Fitch Places 18 Tranches of 9 Spanish RMBS on RWN; Affirms Others

Fitch Ratings-Madrid-27 February 2020:

Fitch Ratings has placed 18 tranches of nine Spanish RMBS on Rating Watch Negative (RWN) due to the potential effects of the recently enacted Catalanian Decree Law 17/2019 on securitised residential mortgage portfolios.

Transaction Summary

The Spanish RMBS transactions comprise residential mortgages granted mostly to individuals and backed by properties located predominantly in Catalonia.

KEY RATING DRIVERS

Mandatory Residential Lease for SPVs

The RWN reflects Fitch's assessment of the possible adverse effects that the recently enacted Catalanian Decree Law 17/2019 could have on some existing and future residential mortgage defaults within the securitised portfolios. The Decree allows some defaulted borrowers to remain in their homes as tenants for as long as 14 years and paying a low monthly rent. Such low rentals are mandatory for SPVs if the defaulted borrower is considered to be on the verge of residential housing exclusion due to low income.

According to the Decree Law, individuals who earn EUR1,138 or less per month (or families with monthly income of EUR1,422 or less) qualify for a lease for seven years with the possibility of extending for another seven years, paying a maximum monthly rent that ranges between 10%-18% of the tenant income.

Fitch expects to resolve the RWN within the next 12 months, with a likely rating impact that could range between couple of notches to multi-category downgrades. The full implications of the Decree Law on the affected tranches will depend on how many rent contracts are formalised, and /or the related strategies implemented by the trustees. For example, whether rental contracts are extended and therefore delaying recovery cash flows on defaulted loans for the securitisation, or selling the affected properties as early as possible but most likely at large discounts.

Geographical Concentration to Catalonia

The securitised portfolios of the transactions on RWN are exposed to the Region of Catalonia, ranging from around 21% (TDA CAM 8) to around 99% (Caixa Penedes 1) of the current euro balances. Within Fitch's credit analysis, and to address regional concentration risk, higher rating multiples are applied to the base foreclosure frequency assumption to the portion of the portfolios that exceeds 2.5x the population within this region, in line with Fitch's European RMBS Rating Criteria.

Long Term Asset Performance Exposed to Volatility

We expect the behaviour of some distressed mortgage debtors in Catalonia could deteriorate as a consequence of the Decree Law. For example, a distressed borrower with a high loan-to-value (LTV) mortgage could be motivated to stop paying the mortgage and gain access to a much cheaper lease for as long as 14 years.

As of the latest reporting dates of the RMBS transactions, the balance of arrears by three-months or more (excluding defaults) remained below 1% relative to current portfolio balances, while gross cumulative defaults ranged between 0% (Miravet 2019) and 11.1% (Hipocat 9) relative to the initial portfolio balances with signs of flattening during the past two years.

Stable or Improving Credit Enhancement (CE)

Fitch expects structural CE to remain fairly stable over the short-to medium-term as most of the transactions allow for pro-rata amortisation of the notes subject to performance triggers. Fitch views Hipocat 6 CE ratios as sufficient to withstand the rating stresses commensurate with today's rating affirmations across all tranches. Moreover, Hipocat 6's class C rating is capped at the SPV account bank provider rating (BNP Paribas Security Services) as the transactions cash reserves held at this entity represent a material source of CE for this class of notes.

Payment Interruption Risk Caps Hipocat 8 Rating

Fitch views Hipocat 8 as being exposed to payment interruption risk in the event of a servicer disruption, as in scenarios of economic stress we expect the available liquidity sources (reserve fund) to be insufficient to cover senior fees, net swap payments and senior notes' interest during a minimum of three month-period needed to implement alternative servicing arrangements. The notes' maximum achievable ratings are commensurate with the 'Asf' category, in line with Fitch's Structured Finance and Covered Bonds Counterparty Rating Criteria.

RATING SENSITIVITIES

Fitch's analysis will factor in the transaction-specific feedback expected to be received from the

trustees, particularly with respect to the servicing strategy to be implemented in cases where mandatory social rent is applied to existing or future defaults. Moreover, the analysis will address any additional recurrent expenses that SPVs will have to pay linked to the maintenance of rented property during the entire period, and any contingent liabilities in their new role as landlords.

Hipocat 6 class C rating is capped at the SPV account bank provider rating. A change to the account bank rating could trigger a corresponding change to this notes' rating.

USE OF THIRD PARTY DUE DILIGENCE PURSUANT TO SEC RULE 17G -10

Form ABS Due Diligence-15E was not provided to, or reviewed by, Fitch in relation to this rating action.

DATA ADEQUACY

Fitch has checked the consistency and plausibility of the information it has received about the performance of the asset pools and the transactions. There were no findings that affected the rating analysis.

Fitch has not reviewed the results of any third-party assessment of the asset portfolio information or conducted a review of origination files as part of its ongoing monitoring. Fitch did not undertake a review of the information provided about the underlying asset pools ahead of the transactions' initial closing, except for Miravet S.A. R.L.

The subsequent performance of the transactions over the years is consistent with the agency's expectations given the operating environment and Fitch is therefore satisfied that the asset pool information relied upon for its initial rating analysis was adequately reliable.

