

Pursuant to article 227 of the consolidated text of the Spanish Securities Market Act, approved by Royal Legislative Decree 4/2015 of October 23 and its concordant provisions, Opdenenergy Holding, S.A. (hereinafter, "**Opdenenergy**" or the "**Company**"), hereby informs of the following:

OTHER RELEVANT INFORMATION NOTICE

The Company hereby informs that today, October 27th, it has formalized the transfer of two additional projects included within the scope of the transaction with Bruc Energy signed in August 2021. The two projects transferred add up to a capacity of 87MW, which together with the 191MW executed to date reach a total of 278MW transferred as of the date of this notification.

In addition to these 278MW already transferred, Opdenenergy has received the favourable environmental permit of an additional 94MW and has initiated the relevant procedures prior to the transfer to Bruc Energy. This will allow it to reach 372MW transferred in the coming months.

Madrid, October 27th, 2022
