OTHER RELEVANT INFORMATION

Soltec Power Holdings S.A. has launched today a new model of solar trackers, the **SFOne**, a new dual-row solar tracker with 1P configuration.

With this launch, the firm expands its product portfolio in order to meet the needs of its clients and adapt to all types of projects in a global market.

In 2009, the Company launched the **SA Series** tracker with a multi-row 1P configuration. Following this product, Soltec has continued to innovate in solar tracking and specialized in trackers with 2P configuration.

After a whole innovation cycle focused on 2P, Soltec adds the 1P configuration to its portfolio, thus contributing its knowledge and experience in photovoltaic innovation and design of solar tracking solutions.
