

Julián Martínez-Simancas
Secretary of the Board of Directors

Bilbao, 28 July 2022

To the National Securities Market Commission

Subject: Other relevant information / Closing of the first edition of the “Iberdrola Retribución Flexible” optional dividend system corresponding to the fiscal year 2022

Pursuant to article 227 of the *restated text of the Securities Market Law* approved by *Royal Legislative Decree 4/2015, of 23 October (texto refundido de la Ley del Mercado de Valores aprobado por el Real Decreto Legislativo 4/2015, de 23 de octubre)* and related provisions, and further to the notices of other significant information (*comunicaciones de otra información relevante*) filed with this National Commission on 17 June 2022 (with official registry number 16,890), 6 July 2022 (with official registry number 17,223) and 27 July 2022 (with official registry number 17,607) regarding: (i) the implementation of the paid-up capital increase approved by the General Shareholders' Meeting of Iberdrola, S.A. (“Iberdrola” or the “Company”) held on 17 June 2022 (the “**2022 General Shareholders' Meeting**”) under item 11 on the agenda¹ (the “**Capital Increase**”); (ii) the supplementary payment to the dividend corresponding to the fiscal year 2021, which was approved by the 2022 General Shareholders' Meeting under item 10 of its agenda and under the Common Terms (the “**Supplementary Dividend**”); and (iii) the amendment to the estimated calendar, originally filed with this National Commission on 27 April 2022 (with official registry number 15,795), all in the context of the first edition of the “*Iberdrola Retribución Flexible*” optional dividend system corresponding to the fiscal year 2022, we hereby inform you that:

- The period for trading the free-of-charge allocation rights corresponding to the Capital Increase ended on 21 July 2022.
- During the period established for such purpose, the holders of 1,844,615,977 shares of the Company have elected to receive the Supplementary Dividend, which represents 29.561 % of the share capital of the Company. As a consequence, the total gross amount of the Supplementary Dividend that will be distributed on 29 July 2022 is 505,424,777.70 euros, which results from multiplying the gross amount of the Supplementary Dividend per share (0.274 euros) by the number of shares whose holders have chosen to receive the Supplementary Dividend (1,844,615,977).

As a result of the foregoing, these shareholders have expressly waived 1,844,615,977 free-of-charge allocation rights and, thus, 51,239,332.694 new shares corresponding to the referred rights.

¹ And under the section titled «*Common terms and conditions of the dividend payment and increase in capital resolutions proposed under items 10, 11 and 12 on the agenda, by virtue of which the “Iberdrola Flexible Remuneration” optional dividend system is implemented*» (the “**Common Terms**”).

Furthermore, the payment of the Supplementary Dividend has been rendered without effect in respect of the amount which has not been distributed to those shareholders who have chosen (expressly or tacitly) any of the remaining options under the “*Iberdrola Retribución Flexible*” optional dividend system.

- Likewise, given that the maximum number of Iberdrola shares to be issued –after deducting the shares which holders have chosen to receive the Supplementary Dividend (waiving the free-of-charge allocation rights to which they were entitled)– was a fraction, Iberdrola has waived 11 free-of-charge allocation rights that it holds in order for the number of new shares ultimately issued in the Capital Increase to be a whole number and not a fraction.
- Therefore, the final number of ordinary shares with a unitary par value of 0.75 euros that will be issued in the Capital Increase is 122.094.000 with the nominal amount of the Capital Increase being 91.570.500,00 euros, which entails an increase of 1.957 % over the share capital of Iberdrola prior to the implementation of the Capital Increase.
- As a consequence, the share capital of Iberdrola after the Capital Increase will amount to 4,771,570,500.00 euros, represented by 6,362,094,000 ordinary shares having a nominal value of 0.75 euros each, fully subscribed for and paid up.
- It is expected that, subject to compliance with all legal requirements (particularly, the verification of such compliance by the National Securities Market Commission), the new shares will be admitted to trading on the Madrid, Barcelona, Bilbao and Valencia Stock Exchanges, through the Automated Quotation System (Electronic Market), on Friday, 29 July 2022. In this respect, the ordinary trading of the new shares is expected to commence on Monday, 1 August 2022.

Likewise, upon the determination of the total gross amount of the Supplementary Dividend, the proposed allocation of profits/losses and distribution of dividends corresponding to the fiscal year 2021 has been fixed. Therefore, the amounts to be allocated to dividend and to remainder have been determined. Accordingly, the basis for distribution and the resulting proposed distribution (expressed in euros) to which item 10 on the agenda of the 2022 General Shareholders’ Meeting refers are as follows:

BASIS FOR DISTRIBUTION:

Balance from prior financial years:	10,975,607,127
Profits for financial year 2021:	2,160,324,321
TOTAL:	13,135,931,448

Finally, and for the purposes of article 1.5.(g) of the *Regulation (EU) 2017/1129 of the European Parliament and of the Council, of 14 June 2017, on the prospectus to be published when securities are offered to the public or admitted to trading on a regulated market, and repealing Directive 2003/71/EC* (the "**Regulation**"), it is hereby stated that this information supplements the content of the information memorandum that was filed by virtue of the notice of other significant information (*comunicación de otra información relevante*) on 17 June 2022 (with official registry number 16,890), relating to the first edition of the "*Iberdrola Retribución Flexible*" optional dividend system corresponding to 2022 (the "**Information Memorandum**"), as supplemented by virtue of the notices of other significant information (*comunicaciones de otra información relevante*) filed on 6 and 27 July 2022 (with official registry numbers 17,223 and 17,607, respectively).

Likewise, it is stated that the Information Memorandum (*documento informativo*), as supplemented from time to time, constitutes the document referred to in article 1.5.(g) of the Regulation, and renders the preparation and publication of a prospectus (*folleto informativo*) with respect to the Capital Increase unnecessary.

As a consequence, this notice is a part of the Information Memorandum, and should therefore be read in conjunction with such document.

This information is provided to you for the appropriate purposes.
