

## CNMV LAUNCHES AN APPLICATION PROCESS FOR 36 TECHNICAL STAFF POSITIONS

25 January 2018

- Applications may be submitted until 18 February
- The terms and conditions and application forms are published on the website

The National Securities Market Commission (CNMV) has launched an application process for 36 new technical staff positions through a general invitation to apply aimed at CNMV technicians and a specific one to strengthen the Information Systems Department.

Applications may be submitted by candidates who hold bachelor, architecture or engineering degrees (*licenciado, arquitecto, ingeniero* or *grado*). Both selection processes include an initial application stage and a subsequent competitive exam stage. The 33 candidates selected in the general selection process will join CNMV in 2018, and will be posted to its offices in Madrid, although some positions may also be assigned to the Barcelona offices. The objective of the Information Systems Department selection process is to hire two programmer analysts and an information systems technician for the Madrid offices.

Applicants must submit their documentation at the CNMV's General Registry through the electronic office, in accordance with the instructions and using the forms established in the terms and conditions available on the CNMV website. The deadline for applications is 18 February.
