### Share Buyback Program

As a continuation of the communication to the CNMV dated 27 February 2025 (registration number 32987), the execution of the Buy-back Programme is communicated, under the following terms and conditions:

- Purpose: The Buy-Back Programme will be carried out under the provisions of Regulation (EU) No 596/2014 on market abuse and Commission Delegated Regulation (EU) 2016/1052 of 8 March 2016 (the Regulation), with the aim of decreasing the Company's share capital by redeeming the shares, subject to the approval by the Ordinary General Meeting of Shareholders to be held after the end of the Programme.
- Maximum Investment of the Buy-Back Program: 1,300,000,000 euros. In no case may the Maximum Number of Shares to be acquired under the Program exceed 19,231,000 shares, representing 4.27% of the Company's share capital.
- Maximum Execution Period: From March 17, 2025 to March 17, 2026, with a minimum period of six months, that is, from March 17, 2025 to September 17, 2025.
- Execution of the Buy-Back Program: A single tranche of up to 19,231,000 shares (or Maximum Investment), during the Maximum Execution Period.
- Suspension: The Company may suspend the Buy-Back Programme if circumstances so require, in which case, the suspension period will be added to the Maximum Execution Period, a circumstance that will be communicated to the CNMV.

In any event, the Company intends to suspend the Buy-Back Programme for a maximum period of 20 days so that its wholly-owned French subsidiary, Amadeus sas, is able to carry out a buy-back programme of shares of its parent company up to a maximum number of 383,000 shares, in order to comply with the share allocation programmes for the employees and Senior Management of such entity (and its wholly owned subsidiary Amadeus Labs) corresponding to the 2025 financial year in accordance with the General Rules of each share plan, in which case it will proceed to the appropriate communication to the CNMV by means of "other relevant communication". Following the completion of the buy-back programme by the French subsidiary Amadeus sas, the main buy-back programme that is the subject of this communication will be resumed.