In issuing and maintaining its ratings and in making other reports (including forecast information), Fitch relies on factual information it receives from issuers and underwriters and from other sources Fitch believes to be credible. Fitch conducts a reasonable investigation of the factual information relied upon by it in accordance with its ratings methodology, and obtains reasonable verification of that information from independent sources, to the extent such sources are available for a given security or in a given jurisdiction. The manner of Fitch's factual investigation and the scope of the third-party verification it obtains will vary depending on the nature of the rated security and its issuer, the requirements and practices in the jurisdiction in which the rated security is offered and sold and/or the issuer is located, the availability and nature of relevant public information, access to the management of the issuer and its advisers, the availability of pre-existing third-party verifications such as audit reports, agreed-upon procedures letters, appraisals, actuarial reports, engineering reports, legal opinions and other reports provided by third parties, the availability of independent and competent third-party verification sources with respect to the particular security or in the particular jurisdiction of the issuer, and a variety of other factors. Users of Fitch's ratings and reports should understand that neither an enhanced factual investigation nor any third-party verification can ensure that all of the information Fitch relies on in connection with a rating or a report will be accurate and complete. Ultimately, the issuer and its advisers are responsible for the accuracy of the information they provide to Fitch and to the market in offering documents and other reports. In issuing its ratings and its reports, Fitch must rely on the work of experts, including independent auditors with respect to financial statements and attorneys with respect to legal and tax matters. Further, ratings and forecasts of financial and other information are inherently forward-looking and embody assumptions and predictions about future events that by their nature cannot be verified as facts. As a result, despite any verification of current facts, ratings and forecasts can be affected by future events or conditions that were not anticipated at the time a rating or forecast was issued or affirmed.

The information in this report is provided "as is" without any representation or warranty of any kind, and Fitch does not represent or warrant that the report or any of its contents will meet any of the requirements of a recipient of the report. A Fitch rating is an opinion as to the creditworthiness of a security. This opinion and reports made by Fitch are based on established criteria and methodologies that Fitch is continuously evaluating and updating. Therefore, ratings and reports are the collective work product of Fitch and no individual, or group of individuals, is solely responsible for a rating or a report. The rating does not address the risk of loss due to risks other

than credit risk, unless such risk is specifically mentioned. Fitch is not engaged in the offer or sale of any security. All Fitch reports have shared authorship. Individuals identified in a Fitch report were involved in, but are not solely responsible for, the opinions stated therein. The individuals are named for contact purposes only. A report providing a Fitch rating is neither a prospectus nor a substitute for the information assembled, verified and presented to investors by the issuer and its agents in connection with the sale of the securities. Ratings may be changed or withdrawn at any time for any reason in the sole discretion of Fitch. Fitch does not provide investment advice of any sort. Ratings are not a recommendation to buy, sell, or hold any security. Ratings do not comment on the adequacy of market price, the suitability of any security for a particular investor, or the tax-exempt nature or taxability of payments made in respect to any security. Fitch receives fees from issuers, insurers, guarantors, other obligors, and underwriters for rating securities. Such fees generally vary from US\$1,000 to US\$750,000 (or the applicable currency equivalent) per issue. In certain cases, Fitch will rate all or a number of issues issued by a particular issuer, or insured or guaranteed by a particular insurer or guarantor, for a single annual fee. Such fees are expected to vary from US\$10,000 to US\$1,500,000 (or the applicable currency equivalent). The assignment, publication, or dissemination of a rating by Fitch shall not constitute a consent by Fitch to use its name as an expert in connection with any registration statement filed under the United States securities laws, the Financial Services and Markets Act of 2000 of the United Kingdom, or the securities laws of any particular jurisdiction. Due to the relative efficiency of electronic publishing and distribution, Fitch research may be available to electronic subscribers up to three days earlier than to print subscribers.

For Australia, New Zealand, Taiwan and South Korea only: Fitch Australia Pty Ltd holds an Australian financial services license (AFS license no. 337123) which authorizes it to provide credit ratings to wholesale clients only. Credit ratings information published by Fitch is not intended to be used by persons who are retail clients within the meaning of the Corporations Act 2001. Fitch Ratings, Inc. is registered with the U.S. Securities and Exchange Commission as a Nationally Recognized Statistical Rating Organization (the "NRSRO"). While certain of the NRSRO's credit rating subsidiaries are listed on Item 3 of Form NRSRO and as such are authorized to issue credit ratings on behalf of the NRSRO (see <https://www.fitchratings.com/site/regulatory>), other credit rating subsidiaries are not listed on Form NRSRO (the "non-NRSROs") and therefore credit ratings issued by those subsidiaries are not issued on behalf of the NRSRO. However, non-NRSRO personnel may participate in determining credit ratings issued by or on behalf of the NRSRO.

ENDORSEMENT POLICY - Fitch's approach to ratings endorsement so that ratings produced outside the EU may be used by regulated entities within the EU for regulatory purposes, pursuant to the terms of the EU Regulation with respect to credit rating agencies, can be found on the [EU](#)

[Regulatory Disclosures](#) page. The endorsement status of all International ratings is provided within the entity summary page for each rated entity and in the transaction detail pages for all structured finance transactions on the Fitch website. These disclosures are updated on a daily basis.
