In addition to the fallback provisions detailed in section 4.8 of the Securities Note of the Base Prospectus, the following rules will apply, in case of discontinuation of the Original Reference Rate:

Independent Advisor

If a Benchmark Event occurs in relation to the Original Reference Rate where any interest rate (or any component thereof) continues to be determined by reference to that Original Reference Rate, the Issuer will use its reasonable endeavors to appoint an Independent Advisor, as soon as reasonably practicable, in order for the Issuer to determine a Successor Rate, or failing that, an Alternative Rate and, in either case, an Adjustment Spread (if any) and any Rate Modifications.

The Independent Advisor appointed pursuant to this section shall act in good faith and in a commercially reasonable manner. In the absence of bad faith or fraud, the Independent Advisor shall have no liability to the Issuer, the Paying Agent or the holders of the Mortgage Covered Bonds for advice given to the Issuer in connection with any determination made by the Issuer.

If (i) the Issuer is unable to appoint an Independent Advisor, or (ii) the Issuer and the Independent Advisor, acting in good faith and in a commercially reasonable manner, do not reach an agreement to determine a Successor Rate or, in the absence thereof, an Alternative Rate in accordance with this section prior to the relevant interest rate determination date, the interest rate applicable to the next interest period will be equal to the interest rate last determined in relation to the Mortgage Covered Bonds with respect to the immediately preceding interest period.

Successor Rate or Alternative Rate

If the Issuer, after consultation with the Independent Advisor and acting in good faith and in a commercially reasonable manner, determines that:

- (i) there is a Successor Rate, then such Successor Rate (subject to the Adjustment Spread) shall thereafter be used in lieu of the Original Reference Rate to determine the interest rate (or the relevant component thereof), as

applicable, for all future interest payments in respect of the Mortgage Covered Bonds; or

-
- (ii) there is no Successor Rate but there is an Alternative Rate, then such Alternative Rate (subject to the Adjustment Spread) will be used in lieu of the Original Reference Rate to determine the interest rate (or the relevant component thereof), as applicable, for all future interest payments in respect of the Mortgage Covered Bonds.

Adjustment Spread

The Adjustment Spread (or the formula or methodology for determining the Adjustment Spread), if any, will apply to the Successor Rate or the Alternative Rate, as the case may be. If the Issuer, after consultation with the Independent Advisor, is unable to determine the amount or the formula or methodology for determining such Adjustment Spread, then the Successor Rate or the Alternative Rate, as the case may be, will apply without an Adjustment Spread

Modification of Reference Rates

If any Successor Rate, Alternative Rate and, in either case, the applicable Adjustment Spread is determined and the Issuer, after consultation with the Independent Advisor and acting in good faith and in a commercially reasonable manner, determines that modifications to the provisions of this section are necessary to ensure the proper functioning of such Successor Rate, Alternative Rate and/or, in either case, the applicable Adjustment Spread (such modifications, the "**Rate Modifications**"), then the Issuer shall, upon notice in accordance with the following "Notices" section, without the need for the consent or approval of the investors, amend this section to give effect to such Rate Modifications with effect from the date specified in such notice

Without prejudice to any other provision of this section, the Calculation Agent, if any, and the Paying Agent are not obligated to concur with the Issuer or the Independent Advisor with respect to any change or modification contemplated in the preceding paragraph which, in the sole judgment of the Calculation Agent or the relevant Paying Agent, as the case may be, imposes upon it any more onerous obligations or exposes it to any additional liability or obligation or reduces or modifies its rights.

In connection with such modifications, in accordance with the provisions of this subsection, the Issuer will comply with the rules

of AIAF and any other stock exchange on which the Mortgage Covered Bonds are admitted to trading.

