# Ratings List Resolving European Structured Finance Counterparty CreditWatch Placements—June 17, 2011 Review

On Jan. 18, 2011, our criteria for assessing counterparty risk (see "Counterparty And Supporting Obligations Methodology And Assumptions") became effective. On that day, we placed or kept on CreditWatch negative certain affected EMEA structured finance ratings (see "EMEA Structured Finance CreditWatch Actions In Connection With Revised Counterparty Criteria").

This is one of our periodic reviews of affected EMEA tranches. In this report we have lowered, raised, affirmed, or placed on CreditWatch negative our ratings on 129 tranches, including resolving 82 tranches on CreditWatch negative for counterparty reasons.

The tables below provide the transaction names, series, and ratings for the affected EMEA transactions. For the related media release, see "S&P Resolves 82 European Structured Finance Counterparty Criteria CreditWatch Placements (June 17, 2011 Review)."

Tables 1 to 4 provide the details of the affected tranches by asset class: ABS, CMBS, RMBS, and structured credit (including CDOs). Table 5 provides further detail of the reasons for today's actions.
