* As a percentage of the amortised nominal amount of the Notes of the relevant Class accepted for purchase pursuant to the relevant Offer. The "amortised nominal amount" is the product of the original nominal amount of the relevant Notes of a Class multiplied by any applicable Pool Factor, as further described in the Tender Offer Memorandum.

Rationale for the Offers

The Offers are made in the context of the Offeror's active management of its outstanding liabilities and are aimed at supporting the Offeror's strategy to optimise its financial structure. The Offeror also notes that by making the Offers the Offeror has sought to provide liquidity to investors who wish to monetise their investment at a premium to trading prices.

Details of the Offers

Purchase Prices

The Offeror will, on the Settlement Date, pay for Notes validly tendered and accepted by it for purchase pursuant to the relevant Offer, a cash purchase price (expressed as a percentage) equal to the Purchase Price for the relevant Class, as set out in the table above.

The Offeror will also pay an Accrued Interest Payment in respect of Notes accepted for purchase pursuant to the Offers.

Total Purchase Funds Available

If the Offeror decides to accept any Notes for purchase, the Offeror proposes to accept for purchase pursuant to the relevant Offer(s) an aggregate amortised nominal amount of Notes such that the total amount payable by the Offeror for all of the Notes accepted for purchase pursuant to the relevant Offer(s) (excluding all Accrued Interest Payments payable in respect of such Notes) is no greater than €300,000,000, subject to decrease by the Offeror as described below (such amount, as the same may be decreased, the **Total Purchase Funds Available**). The Offeror may in its sole discretion decrease the Total Purchase Funds Available at any time prior to its announcement of the results of the Offers.

The Offeror will determine, in its sole discretion, the allocation of the Total Purchase Funds Available between each Class for the purpose of determining the amortised nominal amount of Notes of a Class (if any) to be accepted for purchase pursuant to the relevant Offer (each such amortised nominal amount, a **Class Acceptance Amount**), and reserves the right to accept significantly more or significantly less (or none) of any Class as compared to the other Classes.

Scaling

If the Offeror accepts any Notes of a Class for purchase pursuant to the relevant Offer and the aggregate amortised nominal amount of Notes of such Class tendered pursuant to the relevant Offer is greater than the relevant Class Acceptance Amount, the Offeror intends to accept such Notes for purchase on a *pro rata* basis such that the aggregate amortised nominal amount of such Notes accepted for purchase is no greater than such Class Acceptance Amount, as further described in the Tender Offer Memorandum.

Tender Instructions

In order to participate in an Offer, Noteholders must validly tender their Notes for purchase by delivering, or arranging to have delivered on their behalf, a valid Tender Instruction that is received by the Tender Agent by 5.00 p.m. (Madrid time) on 6 June 2013 (the **Expiration Deadline**).

Tender Instructions must be submitted by Accountholders, and may be submitted either (a) online via www.lucid-is.com/uci or (b) by fax, in the form of the Tender Instruction set out in the Tender Offer Memorandum, to the Tender Agent on +44 (0) 20 7067 9098. A separate Tender Instruction must be duly completed on behalf of each beneficial owner of the Notes and in respect of each Class.

Direct Participants in Euroclear or Clearstream, Luxembourg who wish to participate in the relevant Offer(s) should follow the standard procedures and practices of Euroclear or Clearstream, Luxembourg.

Tender Instructions will be irrevocable except in the limited circumstances described in the Tender Offer Memorandum.

Tender Instructions must be submitted in respect of a minimum amortised nominal amount of Notes of the relevant Class of no less than the amortised minimum denomination for such Class (as specified in the Tender Offer Memorandum), and may be submitted in integral multiples of such amortised minimum denomination

thereafter. Tender Instructions which relate (including after any *pro rata* scaling) to an amortised nominal amount of Notes of the relevant Class of less than relevant amortised minimum denomination for such Class will be rejected.

Blocking of the Notes

By submitting a Tender Instruction, each Accountholder undertakes to block the relevant Notes which are the subject of such Tender Instruction in the securities account held directly or indirectly by the holder of such Notes with the Accountholder from the time the Accountholder submits the Tender Instruction on behalf of the relevant Noteholder until the earliest to occur of (i) the time of settlement on the Settlement Date, (ii) any date on which the Offeror announces the termination of the relevant Offer (including where such Notes are not accepted for purchase pursuant to the relevant Offer) and (iii) in the limited circumstances in which revocation is permitted, the date on which a Withdrawal Instruction is submitted pursuant to the relevant Offer. By providing a duly completed form of Tender Instruction to the Accountholder through which it holds its Notes, a Noteholder authorises such blocking of its Notes by the relevant Accountholder.