Notices

Any Successor Rate, Alternative Rate, Adjustment Spread and the terms of the Rate Modifications pursuant to this section, will be immediately notified by the Issuer to the Paying Agent and the Calculation Agent, as applicable, to the CNMV, to the Governing Body of AIAF or any other secondary market where the Mortgage Covered Bonds are admitted to trading, to the entity in charge of the registration of the Mortgage Covered Bonds and to the holders of the same, to the latter, exclusively at the discretion of the Issuer and in accordance with the legislation in force, through the publication of the corresponding announcement in the Official Stock Exchange Bulletins of AIAF and any other the secondary markets where the securities are listed, or in a newspaper of national circulation as well as, in addition to any of the foregoing, on the notice boards of the Issuer's network of offices. This notice shall be irrevocable and binding and shall specify the effective date of the Rate Modifications.

No later than the date on which the Issuer notifies the holders of the Mortgage Covered Bonds thereof, the Issuer shall deliver to the Calculation Agent, if any, and the Paying Agent a certificate signed by two attorneys-in-fact of the Issuer (a) confirming (i) that a Benchmark Event has occurred, (ii) the Successor Rate or, as the case may be, the Alternative Rate, (iii) any Adjustment Spread, and (iv) the specific terms of the Rate Modification (if any), in each case as determined in accordance with these provisions), and (b) certifying that the Rate Modifications (if any) are necessary to ensure the proper functioning of such Successor Rate or Alternative Rate and (in either case) the applicable Adjustment Spread.

The Paying Agent will make such certificate available at its offices for inspection by the holders of the Mortgage Covered Bonds at any time during normal business hours or will send it by e-mail upon request and due identification by the holder of the Mortgage Covered Bonds to the Paying Agent.

The Calculation Agent, if any, and the Paying Agent may rely upon the certificate (without liability for either party) as sufficient evidence in this respect. The Successor Rate or Alternative Rate and the Adjustment Spread and Rate Modifications (if any) specified in the certificate shall be binding upon the Issuer, the Calculation Agent, the Paying Agent and the holders of the Mortgage Covered Bonds (except in cases of patent error or bad faith in the determination of the Successor Rate or Alternative Rate

and the Adjustment Spread and Rate Modifications (if any) and without prejudice to the ability of the Calculation Agent or Paying Agent to rely on such certificate as aforesaid).

Without prejudice to any other provision of this section, if after the determination of any Successor Rate, Alternative Rate, Adjustment Spread or Rate Modifications (if any), in the opinion of the Calculation Agent there is any doubt as to whether two or more alternative procedures for making any determination or calculation) are available, the Calculation Agent shall promptly notify the Issuer of such circumstance and the Issuer shall advise the Calculation Agent in writing which procedure to use. If such directions are not duly given to the Calculation Agent, or if for any other reason (except for its own gross negligence, willful breach or fraud) the Calculation Agent is unable to make such calculation or determination, it shall notify the Issuer of such circumstance and shall not be obliged to make such calculation or determination nor shall it incur any liability for not doing so (in the absence of gross negligence, willful breach or fraud).

Subsistence of the Original Reference Rate

Without prejudice to the provisions of this sections, the Original Reference Rate and the provisions of section 4.8 of the Securities Note of the Base Prospectus, as the case may be, shall continue to apply at least until the occurrence of a Benchmark Event. If a Benchmark Event occurs, the provisions of this section shall prevail.

Definitions

For the purposes of this section, the following terms shall have the following meaning:

-
- (i) **"Independent Advisor"**: an independent financial institution of recognised standing or an independent financial advisor with relevant expertise appointed by the Issuer in accordance with the section "Independent Advisor".
-
- (ii) **"Benchmark Event"**:
- (i) the Original Reference Rate ceases to be published for a period of at least 5 Business Days or ceases to exist; or
 - (ii) a public statement by the administrator of the Original Reference Rate that it has ceased publishing the Original Reference Rate permanently or indefinitely or

that it will cease publishing the Original Reference Rate as of a future date (in the event that a successor administrator has not been appointed to continue publishing the Original Reference Rate); or

