SUPPLEMENT TO THE INFORMATION MEMORANDUM OF THE SECOND EDITION OF THE “IBERDROLA RETRIBUCIÓN FLEXIBLE” OPTIONAL DIVIDEND SYSTEM CORRESPONDING TO THE FISCAL YEAR 2022

1. PURPOSE

1.1. Background

The General Shareholders' Meeting of Iberdrola, S.A. (hereinafter, the “**Company**”) held on 17 June 2022 (the “**General Shareholders' Meeting**”) approved, under item 12 on the agenda and under the section titled «*Common terms and conditions of the dividend payment and increase in capital resolutions proposed under items 10, 11 and 12 on the agenda, by virtue of which the “Iberdrola Retribución Flexible” optional dividend system is implemented*» (the “**Common Terms**” and the “**Capital Increase Resolution**”, respectively), an increase in wholly paid-up share capital with a charge to the reserves contemplated in article 303.1 of the *Companies Act (Ley de Sociedades de Capital)*, which restated text was approved by the Royal Legislative Decree 1/2010, of 2 July (*Real Decreto Legislativo 1/2010, de 2 de julio*) (the “**Companies Act**”), by means of the issuance of ordinary shares for their free-of-charge allocation to the shareholders of the Company (the “**Capital Increase**”).

The Board of Directors of the Company approved on 25 October 2022 the implementation of the Capital Increase and resolved to set the market value of reference for the Capital Increase in an amount within the minimum of 1,145 million euros and the maximum of 1,230 million euros, which is, in any case, within the maximum limit established in the Capital Increase Resolution (*i.e.*, 1,350 million euros), and to delegate to the Executive Committee and Mr. José Ignacio Sánchez Galán, joint and severally, the power to determine the concrete amount of such market value of reference within the referred range.

Likewise, on 25 October 2022, the Board of Directors of the Company resolved to pay an interim dividend corresponding to the fiscal year 2022 (the “**Interim Dividend**”), which amount will be a minimum of 0.180 gross euros per share and a maximum of 0.185 gross euros per share. After attesting the compliance of the requirements set forth in article 277 of the *Spanish Companies Act (Ley de Sociedades de Capital)*, the payment of the Interim Dividend was ratified by the resolution of the Board of Directors passed at its meeting held on 20 December 2022. This information was made available to the public on such date by means of a notice of other significant information (*comunicación de otra información relevante*) (with official registry number 19,707).

Within this context, the Company issued an information memorandum (*documento informativo*), pursuant to the provisions of article 1.5.(g) of the *Regulation (EU) 2017/1129 of the European Parliament and of the Council, of 14 June 2017, on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, and repealing Directive 2003/71/EC* (the “**Regulation**”), in which information available on such date “*with respect to the second edition of the «Iberdrola Retribución Flexible» optional dividend system corresponding to the fiscal year 2022 and with the Flexible Remuneration Options*” was provided, which was made available to the public by means of a notice of other significant information (*comunicación de otra información relevante*) dated 26 October 2022 (with official registry number 18,846) (the “**Information Memorandum**”).

Finally, please be advised that this supplement, together with the Information Memorandum, constitutes the document referred to in article 1.5.(g) of the Regulation, and renders the preparation and publication of a prospectus (*folleto informativo*) with respect to the Capital Increase unnecessary. Both documents are available on the Company's corporate website (www.iberdrola.com) and on the website of the National Securities Market Commission (www.cnmv.es).

Capitalised terms not expressly defined in this document shall have the meaning provided in the Information Memorandum.

2. INFORMATION AVAILABLE REGARDING THE CAPITAL INCREASE AND THE INTERIM DIVIDEND

2.1. Maximum market value of reference for the Capital Increase, maximum number of new shares to be issued, number of free-of-charge allocation rights needed for the allocation of one new share, and maximum nominal amount of the Capital Increase

The Board of Directors of the Company approved on 25 October 2022 the implementation of the Capital Increase, in accordance with the provisions of the Capital Increase Resolution, and the payment of the Interim Dividend.

As of the date of this document, and pursuant to the delegation of powers made by the Board of Directors at the aforementioned meeting, the executive chairman of the Company has set the maximum market value of reference for the Capital Increase (the Amount of the Option) in 1,165 million euros –which amount guarantees that the gross amount of the Interim Dividend per share is, at least, of 0.180 euros– and has determined the following terms and conditions of the Capital Increase by performing the arithmetical operations provided for in the formulas approved by both the General Shareholders' Meeting and the Board of Directors:

- (i) The maximum number of shares to be issued by means of the Capital Increase is 106,034,900.

