

Madrid, 23 March 2020

Dear Sirs,

This information is provided for the purposes of the terms set forth in article 227 of the Consolidated Text of the Securities Market Law and related regulations, approved by “Real Decreto Legislativo 4/2015”

OTHER MATERIAL FACT

We hereby notify you that due to last restrictive measures adopted in Spain and France to deal with the spread of COVID-19 (coronavirus) have meant the closure of all Naturhouse centres in the country since las March 19th 2020.

In 2019, Spain generated 17 million euros of revenue (21% of the Group's consolidated figure) and 4 million euros of Adjusted EBITDA (17% of the Group's consolidated figure).

In 2019, France generated 33 million euros of revenue (40% of the Group's consolidated figure) and 13 million euros of Adjusted EBITDA (57% of the Group's consolidated figure).

In view of the current situation and the limitations applied to commercial activity, the company expects a significant but temporary decrease in domestic consumption with a direct impact on its sales figure in this main market for the Naturhouse Group.

Naturhouse will prioritize the health and well-being of its employees and customers, while working to mitigate the short-term financial impact of these measures on our Italian operation.

The company will continue to be over-informed of the impact of the current situation depending on how the matter evolves and implement the appropriate measures in accordance with what is dictated by the Administration.

We remain at your disposal for any clarification or additional information.

Yours faithfully,

Hugo Campillo
CFO
Naturhouse Health, S.A.