- (iii) a public statement from the supervisor of the administrator of the Original Reference Rate indicating that the Original Reference Rate has been or will be discontinued permanently or indefinitely; or
- (iv) a public statement from the supervisor of the administrator of the Original Reference Rate that means that the use of the Original Reference Rate will be prohibited in general or in connection with the Mortgage Covered Bonds; or
- (v) a public statement from the supervisor of the administrator of the Original Reference Rate indicating that, in the opinion of such supervisor, the Original Reference Rate is no longer or will no longer be representative of an underlying market; or
- (vi) that it is or will be unlawful for a Paying Agent, a Calculation Agent, the Issuer or any third party to calculate any payments due to any holder of the Mortgage Covered Bonds using the Original Reference Rate (including, without limitation, pursuant to the Regulation on indices),

provided that the Benchmark Event shall be deemed to occur (a) in the case of subparagraphs (ii) and (iii) above, on the date of cessation or discontinuation of the publication of the Original Reference Rate, as the case may be, (b) in the case of subparagraph (iv) above, on the date of the prohibition of the use of the Original Reference Rate and (c) in the case of subparagraph (v) above, on the date on which the Original Reference Rate ceases to be (or is deemed by the relevant supervisor to cease to be) representative and which is specified in the relevant public statement, and, in each case, not on the date of the relevant public statement.

The occurrence of a Benchmark Event shall be determined by the Issuer and promptly notified to the Calculation Agent (if any) and the Paying Agent. For the avoidance of doubt, neither the Calculation Agent nor the Paying Agent shall have any responsibility for making such determination.

-
- (iii) **"Adjustment Spread"**: a spread (which may be positive or negative), formula or methodology for calculating a spread, to be applied to the Successor Rate or the Alternative Rate,

as applicable, and which is the spread, formula or methodology which:

- (i) in the case of a Successor Rate, is formally recommended in connection with the substitution of the Original Reference Rate by the Successor Rate by any Relevant Nominating Body; or (if no such recommendation has been given or in the case of an Alternative Rate).
- (ii) the Issuer determines, after consultation with the Independent Advisor and acting in good faith and in a commercially reasonable manner, that the Successor Rate or the Alternative Rate, as the case may be, is customarily applied in debt market transactions to produce a substitute rate recognised as a common standard for the Original Reference Rate; or (if the Issuer determines that such a spread is not customarily applied).
- (iii) the Issuer determines, after consulting with the Independent Advisor and acting in good faith and in a commercially reasonable manner, that it is recognised as the common standard for over-the-counter derivatives transactions for transactions in which reference is made to the Original Reference Rate, when such rate has been replaced by the Successor Rate or the Alternative Rate (as the case may be); or (if the Issuer determines that there is no recognized common standard).

if such spread, formula or methodology cannot be determined in accordance with (i) through (iii) above, the Issuer determines as appropriate, in its sole discretion and after consultation with the Independent Advisor, acting in good faith and in a commercially reasonable manner, to reduce or eliminate, to the extent reasonably practicable under the circumstances, any economic harm or benefit, as the case may be, to the holders of the Mortgage Covered Bonds resulting from the substitution of the Original Reference Rate by the Successor Rate or the Alternative Rate, as applicable.

(iv) **"Relevant Nominating Body"**: in relation to a reference rate or screen rate (as appropriate):

- (i) the central bank for the currency to which the reference rate or screen rate refers, as the case may be, or any central bank or other supervisory authority responsible

for supervising the administrator of the reference rate or screen rate, as the case may be; or

- (ii) any working group or committee sponsored by, chaired or co-chaired by or formed at the request of (a) the central bank for the currency to which the reference rate or screen rate relates, as applicable, (b) any central bank or other supervisory authority responsible for supervising the administrator of the reference rate or screen rate, as applicable, (c) a grouping of the central banks or other supervisory authorities referred to above, or (d) the Financial Stability Board or any part thereof.

(v) **"Alternative Rate"**: the reference rate or alternative screen rate that the Issuer, after consultation with the Independent Advisor and acting in good faith and in a commercially reasonable manner, determines, in accordance with the section "Successor Rate or Alternative Rate" that is customarily used in the debt market for the purpose of determining variable interest rates (or the relevant component thereof) in the same currency as the Mortgage Covered Bonds.

(vi) **"Successor Rate"**: a rate that succeeds or replaces the Original Reference Rate formally recommended by any Relevant Nominating Body.
