Rating Actions Taken In Seven Of Bankia's Spanish RMBS Transactions Following Rating Actions On Counterparties

Surveillance Credit Analyst:

Isabel Plaza, Madrid (34) 91-788-7203; isabel_plaza@standardandpoors.com

OVERVIEW

- In October 2012, we took rating actions on several Spanish banks following our downgrade of the Kingdom of Spain.
- As a consequence of those rating actions and due to the existing link between those tranches and the downgraded counterparties, we have lowered and placed on CreditWatch negative our ratings on five tranches, and placed on CreditWatch negative our ratings on six tranches in seven Spanish RMBS transactions all issued by Caja Madrid (now Bankia).

MADRID (Standard & Poor's) Nov. 5, 2012--Standard & Poor's Ratings Services today took various credit rating actions in seven of Bankia S.A.'s Spanish residential mortgage-backed securities (RMBS) transactions.

Specifically, we have:

- Lowered and placed on CreditWatch negative our ratings on five tranches in four transactions; and
- Placed on CreditWatch negative our ratings on six tranches in seven transactions.

For the full list of today's rating actions, see "List Of Counterparty-Related Rating Actions In Bankia's Spanish RMBS Transactions--Nov. 5, 2012."

On Oct. 15, 2012, we took rating actions on several Spanish banks following our downgrade of the Kingdom of Spain (see "Various Rating Actions On Spanish Financial Institutions Following Sovereign Downgrade," published on Oct. 15,

Rating Actions Taken In Seven Of Bankia's Spanish RMBS Transactions Following Rating Actions On Counterparties

2012, and "Spain Ratings Lowered To 'BBB-/A-3' On Mounting Economic And Political Risks; Outlook Negative," published on Oct. 10, 2012). In assessing the effect of any bank downgrades on our structured finance ratings, we apply our 2012 counterparty criteria (see "Counterparty Risk Framework Methodology And Assumptions," published on May 31, 2012).

We have lowered our ratings on five tranches in four Bankia RMBS transactions, where the documents have been amended in order to incorporate our 2012 counterparty criteria and maintain Banco Santander S.A. (BBB/Negative/A-2) as bank account provider. The new downgrade language sets the trigger to take remedy actions at a long-term rating below 'BBB'. The maximum rating achievable for these four transactions is now 'A'. The four transactions are MADRID ICO-FTVPO I, Fondo de Titulización de Activos, MADRID RESIDENCIAL I, Fondo de Titulización de Activos, MADRID RESIDENCIAL II, Fondo de Titulización de Activos, and Madrid RMBS IV, Fondo de Titulización de Activos.

In the remaining three transactions (Madrid RMBS I, Fondo de Titulización de Activos, Madrid RMBS II, Fondo de Titulización de Activos, and Madrid RMBS III, Fondo de Titulización de Activos) the bank account provider, Banco Santander, has been substituted by Barclays Bank PLC (A+/Negative/A-1). This change has not affected our ratings on the notes in these three transactions.

We have placed on CreditWatch negative our ratings on 11 tranches of notes (in seven transactions) due to the remedy actions to be taken in relation to the swap providers. The swap documents are being modified in order to comply with our 2012 counterparty criteria. For the transactions Bankia retains (ICO-FTVPO I, MADRID RESIDENCIAL I, MADRID RESIDENCIAL II, and Madrid RMBS IV), Banco Bilbao Vizcaya Argentaria S.A. (BBVA; BBB-/Negative/A-3) will remain as the swap provider. The trustee is looking for a replacement swap counterparty for those transactions that were placed in the market (Madrid RMBS I, Madrid RMBS II, and Madrid RMBS III). We will conduct further analysis to determine how much support these transactions gain from the swap. This analysis could have a negative effect on our ratings on some of the affected tranches. We will also consider any substitutions and amendments to the documentation in our analysis.
