OTHER RELEVANT INFORMATION

In light of the recent developments in Italy, following the Prime Minister's Decree from March 8, 2020, which extended the coronavirus "red zone" to cover the entire Lombardy region and 14 other Italian provinces and announced the closure of schools, gyms, museums, nightclubs and other venues, including gaming halls, across the whole country, Codere informs that:

- Its 11 bingo halls in the country will remain closed until April 3, 2020.
- Its slot route operation will be affected by the restrictions to opening hour for bars, which will now be open from 6:00 am to 6:00 pm (versus no limitations before). As of December 31, 2019, Codere operated slots across 2,198 bars in Italy.

In 2019, Italy generated 343 million euros of revenues (25% of the Group consolidated figure) and 21 million euros of Adjusted EBITDA (8% of the Group consolidated figure).

Codere will prioritize the health and wellbeing of its employees and customers, while working to mitigate the financial short term impact of these measures in our Italian operation.

The Company will continue to inform on the impact the coronavirus outbreak has on its Italian business or any other markets which might be affected.
