

ADNOC ONSHORE has issued a Letter of Award (LOA) to Tecnicas Reunidas for the execution of the facilities for the Bu Hasa Integrated Field Development Project in UAE.

ADNOC ONSHORE has issued a Letter of Award (LOA) to Tecnicas Reunidas for the Engineering, Procurement and Construction of the Bu Hasa Integrated Field Development Project in the United Arab Emirates. The final agreement, which is under finalization, it's expected to be signed during the upcoming weeks.

The Lump Sum Turnkey Contract will have an approximate value of 1.440 million US dollars and will have an execution period of 39 months.

The scope of the contract will include engineering, equipment and material supply, construction, installation, pre-commissioning, commissioning, testing and start-up of new oil gathering system, new gas compression facilities, and new produced water injection network as well as the upgrade of the water treatment facilities in the existing plant.

Tecnicas Reunidas is one of the leading international engineering and construction companies in the oil and gas, refining, petrochemical and power generation sectors for a wide variety of clients around the world. Since 1960, it has designed and built more than 1,000 industrial plants in more than 50 countries.
