of a process for identifying the consolidation perimeter, taking account, among other things, of the potential existence of complex corporate structures, vehicle companies or special purpose entities:

Árima's organisational structure is simple, comprising Árima Real Estate SOCIMI, S.A. and two dependent companies (100%) Árima Investigación, Desarrollo e Innovación, S.L.U. and Árima Investments, S.L.

· Whether the process takes account of the effects of other types of risk (operational, technological, financial, legal, fiscal, reputational, environmental, etc.) in the manner in which they affect the financial statements:

Any analysis will include all regulatory, technological and reputational risk, risk of fraud, human resource-related risk, operational risk, etc. that are relevant for the financial statements.

• The corporate governance body that supervises the process:

The ICFR is a set of processes that affect all levels of the organisation and all Company personnel. Mainly:

1. Board of Directors

With reference to the ICFR, the Regulations of the Board of Directors establish the following functions of the Board:

- To prepare the annual accounts and their presentation to the General Meeting.
- Determine the risk management and control policy.
- To monitor the internal control and information systems.
- Approve the financial information which, as a listed company, the Company must periodically publish.

As the body ultimately responsible for supervising the ICFR, the Board of Directors has established the necessary organisational structure to monitor the ICFR system, with the support of the Audit and Compliance Committee.

2. Audit and Compliance Committee

In order to ensure the reliability of financial information, the Audit and Compliance Committee has been assigned the following functions:

- To ensure the proper functioning of the information and internal control systems, in particular with regard to the preparation and integrity of the financial information.
- To be aware of and periodically review the process of preparation and presentation of financial information and the internal risk control and management systems associated with the risks associated with the Company's significant risks.
- Submit recommendations or proposals to the Board of Directors aimed at safeguarding the integrity of the information and control systems.

In the performance of these duties, the Audit and Compliance Committee must ensure the following aspects relating to the company's ICFR:

- Compliance with regulatory requirements.
- Adequate delimitation of the scope of consolidation.
- The correct application of accounting criteria.

In terms of the organisation of the ICFR work, the Audit and Compliance Committee is responsible for approving what and when to supervise and how to assess ICFR supervision (approval of the ICFR work and supervision Plan).

3. Financial Management

Árima's CFO has the following responsibilities in the framework of the ICFR:

- Design, implement, evaluate and provide overall monitoring of the ICFR, for which he/she shall validate the design of the ICFR Work and Monitoring Plan.
- Report on the effective functioning of the ICFR to the Audit and Control Committee.
- Ensure that appropriate ICFR training programmes are implemented.
- 4. ICFR Responsible

The ICFR Responsible is part of the Company's Finance Department and is assigned the following duties within the ICFR framework:

- Identify the risks of error, omission or fraud in financial reporting through the ICFR scoping matrix and document the design of controls.
- Ensure the correct functioning of the ICFR, for which purpose those responsible for each process/sub-process and associated controls must monitor them and report such information to the ICFR Responsible at Árima.
- Prepare reports for the Financial Management, considering the results of the reports received.
- Alert on changes in regulatory and financial information risk scenarios.
- Identify new risks in the processes.
- Collaborate in the proposal of improvement actions and resolution of incidents.

#### F.3. Monitoring activities.

State whether at least the following items are in place and specify their main characteristics:

F.3.1 Procedures for reviewing and authorising the financial information and the description of ICFR to be disclosed to the securities markets, stating who is responsible in each case, along with the documentation showing flow charts of activities and controls (including those that address the risk of fraud) for each type of transaction that may materially affect the financial statements, including procedures for the closing of accounts and for the specific review of critical judgements, estimates, evaluations and projections.

The Company has an internal procedure for reviewing financial information (including annual accounts, financial statements for interim periods, the Management Report and the Annual Corporate Governance Report), which oversees the process from the moment that information is generated in the Administration and Finances Department up to its approval by the Audit and Control Committee and, finally, by the Board of Directors prior to publication. This process is reflected in the Monitoring Manual for the Internal Control over Financial Reporting System approved by the Board of Directors, which establishes both the responsibilities and the flows of the control activities on the material sub-processes that give rise to the issuance of financial information.

F.3.2 Internal control policies and procedures for IT systems (including secure access, tracking changes, system operation, continuity and segregation of duties) giving support to key company processes relating to the preparation and publication of financial information.

