

## **NATURGY ENERGY GROUP, S.A.**

NATURGY ENERGY GROUP, S.A. in compliance with the provisions of article 227 of the Securities Market Act, approved by Royal Legislative Decree 4/2015, of 23 October, hereby notifies the National Securities Market Commission of the following

### **DISCLOSURE OF OTHER RELEVANT INFORMATION**

Following the Essential Fact filed by Metrogas today 5 August 2022 with the Chilean Financial Market Commission, Naturgy hereby informs of the following:

Metrogas S.A., a Chilean company in which Naturgy has a 55.6% stake, received a first-instance conviction sentence this morning on a series of lawsuits filed by Transportadora de Gas del Norte, S.A. (TGN) originating in 2009, when Argentina stopped supplying gas to Chile due to decisions external to Metrogas.

The sentence condemns Metrogas to pay TGN for bills and loss of profit, plus costs and interests linked to a gas transport contract which was impacted by the energy crisis between Argentina and Chile. This ruling, not final and subject to appeal, requires the incorporation of its potential effects in Naturgy's accounts for the first half of 2022. The first estimate of the impact on the consolidated results of the group in the first half of 2022 is that it would be limited, although a further analysis will take place in the coming days.

In any case, Metrogas will exercise all actions it is entitled to in order to defend its interests, appealing the judicial ruling which is not final.

In light of the above, Naturgy is forced to postpone the publication of its results for the first half of 2022 scheduled for today, August 5, to Thursday, August 11, deeply regretting any inconveniences that this change may cause.
