## **RESULTS PREVIEW:** YEAR 2019

Reig Jofre reaches  $\in$  200 million in revenue and closes 2019 with a growth of 11% in sales and 20% in EBITDA

- The turnover was € 200.2 million (+ 11%), driven by the organic growth of all business units and the new product portfolio in health and joint pain acquired on July 1 and integrated into the *Specialty Pharmacare* business unit, that grew 41%
- *Pharmaceutical Technologies* and *Consumer Healthcare* business units contributed positive growth of 2% and 6% respectively
- Reig Jofre generated 45% of its sales in Spain, representing sales in the rest of Europe 45% and 10% in other countries. The most outstanding growth occurred in Spain since the new products portfolio incorporated contributed 87% of its sales in this market. The next growing markets were Finland and Japan
- Gross margin and EBITDA respectively achieved growth of 11% and 20% compared to previous year
- Operating expenses grew in line with the increase in sales, in the order of 12% if the effect of the non-recurring costs of the corporate operation located at 2.3 million euros was adjusted
- EBITDA showed an increase of 20% over the previous year, standing at € 19.7 million. The positive impact of the application of IFRS 16 on these expenses was offset by the transaction costs, which represented an adjusted EBITDA for both concepts of 19.3 million euros
- Because of higher amortizations, due to investment in industrial technology and depreciation of the assets acquired in the corporate operation, the result before taxes suffered a fall from the previous year and stood at 4.9 million of euros

Av. de les Flors 08970 Sant Joan Despi Barcelona, Spain T. +34 93 480 67 10

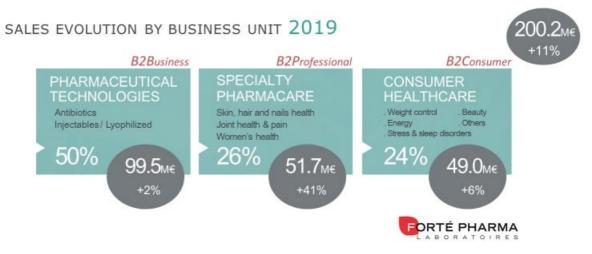

- In 2019 Reig Jofre made investments totaling 71 million euros. 22 million euros corresponded to expansion and improvement of the industrial and technological capacity. The construction of the new injectables plant in Barcelona, which ends in 2020, represented about 80% of this magnitude
- The Articular Health business was acquired on July 1 through the purchase of assets from the company Bioibérica S.A. The total investment was estimated at 48 million euros, one part corresponding to fixed payment and another variable depending on the evolution of this product in the coming years
- R&D expenditure increased to 6% of the sales figure, of which 5.6 million euros were activated in 2019, compared to 4.8 million in 2018
- The financial debt with banks and other organizations stood at 50 million euros at year-end 2019, due to the impact of industrial investments, compared to 32.7 million euros the previous year. The application of IFRS 16 adds to this debt 12.8 million euros for future payments for lease agreements
- The liquidity of the company increased from 8 to 10 million euros in 2019
- Reig Jofre closed its Balance sheet in 2019 with 52.6 million of Net Debt (39.8 million without impact of IFRS 16), which represents 2.67 times EBITDA, level foreseen by the current investment plan, and that grows with respect to the 1.49 in which this ratio was located at the end of 2018
- Reig Jofre carried out a capital increase in 2019 for a total amount of 24 million euros, destined to the corporate operation
- A flexible dividend was distributed under the scrip dividend formula, what it meant the payment of 359 thousand euros for shareholders who opted for cash collection and the issuance of 1,012,390 shares for shareholders who converted their subscription rights
- Reig Jofre shares had a good performance during the year, having closed at a price of € 2.52 / share, which represents a 10.5% increase in value for the year
- In December, the second tranche of the temporary share buyback program was completed to provide the first tranche of the second share options plan
- Reig Jofre will present the Results of 2019 at the Madrid Stock Exchange next Thursday, March 5 at 10:00

### 1. TURNOVER EVOLUTION

Reig Jofre closed 2019 with a turnover of 200.2 million euros, a growth of 11% over year 2018.

Historical commitment to development: 78% of the company's sales come from its own products development

**CDMO services** (Contract Development & Manufacturing Organization / Development and Production to third parties), represents 18% of total billing, driven by value-added products (dermain Sweden, injectables, biotech and antibiotics derived from penicillin)

The **pharmaceutical technologies unit** in antibiotics and injectables contributed 50% of sales and grew by 2%. Highlighted the good performance of the lyophilized injectables line in the Japan market, especially.

The **specialty pharmacare unit** in skin, hair and nail health; joint health and pain and women's health, contributed 26% of the turnover with an increase of 41% over the previous year, motivated by the incorporation of the semester sales of the new joint line.

The **consumer healthcare unit** that develops and markets products with its own brand like Forté Pharma, to respond to the needs of its consumers at the level of prevention and symptomatic relief in the areas of weight control, energy, stress & sleep disorders, and beauty, mainly, contributed 24% of sales with a growth of 6%. France being the main driving force for this growth, followed by Iberia and Benelux, thanks to the success of its new releases in the weight control, energy and sleep disorders ranges.
