
HECHO RELEVANTE -IM PASTOR 4, FONDO DE TITULIZACIÓN DE ACTIVOS

En virtud de lo establecido en el apartado 4. del Módulo Adicional del Folleto de "IM PASTOR 4, Fondo de Titulización de Activos" (el "**Fondo**"), y como complemento a lo comunicado en el Hecho Relevante de 4 de noviembre de 2008, Intermoney Titulización, S.G.F.T., S.A, (la "**Sociedad Gestora**"), como Sociedad Gestora del Fondo, comunica el presente hecho relevante:

Que como consecuencia de la rebaja de las calificaciones crediticias a largo plazo y a corto plazo a "A-/A-2" desde "A/A-1" de Banco Pastor, S.A., (el "**Banco**") por Standard & Poors España S.A. (la "**Agencia de Calificación**" ó "**S&P**"), ésta ha comunicado a Sociedad Gestora el 19 de noviembre de 2008 que en el plazo de un mes a contar desde el 22 de octubre de 2008 (fecha en la que publicó el documento "*Updated Counterparty Criteria For Derivatives: Eligibility of 'A-2' Counterparties removed in 'AAA' transactions*" y al que se refería el Hecho Relevante comunicado el pasado 4 de noviembre), puede anunciar un "*CreditWatch negative*" que afectaría al Fondo en el caso de que las acciones adoptadas para mitigar las consecuencias de la exposición del Fondo a una contrapartida "A-2" no estén lo suficientemente avanzadas a criterio de S&P. Nos remitimos al documento "*S&P Comments On European Securitizations Exposed To 'A-2' Rated Counterparties*" publicado por S&P el 19 de noviembre de 2008, y que adjuntamos al presente Hecho Relevante.

LONDON (Standard & Poor's) Nov. 19, 2008—Standard & Poor's Ratings Services said today that 33 European securitization and covered bond programs remained under close scrutiny following the publication of its revised 'A-2' rated derivatives counterparties methodology (see list below).

On Oct. 22, we revised our methodology for 'A-2' rated derivatives counterparties. This stated that, absent any other structural mitigants, we would no longer maintain 'AAA' ratings on securitization and other structured finance-related debt instruments (including covered bonds) that depend on the performance of derivatives counterparties that are rated 'A-2' or equivalent.

In our view, support provided by 'A-2' rated derivatives counterparties is more commensurate with issue ratings no higher than 'AA'.

The criteria revision relates to all derivatives contracts but primarily affects basis swaps, interest rate swaps, currency swaps, repurchase agreements, credit default swaps, and total return swaps. The transactions

Bulletin: S&P Comments On European Securitizations Exposed To 'A-2' Rated Counterparties

listed below are potentially affected by this methodology change due to their exposure to derivative counterparties, rated 'A-2', that provide one or more of such instruments.

The breakdown by asset class of the transactions potentially affected is:

- 14 residential mortgage-backed securities (RMBS) transactions,
- 12 asset-backed securities (ABS) transactions,
- 3 commercial mortgage-backed securities (CMBS) transactions,
- 2 collateralized debt obligation (CDO) transactions, and
- 2 covered bond transactions.

The article outlined a review period of one month from the date of its publication. At the end of this period, we expect to place ratings on CreditWatch negative in transactions where actions to establish sufficient mitigants to the 'A-2' exposure are not, in our view, at an advanced stage. In assessing which ratings to place on CreditWatch, we will consider the magnitude of the counterparty exposure and any structural and cash flow features that may offset the exposure.

For certain other European securitizations with exposure to 'A-2' rated derivatives counterparties not mentioned in this release, we have already concluded that transaction ratings will not be affected by this criteria update, or have already been placed on CreditWatch negative for performance or other supporting party reasons.

The related criteria article referenced above, titled "Methodology: Updated Counterparty Criteria For Derivatives: Eligibility Of 'A-2' Counterparties Removed In 'AAA' Transactions," is available to subscribers of RatingsDirect, the real-time Web-based source for Standard & Poor's credit ratings, research, and risk analysis, at www.ratingsdirect.com.
