2024, date on which, as mentioned in the notice of other relevant information of 19 March 2024 (with official registry number 27,554), the termination of programme was expected.

- By the end of today's trading session, the Company has acquired or expects to acquire 20,798,130 own shares pursuant to the settlement at maturity of certain derivatives instruments over own shares subscribed by the Company before the close of the trading session corresponding to 22 April 2024 (the "**Derivatives**").

It is hereby stated that the acquisition of own shares under the Buy-back Programme has been communicated on a regular basis, in accordance with the provisions of articles 2.2 and 2.3 of *Regulation 2016/1052*, and has been carried out pursuant to the terms and conditions established in such regulation.

The execution of the share capital reduction, approved by the General Shareholders' Meeting of the Company on first call 17 May 2024 under item 14 of the agenda, is expected to take place within one month from the date of conclusion of the Buy-back Programme (that is, before 18 July 2024) (the "**Reduction Resolution**" and the "**Share Capital Reduction**", respectively). To that effect:

- The Share Capital Reduction will be implemented by means of the retirement of 183,299,000 own shares, representing 2.854 % of the Company's share capital (the "**Maximum Limit**"). As provided in the Reduction Resolution and in order to observe the Maximum Limit in any case, the maximum number of shares to be retired that have been acquired in implementation of the Buy-back Programme and pursuant to the settlement of Derivatives will be subject to an overall limitation (the "**Overall Limit**").

In this regard, if the shares acquired in implementation of the Buy-back Programme and pursuant to the settlement of Derivatives exceed the Overall Limit, the Share Capital Reduction will result in the retirement of: (i) all of the own shares acquired in implementation of the Buy-back Programme; and (ii) with regard to the own shares acquired pursuant to the settlement of Derivatives, a number equal to the difference between the Overall Limit and the shares acquired in implementation of the Buy-back Programme will be retired.

- In light of the foregoing, and considering the Maximum Limit and the Overall Limit, the Share Capital Reduction will be implemented by means of the retirement of: (i) 11,095,656 own shares, representing approximately 0.173% of the Company's share capital, acquired under the Buy-back Programme; (ii) 19,702,951 own shares, representing around 0.307% of its share capital, acquired or that will be acquired by the Company through the settlement of the Derivatives; and (iii) 152,500,393 shares held by the Company as treasury shares after the closing of the trading session on 22 April 2024, representing approximately 2.374 % of its share capital.

As provided in the Reduction Resolution, the shares of the Company acquired through the settlement of the Derivatives and exceeding the Overall Limit will not be retired.

This information is provided to you for the appropriate purposes.
