

Pursuant to article 227 of law 6/2023 of 17 March, on the Spanish Securities Market and Investment Services, and its implementing regulations, SACYR, S.A. (“SACYR” or the “Company”) hereby reports the following

OTHER RELEVANT INFORMATION

As a continuation of the communication made by SACYR on May 22, 2023, in relation to the divestment of 49% of ERESMA highway (Spain) to the consortium formed by GED Infrastructure and CASER Seguros, with registration number 22640, SACYR reports that the divestment has effectively taken place, as the conditions precedent contained in the corresponding sale and purchase agreement have been fulfilled.

The amount of the divestment totals 69 million euros, including the debt associated with the stake sold.

As the Sacyr Group will maintain control of the asset, it will continue to be fully consolidated, so the transaction does not generate a capital gain but does have a positive impact on equity of 25 million euros.

This divestment is part of the policy of rotation of mature non-strategic assets and/or minority stakes.

Madrid, 5 July 2023
