

## **COMMUNICATION OF OTHER RELEVANT INFORMATION**

### **GREENERGY RENOVABLES, S.A.**

**29 June 2023**

Pursuant to the provisions of article 17 of Regulation (EU) no. 596/2014 on market abuse and article 228 of the revised text of the Securities Market Act, approved by Royal Legislative Decree 4/2015, of 23 October, and concordant provisions, the following information relating to GREENERGY RENOVABLES, S.A. (hereinafter, "GREENERGY") is made available to the market:

#### **GREENERGY signs a PPA in Chile for the 241MW Gran Teno solar PV project**

GREENERGY has signed with an international utility company, with Investment Grade credit rating and presence in the Chilean market, a long-term power purchase agreement (PPA) of approximately 140 GWh/year from its Gran Teno solar PV project. The PPA has a duration of 12 years and will be activated upon the plant's COD.

This agreement increases the contracted energy of the Gran Teno solar PV project, for which the signing of another PPA had been previously announced (registration number 18866). Between both PPAs, the project would reach 285GWh/year of contracted energy.

The project is expected to come into operation in December 2023 and generate 477GWh of energy per year, enough to supply electricity to 136,794 households and save 147,011 tonnes of CO2 emissions per year.

In Madrid, 29 June 2023.
