In accordance with the resolutions passed by the General Shareholders' Meeting held on May 20th, 2016 under item 7th of the Agenda, Repsol S.A. has launched the Tenth Cycle of the Share Acquisition Plan by the Beneficiaries of the Long Term Incentive Programs (the "Plan").

This Plan allows the beneficiaries of those programs (among which the Executive Directors and the members of the Corporate Committee are included) to invest in Repsol, S.A. shares up to 50% of the gross amount of the long-term incentive received. In case the beneficiary maintains the shares during a three-year period since the initial investment ("Consolidation Period") and fulfil the other conditions of the Plan, the Company will deliver one additional share ("Additional Shares") for every three shares initially acquired.

Additionally, those beneficiaries that are Executive Directors or members of the Corporate Committee have an additional performance target for the delivery of the Additional Shares. It consists in achieving at least a 75% overall fulfilment of the targets set for the long term incentive program closed in the immediately preceding year to the date of delivery of the shares.

The voluntary adhesion of the beneficiaries to the Tenth Cycle of the Plan was implemented during the month of May and the initial investment took place on May 29th. This Cycle will finalize upon the delivery of the Additional Shares to the participants during June 2023.

Below are the principal figures of the Tenth Cycle of the Plan, without prejudice of the individual communications to be filed by some of the participants with the National Securities Stock Exchange Commission (*Comisión Nacional del Mercado de Valores – CNMV*) in accordance with applicable laws and regulations:
