Q2 2006 Consensus Estimates

Ladies and Gentlemen,

Please find attached the Q2 2006 consensus estimates for Bayer. The consensus has been provided by Vara Research.

Best regards,

Bayer AG Investor Relations Team

Leverkusen, August 21, 2006

This news release contains forward-looking statements based on current assumptions and forecasts made by Bayer Group management. Various known and unknown risks, uncertainties and other factors could lead to material differences between the actual future results, financial situation, development or performance of the company and the estimates given here. These factors include those discussed in our public reports filed with the Frankfurt Stock Exchange and with the U.S. Securities and Exchange Commission (including our Form 20-F). The company assumes no liability whatsoever to update these forward-looking statements or to conform them to future events or developments.

Consensus earnings estimates are based on earnings projections made by securities analysts who cover Bayer. Any opinions, forecasts, estimates, projections or predictions regarding Bayer's performance made by the analysts (and, therefore, the Consensus estimate numbers) are theirs alone and do not represent the opinions, forecasts, estimates, projections or predictions of Bayer or its management. Bayer does not by providing these estimates imply its endorsement of or concurrence with such information, conclusions or recommendations. Bayer assumes no liability for the accuracy of such estimates and undertakes no obligation to update or revise such estimates.

Q2 2006 consensus estimates for Bayer

The calculated consensus for Bayer AG is based on the new portfolio structure including the acquisition of Schering (fully consolidated in the Group financial statements as of June 23, 2006) and the divestiture of the diagnostics business (reported as discontinued operations). Estimates of 17 major banks consulted by Vara Research contributed to the consensus.

All consensus numbers are quoted in million Euros.

| Consensus estimates for Q2 2006 | Average |

Bayer

Information on the Consolidation of Schering AG and Segmentation Adjustments

Bayer AG Investor Relations 51368 Leverkusen Germany www.investor.bayer.com

Ladies and Gentlemen,

Please find enclosed some information on the consolidation of Schering AG and Bayer's new segment reporting ahead of our Q2'06 release on August 29, 2006.

Consolidation of Schering AG

Effective June 23, 2006, Bayer controls the majority of the outstanding Schering shares. Therefore, Bayer will fully consolidate Schering in the Group financial statements as of this date. The assets and liabilities of Schering will be fully recognized in the Q2 financial statements as of June 30, 2006. The profit and loss account and cash flow statement will include Schering for the period between June 23 and 30, 2006. As an effect of purchase price accounting, Bayer will recognize the step-up of inventories and amortization of intangible assets for this period accordingly. Hence, the Q2 impact is expected to be €140-150m on sales and a negative single-digit Euro amount on reported EBIT.

Diagnostics Business as Discontinued Operations

On June 29, Bayer announced its intention to sell the Diagnostics Division of Bayer HealthCare. Closing of the transaction is expected for the first half of 2007, subject to the approval of the antitrust authorities. Until such time, Bayer will report its diagnostics business as discontinued operations.

The businesses of H.C. Starck and Wolff Walsrode, which are also to be divested, will remain continuing operations for the time being.

Changes in Reporting Segments

Following the above mentioned transactions, changes will be made to the reporting segments of Bayer HealthCare. In the segment "Pharmaceuticals", Bayer will report the former segment "Pharmaceuticals" and the entire Schering business. For Q2, sales figures will be reported for Primary Care, Hematology/Cardiology, Oncology and Schering. The new segment "Consumer Health" will combine the Diabetes Care business, formerly reported in the segment "Diabetes Care, Diagnostics", and the former segments "Consumer Care" and "Animal Health". Sales figures of the three units will continue to be reported individually.

For your convenience, please find overleaf a table of historical data in the new segmentation of Bayer HealthCare and restated key data of the Group statement of income.
