- iii) The User name and Password credentials that the Shareholder or their Proxy Representative receives by e-mail, after the verification of their identity and their capacity as Shareholder or Proxy Representative, via a Registration Form for this purpose available in the AGM area on the Company web site.

The custody of these login credentials to access and use the proxy representation, attendance and electronic voting services is the sole responsibility of the Shareholder.

The Company reserves the right to request from the Shareholders any additional identification means they deem necessary to check their status as Shareholder to guarantee the authenticity of the vote, proxy representation or telematic attendance.

Once registered and up until the time that the round of interventions is closed, as indicated during the course of the Annual General Meeting, the Shareholder may send any interventions or questions they may wish to raise. If the Shareholder wishes the foregoing to be noted literally in the Minutes, they should expressly indicate the same before writing.

Requests for information or clarifications from Shareholders or their Proxy Representatives attending via telematic means shall be answered verbally during the Annual General Meeting or in writing within seven (7) days following the date of the meeting.

Shareholders who attend the Annual General Meeting via telematic means may cast their vote accordingly using the Voting Form during the course of the meeting when indicated to do so by the Chairman of the Annual General Meeting.

Shareholders who attend the Annual General Meeting via telematic means and cast their vote at a distance under the terms indicated in this section shall be considered to be in attendance at the meeting for the purposes of establishing the required *quorum* for the Annual General Meeting. In this case, any proxy representation or vote at a distance, made by them beforehand are understood to be revoked.

So that legal person shareholders may register and attend the Annual General Meeting via telematic means, the legal representative who is going to complete the registration process on behalf of the legal person shareholder needs to substantiate beforehand the Power of Attorney that authorises them to act on behalf of the legal person shareholder and their identity by sending the Attendance Card issued on behalf of the legal person shareholder by the Company or by the entity with which the legal person shareholder has the shares deposited, duly completed and signed, together with a copy of the Spanish National Identification (D.N.I.), Spanish Foreigner's Identification (N.I.E.) or Passport document of the person authorised to attend the Annual General Meeting via telematic means and a copy of the document that substantiates the Power of Attorney and the status that enables them to act on behalf of the legal person shareholder to e-mail address accionista@naturgy.com until midnight of the day preceding the scheduled start of the Annual General Meeting. Once the documentation has been received and verified a confirmation will be sent. Thereafter the legal representative may register and attend the Annual General Meeting via telematic means as long as the same fulfils the access and identification requirements indicated above. It is presumed that said representation has not been revoked whilst the Company has not been irrefutably notified.

The mechanisms used to attend the Annual General Meeting via telematic means may be modified, suspended, cancelled or limited for technical and security reasons as and when required or imposed. In any event, shareholders may exercise their rights by attending the General Meeting in person.

The same regulations governing in-person attendance at the Annual General Meeting shall apply to telematic attendance, were appropriate.

Voting by Proxy and at a Distance

Shareholders may be represented at the Annual General Meeting by another person, even if not a shareholder, with the same being able to attend in-person or via telematic means. The appointment of a representative, the notification of the appointment to the Company and, as the case may be, revocation of the appointment of the representative must be made in writing. Proxy representations must be granted on a special basis for each Annual General Meeting, except as provided for in Article 187 of the Spanish Corporate Enterprises Act (*Ley de Sociedades de Capital* or “LSC”). In such cases, they must be received by the Company up until midnight of the day preceding the scheduled start of the Annual General Meeting. Likewise, Shareholders can cast their vote at a distance by sending the proxy representation or absentee ballot card up until midnight of the day preceding the scheduled start of the Annual General Meeting.

The Shareholder may obtain the proxy representation or absentee ballot card by requesting it from the IBERCLEAR participating entity with which their shares are deposited, or from the Company or alternatively download the card from the web site <https://www.naturgy.com/inicio>. The Shareholder must forward the duly completed proxy representation or absentee ballot card to the Company.

The proxy representation request or absentee ballot card must be sent to the Company via the following channels: (i) by e-mail with the documentation attached in PDF format (or in a common image format) to the following e-mail address: accionista@naturgy.com; (ii) delivering it by hand at the offices of the company at Avenida de América, 38 in Madrid, or at Avenida Diagonal 525 in Barcelona; (iii) or by way of postal services to the Investors Relations Office, Avenida de América, 38, 28028 Madrid, Spain.

Natural person shareholders that are limited in the exercise of their civil rights as well as legal person shareholders may be represented by the persons that exercise their legal representation, which must be duly substantiated. Any powers of representation conferred upon a person that is not legally entitled to exercise said representation, pursuant to applicable regulations, shall not be valid or enforceable. The representation shall always be revocable. The in-person or telematic attendance at the Annual General Meeting of the represented person shall automatically revoke the proxy representation.

The proxy form must be completed and signed by the shareholder and must also be accepted by the representative. The representative to whom the proxy has been conferred must exercise said proxy by personally attending the Annual General Meeting and must present the attendance card and the proxy representation card

at the shareholder registration desk, doing so at the venue and on the day indicated for the Annual General Meeting before the scheduled start of the same, or in the case of telematic attendance, as indicated above.

In the event of any proxy representation in favour of the Board of Directors, or if any doubts are raised upon the recipient, it shall be understood that representation has been conferred in favour of the Chairman of the Board of Directors. The proxy representation card may also include voting instructions for the items on the Agenda. If no explicit instructions are provided, it shall be understood that the shareholder's vote be cast in favour of the resolution proposals presented by the Board of Directors, with this extending to any business while not included on the Agenda of the call notice may nonetheless be addressed, for which the representative is to cast their vote in the manner he/she deems favourable to the interests of the Represented Party and that of the Company.

In the case of any conflict of interest with the Chairman of the Board (or, as the case may be, with the Director to whom the proxy has been conferred), unless otherwise expressly stated, the representation shall be deemed conferred in favour the Secretary of the Board.

The Company shall verify the validity of the proxy by confirming the principal's status as Company shareholder.

In the case that a shareholder provides several proxy representations, the last proxy representation that has been formalised or interpreted as the last one received within the period provided for under the Articles of Association shall prevail.

For the purposes of accrediting the identity of shareholders or the validity of their representatives, persons entering the building where the Annual General Meeting is to be held may be asked to substantiate their identity by presenting their National Identification document or any other official document generally accepted for such purposes.

Electronic voting.

Shareholders who wish to vote via electronic means may do so on the company web site in the area dedicated to the Annual General Meeting following the instructions that, for this purpose, are contained therein, requiring in all cases i) the Spanish Electronic National Identification document ii) a recognised valid and in

force digital certificate in accordance with that provided for in Law 59/2003 on Electronic Signatures, and iii) the User Name and Password credentials that the Shareholder or their Proxy Representative has received by e-mail, after verifying their identity and status as Shareholder or Proxy Representative, via the Registration Form for this purpose available in the Annual General Meeting area on the Company web site.

Access and use of the electronic voting platform by the Shareholder is subject to maintaining at all times their status as Shareholder of the Company.

Electronic voting may be exercised from the time of the call notice up until midnight the day preceding the scheduled start of the Annual General Meeting.