The internal control policies and procedures associated with the IT systems are defined by the Company Management. The main risks considered by the Company, to which it provides a response, concern physical security (security copies, maintenance and access to servers, etc.), logic security (access controls, procedures for registrations and removals, protection against viruses and other malware, etc.), sufficient segregation of functions, registration and traceability of information, privacy (LOPD - the Spanish Data Protection Act), systems development and systems maintenance. The Company is advised by a third-party expert in systems which carries out regular security audits that cover, among others, all these aspects. On the other hand, the Board of Directors has approved a Business Continuity Plan to minimize the risk of interruption of the activity for any reason.

F.3.3 Internal control policies and procedures for overseeing the management of activities outsourced to third parties, and the appraisal, calculation or valuation services commissioned from independent experts, when these may materially affect the financial statements.

The activity subcontracted to third parties that has a greater impact on the financial statements corresponds to the valuation of assets by an independent expert. The procedure in this regard implemented by the Company basically includes the recommendations of the CNMV to listed valuation and real estate companies in relation to the valuation of real estate assets. Moreover, the results obtained are always contrasted with the estimates of Árima's internal experts, who supervise the valuation process. Likewise, the conclusions obtained are always reviewed by the Company's Auditors. On the other hand, the Company, for the services it subcontracts, works with companies of recognized prestige in the sector.

#### F.4. Information and communications.

State whether at least the following items are in place and specify their main characteristics:

F.4.1 A specific office which is in charge of defining and maintaining accounting policies (accounting policies area or department) and settling queries or disputes over their interpretation, and which is in regular communication with the team in charge of company operations, and an up-to-date manual of accounting policies that has been sent to all the company's operational units

The Company's Administration and Finance Department is responsible for defining and updating accounting policies and for responding to queries and consultations in this regard.

F.4.2 Mechanisms for collecting and preparing financial information with standardised formats, which are to be applied and used by all the company or group units and which support the main financial statements and notes to the accounts, along with the detailed information on the ICFR.

The accounting policies defined by the Management form the basis for the preparation of the financial information of both the Company and its subsidiaries. These accounting policies guarantee the application of the same criteria during the preparation of information and consistency in its presentation.

#### F.5. Supervising the operation of the system.

Indicate, pointing out its main characteristics:

F.5.1 The activities of the audit committee in overseeing ICFR, and whether there is an internal auditing office whose duties include supporting the committee in the task of supervising the internal control system, including ICFR. Describe the scope of the ICFR assessment carried out over the course of the year and the procedure by which the person responsible for making this assessment can communicate his/her findings. State also whether the company has an action plan detailing the potential corrective measures, and whether it has taken account of their impact on its financial information.

As indicated in article 44 of the Company's Articles of Association, the Audit and Compliance Committee's duties include, among others, the following periodic review of the process of preparing the economic and financial information, its internal controls and the independence of the external auditor. Specifically, the ICFR Manual approved by the Board of Directors assigns it the following responsibilities:

- Ensuring the proper functioning of the information and internal control systems, in particular with regard to the preparation and integrity of the financial information.
- To be familiar with and periodically review the process of preparation and presentation of financial information and the internal risk control and management systems associated with the Company's significant risks.
- Submit recommendations or proposals to the Board of Directors aimed at safeguarding the integrity of the information and control systems.

In the performance of these duties, the Audit and Compliance Committee must ensure the following aspects relating to the company's ICFR:

- Compliance with regulatory requirements.
- Adequate delimitation of the scope of consolidation.
- The correct application of accounting criteria

In terms of the organisation of the ICFR work, the Audit and Compliance Committee is responsible for approving what and when to supervise and how to assess ICFR supervision (approval of the ICFR Work and Monitoring Plan).

The Audit and Control Committee is also supported by the Financial Management and the ICFR Responsible, who prepares a report on the status of compliance and effectiveness of the ICFR, which is reported to the Finance Department. The latter, in turn, reports the results obtained to the Audit and Control Committee (which will submit them to the Board of Directors when it considers it necessary). The scope of the Internal Control over Financial Reporting System must be reviewed at least once a year before setting the reporting calendar for the following year.

Furthermore, the conclusion of the Company's auditors on the financial information provided has been satisfactory.

F.5.2 Whether the Company has a procedure by which the accounts auditor (in accordance with the contents of the Auditing Standards ("NTA")), the internal auditing department and other experts may communicate with senior management and the audit committee or senior managers of the company regarding any significant internal control weaknesses identified during their review of the annual accounts or any others they have been assigned. State also whether the Company has an action plan to correct or mitigate the weaknesses found.

