Fitch Upgrades 3 Tranches of Bankinter RMBS Series; Affirms Others

Fitch Ratings-Frankfurt/London-17 April 2018: Fitch Ratings has upgraded three and affirmed six tranches of the Bankinter RMBS series. All ratings have been removed from Rating Watch Evolving (RWE). A full list of rating actions is at the end of this rating action commentary.

These transactions are Spanish prime RMBS comprising loans originated and serviced by Bankinter. The removal of the RWE follows the implementation of Fitch's new European RMBS Rating Criteria. The ratings were initially placed on RWE on 5 October 2017.

KEY RATING DRIVERS

Sovereign Upgrade

The upgrade follows an upgrade on Spain's Long-Term Issuer Default Rating to 'A-/Stable' from 'BBB+/'Positive on 19 January 2018. This has allowed the maximum achievable rating of Spanish structured finance transactions to be 'AAAsf' for the first time since 2012, maintaining a six-notch differential with the sovereign rating. As a result the most senior tranches of Bankinter 7 and Bankinter 9 Series T have been upgraded to 'AAAsf' from 'AA+sf'.

Deleveraging; Sound Asset Performance

The securitised portfolios are reasonably seasoned at approximately 17 and 15 years for Bankinter 7 and Bankinter 9. As such, the weighted average current loan-to-value (LTV) ratios have dropped below 50%, compared with the weighted average original LTVs of between 65% and 91%.

Moreover, the transactions continue to show sound asset performance with three-month plus arrears (excluding defaults) as a percentage of the current pool balance at below 0.6% as of the last reporting period. Fitch expects performance to remain stable given the significant seasoning of the portfolios and the macroeconomic outlook in Spain.

Credit Enhancement Adequate

Current and projected credit enhancement (CE) for the rated notes is sufficient to mitigate the credit and cash flow stresses under the relevant rating scenarios, and consistent with the upgrades and affirmations of the notes. CE ratios are expected

to remain stable over the short- to medium-term given the current pro-rata amortisation mechanism of the transactions. The amortisation of the notes will switch to sequential when the outstanding portfolio balance represents less than 10% of its original amount (currently in range between 16% and 29%).

Excessive Counterparty Exposure

The class C note rating of each transaction is capped at the SPV account bank' rating (Societe Generale S.A.; A/Stable/F1), as the only source of structural CE for these classes is the reserve funds, which are kept at the bank account.

RATING SENSITIVITIES

A worsening of the Spanish macroeconomic environment, especially employment conditions or an abrupt shift of interest rates could jeopardise the underlying borrowers' affordability. This could have negative rating implications, especially for junior tranches that are less protected by structural CE. Moreover, as the class C notes' ratings are capped at the SPV bank account provider rating, a change to the account bank rating could trigger a corresponding change to the class C notes' ratings.

USE OF THIRD-PARTY DUE DILIGENCE PURSUANT TO RULE 17G-10

Form ABS Due Diligence-15E was not provided to, or reviewed by, Fitch in relation to this rating action.

DATA ADEQUACY

Fitch has checked the consistency and plausibility of the information it has received about the performance of the asset pools and the transactions. Because loan-by-loan portfolio data sourced from the European Data Warehouse did not reconcile with the past information about payment type of the securitised loans and data received by Europea de Titulizacion (EdT), Fitch has assumed payment type for all loans to be "annuity" instead of "instalment build-up", in line with EdT data and last year's analysis.

Fitch has not reviewed the results of any third-party assessment of the asset portfolio information or conducted a review of origination files as part of its ongoing monitoring.

Fitch did not undertake a review of the information provided about the underlying asset pools ahead of the transactions' initial closing. The subsequent performance of the transactions over the years is consistent with the agency's expectations given the operating environment and Fitch is therefore satisfied that the asset pool information relied upon for its initial rating analysis was adequately reliable.

Overall, Fitch's assessment of the information relied upon for the agency's rating

analysis according to its applicable rating methodologies indicates that it is adequately reliable.

SOURCES OF INFORMATION

The information below was used in the analysis.

