

Other relevant information

As a continuation of the Inside Information of July 11, 2024, with registration number 2313, relating to the share buy-back programme (“the **Programme**” or “**SBB**”), CaixaBank informs that the Programme will start today and Goldman Sachs Bank Europe SE has been appointed as Programme manager, which will make its own decisions as to the timing in which it purchases shares, independently of the Company, complying at all times with the limits and conditions set out in the Market Abuse Regulation and in the Delegated Regulation (UE) 2016/1052 of the Commission. More specifically, no more than 25% of the average daily volume of shares in the venue where the purchase takes place can be purchased on any given trading day, with the average daily trading volume of each trading venue corresponding to that of the twenty trading days prior to the date of each purchase.

The share purchase transactions, as well as any amendment, temporary suspension, definitive interruption, or termination of the SBB will be duly reported to the Spanish securities regulator (“CNMV”) and to other authorities, as the case may be, in accordance with applicable legislation.