The Audit and Control Committee meets in order to perform its prime function, which is to act as support for the Board of Directors in its supervisory work, by carrying out a regular review of the process for the preparation of the economic and financial information, the internal auditing department and the independence of the external auditor. In addition to other potential actions, it also carries out the following duties:

Discussions with External Auditors (with particular significance when they have acted on any specific matter: Audit reports, limited reviews, etc.) in order to:

- Obtain information on the planning, scope and conclusions of the work carried out.
- Obtain information on internal control weaknesses detected during the course of their work.
- Inform the external auditor about any matters that could affect their work.
- Talk to the external auditor regarding the expected contents of its reports.
- Obtain the necessary information for ensuring the independence of the External Auditor in compliance with the duties of the Audit and Control Committee. In addition, the Audit and Control Committee may demand additional information or the participation of experts when it comes to analysing topics relating to compliance with their duties.

#### F.6. Other relevant information

#### F.7. External auditor's report.

State whether:

F.7.1 The ICFR information supplied to the markets has been reviewed by the external auditor, in which case the corresponding report should be attached. Otherwise, explain the reasons for the absence of this review.

The Company has reviewed the Internal Control System for Financial Information. The external auditor holds regular meetings with the Financial Department, both to review the financial information and to evaluate the internal control in the development of the Company's activity. It is considered that the established controls are adequate for the volume and complexity of the Company, having gone through numerous financial information review and audit processes since its incorporation. The conclusion of the external auditor has been satisfactory in all cases.

| 11. | The Board of Directors should perform its duties with a unity of purpose and independent judgement, according the same treatment to all shareholders in the same position. It should be guided at all times by the company's best interests, understood as the creation of a profitable and sustainable business over the long term which ensures its continuity and maximises the company's economic value.  In pursuing the corporate interest, it should not only abide by laws and regulations and conduct itself according to the principles of good faith, ethics and respect for commonly accepted customs and good practices, but should also strive to reconcile its own interests with the legitimate interests of its employees, suppliers, clients and any other stakeholders who could be affected, as well as reconciling the impact of its activities on the broader community and the natural environment. |  |   |                     |                        |  |          |  |  |  |

- 35. The Board of Directors sitting in full session should conduct an annual evaluation, adopting, where necessary, an action plan to correct weakness detected in:
  - a) The quality and efficiency of the board's own actions.
  - b) The performance and membership of its committees.
  - c) The diversity of board membership and skills.
  - d) The performance of the chairman of the board of directors and the company's chief executive.

e) The performance and contribution of individual directors, with particular attention to the chairs of board committees.

The evaluation of the various board committees should start from the reports they submit to the board of directors, while the evaluation of the board itself should start from the report submitted by the appointments committee.

Every three years, the board of directors should engage an external consultant to aid in the evaluation process. This consultant's independence should be verified by the appointments committee.

Any business dealings that the consultant or any member of its corporate group maintains with the company or members of its corporate group should be detailed in the annual corporate governance report.

  companies in its group that has not been addressed in this report and which should be included in order to provide a more
  comprehensive and reasoned view of the corporate governance structure and practices at the company or group, explain briefly.
- 2. In this section, you may include any other information, clarification or observation related to the above sections of this report, insofar as they are relevant and do not repeat information already provided.

Specifically indicate whether the company is subject to corporate governance legislation from a country other than Spain and, if so, include the compulsory information to be provided when it differs from the information required by this report.

3. The company may also indicate whether it voluntarily subscribes to other international, industry specific or other ethical principles or standard practices. Where appropriate, the code in question shall be identified along with the date of affiliation. In particular, state whether the company has signed up to the Good Tax Practices Code of 20 July 2010:

To complete the information provided in section C.2 of this report, the Company has an Investment Committee that analyses and approves investments. The reason why its composition has not been detailed together with the Audit and Control Committee and the Appointments and Remuneration Committee is that some of its members are not members of the Board of Directors.

Its composition is as follows:

Mr. Luis Alfonso López de Herrera-Oria (CEO).

Mr. Stanislas Henry (Proprietary Director).

Mrs. Chony Martín Vicente-Mazariegos (CFO).

Mrs. Carmen Boyero-Klossner (Strategy Director).

Mr. Guillermo Fernández-Cuesta Laborde (Real Estate Director).

Mr. Fernando Arenas Liñán (Real Estate Director).

Mr. Stuart William McDonald (Real Estate Director).