- Transaction reporting provided by EdT since closing until December 2017 and January 2018 for Bankinter 7 and Bankinter 9 (series P and series T) respectively
- Loan-by-loan data sourced from the European Data Warehouse, dated January 2018, for Bankinter 9 (series P and series T).
- Loan-by-loan data provided by Bankinter, dated as at December 2017, for Bankinter 7
- Updates from EdT up to 5 April 2018

In issuing and maintaining its ratings and in making other reports (including forecast information), Fitch relies on factual information it receives from issuers and underwriters and from other sources Fitch believes to be credible. Fitch conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security or in a given jurisdiction. The manner of Fitch's factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in the jurisdiction in which the rated security is offered and sold and/or the issuer is located, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors. Users of Fitch's ratings and reports should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information Fitch relies on in connection with a rating or a report will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to Fitch and to the market in offering

documents and other reports. In issuing its ratings and its reports, Fitch must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings and forecasts of financial and other information are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings and forecasts can be affected by future events or conditions that were not anticipated at the time a rating or forecast was issued or affirmed.

The information in this report is provided “as is” without any representation or warranty of any kind, and Fitch does not represent or warrant that the report or any of its contents will meet any of the requirements of a recipient of the report. A Fitch rating is an opinion as to the creditworthiness of a security. This opinion and reports made by Fitch are based on established criteria and methodologies that Fitch is continuously evaluating and updating. Therefore, ratings and reports are the collective work product of Fitch and no individual, or group of individuals, is solely responsible for a rating or a report. The rating does not address the risk of loss due to risks other than credit risk, unless such risk is specifically mentioned. Fitch is not engaged in the offer or sale of any security. All Fitch reports have shared authorship. Individuals identified in a Fitch report were involved in, but are not solely responsible for, the opinions stated therein. The individuals are named for contact purposes only. A report providing a Fitch rating is neither a prospectus nor a substitute for the information assembled, verified and presented to investors by the issuer and its agents in connection with the sale of the securities. Ratings may be changed or withdrawn at any time for any reason in the sole discretion of Fitch. Fitch does not provide investment advice of any sort. Ratings are not a recommendation to buy, sell, or hold any security. Ratings do not comment on the adequacy of market price, the suitability of any security for a particular investor, or the tax-exempt nature or taxability of payments made in respect to any security. Fitch receives fees from issuers, insurers, guarantors, other obligors, and underwriters for rating securities. Such fees generally vary from US\$1,000 to US\$750,000 (or the applicable currency equivalent) per issue. In certain cases, Fitch will rate all or a number of issues issued by a particular issuer, or insured or guaranteed by a particular insurer or guarantor, for a single annual fee. Such fees are expected to vary from US\$10,000 to US\$1,500,000 (or the applicable currency equivalent). The assignment, publication, or dissemination of a rating by Fitch shall not constitute a consent by Fitch to use its name as an expert in connection with any registration statement filed under the United States securities laws, the Financial Services and Markets Act of 2000 of the United Kingdom, or the securities laws of any particular jurisdiction. Due to the relative efficiency of electronic publishing and distribution, Fitch research may be available to electronic subscribers up to three days earlier than to print subscribers.

For Australia, New Zealand, Taiwan and South Korea only: Fitch Australia Pty Ltd holds an Australian financial services license (AFS license no. 337123) which

authorizes it to provide credit ratings to wholesale clients only. Credit ratings information published by Fitch is not intended to be used by persons who are retail clients within the meaning of the Corporations Act 2001

Fitch Ratings, Inc. is registered with the U.S. Securities and Exchange Commission as a Nationally Recognized Statistical Rating Organization (the "NRSRO"). While certain of the NRSRO's credit rating subsidiaries are listed on Item 3 of Form NRSRO and as such are authorized to issue credit ratings on behalf of the NRSRO (see <https://www.fitchratings.com/site/regulatory>), other credit rating subsidiaries are not listed on Form NRSRO (the "non-NRSROs") and therefore credit ratings issued by those subsidiaries are not issued on behalf of the NRSRO. However, non-NRSRO personnel may participate in determining credit ratings issued by or on behalf of the NRSRO.

Solicitation Status

Fitch Ratings was paid to determine each credit rating announced in this Rating Action Commentary (RAC) by the obligatory being rated or the issuer, underwriter, depositor, or sponsor of the security or money market instrument being rated, except for the following:

Endorsement Policy - Fitch's approach to ratings endorsement so that ratings produced outside the EU may be used by regulated entities within the EU for regulatory purposes, pursuant to the terms of the EU Regulation with respect to credit rating agencies, can be found on the EU Regulatory Disclosures (<https://www.fitchratings.com/regulatory>) page. The endorsement status of all International ratings is provided within the entity summary page for each rated entity and in the transaction detail pages for all structured finance transactions on the Fitch website. These disclosures are updated on a daily basis.
