ACQUISITION OF VB KSC, S.A (VISION-BOX)

Today Amadeus announces it is acquiring Vision-Box, a leading provider of biometric solutions for airports, airlines, and border control customers.

The acquisition of Vision-Box, with head office in Portugal, will bring new capabilities around biometrics hardware and software, adding border control solutions to the Amadeus portfolio. Through this combined offering with Vision-Box, Amadeus will now be able to deliver a full end-to-end seamless passenger experience from booking to arrival at the airport, through border control and boarding.

Vision-Box, which is a fast-growing global business with expected revenues of €70 million, and an estimated normalized EBITDA of close to €20 million in 2023, is partially owned by Keensight Capital, a private equity fund. Amadeus will be fully acquiring privately-owned Vision-Box for an agreed price (EV) of approx. €320 million. As part of this acquisition, approximately 470 Vision-Box employees will transfer to Amadeus. The deal is subject to customary regulatory approvals and is expected to close in H1 2024.