Mr. Fabio Alen Viani (Real Estate Director).

#### Verification Report on the Information on the Internal Control over Financial Reporting (ICFR)

To the management of ARIMA REAL ESTATE SOCIMI S.A.:

According to the request of the Board of Directors of ARIMA REAL ESTATE SOCIMI S.A. (hereinafter, ARIMA or the Entity) and with our contract letter dated June 29, 2021, we have applied certain procedures on the "Information on the Internal Control over Financial Reporting (hereinafter ICFR)" included in Section "F" of ARIMA's Annual Corporate Governance Report (hereinafter, ACGR) for the fiscal year ended on the 31st December 2021, which summarizes the Entity's internal control procedures in relation to the annual financial information.

The directors are responsible for taking appropriate measures to reasonably ensure the implementation, maintenance and supervision of an adequate internal control system, as well as for the development of improvements to such system and the preparation and establishment of the content of the attached ICFR information.

In this regard, it should be considered that, regardless of the quality of the design and operability of the internal control system adopted by the Entity in relation to the annual financial information, it can only provide reasonable, but not absolute, assurance in relation to the objectives it pursues, due to the inherent limitations of any internal control system.

In the course of our audit work on the annual financial statements and in accordance with Technical Auditing Standards, our assessment of the Entity's internal control was aimed solely at enabling us to establish the scope, nature and timing of the procedures for the audit of the Entity's annual financial statements. Accordingly, our evaluation of internal control performed for the purpose of such audit, was not as extensive as necessary to enable us to express a specific opinion on the effectiveness of such internal control over financial reporting.

For the purposes of the issuance of this report, we have applied only the specific procedures described below and indicated in the Performance Auditing Guidelines on the Information on the Internal Control over Financial Reporting of Listed Companies, published by the Comisión Nacional del Mercado de Valores (hereinafter CNMV) on its website, which establishes the work to be performed, the minimum scope of the same, as well as the content of this report. As the work resulting from these procedures is, in any case, reduced in scope and substantially less than that of an audit or a review of the internal control system, we do not express an opinion on the effectiveness of the internal control system, nor on its design and operating efficiency, in relation to the Entity's annual financial information for the 2021 financial year described in the attached Information on ICFR. Consequently, had we applied procedures in addition to those

determined by the cited Guide or conducted an audit or review of the internal control system in relation to the annual financial information regulated, other facts or aspects could have come to our attention that we would have reported it to you.

Also, since this special work does not constitute an audit of accounts and is not subject to the regulations governing the audit activity in force in Spain, we do not express an audit opinion in the terms provided in the cited regulations.

The procedures applied are listed below:

- 1. Reading and understanding the information prepared by the entity in relation to the ICFR-breakdown information included in the Management Report and assessing whether such information addresses the totality of the required information that will follow the minimum content described in section "F", relating to the description of the ICFR, of the model ACGR as set forth in Circular 5/2013 of June 12, of the CNMV, and subsequent amendments, the most recent being CNMV Circular 3/2021 of September 28<sup>th</sup> (hereinafter, the CNMV Circulars).
- 2. Questions to the personnel in charge of preparing the information detailed in point 1 above in order to: (i) obtain an understanding of the process followed in its preparation; (ii) obtain information to assess whether the terminology used complies with the definitions in the reference framework; (iii) obtain information on whether the control procedures described are in place and functioning in the entity.
- 3. Review of the explanatory documentation supporting the information detailed in point 1 above, which shall mainly comprise the information directly made available to those responsible for formulating the information describing the ICFR. In this sense, such documentation includes reports prepared by the internal audit function, senior management and other internal or external specialists in their support functions to the audit committee.
- 4. Comparison of the information detailed in point 1 above with the knowledge of the entity's ICFR obtained as a result of the application of the procedures performed as part of the annual accounts audit work.
- 5. A reading of proceedings of meetings of the board of directors, audit committee and other committees of the entity for the purpose of assessing the consistency between the matters addressed therein in relation to the ICFR and the information detailed in point 1 above.
- 6. Obtaining the letter of representation regarding the work carried out, properly signed by those responsible for the preparation and formulation of the information detailed in point 1 above.

As a result of the procedures applied to the ICFR, no inconsistencies or incidences have been revealed that could affect it.

This report has been prepared exclusively within the framework of the requirements established by article 540 of the revised text of the Spanish Companies Act and by the CNMV Circulars for the purposes of the description of the ICFR in the Annual Corporate Governance Reports.