However, as established in the Information Memorandum, the number of shares actually issued will depend on the number of shareholders who decide not to waive their free-of-charge allocation rights. For these purposes, it will be understood that the shareholders who choose to receive the Interim Dividend during the Common Election Period in connection with all or part of the Company's shares held by them expressly waive all or part (as the case may be) of the free-of-charge allocation rights to which they will be entitled².

Accordingly, the only new shares that will be issued will be those corresponding to the free-of-charge allocation rights which do not correspond to shares of the Company in respect of which their holders have chosen to receive the Interim Dividend.

In any event, the final number of shares to be issued within the context of the Capital Increase will be communicated to the public on a timely basis by means of a notice of other significant information (*comunicación de otra información relevante*) regarding the closing of such increase, which is expected to be published as from 26 January 2023.

- (ii) The number of free-of-charge allocation rights required to receive a new share is 60.

² Likewise, if after deducting the shares corresponding to the free-of-charge allocation rights resulting from shares in respect of which their holders have chosen to receive the Interim Dividend, the number of outstanding shares of the Company is a fraction, the Company will waive that number of its free-of-charge allocation rights that are required for the number of new shares ultimately issued under the Capital Increase to be a whole number and not a fraction.

Shareholders of the Company: (a) who acquired their shares of the Company before 23:59 Madrid time on the day of publication of the notice of the implementation of the Capital Increase in the Official Gazette of the Commercial Registry (which is expected to take place on 5 January 2023) –last trading date–; and (b) whose stock transactions have been settled up to 9 January 2023 (record date) in the book-entry records of “*Sociedad de Gestión de los Sistemas de Registro, Compensación y Liquidación de Valores, S.A. Unipersonal*” (IBERCLEAR), will receive one free-of-charge allocation right per each share of the Company that they hold. Therefore, each of the abovementioned entitled persons will have the right to receive one new share for every 60 old shares that they hold on 9 January 2023 (record date).

(iii) Thus, the maximum nominal amount of the Capital Increase is 79,526,175.00 euros.

However, as indicated above, the amount of the actual increase in the Company’s share capital will be the result of multiplying the final number of shares issued by their nominal value (0.75 euros).

In applying the formulas approved by both the General Shareholders’ Meeting and the Board of Directors to determine the foregoing items, the executive chairman has taken into account that:

- The “TNShr” or the outstanding number of shares of the Company as of the date of this document is 6,362,094,000³.
- The “ListPri,” understood as the arithmetic mean of the average weighted listing prices of the Company’s shares on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges at the five trading sessions corresponding to 28, 29 and 30 December 2022 and 2 and 3 January 2023, as such average appears in the certification issued by the Governing Company (*Sociedad Rectora*) of the Bilbao Stock Exchange on 3 January 2023, rounded to the closest one-thousandth part of one euro, is 10.982 euros.

2.2. Gross amount of the Interim Dividend per share

In accordance with the Capital Increase Resolution, in the Common Terms and in the resolution passed by the Board of Directors on 25 October 2022 under item number five on the agenda, the amount of the Interim Dividend per share, calculated in accordance with the formulas included in the Common Terms and the referred resolutions of the Board of Directors, is 0.180 gross euros per share.

As a consequence thereof, the aggregate maximum gross amount of the Interim Dividend will be 1,145,176,920.00 euros, amount which results from multiplying the gross amount of the Interim Dividend per share by the total number of outstanding shares of the Company as of the date hereof (*i.e.*, 6,362,094,000)⁴ without deducting the Company’s treasury stock. Notwithstanding the above, the amount that the Company will eventually have to pay arising from the Interim Dividend will depend on the number of shareholders who choose this Remuneration Option.

Finally, it is stated that the free-of-charge allocation rights acquired during the trading period will not grant to their holders the right to choose to receive the Interim Dividend. Exclusively, those shareholders who are holders of shares of the Company on 9 January 2023 (record date) will be entitled to receive the Interim Dividend in the context of this edition of the “*Iberdrola Retribución Flexible*” optional dividend system.

³ Assuming that the number of outstanding shares of the Company as of 9 January 2023 (record date) will be the same.

⁴ Assuming that the number of outstanding shares of the Company as of 9 January 2023 (record date) will be the same.
